**II. Background/ Program Description**

*“The National Treatment Plan Initiative envisions a society in which people with a history of alcoholism or drug problems, people in recovery, and people at risk for these problems are valued and treated with dignity and where stigma, accompanying attitudes, discrimination, and other barriers to recovery are eliminated. We envision a society in which substance abuse and dependence is recognized as a public health issue, a treatable illness for which individuals deserve treatment. We envision a society in which high-quality services for alcohol and drug problems are widely available and where treatment is recognized as a specialized field of expertise.”<sup>1</sup>*

**Delaware Health and Social Services, Division of Substance Abuse and Mental Health (DSAMH) is seeking proposals from one or more qualified health and social services agencies with experience in delivering substance abuse treatment services to operate residential substance use disorder and co-occurring disorder treatment programs for adult male residents of Delaware located at DHCI. These programs will be capable of treating co-occurring (substance abuse and mental health) disorders, although individuals whose mental health challenges significantly impair (e.g., active psychosis) their ability to address their substance use (or mental health) issues would NOT be a target for this program.**

DSAMH subscribes to the basic beliefs and philosophical bases that are described in The National Treatment Plan publication, Changing The Conversation,<sup>2</sup> which states: “An extensive body of federally funded research shows that, with treatment, primary drug use decreases by nearly half. In addition, reported alcohol and drug-related medical visits decline by more the 50 percent, criminal activity decreases by as much as 80 percent, and financial self-sufficiency improves (e.g., employment increases, and welfare receipt and homelessness decline).”

Furthermore, the same document states that:

- “Alcoholism and drug dependence are treatable illnesses.
- Each individual in need of alcohol or drug treatment is unique.
- Clients and their families reflect the diversity of the population, including differences in race, ethnicity, socioeconomic status, education, religion, geographic location, age, sexual orientation, disability, and gender.
- Treatment benefits the individual client and his or her family, but also the public health, the public safety, and the public purse.

<sup>2</sup> Ibid., p.1

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

- Treatment should be timely, affordable, and of sufficient intensity and duration to be effective. It should be provided in a safe, flexible, and accessible environment.
- At times some individuals suffering from alcoholism or drug dependence may engage in improper or illegal behavior. Although such behavior may result from, or may be a symptom of the underlying illness, the illness does not excuse it. However, it is essential to recognize that *the illness itself is a medical condition and a public health problem for which effective treatments are available* (emphasis added).<sup>3</sup>

DSAMH will require the provider(s) of the Residential Substance Abuse and Co-occurring Treatment for Men to subscribe to these basic tenets and to the principles outlined in the NIDA publication, "Principles of Drug Addiction Treatment".<sup>4</sup>

### Statement of Need

The substance abuse treatment system in Delaware has three residential program with services specifically designed for adults with primary substance use disorders and/or co-occurring disorders. One of those programs targets young adults 18 to 25 years of age; one targets women and their children, and the other is a 78 male and female program. With the dramatic increase in use of opiate and other substance use in the population, the need for additional treatment across all ASAM levels have notably increased in recent years. For example:

- Between Fiscal years 2009 and 2014, the Division of Substance and Mental Health saw an overall 10.4% increase in individuals seeking public behavioral services. During the same period, there has been a 45% increase individuals seeing treatment where heroin and other opiates are then primary drugs at admission. Over the same period alcohol as the primary drug of admission decreased 16 % and Marijuana/Hashish decreased 32%.
- Across Delaware, thousands of our neighbors and their family members are impacted by individuals' addiction to prescription drugs, heroin, alcohol or other substances. And for too many of our neighbors, that addiction has led to their premature death from overdose. From January through December 2014, 185 people have died from suspected drug overdoses. For perspective -- in all of 2013 -- 99 people died in car accidents in Delaware.

Overall, the Division of Substance Abuse and Mental Health (DSAMH) and Department of Health and Social Services (DHSS) is committed to increase the amount of publically funded treatment representing various ASAM levels of care.

The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.

**3. Proposal Modifications**

Any changes, amendments or modifications to a proposal must be made in writing, submitted in the same manner as the original response and conspicuously labeled as a change, amendment or modification to a previously submitted proposal. Changes, amendments or modifications to proposals shall not be accepted or considered after the hour and date specified as the deadline for submission of proposals.

**6. Late Proposals**

Proposals received after the specified date and time will not be accepted or considered. To guard against premature opening, sealed proposals shall be submitted, plainly marked with the proposal title, vendor name, and time and date of the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

**7. Proposal Opening**

The State of Delaware will receive proposals until the date and time shown in this RFP. Proposals will be opened only in the presence of the State of Delaware personnel. Any unopened proposals will be returned to the submitting Vendor.

There will be no public opening of proposals but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be maintained confidentially to the extent permitted by [Executive Order # 31](#) and Title 29, Delaware Code, [Chapter 100](#).

**8. Non-Conforming Proposals**

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive or a mere formality shall reside solely within the State of Delaware. Proposals that contain exceptions which - individually or in the aggregate- have the effect of altering, limiting, or interfering with the State of Delaware's chosen and advertised method of service delivery may be deemed Non-Conforming.

**9. Concise Proposals**

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

**10. Realistic Proposals**

It is the expectation of the State of Delaware that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

The State of Delaware shall bear no responsibility for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

**11. Confidentiality of Documents**

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor's proposal will be treated as confidential during the evaluation process. As such, vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to execution

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq. \(“FOIA”\)](#). FOIA requires that the State of Delaware’s records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a contract has been executed, the content of selected and non-selected vendor proposals will likely become subject to FOIA’s public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community’s desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as “confidential business information”). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor’s confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor’s confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled “Confidential Business Information” and include the specific RFP number. The envelope must contain a letter from the Vendor’s legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not a “public record” as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor’s allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

## **12. Multi-Vendor Solutions (Joint Ventures)**

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the “**prime contractor**”. The “**prime contractor**” must be the joint venture’s contact point for the State of Delaware and be responsible for the joint venture’s performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

**a. Primary Vendor**

The State of Delaware expects to negotiate and contract with only one “prime vendor”. The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.16 regarding multiple source contracting.

