II. Background/ Program Description

Delaware Health and Social Services (DHSS), created in 1970, is the largest single state agency in Delaware. The DHSS Cabinet Secretary oversees thirteen (13) Divisions and Programs¹. In addition, all of the state agencies providing institution-based care and community support services to adults with psychiatric disabilities, other than Division of Vocational Rehabilitation, the Department of Education and the Department of Correction are under the purview of the DHSS Cabinet Secretary.

The Division of Substance Abuse and Mental Health (DSAMH) is responsible for adhering to the responsibilities assigned in the role of the single state agency (SSA) for the State of Delaware. DSAMH is responsible for the development and implementation of a state plan for prevention and treatment, coordination of state and federal funding, and development of standards for the certification and approval of prevention and treatment programs. Through contracted providers, DSAMH provides comprehensive prevention and treatment services to Delaware's adult populations, with emphasis on services for adults with addictive disorders and mental health conditions.

The Substance Abuse and Mental Health Services Administration (SAMHSA) provides funding through the Substance Abuse Prevention and Treatment Block Grant (SAPT BG) for DSAMH to implement substance abuse prevention and treatment services in the State of Delaware. DSAMH has been a recipient of the SAPT BG since Federal Fiscal Year (FFY) 1992.

DSAMH utilizes the majority of these funds to support a statewide substance abuse treatment system that provides services such as detoxification, intensive outpatient, and inpatient treatment. Also, DSAMH offers medication assisted treatment programs which include intensive case management for the adult population. Through contracted providers, DSAMH provides comprehensive and integrated outpatient services for adults with addictive disorders and mental health conditions.

DSAMH subscribes to the beliefs, substantiated by research, that:

- Alcoholism, drug dependence, mental illnesses and compulsive gambling are treatable medical conditions.
- Recovery from mental illness, compulsive gambling and alcoholism and drug dependence is a real possibility and must be an expectation of services.
- All individuals in need of any type of health services are unique.
- Clients and their families reflect the diversity of our communities, including differences in ethnicity, socioeconomic status, education, religion, geographic location, age, sexual orientation, and disability.
- Treatment services and supports for Addictive Disorders (AD) and Mental Health (MH) Conditions benefit the individual client and his or her family, but also public health, public safety, and the public purse.
- Successful treatment begins with accessible services and good customer service that reflects staff's personalized engagement in assisting the client and any significant others.
- Treatment should be timely, affordable, and of sufficient intensity and duration to be effective. It should be provided in a welcoming, safe, flexible, and accessible environment.

¹ The Delaware Health and Social Services' Divisions and Programs are as follows: Child Support Enforcement; Developmental Disabilities Services; Long Term Care; Medicaid & Medical Assistance; Management Services; Office of the Medical Examiner; Public Health; Services for Aging and Adults with Physical Disabilities; Social Services; State Service Centers; Substance Abuse and Mental Health; Visually Impaired; and Delaware Health Fund Advisory Committee (DHFAC). - At times, some individuals suffering from alcoholism, drug dependence, compulsive gambling and/or mental illness may engage in improper or illegal behavior. Although such behavior may result from, or may be a symptom of, the underlying illness (es), the illness does not excuse it. However, it is essential to recognize that the illness itself is a medical condition and a public health problem for which effective treatments and services are available. As a general principle, infractions of rules or policies should be handled individually.

The SAPT BG includes a requirement that minimum twenty percent (20%) of funds must support substance abuse prevention. In order to remain in compliance with the Grant, DSAMH must adhere to the indicated funding specifications.

DSAMH allocates funds and collaborates with the Department of Services for Children, Youth and their Families' (DSCYF) Division of Prevention and Behavioral Health Services (DPBHS) to ensure the implementation of prevention across the lifespan.

The Division of Substance Abuse and Mental Health Services has currently defined the vision and mission:

Vision: Safe and healthy Delawareans across the lifespan

Mission: Partnering to reduce substance abuse and related problem behaviors by strengthening children, families and communities through prevention and early intervention training, education and services.

