II. Scope of Services

A. Background

The mission of the Division of Public Health is to protect and enhance the health of the people of Delaware. The Division accomplishes its mission by:

- working together with others;
- addressing issues that affect the health of Delawareans;
- keeping track of the State's health;
- promoting positive lifestyles;
- responding to critical health issues and disasters;
- promoting the availability of health services.

The accomplishment of this mission will facilitate the Division in realizing its vision of creating an environment in which people in Delaware can reach their full potential for a healthy life.

Background on Delaware's Developmental Screening Initiative

According to the American Academy of Pediatrics 1 in 4 children are at risk for developmental delays. They therefore recommend universal early childhood screening which provides an opportunity to identify delays early with interventions provided at the most critical period of a child's growth. Developmental screening supports healthy child development, identifying when a child needs additional services or opportunities. Developmental screening determines if a child's learning and growth is age-appropriate and identifies any developmental delays while promoting early detection and children being ready for school.

Structured developmental screening is therefore highly recommended as a standard of care for identifying children with developmental delays. In 2009, Delaware's legislature signed into law House Bill 199, mandating the use of a validated developmental screening instrument and insurance coverage of developmental screening at 9,18, 24 and 30 months of age as recommended by the American Academy of Pediatrics' Bright Futures program.

Delaware's Early Childhood Comprehensive Systems (ECCS) program, which resides within the Division of Public Health, administers the state's developmental screening initiative, and has used its resources and network capacity to ensure that Delaware's children are healthy and ready to learn at school entry. Through its federal Impact grant and the state of Delaware general funds, the ECCS program and its partners seek to enhance the developmental skills of young children by leveraging early detection of infants and children, birth through age eight, at risk for developmental delays.

In 2011, the state awarded Division of Public Health (DPH) funds to work directly with physicians to improve the state's developmental screening ranking. Great progress has been made since then, moving Delaware from ranking 50th in the nation of the percent of children 10 months older who receive screens to 21st in the nation. As a result, the state has seen significant improvement in the number of children who receive developmental

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

screens and are subsequently referred for early intervention services. Developmental screening is ICD-9 code 96110. Medicaid reimburses \$10.50 per screening. While private insurers are reimbursing for screening (the amount varies).

Seven years post the launch of the state's developmental screening initiative Delaware continues to make tremendous progress to advance early detection and connection to services for families of young children. Efforts have focused on obstacles that have prevented healthcare providers from administering developmental screenings. These efforts have spanned the facilitation of easy and free access to a preferred validated screening instrument, reimbursements for using validated screening tools and ensuring academic detailing to increase knowledge and change attitudes. Subsequently, knowledge about community resources and referrals to early intervention services have been strengthened, practice workflow enhanced with the use technological devices (IPADS) and the feedback loop streamlined to assure families do not fall between the cracks.

We continue to investigate and address major bottlenecks that hinder effective execution while embracing new approaches to improve the program. Our strategies for the coming year and beyond are to increase outreach efforts targeting parents and educating them about the value of having a developmental screen done for children. Education about developmental milestones and socio-emotional health of children empowers parents to advocate for their children and demand screening services from their health providers. To reach the goal of ensuring all eligible children receive developmental screens, we recognized the barriers faced if primary care was the sole delivery mechanism. Consideration for a non-traditional approach led to the expansion of screening by phone through the Help Me Grow/2-1-1 (HMG/2-1-1) call center.

Access to a Validated Online Instrument:

The Delaware Department of Health and Social Services (DHSS) is requesting proposals to provide an online web-based validated developmental screening instrument which allows parents to voluntarily complete an assessment which is then securely transmitted to their health care provider in real time. This assessment can be done before the office visit in order to save valuable time and resources for the health care provider. Additionally, the tool should enable providers to score and print parent education handouts while sending automated referral letters all from one website. The screening results should be easily transmitted electronically into the patient's medical records or simply be printed for storage within the medical record and/or scanned, copied and pasted into the medical record for future retrieval.

A portal solely for parents and family leaders will be established as a link on the State's website. This will allow Delaware parents to select their provider or practice, complete the tool, and then submit the assessment securely. Delaware Division of Public Health will take responsibility for establishing a list of clinics (and providers' contact information) by asking each clinic coordinator to establish an account with the online platform. Each provider will have access only to his or her own records. Delaware Division of Public Health will have access to all records.

When providers encounter families who have not yet completed the online tool, providers will have access to the site and can administer the test with families. Providers should be able to request freely printable pdfs of the test questionnaire in multiple

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

languages in case these are needed for waiting or exam rooms and for translation support.