**b. Sub-contracting**

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments when the State provides written consent; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Any and all use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** All sub-contractors must be approved by State of Delaware.

**c. Multiple Proposals**

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

**13. Discrepancies and Omissions**

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware’s Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor’s proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, discrepancies, omissions, unclear or ambiguous intent or meaning arising out of the content of the solicitation, will be deemed waived unless

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

they are brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

**a. RFP Question and Answer Process**

The State of Delaware will allow written requests for clarification of the RFP. All questions shall be received no later than **Thursday, September 3, 2015** to [dsamhbusinessoperations@state.de.us](mailto:dsamhbusinessoperations@state.de.us). All questions will be consolidated into a single set of responses and posted on the State's website at [www.bids.delaware.gov](http://www.bids.delaware.gov) by the date of **Friday, September 11, 2015**. Vendor names will be removed from questions in the responses released. Questions should be submitted in the following format. Deviations from this format will not be accepted.

Questions not submitted electronically shall be accompanied by a CD and questions shall be formatted in Microsoft Word.

**14. State's Right to Reject Proposals**

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

**15. State's Right to Cancel Solicitation**

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor's participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

**16. State's Right to Award Multiple Source Contracting**

Pursuant to 29 Del. C. [§ 6986](#), the State of Delaware may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of the State of Delaware. No Vendor shall acquire an

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health  
exclusive right to provide the State of Delaware with the professional services detailed in this RFP.

**17. Notification of Withdrawal of Proposal**

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

**18. Revisions to the RFP**

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at [www.bids.delaware.gov](http://www.bids.delaware.gov). The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

**19. Exceptions to the RFP**

Any exceptions to the RFP, or the State of Delaware's terms and conditions, must be recorded on Attachment 3. Acceptance of exceptions is within the sole discretion of the evaluation committee. Proposals that contain exceptions which - individually or in the aggregate- have the effect of altering, limiting, or interfering with the State of Delaware's chosen and advertised method of service delivery may be deemed Non-Conforming.

**20. Award of Contract**

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware AND the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of BOTH such events.

**a. RFP Award Notifications**

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status following awarded vendor contract execution.

**21. Cooperatives**

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

**C. RFP Evaluation Process**

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected for negotiations.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in timely manner any and all information that the State of Delaware may deem necessary to make a decision.

**1. Proposal Evaluation Team**

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 *Del. C.* §§ [6981](#) and [6982](#). The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to the Division Director, who shall have final authority, subject to the provisions of this RFP and 29 *Del. C.* § [6982](#), to award a contract to the successful vendor in the best interests of the State of Delaware.

**2. Proposal Selection Criteria**

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.

- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to 29 *Del. C.* §[6986](#). Such selection will be based on the following criteria:
  - Needs of the Division
  - Funding availability

**Criteria Weight**

All proposals shall be evaluated using the same criteria and scoring process. The following criteria shall be used by the Evaluation Team to evaluate proposals:

Criteria	Weight
Qualification and Experience	5
Program Design	40
Start-up Implementation and Location	25
Staff Qualifications	10
Budget	20
<b>Total</b>	<b>100%</b>

Vendors are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not make assumptions about a vendor's capabilities. The Proposing Party should be as detailed as necessary in their proposal responses so as to address each of the evaluation criteria identified above.

**3. Proposal Clarification**

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

**4. References**

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

**5. Oral Presentations**

After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for the State of Delaware are the vendor's responsibility.

**D. Contract Terms and Conditions**

**1. Contract Use by Other Agencies**

If no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties. *See Title 29, Chapter [6904\(e\)](#) Delaware Code.*

**2. Cooperative Use of Award**

As a publicly competed contract awarded in compliance with 29 *Del. C.* Ch. 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

**3. General Information**

- a. The term of the contract between the successful bidder and the State shall be for three (3) years with two (2) optional extensions for a period of one (1) year for each extension.
- b. The selected vendor will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.
- c. The selected vendor or vendors will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. The State of Delaware's standard contract may be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

service prior to receipt of a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.

- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

**4. Collusion or Fraud**

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void and subject any party to such agreement or collusion to referral for investigation by any and all appropriate law enforcement agencies.

By responding, the vendor represents and warrants that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP or in connection with any vendor withholding its proposal and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal and subject any individual participating in such conduct to further investigation by any and all appropriate law enforcement agencies.

**5. Lobbying and Gratuities**

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul and/or cancel any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

**6. Solicitation of State Employees**

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

**7. General Contract Terms**

**a. Independent Contractors**

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at the State of Delaware's discretion as to the location of work for the contractual support personnel during the project period.

**b. Temporary Personnel are Not State Employees Unless and Until They are Hired**

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor's obligation to hold

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. Notice can be issued at second month if it is the State's intention to hire.

**c. Licenses and Permits**

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § [2502](#).

Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department. If the successful vendor alleges it may legally operate in Delaware without such licensure, it will provide a letter from its legal counsel detailing the legal bases why such licensure is not required. Final determinations about licensure obligations shall remain the sole discretion of the State of Delaware.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

**d. Indemnification**

**1. General Indemnification**

By submitting a proposal, the proposing vendor agrees that in the event it is awarded a contract, it will indemnify and otherwise hold harmless the State of Delaware, its agents and employees from any and all liability, suits, actions, or claims, together with all costs, expenses for attorney's fees, arising out of the vendor's, its agents and employees' performance work or services in connection with the contract, regardless of whether such suits, actions, claims or liabilities are based upon acts or failures to act attributable, whole or part, to the State, its employees or agents.

**2. Proprietary Rights Indemnification**

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware, the State of Delaware shall promptly notify the vendor in writing and vendor shall defend such claim, suit or action at vendor's expense, and vendor shall indemnify the State of Delaware against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively “Products”) is or in vendor’s reasonable judgment is likely to be, held to constitute an infringing product, vendor shall at its expense and option either:

- a. Procure the right for the State of Delaware to continue using the Product(s);
- b. Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- c. Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that the State of Delaware agrees to and accepts in writing.