DSAMH in collaboration with DPBHS will implement a continuum of care that will provide an array of prevention services that will offer all Delawareans access to programs and services designed to meet a broader range of needs.

Continuum of care across the lifespan includes:

Prevention services to be implemented by using universal and environmental strategies through targeted/selected programs and events that focus on building skills, stabilizing families, information dissemination, education, enhancing relationships, workforce development, and advocacy for policy and legislation focused on preventing substance abuse and child welfare problems.

- DSAMH will work with successful applicant(s) to develop performance based substance abuse prevention contracts. Contracted providers are responsible for the submission of data on a monthly basis to the DSAMH Prevention Specialist. Providers are also responsible to report on performance and outcome measures of programs, practices, and policies evaluate effectiveness, and identify strategy changes, if necessary.

DSAMH intends to work with a university or other research organization to obtain a grant to conduct a formal study of prevention services across the state. Providers will be expected to actively participate and cooperate in these activities by providing, at a minimum: (a) access to staff, clients and client records within the parameters allowed by federal confidentiality guidelines; (b) data to researchers in the format required by the research design.

PROJECT GOALS

Delaware Health and Social Services, Division of Substance Abuse and Mental Health, the Single State Agency (SSA) for the State of Delaware (hereafter referred to as DSAMH or the Division) is responsible for the development and implementation of primary prevention and treatment services in the State of Delaware.

DSAMH is seeking applications from qualified community based organizations from the four sub-state planning regions (Kent, Sussex, New Castle counties and the City of Wilmington) to provide a broad array of effective, evidence-based primary prevention services for adults in the areas of: alcohol, tobacco and other drugs (ATOD). Emphasis of services should be focused on preventing and reducing the abuse of the following substances: 1) Alcohol; 2) Marijuana; 3) Prescription Opiates; and 4) Heroin among high risk populations in the state of Delaware.

The goals of this Request for Proposals (RFP) are to:

- Prevent the onset and reduce the progression of substance use and abuse for adults through the reduction of risk factors and increasing identified protective factors;
- Provide primary prevention activities to prevent substance use and abuse through a comprehensive use of strategies including education, information dissemination, environmental strategies, community-based and alternative activities;
- Reduce the incidence and prevalence of misuse and abuse of prescription drugs, opiates; and heroin and;
- Build an effective, sustainable, prevention capacity and infrastructure at community level.

Note:

The Substance Abuse and Mental Health Services Administration's Center for Substance Abuse Prevention (SAMHSA/CSAP) has defined Primary Prevention as: activities designed to prevent substance abuse before any signs of a problem appear. Also, strategies designed to decrease the number of new cases of a disorder or illness.

Primary prevention activities are NOT services implemented with individuals that have been in treatment or are currently in treatment. Primary prevention is not part of an individual's treatment plan.

TARGET POPULATION

The primary target population for this Primary Prevention Services RFP is for adults. The specific interventions proposed by applicants must be developmentally appropriate and culturally competent for the population being served.

their use by the pharmaceutical industry to both doctors and patients themselves. Abuse of Rx opiates led to tightening of regulations and increased monitoring of sales beginning in 2011-2012. This led to a sharp decline in those treated for prescription opiates but a concomitant increase in heroin treatment in 2013. It appears that those newly addicted to Rx opiates switched to cheaper, readily available heroin, which in 2013 accounted for more than a third of all state-funded treatment (DSAMH).

Division of Substance Abuse & Mental Health

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq. \(“FOIA”\)](#). FOIA requires that the State of Delaware’s records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a contract has been executed, the content of selected and non-selected vendor proposals will likely become subject to FOIA’s public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community’s desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as “confidential business information”). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor’s confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor’s confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled “Confidential Business Information” and include the specific RFP number. The envelope must contain a letter from the Vendor’s legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not a “public record” as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor’s allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

12. Multi-Vendor Solutions (Joint Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the “**prime contractor**”. The “**prime contractor**” must be the joint venture’s contact point for the State of Delaware and be responsible for the joint venture’s performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The State of Delaware expects to negotiate and contract with only one “prime vendor”. The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.16 regarding multiple source contracting.