B. Project Goals

The Division of Public Health (DPH) is seeking to build upon the gains of the state's developmental screening initiative which has been in existence over 7 years, to assure that the knowledge and skills pediatric and family practices have acquired over the years are maintained while exploring other innovative opportunities that will further add value to the screening initiative.

Factors considered in the development of this work are:

- Limiting barriers to access to screening by providing free of charge validated developmental screening instrument targeting health care providers
- Building upon the seven years of investment the state has made towards its developmental screening initiative by providing the same or similar structures and services.
- Assuring that physician practices already using a validated developmental screening instrument are supported through this transition, and the pre-existing and established processes/guidance maintained.
- Assuring that physician practices that have invested time and effort to adjust their workflows to the state's developmental screening initiative experience little disruption to their workflow.
- To assure that practices with challenges such as billing/reimbursement, adapting workflow know what to do when the need arises.
- Maintaining existing processes and guidance to enable practices know what to do when the screening results suggest additional assessment is required.
- The validated instrument should be convenient for use within the health care setting and should not exceed 10-15 questions.

C. Scope of Services

All components listed in this section are mandatory.

The purpose of the Request for Proposal is to seek providers who can demonstrate all of the following:

ONLINE PORTAL

Provide pediatric and family practice providers access to an automated, online developmental screening assessment that is HL-7 and HIPAA/FERPA compliant. Additionally, the developmental screening tool should be parent-friendly and screen for the developmental health of children birth through age 8. Services should include:

1. Electronic administration of brief and user-friendly validated screening instrument which elicits parents' concerns at each visit; monitors milestones at each visit and uses an autism- specific screen at 18 and 24 months such as the M-CHAT-R.
2. Results of screens that can be saved into electronic charts including:

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

 4. The online service should have the capacity to house training and research materials such as audio-visuals, research updates, etc. for users' reference.
 5. A parent portal that is linked to physician clinics enabling parents to complete the assessments on their own from home or on a clinic computer/IPAD or kiosk.
 6. Downloadable files of the screening test in multiple languages.
 7. Informational guidance for various administration methods, i.e., completing tests by live interview and/or by typing in parents' written responses from forms completed via paper-pencil, and receives results in real time.
 8. A printable .pdf file for each provider explaining how to use the site, record usernames and passwords, information about what the screen results mean, etc.
 9. An administration panel that:
 - a. Enables providers and administrators to access screening results, correct any administration errors (e.g., incorrect birthday, delete duplicate records), and ability to add assessments to the patient record within 30 days (e.g., if the M-CHAT is sent home with the family after an appointment).
 - b. Offers a view of usage statistics and screening results for analysis, program evaluation and quality improvement initiatives on early detection.
 - c. Accounts for each clinic in multi-site settings, along with a separate master account enabling a designated administrator to view all records across clinics.
 - d. Enables an export of assessment results for each clinic using the online screener for use with EXCEL, SPSS or other reporting software.
 - e. Storage, review, and validation of results in a secure manner, accessible only to licensed users and vendor's employees involved in assessment management.

Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

10. Realistic Proposals

It is the expectation of the State of Delaware that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq. \("FOIA"\)](#). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected vendor proposals will likely become subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

12. Price Not Confidential

Vendors shall be advised that as a publically bid contract, no Vendor shall retain the right to declare their pricing confidential.

13. Multi-Vendor Solutions (Joint Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the "**prime contractor**". The "**prime contractor**" must be the joint venture's contact point for the State of Delaware and be responsible for the

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

joint venture's performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The State of Delaware expects to negotiate and contract with only one "prime vendor". The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.18 regarding multiple source contracting.

b. Sub-contracting

c.

The vendor selected shall be solely responsible for contractual performance. This contract **does not** allow subcontracting assignments.

d. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

14. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance. This contract **does not** allow subcontracting assignments.

15. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

a. RFP Question and Answer Process

The State of Delaware will allow written requests for clarification of the RFP. All questions shall be received no later than December 4, 2018. All questions will be consolidated into a single set of responses and posted on the State's website at www.bids.delaware.gov by the date of December 18, 2018. 16. State's Right to Reject Proposals

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

17. State's Right to Cancel Solicitation

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor's participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

18. State's Right to Award Multiple Source Contracting

Pursuant to 29 *Del. C.* [§ 6986](#), the State of Delaware may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of the State of Delaware.