**e. Insurance**

1. Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney’s fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor’s negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.
2. The vendor shall maintain such insurance as will protect against claims under Worker’s Compensation Act and from any other claims for damages for personal injury, including death, which may arise from operations under this contract. The vendor is an independent contractor and is not an employee of the State of Delaware.
3. During the term of this contract, the vendor shall, at its own expense, also carry insurance minimum limits as follows:

d.	Product Liability	\$1,000,000 per occurrence / \$3,000,000 aggregate

The successful vendor must carry (a) and at least one of (b), (c), or (d) above, depending on the type of Service or Product being delivered.

If the contractual service requires the transportation of departmental clients or staff, the vendor shall, in addition to the above coverage’s, secure at its own expense the following coverage;

a.	Automotive Liability (Bodily Injury)	\$100,000/\$300,000

Division of Substance Abuse & Mental Health

b.	Automotive Property Damage (to others)	\$ 25,000
----	--	-----------

4. The vendor shall provide a Certificate of Insurance (COI) as proof that the vendor has the required insurance. The COI shall be provided prior to agency contact prior to any work being completed by the awarded vendor(s).
5. The State of Delaware shall not be named as an additional insured.
6. Should any of the above described policies be cancelled before expiration date thereof, notice will be delivered in accordance with the policy provisions.

**f. Performance Requirements**

The selected Vendor will warrant that it possesses, or has arranged through subcontractors, all capital and other equipment, labor, materials, and licenses necessary to carry out and complete the work hereunder in compliance with any and all Federal and State laws, and County and local ordinances, regulations and codes.

**g. Vendor Emergency Response Point of Contact**

The awarded vendor(s) shall provide the name(s), telephone, or cell phone number(s) of those individuals who can be contacted twenty four (24) hours a day, seven (7) days a week where there is a critical need for commodities or services when the Governor of the State of Delaware declares a state of emergency under the Delaware Emergency Operations Plan or in the event of a local emergency or disaster where a state governmental entity requires the services of the vendor. Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

**h. Warranty**

The Vendor warrants that the professional services detailed in this RFP will be provided at or above the applicable and appropriate professional standard of care in the State of Delaware.

**i. Costs and Payment Schedules**

All contract costs must be as detailed specifically in the Vendor's cost proposal. No charges other than as specified in the proposal shall be allowed without written consent of the State of Delaware. The proposal costs shall include full compensation for all taxes that the selected vendor is required to pay.

The State of Delaware will require a payment schedule based on defined and measurable milestones. Payments for services will not be made in advance of work performed. The State of Delaware may require holdback of contract monies until acceptable performance is demonstrated (as much as 25%).

**k. Termination of Contract**

The contract resulting from this RFP may be terminated as follows by **DIVISION OF SUBSTANCE ABUSE & MENTAL HEALTH**.

1. **Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have no less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

2. **Termination Without Cause:** The State may terminate this Contract at any time for any reason or no reason by giving written notice of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
3. **Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

**l. Non-discrimination**

In performing the services subject to this RFP the vendor, as set forth in Title 19 Delaware Code Chapter 7 section [711](#), will agree that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. The successful vendor shall

STATE OF DELAWARE  
Department of Health & Social Services

comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.

**m. Covenant against Contingent Fees**

The successful vendor will warrant that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees, bona-fide established commercial or selling agencies maintained by the Vendor for the purpose of securing business. For breach or violation of this warranty the State of Delaware shall have the right to annul the contract without liability or at its discretion to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

**n. Vendor Activity**

No activity is to be executed in an off shore facility, either by a subcontracted firm or a foreign office or division of the vendor. The vendor must attest to the fact that no activity will take place outside of the United States in its transmittal letter. Failure to adhere to this requirement is cause for elimination from future consideration.

**o. Vendor Responsibility**

The State will enter into a contract with the successful Vendor(s). The successful Vendor(s) shall be responsible for all products and services as required by this RFP whether or not the Vendor or its subcontractor provided final fulfillment of the order. Subcontractors, if any, shall be clearly identified in the Vendor's proposal by completing Attachment 6, and are subject the approval and acceptance of **DIVISION OF SUBSTANCE ABUSE & MENTAL HEALTH**.

**p. Personnel, Equipment and Services**

1. The Vendor represents that it has, or will secure at its own expense, all personnel required to perform the services required under this contract.
2. All of the equipment and services required hereunder shall be provided by or performed by the Vendor or under its direct supervision, and all personnel, including subcontractors, engaged in the work shall be fully qualified and shall be authorized under State and local law to perform such services.

**r. Vendor Background Check Requirements**

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at:  
<https://desexoffender.dsp.delaware.gov/SexOffenderPublic/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

**s. Work Product**

All materials and products developed under the executed contract by the vendor are the sole and exclusive property of the State. The vendor will seek written permission to use any product created under the contract.

**t. Contract Documents**

The RFP, the purchase order, the executed contract and any supplemental documents between the State of Delaware and the successful vendor shall constitute the contract between the State of Delaware and the vendor. In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, State of Delaware's RFP, Vendor's response to the RFP and purchase order. No other documents shall be considered. These documents will constitute the entire agreement between the State of Delaware and the vendor.

**u. Applicable Law**

The laws of the State of Delaware shall apply, except where Federal Law has precedence. The successful vendor consents to jurisdiction and venue in the State of Delaware.

The selected vendor shall keep itself fully informed of and shall observe and comply with all applicable existing Federal and State laws, and County and local ordinances, regulations and codes, and those laws, ordinances, regulations, and codes adopted during its performance of the work.

**v. Severability**

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

**w. Scope of Agreement**

If the scope of any provision of the contract is determined to be too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

**x. Affirmation**

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder, partner, principal, or other person substantially involved in the contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

**y. Audit Access to Records**

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. **REQUIRED REPORTING**

One of the primary goals in administering this contract is to keep accurate records regarding its actual value/usage. This information is essential in order to update the contents of the contract and to establish proper bonding levels if they are required. The integrity of future contracts revolves around our ability to convey accurate and realistic information to all interested parties.

