Antiviral Stockpile Relabeling  
Summary of Pre-bid Meeting Question and Answers  
March 11, 2011

1. Can we do the relabeling right in the state warehouse? If so, our CEO would fly out and supervise.

**Response: No. According to the FDA, the Division of Public Health's warehouse located in McKee Business Park would have to be a FDA Registered and approved site for the relabeling and repackaging of medications to include the antivirals. At this time the warehouse is not a FDA registered or approved site.**