b. Sub-contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments when the State provides written consent; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Any and all use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** All sub-contractors must be approved by State of Delaware.

c. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

13. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware’s Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor’s proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, discrepancies, omissions, unclear or ambiguous intent or meaning arising out of the content of the solicitation, will be deemed waived unless they are brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

14. State's Right to Reject Proposals

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

15. State's Right to Cancel Solicitation

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor's participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

16. State's Right to Award Multiple Source Contracting

Pursuant to 29 *Del. C.* [§ 6986](#), the State of Delaware may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of the State of Delaware. No Vendor shall acquire an exclusive right to provide the State of Delaware with the professional services detailed in this RFP.

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

17. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

18. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at www.bids.delaware.gov. The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

19. Exceptions to the RFP

Any exceptions to the RFP, or the State of Delaware's terms and conditions, must be recorded on Attachment 3. Acceptance of exceptions is within the sole discretion of the evaluation committee. Proposals that contain exceptions which - individually or in the aggregate- have the effect of altering, limiting, or interfering with the State of Delaware's chosen and advertised method of service delivery may be deemed Non-Conforming.

20. Award of Contract

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware AND the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of BOTH such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status following awarded vendor contract execution.

21. Cooperatives

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

C. RFP Evaluation Process

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected for negotiations.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in a timely manner any and all information that the State of Delaware may deem necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in *29 Del. C. §§ 6981 and 6982*. The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to the Division Director, who shall have final authority, subject to the provisions of this RFP and *29 Del. C. § 6982*, to award a contract to the successful vendor in the best interests of the State of Delaware.

2. Proposal Selection Criteria

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

- Select more than one vendor pursuant to 29 Del. C. §6986. Such selection will be based on the following criteria:
 - Needs of the Division
 - Funding availability

Criteria Weight

All proposals shall be evaluated using the same criteria and scoring process. The following criteria shall be used by the Evaluation Team to evaluate proposals:

Criteria	Weight
Applicant Experience and Expertise	10
Planning/Implementation: Proposed Program Design	50
Evaluation: Performance and Outcome Measures	20
Staffing	10
Program Budget	10
Total	100%

Vendors are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not make assumptions about a vendor's capabilities. The Proposing Party should be as detailed as necessary in their proposal responses so as to address each of the evaluation criteria identified above.

3. Proposal Clarification

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

Division of Substance Abuse & Mental Health

5. Oral Presentations

After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for the State of Delaware are the vendor's responsibility.

D. Contract Terms and Conditions

1. Contract Use by Other Agencies

If no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties. *See Title 29, Chapter [6904\(e\) Delaware Code](#).*

2. Cooperative Use of Award

As a publicly competed contract awarded in compliance with *29 Del. C. Ch. 69*, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

3. General Information

- a.** The term of the contract between the successful bidder and the State shall be for three (3) years with two (2) optional extensions for a period of one (1) year for each extension.
- b.** The selected vendor will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.
- c.** The selected vendor or vendors will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d.** The State of Delaware's standard contract may be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
- e.** The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt of a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.

- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

4. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void and subject any party to such agreement or collusion to referral for investigation by any and all appropriate law enforcement agencies.

By responding, the vendor represents and warrants that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP or in connection with any vendor withholding its proposal and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal and subject any individual participating in such conduct to further investigation by any and all appropriate law enforcement agencies.

5. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul and/or cancel any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

6. Solicitation of State Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

7. General Contract Terms

a. Independent Contractors

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at the State of Delaware's discretion as to the location of work for the contractual support personnel during the project period.

b. Temporary Personnel are Not State Employees Unless and Until They are Hired

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor's obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

written notice of intent to hire from the agency. Notice can be issued at second month if it is the State's intention to hire.

c. Licenses and Permits

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § [2502](#).

Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department. If the successful vendor alleges it may legally operate in Delaware without such licensure, it will provide a letter from its legal counsel detailing the legal bases why such licensure is not required. Final determinations about licensure obligations shall remain the sole discretion of the State of Delaware.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

d. Indemnification

1. General Indemnification

By submitting a proposal, the proposing vendor agrees that in the event it is awarded a contract, it will indemnify and otherwise hold harmless the State of Delaware, its agents and employees from any and all liability, suits, actions, or claims, together with all costs, expenses for attorney's fees, arising out of the vendor's, its agents and employees' performance work or services in connection with the contract, regardless of whether such suits, actions, claims or liabilities are based upon acts or failures to act attributable, whole or part, to the State, its employees or agents.

2. Proprietary Rights Indemnification

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware, the State of Delaware shall promptly notify the vendor in writing and vendor shall defend such claim, suit or action at vendor's expense, and vendor shall indemnify the State of Delaware against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively ""Products") is or

STATE OF DELAWARE
 Department of Health & Social Services
 Division of Substance Abuse & Mental Health
 in vendor's reasonable judgment is likely to be, held to constitute an infringing
 product, vendor shall at its expense and option either:

- a. Procure the right for the State of Delaware to continue using the Product(s);
- b. Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- c. Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that the State of Delaware agrees to and accepts in writing.

e. Insurance

- 1. Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney's fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor's negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.
- 2. The vendor shall maintain such insurance as will protect against claims under Worker's Compensation Act and from any other claims for damages for personal injury, including death, which may arise from operations under this contract. The vendor is an independent contractor and is not an employee of the State of Delaware.
- 3. During the term of this contract, the vendor shall, at its own expense, also carry insurance minimum limits as follows:

d.	Product Liability	\$1,000,000 per occurrence / \$3,000,000 aggregate

The successful vendor must carry (a) and at least one of (b), (c), or (d) above, depending on the type of Service or Product being delivered.

If the contractual service requires the transportation of departmental clients or staff, the vendor shall, in addition to the above coverage's, secure at its own expense the following coverage;

g. Vendor Emergency Response Point of Contact

The awarded vendor(s) shall provide the name(s), telephone, or cell phone number(s) of those individuals who can be contacted twenty four (24) hours a day, seven (7) days a week where there is a critical need for commodities or services when the Governor of the State of Delaware declares a state of emergency under the Delaware Emergency Operations Plan or in the event of a local emergency or disaster where a state governmental entity requires the services of the vendor. Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

The Vendor warrants that the professional services detailed in this RFP will be provided at or above the applicable and appropriate professional standard of care in the State of Delaware.

i. Costs and Payment Schedules

j. Optional Performance Incentives

The State of Delaware may include in the final contract penalty provisions for non-performance, such as liquidated damages. k. Termination of Contract

The contract resulting from this RFP may be terminated as follows by **DIVISION OF SUBSTANCE ABUSE & MENTAL HEALTH**.

- 1. Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have no less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

- 2. Termination Without Cause:** The State may terminate this Contract at any time for any reason or no reason by giving written notice of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. - 3. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

l. Non-discrimination

In performing the services subject to this RFP the vendor, as set forth in Title 19 Delaware Code Chapter 7 section [711](#), will agree that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. The successful vendor shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. o. Vendor Responsibility

All of the equipment and services required hereunder shall be provided by or performed by the Vendor or under its direct supervision, and all personnel, including subcontractors, engaged in the work shall be fully qualified and shall be authorized under State and local law to perform such services.
3. None of the equipment and/or services covered by this contract shall be subcontracted without the prior written approval of the State. Only those subcontractors identified in Attachment 6 are considered approved upon award. Changes to those subcontractor(s) listed in Attachment 6 must be approved in writing by the State.

q. Fair Background Check Practices

Pursuant to 29 Del. C. [§6909B](#) and effective November 4, 2014 the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at:
<https://desexoffender.dsp.delaware.gov/SexOffenderPublic/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

s. Work Product

All materials and products developed under the executed contract by the vendor are the sole and exclusive property of the State. The vendor will seek written permission to use any product created under the contract.

t. Contract Documents

The RFP, the purchase order, the executed contract and any supplemental documents between the State of Delaware and the successful vendor shall constitute the contract between the State of Delaware and the vendor. In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, State of Delaware's RFP, Vendor's response to the RFP and purchase order. No other documents shall be considered. These documents will constitute the entire agreement between the State of Delaware and the vendor.

u. Applicable Law

The laws of the State of Delaware shall apply, except where Federal Law has precedence. The successful vendor consents to jurisdiction and venue in the State of Delaware.

