TO: ALL OFFERORS

FROM: Sylvia Adams  
Purchasing Services Coordinator

SUBJECT: ADDENDUM TO REQUEST FOR PROPOSAL - CONTRACT NO. HSS 12026-  
LABEQUIP, Semi-Automated Punches for Newborn Screening

**ADDENDUM # 1 – Questions & Answers**

1.) Is the supply of the dedicated notebook or desktop computer platform essential? We do not usually supply our punch instruments with computers as most labs would prefer to use their own (and it saves them some cost). We will, however, provide and install the punch instrument software on the lab's computer and ensure 100% functionality between the instrument and the computer.

***A dedicated notebook is not essential. We will review all options proposed.***

2.) Our instruments are CSA approved (an alternative to the UL approval), which allows us to sell into the US. Do you see it as an issue that we have CSA approval instead of UL approval?

***CSA approval is acceptable as a substitute to UL approval.***

All other terms and conditions remain the same.