A complete and accurate Usage Report (Attachment 7) shall be furnished in an **Excel format and submitted electronically**, no later than the 15<sup>th</sup> (or next business day after the 15<sup>th</sup> day) of each month, detailing the purchasing of all items on this contract. Submitted reports shall contain accurate descriptions of the products, goods or services procured, purchasing agency information, including the six-digit department and organization code, quantities procured and prices paid. Any exception to this mandatory requirement or failure to submit complete reports, or in the format required, may result corrective action, up to and including the possible cancellation of the award. Failure to provide the report with the minimum required information may also negate any contract extension clauses. Additionally, Vendors who are determined to be in default of this mandatory report requirement may have such conduct considered against them, in assessment of responsibility, in the evaluation of future proposals.

**APPENDIX B**  
**SCOPE OF WORK AND TECHNICAL REQUIREMENTS**

**Proposed Methodology and Work Plan**

This section shall describe in detail the approach that will be taken to carry out the activities described in the Scope of Services section of this RFP. Specific completion dates for the various tasks must be shown. The work plan shall outline specific objectives, activities and strategies, and resources.

**Scope of Services:**

The successful applicant(s) must provide a Residential Substance Abuse Treatment Program for Men. This program must be a variable length of stay (based on clinical need and ASAM criteria) model.

**Level 3.3 Clinically Managed Population-Specific High Intensity Residential Treatment**

Residential programs offer 24-hour treatment staff with at least 30 hours per week of a combination of clinical and recovery-focused services specifically focused on individuals where the effects of the substance use or a co-occurring disorder has resulted in cognitive impairment. At least 10 of the 30 hours are to include individual, group, and/or family counseling. The level of impairment is so great that outpatient motivational and/or relapse prevention strategies are not feasible or effective. Similarly, the patient's cognitive limitations make it unlikely that he or she could benefit from other levels of residential care.

The functional limitations seen in individuals who are appropriately placed at Level 3.3 are primarily cognitive and can be either temporary or permanent. They may result in problems in interpersonal relationships, emotional coping skills, or comprehension. For example, temporary limitations may be seen in the individual who suffers from an organic brain syndrome as a result of his or her substance use and who requires treatment that is slower paced, more concrete, and more repetitive until his or her cognitive impairment subsides. Treatment goals are to stabilize a person who is in imminent danger if not in a 24-hour treatment setting. All facilities are licensed by DSAMH.

Level 3.3 programs provide a structured recovery environment in combination with high intensity, population-specific clinical services to support recovery. Delaware-ASAM criteria are used to determine LOC.

***Admission Guidelines***

1. Acute intoxication and/or withdrawal potential: None, or minimal risk of withdrawal or withdrawal needs can be managed at this level.
2. Biomedical conditions and complications: None or stable. If present, the participant must be receiving medical monitoring.
3. Emotional, behavioral, or cognitive conditions and complications: Moderate to high severity; need structure to focus on recovery; if stable, a co-occurring disorder capable program is appropriate. If not, a co-occurring disorder enhanced program is required. Treatment should be designed to respond to the individual's cognitive deficits.
4. Readiness to change: Because of intensity and chronicity of addictive disorder participant has little awareness of need for change or of the relationship between addiction and impaired level of functioning.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

Participant requires structured and repeated intervention within a 24-hour milieu to consider and/or make behavior changes or engage in and stay in recovery and treatment.

5. Relapse, continued use, or continued problem potential: Participant has little awareness of relapse triggers and is in imminent danger of relapse or continued substance use. Participant requires relapse prevention activities that are delivered at a slower pace, more concretely and more repetitively within a 24-hour structured environment.
6. Recovery environment: Environment interferes with recovery and is characterized by moderately high risk of victimization and or abuse or the participant is unable to cope outside of a 24-hour structure, but recovery is achievable within a 24-hour structure.

***Screening/Assessment/Treatment Plan Review***

1. A urine drug screen and a tuberculosis test are required within 72 hours of admission and as directed by the treatment plan and are considered covered under the rates paid to the provider.
2. Nursing assessment within 24 hours of admission that is reviewed by a physician to determine need for eligibility and appropriateness (proper patient placement) for admission and referral.
3. For individuals new to the program, a comprehensive bio-psychosocial assessment per Title 16 Delaware Administrative Code 6001 (Substance Abuse Facility Licensing Standards) completed within 48 hours of admission which substantiates appropriate patient placement. Assessment must be reviewed and signed by a qualified professional. This typically occurs with a diagnostic assessment to confirm the SUD diagnosis and determine the appropriate LOC and a comprehensive bio-psychosocial assessment to inform the treatment plan and on-going care.
4. A physical examination performed within a reasonable time, as determined by the client's medical condition.
5. Individualized, interdisciplinary treatment/treatment plan, consistent with Title 16 Delaware Administrative Code 6001 (Substance Abuse Facility Licensing Standards), which includes problem formulation and articulation of short-term, measurable treatment goals and activities designed to achieve those goals. This plan should be developed within 72 hours and in collaboration with the individual.
6. The treatment/treatment plan is reviewed in collaboration with the individual every 30 days and documented accordingly.
7. Discharge/transfer planning begins at admission.
8. Referral and assistance as needed for the beneficiary to gain access to other needed Medicaid SUD or mental health services.
9. Assistance as needed for beneficiary to obtain all relevant entitlements.