In submitting a proposal, Vendors certify that they comply with all federal, state and local laws applicable to its activities and obligations including:

5. that programs, services, and activities provided to the general public under resulting contract conform with the Americans with Disabilities Act of 1990, and the regulations issued there under by the federal government.

If any vendor fails to comply with (1) through (5) of this paragraph, the State of Delaware reserves the right to disregard the proposal, terminate the contract, or consider the vendor in default.

The selected vendor shall keep itself fully informed of and shall observe and comply with all applicable existing Federal and State laws, and County and local ordinances, regulations and codes, and those laws, ordinances, regulations, and codes adopted during its performance of the work.

v. Severability

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

w. Scope of Agreement

If the scope of any provision of the contract is determined to be too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

x. Affirmation

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder, partner, principal, or other person substantially involved in the contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

y. Audit Access to Records

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect,

STATE OF DELAWARE

The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. Reimbursement to the State for disallowances shall be drawn from the Vendor's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.

**APPENDIX B
SCOPE OF WORK AND TECHNICAL REQUIREMENTS**

Proposed Methodology and Work Plan

This section shall describe in detail the approach that will be taken to carry out the activities described in the Scope of Services section of this RFP. Specific completion dates for the various tasks must be shown. The work plan shall outline specific objectives, activities and strategies, and resources.

Scope of Services:

1. Expertise and Qualifications:

- Applicant proposal must clearly describe its expertise in providing effective evaluation services for a grant of similar size and complexity.
- Applicant proposal must clearly document a minimum of three years of the provision of alcohol and other drug primary prevention services.
- Applicant proposal must clearly document its ability to deliver culturally competent substance abuse prevention services at the state and local levels.
- Applicant proposal must describe in detail its service philosophy and have a strong familiarity with the Delaware prevention system.
- Applicant's proposal must clearly describe the applicant Organization's proficiency with database and analytical software and methods that meet the data management needs of the project.
- Applicant's proposal must document the applicants experience in program implementation and collaborative with various levels of stakeholders, including government agencies.
- Applicant's proposal must document knowledge and ability to identify and implement evidence-based, culturally competent prevention strategies.

Strategic Prevention Framework Model

The Strategic Prevention Framework (SPF) model is a public health, outcome-based prevention approach developed by the Substance Abuse and Mental Health Services Administration, Center for Substance Abuse Prevention (SAMHSA/CSAP).

The SPF is a five step planning process. The Five Steps of the Framework are:

Assessment: Profile population needs, resources, and readiness to address needs and gaps in service delivery;

Capacity Building: Mobilize and/or build capacity to address needs;

Planning: Develop a comprehensive Strategic Plan;

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

Implementation: Implement evidence-based prevention programs, policies, and/or practices;
Evaluation: Monitor and evaluate programs, policies, and practices.

The SPF will serve as the planning model for all applicants responding to this RFP.

Sustainability and Cultural Competency are infused into each step of the framework.

Cultural competence refers to a system of policies, skills, and attitudes that enable an agency or individual to provide services in a manner that effectively responds to differences in cultural beliefs, behaviors, and learning and communication styles.

Applicants must be aware of the basic principles of cross cultural service delivery, including the significance of culture as a factor in service interactions. For prevention efforts to be truly effective, diverse representation is needed early on in the program planning stage as well as throughout the implementation stage in order to appropriately respond to the culture of a target population. Applicants must address cultural competence throughout the implementation of the SPF steps.

Proposals will be scored on their commitment to cultural competence and ability to implement culturally competent prevention services within each step of the SPF.

1) Assessment

At the state level, the State Epidemiological Outcomes Workgroup completed an assessment resulting in Delaware's Epidemiological Profile which indicates population needs, resources, and readiness.

