**I. INTRODUCTION:**

**A. PURPOSE:**

The purpose of this Request for Proposal is to obtain sealed proposals for an Automated Two Dimensional (matrix elimination) Ion Chromatograph (MEIC) meeting the requirements of the Delaware Public Health Laboratory (DPHL).

It is the goal of this Request for Proposal to identify a vendor(s) and execute a contract to provide an Automated Matrix Elimination Ion Chromatograph for environmental chemical monitoring meeting the requirements of the Delaware Public Health Laboratory including warranty, delivery, installation and training.

**1. COMPETITIVE SEALED PROPOSAL:**

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with offerors concerning technical and price aspects of their proposals; or
- Afford offerors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

**2. CONTRACT REQUIREMENTS:**

This contract will be issued to cover the Matrix Elimination Ion Chromatograph for environmental chemical monitoring requirements for Delaware Health and Social Services/Division of Management Services on behalf of the Delaware Public Health Laboratory.

**3. MULTIPLE SOURCE AWARD**

The Agency reserves the right to award this contract to more than one vendor pursuant to 29 Del.C. §6926.

**4. CONTRACT PERIOD:**

Each Vendor's contract shall be valid for a one year period from effective date of award.

**B. KEY RFP DATES/MILESTONES:**

The following dates and milestones apply to this RFP and subsequent contract award. Vendors are advised that these dates and milestones are not absolute and may change due to unplanned events during the bid proposal and award process.

The State of Delaware, Department of Health and Social Services requests that bidders submit COST as purchase for the MEIC proposed. Refurbished units will NOT be considered.

Bidders should provide a detailed written response in their proposal(s), individually addressing each item described in the following SPECIFICATIONS, and how their system and/or components will meet or exceed each item in the proposal. All responses should address each item in the Section(s) bid upon and how their system and/or components will meet or exceed the requirements.

Bidders should provide a detailed list of equipment, including but not limited to, instrument, autosampler, software, and hardware needs. If options are available, then each option should be spelled out with component costs included.

The specifications listed below are the desired requirements based on the needs of the laboratory. If the proposed system is unable to meet an item specification, note "Unable to Meet Specification" with the appropriate item number. Incomplete or omitted items will be considered as "Unable to meet Specification".

**DESCRIPTION**
