a. No amount shall be allowed for anticipated profit on performed or unperformed services or other work, and
b. Any payment due to Contractor at the time of termination may be adjusted to the extent of any additional costs occasioned to Department by reason of Contractor’s default.

c. Upon termination for default, the Department may take over the work and prosecute the same to completion by agreement with another party or otherwise. In the event Contractor shall cease conducting business, the Department shall have the right to make an unsolicited offer of employment to any employees of Contractor assigned to the performance of the Contract, notwithstanding any provisions in this document to the contrary.

Contractor may not order any product requiring a purchase order prior to The Department's issuance of such order. Each Appendix, except as its terms otherwise expressly provide, shall be a complete statement of its subject matter and shall supplement and modify the terms and conditions of this Contract for the purposes of that engagement only. No other agreements, representations, warranties or other matters, whether oral or written, shall be deemed to bind the parties hereto with respect to the subject matter hereof.
20. This Contract shall be governed by and construed in accordance with the Laws of the State of Delaware, except where Federal Law has precedence. Contractor consents to jurisdiction and venue in the State of Delaware.

22. Contractor covenants that it presently has no interest and shall not acquire any interests, direct or indirect, that would conflict in any manner or degree with the performance of this Contract. Contractor further covenants that in the performance of this contract, it shall not employ any person having such interest.

23. Contractor covenants that it has not employed or retained any company or person who is working primarily for the Contractor, to solicit or secure this Contract, by improperly influencing the Department or any of its employees in any professional procurement process; and, the Contractor has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working primarily for the Contractor, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this agreement. For the violation of this provision, the Department shall have the right to terminate the Contract without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

24. The Department shall have the unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this Contract. Contractor shall have no right to copyright any material produced in whole or in part under this Contract. Upon the request of the Department, the Contractor shall execute
additional documents as are required to assure the transfer of such copyrights to the Department.

Contractor retains all title and interest to the data it furnished and/or generated pursuant to this Agreement. Retention of such title and interest does not conflict with Delaware’s rights to the materials, information, and documents developed in performing the project. Upon final payment, Delaware shall have a perpetual, nontransferable, non-exclusive paid-up right and license to use, copy, modify, and prepare derivative works of all materials in which Contractor retains title, whether individually by Contractor or jointly with Delaware. Any and all source code developed in connection with the services provided will be provided to Delaware, and the aforementioned right and license shall apply to source code. The parties will cooperate with each other and execute such other documents as may be reasonably deemed necessary to achieve the objectives of this Section.

If the use of any services or deliverables is prohibited by court action based on a U.S. patent or copyright infringement claim, Contractor shall, at its own expense, buy for the Department the right to continue using the services or deliverables or modify or replace the product with no material loss in use, at the option of the Department.

25. Contractor agrees that no information obtained pursuant to this Contract may be released in any form except in compliance with applicable laws and policies on the confidentiality of information and except as necessary for the proper discharge of the Contractor’s obligations under this Contract.

26. Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver or breach of any provision of this Contract shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of the Contract unless stated to be such in writing, signed by authorized representatives of all parties and attached to the original Contract.

27. If the amount of this contract listed in Paragraph C2 is over $25,000, the Contractor, by their signature in Section E, is representing that the Firm and/or its Principals, along with its subcontractors and assignees under this Contract, are not currently subject to either suspension or debarment from Procurement and Non-Procurement activities by the Federal Government.

C. Financial Requirements

1. The rights and obligations of each Party to this Contract are not effective and no Party is bound by the terms of this contract unless, and until, a validly executed Purchase Order is approved by the Secretary of Finance and received by Contractor, if required by the State of Delaware Budget and Accounting Manual, and all policies and procedures of the Department of Finance have been met. The obligations of the Department under this Contract are expressly limited to the amount of any approved Purchase Order. The State
will not be liable for expenditures made or services delivered prior to Contractor's receipt of the Purchase Order.

2. Total payments under this Contract shall not exceed $ ______ in accordance with the budget presented in Appendix ___. Payment will be made upon receipt of an itemized invoice from the Contractor in accordance with the payment schedule, if any. The contractor or vendor must accept full payment by procurement (credit) card and or conventional check and/or other electronic means at the State’s option, without imposing any additional fees, costs or conditions. Contractor is responsible for costs incurred in excess of the total cost of this Contract and the Department is not responsible for such costs.

   Contractor shall submit monthly invoices to Delaware in sufficient detail to support the services provided during the previous month. Delaware agrees to pay those invoices within thirty (30) days of receipt. In the event Delaware disputes a portion of an invoice, Delaware agrees to pay the undisputed portion of the invoice within thirty (30) days of receipt and to provide Contractor a detailed statement of Delaware’s position on the disputed portion of the invoice within thirty (30) days of receipt.

3. Validity and enforcement of this Contract is subject to appropriations by the General Assembly of the specific funds necessary for contract performance. Should such funds not be so appropriated the Department may immediately terminate this Contract, and absent such action this Contract shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available, at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

   Notwithstanding any other provisions of this Contract, this Contract shall terminate and the Department’s obligations under it shall be extinguished at the end of the fiscal year in which the state of Delaware fails to appropriate monies for the ensuing fiscal year sufficient for the payment of all amounts, which will then become due.