***Staffing***

1. Level 3.3 residential settings include an array of licensed practitioners, unlicensed counselors, as well as certified recovery coaches, and credentialed behavioral health technicians operating within their scope of practice to provide services appropriate to the bio-psychosocial needs of individuals being admitted to the program. These facilities must have medical personnel including physicians or physician extenders knowledgeable about addiction treatment, appropriately credentialed licensed mental health professionals, and allied health professional staff. The number and disciplines of team members are appropriate to the range and severity of the individual's problems.
2. A designated medical on call at all times.
3. A Registered Nurse on site per 16 residents during the day shift.
4. A psychiatrist or psychiatric NP is on site at least five hours/week for every 16 residents.
5. A primary care/physical health physician (or physician extender) is on site at least two and one half hours/week for every 16 residents.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

6. One licensed practitioner or unlicensed counselor with direct supervision per 16 residents is on site during days and evenings and on call 24/7 when not on site.
7. One behavioral health technician and/or recovery coach per 16 residents is on site and awake at all times.
8. One FTE during business hours dedicated to performing referral arrangements for all individuals served by the facility. This FTE may be a licensed practitioner, unlicensed counselor, or certified peer.

### **1. Basic Program Design:**

Consistent with treatment/program requirements of ASAM Level 3.3 outlined above, the residents will be young men and Men who have been abusing illegal drugs and/or alcohol to the point where drug craving and other compulsive behaviors control their lives. The program must be founded on the belief that substance addiction is a disease. Treatment will address the bio-psycho-social aspects of the disease in an environment and setting that is attractive to young adults.

The program will operate in a closely supervised setting with a tightly structured daily regimen. It will promote a supportive community atmosphere with a structure conducive to making the behavioral and lifestyle changes necessary for recovery. The core of the residential program will be the drug free communal atmosphere that encourages a healthy lifestyle, rewards correct choices and sanctions inappropriate behavior in a dignified, respectful manner. Peer pressure will influence residents to comply with program rules, participate in services offered by the program and support each other in the recovery process. Residents will earn privileges and take on increasing responsibilities as they advance through the various treatment phases.

The program must provide an environment and an array of services that are culturally and age specific for the target population. The program must assist the residents to move from this level of treatment care to a community based level of treatment care. The program will recognize that safe and secure housing is a key component on discharge and as such, the program will actively work with the client on appropriate living arrangements prior to discharge,

Research consistently shows that successful outcomes are directly related to length of time in treatment. Therefore, in order to both attract applicants into treatment and to encourage them to stay until completion, the program must employ motivational interviewing and other appropriate strategies that are specific to this population.

- a. Orientation Phase – All newly admitted residents will begin with an orientation to the program. During this phase, residents learn program rules and expectations, and participate in psycho-educational classes to learn about drug abuse and addictive behavior. Medical/health care assessments will be conducted. The resident will be assigned a primary counselor and begin individual and group treatment. A comprehensive, individually tailored treatment plan that outlines specific, measurable goals to be attained will be completed for each resident.
- b. Treatment Phase – This phase is the core of the residential treatment program. Residents participate in a daily regimen of community meetings, individual and group counseling sessions, education and vocational training classes, chores and house assignments. One of the most powerful forces in this

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

phase is the peer support and expectations that encourage residents to act responsibly and to be accountable for their actions. Residents will move through this stage by accomplishing the various goals outlined in their treatment plans. As the resident progresses, he/she will be awarded privileges, including home visits and the chance to participate in community activities (with escorts).

As the resident progresses through this phase, he/she may begin to participate in educational or vocational training opportunities outside the facility, go on job interviews and accept a job that does not conflict with program obligations, and make plans for returning to the community, including finding a safe, drug free place to live. Attendance at outside 12-step meetings often will begin during this phase. In addition to using evidence based and best substance use and co-occurring treatment practices, treatment should specify other ancillary holistic treatment options to be utilized.

- c. Community Reintegration – During this phase, final preparations will be made to return to the community and plans that have been made will be put into effect. Continuing care arrangements will be made that may include enrollment in an outpatient or opioid treatment program, and will generally involve participation in 12-step or other social support meetings.

During all phases, residents will be encouraged to understand and embrace spirituality, each in their own individual way. Provision will be made to allow those who wish to have contact with the clergy-person of their choice. As is clinically indicated, residents will be allowed to attend church/synagogue/mosque services of their choice out of the facility.

## **2. Core Program Elements**

**The program will also incorporate the following components:**

- Individual and Group Counseling Treatment Planning
- Relapse Prevention Planning
- Chemical Dependency Education Medical/Legal Referral
- Urinalysis Drug/Alcohol Screening
- Continuing Care Planning
- Follow Up

It is expected that the residential program include:

- a. Safe, Sober and Drug-free Residence – The physical facility must meet all applicable state and/or local requirements, including but not limited to: Certificate of Occupancy and Life and Safety codes (e.g.: fire codes). [See also RFP Section IX; G-5, Program Facility].

The program will be expected to establish policies and procedures to:

- Conduct urinalysis and breathalyzer testing for reasonable suspicion, randomly and upon return to the facility from the community.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

- Assure that contraband is not introduced into the facility and to periodically check to verify that there is no contraband in the facility.
- Screen and approve all visitors, including family members, prior to entry into the facility.
- Conduct fire drills must at least once per month.

b. Provision of 24-hour/day, 7-day/week on-site paid staffing as outlined above.

c. Intake and Assessment – A thorough intake and assessment process must be instituted to assure that the applicant is appropriate for a residential program and meets the criteria for the young adult program. Programs will not refuse admission to applicants due to medical or mental health conditions that are under control. ASI and ASAM documentation must be sent to the DSAMH EEU office, and all admissions must receive prior approval from EEU.

Motivational enhancement strategies should be used during this process and throughout the Orientation Phase to encourage the applicant to enter and remain in the program.

d. Medical/Health Care – Programs must assure that residents have access to primary health care and referral to specialists, as necessary and appropriate. The staffing pattern should include sufficient medical staff to provide adequate health care for residents. The program narrative should describe how these services will be provided both on site and through referral arrangements with hospitals, etc. The applicant should discuss how they will integrate physical care with behavioral health care.

Applicants must be screened for tuberculosis, Hepatitis C and other infectious diseases. HIV/AIDS education and prevention must be provided to everyone. HIV/AIDS testing and counseling must be made available to all residents.