Delaware is comprised of three counties [New Castle County-538,479 residents; Kent County-162,310 residents; and Sussex County-197,945 residents] and four sub-state planning areas as designated by SAMSHA's Office of Applied Studies. The State is unique in that the northernmost county, New Castle, is decidedly urban, while the two southern counties, Kent and Sussex, have largely rural characteristics. Delaware's largest city is Wilmington, located in New Castle County, with a population of 71,928. Wilmington and part of New Castle County are included in the Philadelphia Consolidated Metropolitan Statistical Area.

From 2000-2010 New Castle County remains the largest county, documenting a 7.6% growth, compared to 25.9% increase in Sussex County and a 28.1% increase in Kent County. Delaware saw over a 10% population growth and much of it has been driven by increases in minority populations (Delaware Population Consortium 2013), attributed primarily to the increase in Guatemalan natives. Over the next decade from 2010 to 2020, there is an anticipated 7% growth in both the 0 – 9 year old and 10 – 19 year old populations in the State of Delaware (Kids Count 2013). Recent census data show a decrease by 7% of 20-64 year olds between 2000 and 2030 but an increase of 100% in the 65 and older population and 300% in the 85+ population, with one in four being a minority. Delaware's population as of 2008 includes 80,528 living veterans, 3,249 of whom are under 30 and served in recent conflicts. These demographic trends and Delaware's growing multicultural communities, make the needs of youth and young adults, minorities, veterans and the elderly even more compelling as data suggest these populations are most in need of resources.

a) Organizational Readiness

Applicants must demonstrate ability and resources to begin addressing prevention needs within your community.

b) Community and Organizational Capacity

- i. Community Capacity

STATE OF DELAWARE
Department of Health & Social Services

The capacity needs of the applicant will be defined once assessments have been completed.

Applicants will be responsible for completing an assessment of organizational readiness and capacity to implement the proposed prevention strategies, including needs, resources, and cultural competency. Assessment of organizational readiness can be completed through validated readiness instruments, or state, federal, or agency resources.

As a result of applicant capacity assessments, the Division and will provide numerous opportunities for training and technical assistance to applicants to build capacity and readiness to implement proposed projects/strategies to be funded through the SAPT BG.

Trainings would include, but not be limited to the following:

- Prevention Basics
- Substance Abuse Prevention Skills Training
- Strategic Planning
- Ethics
- Cultural Competence
- Coalition Building
- Resource Development
- Health Promotion

3) Planning

Applicants must clearly describe and provide documentation of organizational structure (i.e., Board of Directors; Organizational chart; letters of incorporation or 501c3 status).

Applicants must describe organizational or community strengths, weaknesses, opportunities for improvement and barriers to the effective implementation of proposed activities.

Applicants will be required to determine the focus of their prevention strategies; determine and identify key stakeholders at the state and community levels; create a viable infrastructure that will be able to effectively implement the strategies using evidence-based practices at the end of the planning phase.

Applicants must describe a process by which current prevention resources are identified in the selected community or communities; gaps in services and determine the capacity and readiness to act.

a) Program Design

Applicants for this RFP must design their primary prevention programs and interventions in accordance with the Theoretical Foundations and Constructs; CSAP SAPT BG Prevention Strategies; and the Institute of Medicine (IOM) categories identified in **Attachment 2** of this RFP.

Applicants are encouraged to develop innovative and creative interventions and activities to reach adults.

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

Proposals must organize the interventions and activities of the prevention program according to the Substance Abuse Prevention and Treatment Block Grant (SAPT BG) Strategies. Programs must be built upon the principles of prevention endorsed by the Center for Substance Abuse Prevention (CSAP), the National Institute of Drug Abuse (NIDA), the National Institute of Alcoholism and Alcohol Abuse (NIAA), the National Registry for Evidence-based Programs and Practices (NREPP), or recognized researchers.

b) Strategic Work Plan (hereafter the plan)

The applicant must submit within 45 days of contract execution a strategic work plan.

The annual strategic work plan must outline strategies for organizing and implementing prevention/reduction efforts. The plan must be based on documented needs, build on identified resources, set measurable objectives, and include the performance measures and baseline data against which progress will be monitored.