4. Delaware is a sovereign entity, and shall not be liable for the payment of federal, state and local sales, use and excise taxes, including any interest and penalties from any related deficiency, which may become due and payable as a consequence of this Agreement.

5. The Contractor is solely responsible for the payment of all amounts due to all subcontractors and suppliers of goods, materials or services which may have been acquired by or provided to the Contractor in the performance of this contract. The Department is not responsible for the payment of such subcontractors or suppliers.

   Unless provided otherwise in an Appendix, all expenses incurred in the performance of the services are to be paid by Contractor. If an Appendix specifically provides for expense reimbursement, Contractor shall be reimbursed only for reasonable expenses incurred by Contractor in the performance of the services, including, but not necessarily limited to, travel and lodging expenses, communications charges, and computer time and supplies.
6. The Contractor shall not assign the Contract or any portion thereof without prior written approval of the Department and subject to such conditions and revisions as the Department may deem necessary. No such approval by the Department of any assignment shall be deemed to provide for the incurrence of any obligations of the Department in addition to the total agreed upon price of the Contract.

7. Contractor shall maintain books, records, documents and other evidence directly pertinent to performance under this Contract in accordance with generally accepted accounting principles and practices. Contractor shall also maintain the financial information and data used by Contractor in the preparation of support of its bid or proposal. Contractor shall retain this information for a period of five (5) years from the date services were rendered by the Contractor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Department shall have access to such books, records, documents, and other evidence for the purpose of inspection, auditing, and copying during normal business hours of the Contractor after giving reasonable notice. Contractor will provide facilities for such access and inspection.

8. The Contractor agrees that any submission by or on behalf of the Contractor of any claim for payment by the Department shall constitute certification by the Contractor that the services or items for which payment is claimed were actually rendered by the Contractor or its agents, and that all information submitted in support of the claims is true, accurate, and complete.

All invoices, reports, documents provided in response to an audit, and any documentation provided to the Department pursuant to any contractual obligation as set forth herein, including any chart or compilation of data, report, or other document produced by the Contractor for presentment to the Department shall contain, in a prominently displayed location, the following written certification:

“I hereby certify that the information reported herein is true, accurate, and complete. I understand that these reports are made in support of claims for government funds.”

Any certification related to information and documents produced to the Department shall be certified only by the Contractor’s Contract Manager.

9. The cost of any Contract audit disallowances resulting from the examination of the Contractor's financial records will be borne by the Contractor. Reimbursement to the Department for disallowances shall be drawn from the Contractor's own resources and not charged to Contract costs or cost pools indirectly charging Contract costs.

10. When the Department desires any addition or deletion to the deliverables or a change in the services to be provided under this Contract, it shall so notify the Contractor. The Department will develop a Contract Amendment authorizing said change. The Amendment
shall state whether the change shall cause an alteration in the price or time required by the Contractor for any aspect of its performance under the Contract. Pricing of changes shall be consistent with those prices or costs established within this Contract. Such amendment shall not be effective until executed by all Parties.

D. Miscellaneous Requirements

1. *If applicable*, the Contractor agrees to adhere to the requirements of DHSS Policy Memorandum # 46, (PM # 46, effective 3/11/05), and divisional procedures regarding the reporting and investigation of suspected abuse, neglect, mistreatment, misappropriation of property and significant injury of residents/clients receiving services, including providing testimony at any administrative proceedings arising from such investigations. The policy and procedures are included as Appendix ___ to this Contract. It is understood that adherence to this policy includes the development of appropriate procedures to implement the policy and ensuring staff receive appropriate training on the policy requirements. The Contractor’s procedures must include the position(s) responsible for the PM46 process in the provider agency. Documentation of staff training on PM46 must be maintained by the Contractor.

Code, Sections 8563 and 8564. Contractor shall not employ individuals with adverse registry findings in the performance of this contract.

3. *If applicable*, the Contractor agrees to adhere to the requirements of DHSS Policy Memorandum # 40 (PM #40, effective 3/10/2008), and divisional procedures regarding conducting criminal background checks and handling adverse findings of the criminal background checks. This policy and procedure are included as Appendix ___ to this Contract. It is understood that adherence to this policy includes the development of appropriate procedures to implement the policy and ensuring staff receive appropriate training on the policy requirements. The Contractor’s procedures must include the title of the position(s) responsible for the PM40 process in the contractor’s agency.

4. *If applicable*, the Contractor agrees to adhere to the requirements of DHSS Policy Memorandum # 36 (PM #36, effective 9/24/2008), and divisional procedures regarding minimal requirements of contractors who are engaging in a contractual agreement to develop community based residential arrangements for those individuals served by Divisions within DHSS. This policy and procedure are included as Appendix ___ to this Contract. It is understood that adherence to this policy includes individuals/entities that enter into a contractual arrangement (contractors) with the DHSS/Division to develop a community based residential home(s) and apartment(s). Contractors shall be responsible for their subcontractors’ adherence with this policy and related protocol(s) established by the applicable Division.
5. All Department campuses are tobacco-free. Contractors, their employees and sub-contractors are prohibited from using any tobacco products while on Department property. This prohibition extends to personal vehicles parked in Department parking lots.