Applicants to this RFP must address the issue of addiction medicine, specifically how they will incorporate recognized addiction medication during and/or after the residential program. Since the targeted population for this RFP are those dependent upon heroin, specific mention must be made about the use of methadone, naltrexone and buprenorphine (when approved by the FDA for the treatment of opiate addiction). This program will not discriminate against anyone currently on Methadone. Arrangements must be made with the dosing agency to ensure that the medication can continue while the individual is in residential treatment.

Applicants must describe how the program will provide services for those with the co-occurring disorders of addiction and mental illness. The Residential Treatment Program will be expected to accept and provide treatment for clients with a serious substance abuse condition and a less serious mental illness that does not preclude participation in the program.

e. Counseling – Individual and group counseling will be the heart of the recovery services provided by the program. Applicants to this RFP must identify the evidence based counseling and therapeutic methodologies based on current research that they will use in the program. DSAMH will accept

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

research based approaches published in SAMHSA, NIDA or other recognized substance abuse publications.<sup>6</sup>

The amount, intensity and length of individual sessions will vary according to individual need and the phase of treatment. Applicants to this RFP are encouraged to propose innovative techniques to provide counseling to this young adult age group.

Special groups and educational sessions should be offered that address issues and problems areas that young adults face, including the transitional issues referenced above in Basic Program Design section.

Applicants must specify how clinical supervision will be conducted.

- f. Education – The program must offer opportunities for residents to continue or complete their education. For those who have not completed high school, arrangements should be made to attend GED classes, ideally on site at the program, and to take the GED exam when ready. Those who have completed high school should be encouraged to take college or vocational training courses, and arrangements should be made to allow them to enroll when they have earned the privilege of attending education sessions away from the program. Those who have college degrees may be encouraged to pursue educational opportunities consistent with their career goals.
- g. Pre-vocational and Vocational Training – Arrangements must be made to allow residents who qualify to receive vocational training services offered by the Department of Labor and/or other agencies to improve their employability upon program completion.
- h. Employment – During the latter part of the Treatment Phase when the clinical treatment team agrees that the resident is ready, he/she should be encouraged to begin to seek employment, ideally at the job that they will have when they complete the residential program. To the extent possible, the program should offer counseling and other community services in the evening for those who work during the day. Clients should be required to deposit their salaries in an account to save for use when they complete the program. They should be allowed to keep a pre-determined amount for spending money for special needs.
- i. Social/Recreational – A variety of age, gender and culturally appropriate social and recreational activities must be offered as part of the regular schedule. Access to computer and video games, appropriate videos and music should be available during recreation periods. Physical exercise should be required as part of the healthy life style that is taught by the program. Attendance at suitable sporting and educational/cultural events in the community should be allowed as a privilege to be earned.
- j. Self-Help Meetings – Residents should be encouraged to attend 12 Step meetings throughout treatment, and to obtain a sponsor and home group before program completion. In the Orientation and early part of the Treatment Phases, residents should only attend in house meetings. In the later phases, when they

Department of Health & Social Services  
Division of Substance Abuse & Mental Health

have earned the privilege to attend events in the community, residents should be allowed to attend self-help or other social support meetings in the community, often with others from the program.

- k. Family Involvement – The program must hold regularly scheduled educational or counseling sessions for family members and significant others as identified by the client. The program should provide regularly scheduled opportunities for: (a) family members to meet either with the client's counselor with or without the client being present; or, (b) family members to attend co-joint group educational or counseling sessions with a number of families in attendance – these sessions may or may not include clients, depending on the design and purpose of the sessions.

When clinically appropriate and when they have reached a higher stage of treatment, residents should be given passes for home visits, especially when it is planned that they will be living at home after program completion. The first visits are generally for short time frames of several hours and are often done under escort of a senior resident. Later, after a succession of successful day passes, the resident may be granted an overnight and eventually a weekend pass to spend at home with the family. In all of the above cases, it is important to verify that the family is prepared and willing to have the resident come home for a visit.

- l. Continuing Care and Care Coordination– Throughout treatment, planning should be done to prepare for return to the community. However, formal arrangements for continuing substance abuse treatment must be made before the resident completes the program. **Care Coordination and Care Management are considered critical components in all programs contracted by DSAMH.** This program must demonstrate that there will be a care coordinator assigned to each resident and charged with working with the resident from the time of admission through discharge on continuity of care.

While the majority of residents will need to move to a sober living program/house or to enroll in an outpatient treatment program when they complete the residential program, it should not be assumed that everyone will need these levels of care. However, all residents should be encouraged to establish a 12-Step home group and sponsor, or to become an active participant in an appropriate social support group approved by the clinical treatment team.

- m. Housing – Finding a safe and drug free place to live is often a problem for clients leaving a residential drug treatment program, especially for those who cannot return to the homes of their families. Since suitable housing is difficult to find, the search should begin as early in treatment as the clinical treatment team deems advisable.
- n. Urinalysis – It is the program's responsibility to take every measure possible to protect the facility from illicit drugs and alcohol. A protocol for random urinalysis must be established as part of this process. In addition, clients returning from home passes should be routinely tested. Clients who attend off site classes or work should be frequently tested on a random basis, or for reasonable suspicion.
- o. Criminal Justice Liaison – Many clients will be under some type of criminal justice supervision with TASC or probation. In addition, some clients may have outstanding warrants, court fines, etc. that they will need to resolve while in treatment. The program must designate a criminal justice liaison to coordinate court appearances, written reports to TASC or probation, and other contacts with the criminal justice system.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

- p. Conflict Resolution: Living close together on a daily basis often generates situations where tempers are lost and offensive statements are made. The program must develop a process for Conflict Resolution that is done under staff supervision and leadership to diffuse tense situations and to teach residents to resolve disagreements in peaceful ways.

### **3. Program Evaluation – Performance and Outcome Measurement**

The Residential Treatment program will be required to submit Consumer Reporting Forms (CRF) upon admission and discharge. Programs will also be required to develop internal performance and outcome measures (such as drug use, criminality, education, employment, housing, etc.) to evaluate program effectiveness and identify areas where improvement is needed, and to submit annual reports to DSAMH in a format to be agreed upon by the provider and DSAMH. Programs will be required to collect and report performance and outcome statistics to DSAMH in accordance with the requirements of the SAPT Block Grant.