19. Potential Contract Overlap

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

20. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

21. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at www.bids.delaware.gov. The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

22. Exceptions to the RFP

Any exceptions to the RFP, or the State of Delaware's terms and conditions, must be recorded on Attachment 3. Acceptance of exceptions is within the sole discretion of the evaluation committee.

23. Business References

Provide at least three (3) business references consisting of current or previous customers of similar scope and value using Attachment 5. Include business name, mailing address, contact name and phone number, number of years doing business with, and type of work performed. Personal references cannot be considered.

24. Award of Contract

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status.

25. Cooperatives

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

C. RFP Evaluation Process

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in a timely manner any and all information that the State of Delaware may deem necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 *Del. C.* §§ [6981 and 6982](#). Professional services for this solicitation are considered under 29 *Del. C.* §6982(b). The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to the Director of the Division of Public Health, who shall have final authority, subject to the provisions of this RFP and 29 *Del. C.* § [6982\(b\)](#), to award a contract to the successful vendor in the best interests of the State of Delaware.

STATE OF DELAWARE
 Delaware Health and Social Services, Division of Public Health

2. Proposal Selection Criteria

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to 29 *Del. C.* §[6986](#).

Criteria Weight

All proposals shall be evaluated using the same criteria and scoring process. The following criteria shall be used by the Evaluation Team to evaluate proposals:

Qualifications of vendor a) Administrative Oversight b) Past experience in successfully operating quality programs of a similar type and with a similar population c) Quality Assurance Program details d) Available resources	25

1) Does the bidder have a Supplier Diversity plan currently in place?	Yes/No
2) Does the bidder have any diverse sub- contractors as outlined in Attachment 8 Tier II Sub-contractors?	Yes/No
3) Does the bidder have a written inclusion policy in place? If yes, attach a clearly identifiable copy of the inclusion plan to your proposal.	Yes/No
Answers to these 3 questions are mandatory and do not affect the weighted evaluation of this proposal. However, an affirmative answer to question 2 may directly impact quarterly sub-contracting reporting as illustrated in Attachment 8 in those instances where an awarded contract includes subcontracting activity.	

Vendors are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a vendor’s capabilities so the responding vendor should be detailed in their proposal responses.

3. Proposal Clarification

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor’s reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

5. Oral Presentations

After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

If the vendor(s) are invited to make oral presentations, the evaluation team members will base their final scores on both the written proposal and the oral presentation.

The selected vendors will have their presentations scored or ranked based on their ability to successfully meet the needs of the contract requirements, successfully demonstrate their product and/or service, and respond to questions about the solution capabilities.

The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components. All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for the State of Delaware are the vendor's responsibility.

V. Contract Terms and Conditions

1. Contract Use by Other Agencies

REF: Title 29, Chapter [6904\(e\)](#) Delaware Code. If no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties.

2. Cooperative Use of Award

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

3. As a Service Subscription

As a Service subscription license costs shall be incurred at the individual license level only as the individual license is utilized within a fully functioning solution. Subscription costs will not be applicable during periods of implementation and solution development prior to the State's full acceptance of a working solution. Additional subscription license requests above actual utilization may not exceed 5% of the total and are subject to Delaware budget and technical review.

4. General Information

- a. The term of the contract between the successful bidder and the State shall be for three (3) years with four (4) optional extensions for a period of one (1) year for each extension.
- b. The selected vendor will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.

- c. The selected vendor or vendors will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. The State of Delaware's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt of a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.
- g. The State reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.

5. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

6. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

7. Solicitation of State Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

8. General Contract Terms

a. Independent Contractors

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at the State of Delaware's discretion as to the location of work for the contractual support personnel during the project period. The State of Delaware may provide working space and sufficient supplies and material to augment the Contractor's services.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

b. Temporary Personnel are Not State Employees Unless and Until They are Hired

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor's obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. Notice can be issued at second month if it is the State's intention to hire.

c. ACA Safe Harbor

The State and its utilizing agencies are not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act ("ACA"). Therefore, the State seeks to utilize the "Common-law Employer Safe Harbor Exception" under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an "Additional Fee" with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor, but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice,

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

d. Licenses and Permits

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § [2502](#).

Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

f. Indemnification

1. General Indemnification

By submitting a proposal, the proposing vendor agrees that in the event it is awarded a contract, it will indemnify and otherwise hold harmless the State of Delaware, its agents and employees from any and all liability, suits, actions, or claims, together with all costs, expenses for attorney's fees, arising out of the vendor's, its agents and employees' performance work or services in connection with the contract.