Sanctions

1. In the event that Contractor fails to complete the project or any phase thereof within the
time specified in the Contract, or with such additional time as may be granted in writing
by Delaware, or fails to prosecute the work, or any separable part thereof, with such
diligence as will insure its completion within the time specified in this Agreement or any
extensions thereof, Delaware may suspend the scheduled payments.

2. The Division reserves the right to reduce the number of people a Contractor currently
serves, restrict the number of referrals a Contractor may receive, or rescind authorization
to operate one or more service sites (e.g., neighborhood home, apartment) or any
combination of such measures as sanctions for documented unsatisfactory contract
performance as determined by the Division. The Division may impose such sanctions for
a period of between 30 to 365 days, with the right to renew the sanctions at the Division’s
sole discretion.

Vendor Responsibilities (*This clause may be most useful in IT and IT-related contracts and
not as useful in other types of contracts.*)

1. Contractor shall be responsible for the professional quality, technical accuracy, timely
completion, and coordination of all services furnished by Contractor, its subcontractors,
and its and their principals, officers, employees and agents under this Agreement. In
performing the specified services, Contractor shall follow practices consistent with
generally accepted professional and technical standards. Contractor shall be responsible
for ensuring that all services, products and deliverables furnished pursuant to this
Agreement comply with the applicable standards promulgated by the Department of
Technology and Information ("DTI") published at http://dti.delaware.gov/, and as
modified from time to time by DTI during the term of this Agreement. If any service,
product or deliverable furnished pursuant to this Agreement does not conform to DTI
standards, Contractor shall, at its expense and option either (1) replace it with a
conforming equivalent or (2) modify it to conform to DTI standards. Contractor shall be
and remain liable in accordance with the terms of this Agreement and applicable law for
all damages to Delaware caused by Contractor’s failure to ensure compliance with DTI
standards.

   a. It shall be the duty of the Contractor to assure that all products of its effort are
technically sound and in conformance with all pertinent Federal, State and Local
statutes, codes, ordinances, resolutions and other regulations. Contractor will not
produce a work product that violates or infringes on any copyright or patent rights.
Contractor shall, without additional compensation, correct or revise any errors or omissions in its work products.

b. Permitted or required approval by Delaware of any products or services furnished by Contractor shall not in any way relieve Contractor of responsibility for the professional and technical accuracy and adequacy of its work. Delaware’s review, approval, acceptance, or payment for any of Contractor’s services herein shall not be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and Contractor shall be and remain liable in accordance with the terms of this Agreement and applicable law for all damages to Delaware caused by Contractor’s performance or failure to perform under this Agreement.

c. Contractor shall appoint a Project Manager who will manage the performance of services. All of the services specified by this Agreement shall be performed by the Project Manager, or by Contractor’s associates and employees under the personal supervision of the Project Manager. The positions anticipated include:

   Project Name:
   Team Title:
   % of Project Involvement:
   *(add additional information as needed)*

Designation of persons for each position is subject to review and approval by Delaware. Should the staff need to be diverted off the project for what are now unforeseeable circumstances, Contractor will notify Delaware immediately and work out a transition plan that is acceptable to both parties, as well as agree to an acceptable replacement plan to fill or complete the work assigned to this project staff position. Replacement staff persons are subject to review and approval by Delaware. If Contractor fails to make a required replacement within 30 days, Delaware may terminate this Agreement for default. Upon receipt of written notice from Delaware that an employee of Contractor is unsuitable to Delaware for good cause, Contractor shall remove such employee from the performance of services and substitute in his/her place a suitable employee.

**Other Requirements**

1. Funds received and expended under the contract must be recorded so as to permit the Division to audit and account for all contract expenditures in conformity with the terms, conditions, and provisions of this contract, and with all pertinent federal and state laws and regulations. The Division retains the right to approve this accounting system.
2. The Contractor shall recognize that no extra contractual services are approved unless specifically authorized in writing by the Division. Further, the Contractor shall recognize that any and all services performed outside the scope covered by this Contract and attached budgets will be deemed by the Division to be gratuitous and not subject to any financial reimbursement.

3. All products are expected to be free of misspellings and typos, as well as punctuation, grammatical and design errors. Acronyms should be avoided; when used, they should be spelled out on first reference with the acronym in parentheses after that reference. For example, 'Division of Public Health (DPH)' on first reference.

4. No part of any funds under this contract shall be used to pay the salary or expenses of any contractor or agent acting for the contractor, to engage in any activity (lobbying) designed to influence legislation or appropriations pending before the State Legislature and/or Congress.

5. The contractor agrees that, if defunding occurs, all equipment purchased with Division funds for $1,000.00 or more and a useful life expectancy of one (1) year, will be returned to the Division within thirty (30) days.