#### **Quality Improvement**

All proposals shall include a formal plan for identifying, evaluating and correcting deficiencies in the quality and quantity of services to be provided under any resulting contract arising out of this RFP. Responsive proposals shall include a specific section entitled “Quality Improvement” which shall include proposed contractor “performance targets; how these will be evaluated, tracked and reported; and include an understanding that DSAMH will be involved in setting up these performance targets. The requirement contained in this paragraph is an essential and material term of any proposal. The failure to include a “quality Improvement” section containing the above minimum core requirements shall be grounds to deem such proposals non-responsive. Vendors selected for contract negotiations should be aware that DHSS intends to include a robust “Quality Improvement” methodology into any contract resulting from this RFP. DHSS reserves the right to accept or reject, in whole or in part, or to negotiate any port of the proposal’s “Quality Improvement” section during the negotiation phase of this matter. DHSS also reserves the right to attach financial incentives for compliance and financial penalties for non-compliance with the terms and requirements of the “Quality Improvement” section of any contract arising out of this RFP.

#### **Implementation Plan**

Applicants must submit an Implementation Plan in chart format with timelines for completion of each activity. The plan must cover start up through program implementation activities, including hiring of key staff.

#### **Language Accessibility**

The provider must demonstrate that they have access to the requisite language resources for individuals assigned to their program who do not speak English.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

**Staffing**

1. Resumes of Key Staff

- A current resume for each staff member must be submitted and retained on file, if known to the applicant at the time of response to the RFP, must be included.
- Designate a project manager as the primary point of contact with DSAMH;

2. Screening and Hiring Procedures

The applicant must provide guidelines to be used in staff screening and hiring procedures. Measures adequate to screen job applicants to determine history of patient/client abuse/neglect (must comply with 29 Del. C. Section 7971 and 11 Del. C. Section 8564) must be described.

3. Staff Training/Orientation and Development

A staff training and/or orientation plan must be submitted within 60 days of Notice of Award for applicable to all staff who will be assigned to the program. The plan must be updated annually.

The Department reserves the right to require training. DSAMH will identify all relevant and mandatory training during negotiations with the successful bidder.

**Additional Reporting and Record Keeping Requirements**

The contractor shall provide monthly statistical reports, as defined by DSAMH, to monitor program activities, client demographics, program performance and outcomes.

The contractor will be required to submit Consumer Reporting Forms (CRF) on all uninsured individuals served on admission and discharge.

**Data Submission**

Effective 7/1/2012 all providers submitting electronic data will be required to use the state's Secure File Transfer Protocol (SFTP) site. Providers who are not able to install the SFTP software must submit a request to use other reporting methods. Other reporting methods include encrypted message or hand carried. The request must clearly explain the provider's inability to use the SFTP site. Contact the DSAMH Management Information Systems (MIS) unit for information on creating an account and any other questions or concerns about data reporting requirements.

Data submission elements will be specified in the scope of work for each contract.

STATE OF DELAWARE  
Department of Health & Social Services  
Division of Substance Abuse & Mental Health

To accomplish this several authorization forms need to be completed and returned to the DSAMH MIS unit. In addition, SFTP client software is required to be installed on your computer for the file transfer. This software is available free on the Internet.

### **Future EHR Interface**

DSAMH is in the process of requirements definition for a future EHR/EMR module that will be developed as part of the consolidated DHSS EMR system by Core Solutions, Inc. that is being currently being implemented for two other DHSS divisions. DSAMH would like to develop a way interface between the Core module to be developed for DSAMH and bidder's proposed solution. Preference will be given to bidders who have successfully developed an interface to an EMR system. Bidder will describe their relevant experience in this area, their ability to develop this proposed interface and suggest what would need to be developed by your firm vs. Core Solutions. Development of this interface will not be part of this contract and bidder is not expected to propose anything at this point. We are only asking bidders to describe their knowledge and capabilities in this area. Development of this interface would be at the sole discretion of the State at some future date and would be done through an amendment to this contract.

This Agreement (hereafter the "Agreement") is entered into as of \_\_\_\_\_, 20\_\_ (Effective Date) and will end on \_\_\_\_\_, 20\_\_, by and between the State of Delaware, Department of Health and Social Services, Division of Substance Abuse & Mental Health, (hereafter "DSAMH" or "Delaware"), and CONTRACTOR NAME, a \_\_\_\_\_ corporation, with offices at \_\_\_\_\_ (hereafter the "Contractor" and collectively the "Parties").

WHEREAS, Delaware desires to obtain certain services to \_\_\_\_\_; and \_\_\_\_\_.

WHEREAS, CONTRACTOR desires to provide such services to Delaware on the terms set forth below;

WHEREAS, Delaware and CONTRACTOR represent and warrant that each party has full right, power and authority to enter into and perform under this Agreement;

FOR AND IN CONSIDERATION OF the premises and mutual agreements herein, Delaware and CONTRACTOR agree as follows:

**1. Services.**

- 1.1. CONTRACTOR shall perform for Delaware the services specified in the Appendices to this Agreement, attached hereto and made a part hereof.
- 1.2. Any conflict or inconsistency between the provisions of the following documents shall be resolved by giving precedence to such documents in the following order: (1) this Agreement (including any amendments or modifications thereto); (2) Delaware's request for proposals; (3) Divisional Requirements; (4) Scope of work (services Description); (5) Contract Budget; and (6) CONTRACTOR's response to the request for proposals. The aforementioned documents are specifically incorporated into this Agreement and made a part hereof.
- 1.3. Delaware may, at any time, by written order, make changes in the scope of this Agreement and in the services or work to be performed. No services for which additional compensation may be charged by CONTRACTOR shall be furnished, without the written authorization of Delaware. When Delaware desires any addition or deletion to the deliverables or a change in the Services to be provided under this Agreement, it shall notify CONTRACTOR, who shall then submit to Delaware a "Change Order" for approval authorizing said change. The Change Order shall state whether the change shall cause an alteration in the price or the time required by CONTRACTOR for any aspect of its performance under this Agreement. Pricing of changes shall be consistent with those established within this Agreement.
- 1.4. CONTRACTOR will not be required to make changes to its scope of work that result in CONTRACTOR's costs exceeding the current unencumbered budgeted appropriations for the services. Any claim of either party for an adjustment under Section 1 of this Agreement shall be asserted in the manner specified in the writing that authorizes the adjustment.