The plan must include a logic model that describes the community-specific causal factors of the priority problem, possible interventions to address problem/intervening variables, and the resources required to implement the possible interventions.

Plans must be adjusted as the result of ongoing needs assessment and monitoring activities. Sustainability and cultural competency should be addressed throughout each step of planning and implementation and should lead to the creation of a long-term strategy to sustain outcomes. Strategic plans must be data-driven and focused on addressing the most critical needs in the community.

4) Implementation

Applicants must describe how the implementation of the goals and objectives will increase the capacity to support an effective, comprehensive substance abuse prevention services system.

Applicants must describe the process to be used for identification of evidence-based, practices to be utilized in the implementation of the proposed project.

In addition, applicants may reference the National Registry of Evidence-based Programs and Practices (NREPP) for a listing of interventions supporting substance abuse prevention, as well as mental health promotion substance abuse treatment (<http://www.nrepp.samhsa.gov/>). NREPP is not an exhaustive list of all substance abuse prevention interventions.

Applicant must describe how it will ensure fidelity of implementation mechanisms that ensure innovative programs or adaptations of evidence-based programs are theoretically sound.

Applicants must describe how the proposed project will address issues of age, race, ethnicity, culture, language, sexual orientation, disability, literacy and gender.

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

Applicants must include a management plan with related tasks, timelines, and persons responsible. Provide an organizational chart for the project detailing key staff personnel for the applicant organization (and fiscal agent as applicable). A Table of Organization must accompany the narrative depicting how project staff will be organized and the percentage of time (FTE) for each person in the table. Create the Table of Organization on a separate page and attach it to your application as Attachment IV.

Applicants must provide a realistic timeline for the entire project period (chart or graph) showing key activities, milestones, and responsible staff. The timeline should be part of the narrative.

Applicants must provide a brief narrative that describes all staff collaborators, and supporters of the program, their roles, responsibilities and relationship to each other. Applicants must include a management and staffing plan that clearly describes relevant prevention experience, experience with target population(s), knowledge of identified community (-ies), and description of relevant accomplishments to date.

Discuss how key staff has demonstrated experience in serving the target population and are familiar with the population's culture and language.

Applicants should describe their plan to sustain the project outcomes after the funding period ends. Also describe how program continuity will be maintained when there is a change in the operational environment (i.e., staff turnover, change in project leadership) to ensure continuity over time.

The Division will fund only those programs that propose to utilize evidence-based or theory driven strategies and techniques that are grounded in the theoretical constructs recognized by the Center for Substance Abuse Prevention (CSAP), the National Institute of Drug Abuse (NIDA), the National Institute of Alcoholism and Alcohol Abuse (NIAA), the National Registry for Evidence-based Programs and Practices (NREPP), or another nationally recognized ATOD prevention researcher institution.

The publication, Prevention: What's Science Got to Do with It⁶ describes evidence-based or science-based prevention as "an approach to making change. It is guided by several theories of change:

- Individual change theories, including theories of addiction, risk and resiliency
- Intra and inter-organizational change theories
- Community change theories, including community organizing, policy change, and public health theories.

It applies evidence from rigorous evaluation research on prevention practices. It follows a process of Strategic planning that focuses on integrating thoughtful assessment, design, implementation, and evaluation into every program"

The Division will fund programs that propose to reduce risk factors and promote protective factors for adults. Applicants will be required to identify implementation strategies in their proposals in accordance with the following recognized theoretical constructs.

STATE OF DELAWARE
Department of Health & Social Services
Division of Substance Abuse & Mental Health

Applicants must ensure implementation is culturally competent and that any adaptations are made without sacrificing the core elements of the program.

During this phase, applicants may need to refine the logic model to best implement evidence-based interventions to address their identified priority problem.