**2. Payment for Services and Expenses.**

- 2.1. The term of this Agreement shall be from \_\_\_\_\_, 20\_\_ through \_\_\_\_\_, 20\_\_\_\_. This Agreement may be renewed by mutual written consent of the Parties for \_\_\_\_ additional \_\_\_\_ year periods.

- 2.3. Delaware's obligation to pay CONTRACTOR for the performance of services described in Appendix \_\_\_\_, Statement of Work will not exceed the fixed fee amount of \$ \_\_\_\_\_. It is expressly understood that the work defined in the Appendices to this Agreement must be completed by CONTRACTOR and it shall be CONTRACTOR's responsibility to ensure that hours and tasks are properly budgeted so that all services are completed for the agreed upon fixed fee. Delaware's total liability for all charges for services that may become due under this Agreement is limited to the total maximum expenditure(s) authorized in Delaware's purchase order(s) to CONTRACTOR.

Delaware's failure to pay any amount of an invoice that is not the subject of a good-faith dispute within thirty (30) days of receipt shall entitle CONTRACTOR to charge interest on the overdue portion at the lower of 1.0% per month. All payments should be sent to CONTRACTOR, VENDOR ADDRESS.
- 2.5. Unless provided otherwise in an Appendix, all expenses incurred in the performance of the services are to be paid by CONTRACTOR. If an Appendix specifically provides for expense reimbursement, CONTRACTOR shall be reimbursed only for reasonable expenses incurred by CONTRACTOR in the performance of the services, including, but not necessarily limited to, travel and lodging expenses, communications charges, and computer time and supplies.

**11. Independent Contractor.**

11.1. It is understood that in the performance of the services herein provided for, CONTRACTOR shall be, and is, an independent contractor, and is not an agent or employee of Delaware and shall furnish such services in its own manner and method except as required by this Agreement. CONTRACTOR shall be solely responsible for, and shall indemnify, defend and save Delaware harmless from all matters relating to the payment of its employees, including compliance with social security, withholding and all other wages, salaries, benefits, taxes, exactions, and regulations of any nature whatsoever.

CONTRACTOR shall not perform further work under this Agreement after the effective date of suspension. CONTRACTOR shall not perform further work under this Agreement after the effective date of suspension until receipt of written notice from Delaware to resume performance.

12.2. In the event Delaware suspends performance by CONTRACTOR for any cause other than the error or omission of the CONTRACTOR, for an aggregate period in excess of 30 days, CONTRACTOR shall be entitled to an equitable adjustment of the compensation payable to CONTRACTOR under this Agreement to reimburse CONTRACTOR for additional costs occasioned as a result of such suspension of performance by Delaware based on appropriated funds and approval by Delaware.

**13. Termination.**

13.1. This Agreement may be terminated for cause, in whole or in part by either party in the event of material failure of the other party to fulfill its obligations under this Agreement through no fault of the terminating party; but only after the other party is given:

- b. Any payment due to CONTRACTOR at the time of termination may be adjusted to the extent of any additional costs occasioned to Delaware by reason of CONTRACTOR's default.
- c. Upon termination for cause, Delaware may take over the work and prosecute the same to completion by agreement with another party or otherwise. In the event CONTRACTOR shall cease conducting business, Delaware shall have the right to make an unsolicited offer of employment to any employees of CONTRACTOR assigned to the performance of the Agreement, notwithstanding the provisions of Section 10.2.

13.4. If after termination for cause it is determined that CONTRACTOR has not materially breached this Agreement, the termination shall be deemed to have been effected without cause by Delaware.

13.5. The rights and remedies of Delaware and CONTRACTOR provided in this section are in addition to any other rights and remedies provided by law or under this Agreement.

13.6. Gratuities.

- a. Delaware may, by written notice to CONTRACTOR, terminate this Agreement if it is found after notice and hearing by Delaware that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by CONTRACTOR or any agent or representative of CONTRACTOR to any officer or employee of Delaware with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending or making of any determinations with respect to the performance of this Agreement.
- b. In the event this Agreement is terminated as provided in 13.6.a hereof, Delaware shall be entitled to pursue the same remedies against CONTRACTOR it could pursue in the event of a breach of this Agreement by CONTRACTOR.
- c. The rights and remedies of Delaware provided in Section 13.6 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

- 15.2. Services specified by this Agreement shall not be subcontracted by CONTRACTOR, without prior written approval of Delaware.
- 15.3. Approval by Delaware of CONTRACTOR's request to subcontract or acceptance of or payment for subcontracted work by Delaware shall not in any way relieve CONTRACTOR of responsibility for the professional and technical accuracy and adequacy of the work. All subcontractors shall adhere to all applicable provisions of this Agreement.
- 15.4. CONTRACTOR shall be and remain liable for all damages to Delaware caused by negligent performance or non-performance of work under this Agreement by CONTRACTOR, its subcontractor or its sub-subcontractor.

- 16.2 Neither Party shall be in breach of its obligations under this Agreement (other than payment obligations) if and to the extent that it is prevented from carrying out those obligations by, or such losses or damages are caused by, a Force Majeure Event except to the extent that the relevant breach of its obligations would have occurred, or the relevant losses or damages would have arisen, even if the Force Majeure Event had not occurred.
- 16.3 As soon as reasonably practicable following the date of commencement of a Force Majeure Event, and within a reasonable time following the date of termination of a Force Majeure Event, any Party invoking it shall submit to the other Party reasonable proof of the nature of the Force Majeure Event and of its effect upon the performance of the Party's obligations under this Agreement.