5) Evaluation

Ongoing monitoring and evaluation are essential to determine if the desired outcomes are achieved, and to assess program effectiveness and service delivery quality. Applicants will be required to complete both process and program evaluations.

a) Performance and Outcome Measures

- i) After successful applicants have been notified but before the new contracts begin, DSAMH will conduct a mandatory day-long training session on data gathering and reporting that will be required of all Primary Prevention Services contractors. Executive directors, lead prevention staff, fiscal officers, and management information specialists from each agency will be required to attend.
- ii) Applicants will report on how cultural competency is infused into all preventions strategies.
- iii) Successful primary prevention programs must measure performance and outcomes. The federal government requires states to report on specific performance and outcome measures in order to receive continued funding. Therefore, the Division will require prevention contractors to collect and report activities and outcomes on a monthly basis in order to receive continued funding under contracts awarded pursuant to this RFP.
- iv) Applicant should be able to report every calendar year on the number of persons served by individual-based programs and strategies. The National Outcome Measures (NOMs) should include age, race, and ethnicity.

Definition: Individual based programs and strategies include practices and strategies with identifiable goals designed to change behavioral outcomes among a definable population or within a definable geographic area. These programs and strategies are provided to individuals or group of individuals who do not require treatment for substance abuse who receive the services over a period of time in a planned sequence of activities that are intended to inform, educate, develop skills, alter risk behaviors, or deliver services (e.g., a parent education group that meets once a week for 6 weeks.)

- v) Applicant should be able to report every calendar year on the number of persons served by population-based programs and strategies. The National Outcome Measures (NOMs) should include age, race, and ethnicity.

Definition: Population-based programs and strategies include planned and deliberate goal-oriented practices, procedures, processes or activities that have identifiable outcomes achieved with a sequence of steps subject to monitoring and modification. Included within this definition are environmental strategies (which establish or change written and unwritten community standards, codes, laws, and attitudes, thereby influencing incidence and prevalence of substance abuse in the general population) and one-time or single events (such as a health fair, a school assembly, or the distribution of material). The goal is to record the numbers of people impacted by the program or strategy.

Delaware shall have the right to reproduce all documentation supplied pursuant to this Agreement.

Retention of such title and interest does not conflict with Delaware's rights to the materials, information and documents developed in performing the project. Upon final payment, Delaware shall have a perpetual, nontransferable, non-exclusive paid-up right and license to use, copy, modify and prepare derivative works of all materials in which CONTRACTOR retains title, whether individually by CONTRACTOR or jointly with Delaware. The parties will cooperate with each other and execute such other documents as may be reasonably deemed necessary to achieve the objectives of this Section.

6.3. In no event shall CONTRACTOR be precluded from developing for itself, or for others, materials that are competitive with the Deliverables, irrespective of their similarity to the Deliverables. In addition, CONTRACTOR shall be free to use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques within the scope of its consulting practice that are used in the course of providing the services.

6.4. Notwithstanding anything to the contrary contained herein or in any attachment hereto, any and all intellectual property or other proprietary data owned by CONTRACTOR prior to the effective date of this Agreement ("Preexisting Information") shall remain the exclusive property of CONTRACTOR even if such Preexisting Information is embedded or otherwise incorporated into materials or products first produced as a result of this Agreement or used to develop such materials or products. - 9.2. If Delaware promptly notifies CONTRACTOR in writing of a third party claim against Delaware that any Deliverable infringes a copyright or a trade secret of any third party, CONTRACTOR will defend such claim at its expense and will pay any costs or damages that may be finally awarded against Delaware. CONTRACTOR will not indemnify Delaware, however, if the claim of infringement is caused by:
- a. Delaware's misuse or modification of the Deliverable;
 - b. Delaware's failure to use corrections or enhancements made available by CONTRACTOR;
 - c. Delaware's use of the Deliverable in combination with any product or information not owned or developed by CONTRACTOR;
 - d. Delaware's distribution, marketing or use for the benefit of third parties of the Deliverable or
 - e. Information, direction, specification or materials provided by Client or any third party. If any Deliverable is, or in CONTRACTOR's opinion is likely to be, held to be infringing, CONTRACTOR shall at its expense and option either
 - i. Procure the right for Delaware to continue using it,
 - ii. Replace it with a non-infringing equivalent,