2. Proprietary Rights Indemnification

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware, the State of Delaware shall promptly

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

notify the vendor in writing and vendor shall defend such claim, suit or action at vendor's expense, and vendor shall indemnify the State of Delaware against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively "Products") is or in vendor's reasonable judgment is likely to be, held to constitute an infringing product, vendor shall at its expense and option either:

- a. Procure the right for the State of Delaware to continue using the Product(s);
- b. Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- c. Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that the State of Delaware agrees to and accepts in writing.

g. Insurance

1. Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney's fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor's negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.
2. The vendor shall maintain such insurance as will protect against claims under Worker's Compensation Act and from any other claims for damages for personal injury, including death, which may arise from operations under this contract. The vendor is an independent contractor and is not an employee of the State of Delaware.
3. During the term of this contract, the vendor shall, at its own expense, also carry insurance minimum limits as follows:
 - a. Vendor shall in all instances maintain the following insurance during the term of this Agreement.
 - i. Worker's Compensation and Employer's Liability Insurance in accordance with applicable law.
 - ii. Commercial General Liability
\$1,000,000.00 per occurrence/\$3,000,000 per aggregate.
 - b. The successful vendor must carry at least one of the following depending on the scope of work being delivered.

\$1,000,000.00 per occurrence/\$3,000,000 per aggregate
- iii. Product Liability
\$1,000,000 per occurrence/\$3,000,000 aggregate

c. If the contractual service requires the transportation of departmental clients or staff, the vendor shall, in addition to the above coverage's, secure at its own expense the following coverage.

i. Automotive Liability Insurance (Bodily Injury) covering all automotive units transporting departmental clients or staff used in the work with limits of not less than \$100,000 each person and \$300,000 each accident.

ii. Automotive Property Damage (to others) - \$25,000

- 4. The vendor shall provide a Certificate of Insurance (COI) as proof that the vendor has the required insurance. The COI shall be provided to agency contact prior to any work being completed by the awarded vendor(s).
- 5. The State of Delaware shall not be named as an additional insured.
- 6. Should any of the above described policies be cancelled before expiration date thereof, notice will be delivered in accordance with the policy provisions.

h. Performance Requirements

The selected Vendor will warrant that it possesses, or has arranged through subcontractors, all capital and other equipment, labor, materials, and licenses necessary to carry out and complete the work hereunder in compliance with any and all Federal and State laws, and County and local ordinances, regulations and codes.

i. BID BOND

There is no Bid Bond Requirement.

j. PERFORMANCE BOND

There is no Performance Bond requirement.

k. Vendor Emergency Response Point of Contact

The awarded vendor(s) shall provide the name(s), telephone, or cell phone number(s) of those individuals who can be contacted twenty four (24) hours a day, seven (7) days a week where there is a critical need for commodities or services when the Governor of the State of Delaware declares a state of emergency under the Delaware Emergency Operations Plan or in the event of a local emergency or disaster where a state governmental entity requires the services of the vendor. Failure to provide this information could render the proposal as non-responsive.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

i. Warranty

The Vendor will provide a warranty that the deliverables provided pursuant to the contract will function as designed for a period of no less than one (1) year from the date of system acceptance. The warranty shall require the Vendor correct, at its own expense, the setup, configuration, customizations or modifications so that it functions according to the State's requirements.

m. Costs and Payment Schedules

All contract costs must be as detailed specifically in the Vendor's cost proposal. No charges other than as specified in the proposal shall be allowed without written consent of the State of Delaware. The proposal costs shall include full compensation for all taxes that the selected vendor is required to pay.

The State of Delaware will require a payment schedule based on defined and measurable milestones. Payments for services will not be made in advance of work performed. The State of Delaware may require holdback of contract monies until acceptable performance is demonstrated (as much as 25%).

n. Price Adjustment

The Vendor is not prohibited from offering a price reduction on its services or materiel offered under the contract. The State is not prohibited from requesting a price reduction on those services or materiel during the initial term or any subsequent options that the State may agree to exercise.

If agreement is reached to extend this contract beyond the initial three year period, The Division of Public Health shall have the option of offering a determined price adjustment that shall not exceed the current Philadelphia All Urban Consumers Price Index (CPI-U), U.S. City Average. If the CPI-U is used, any increase/decrease shall reflect the change during the previous published twelve (12) month period at the time of renegotiation.

o. Liquidated Damages

The State of Delaware may include in the final contract liquidated damages provisions for non-performance.

p. Dispute Resolution

At the option of, and in the manner prescribed by Delaware Health and Social Services (DHSS), the parties shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement promptly by negotiation between executives who have authority to settle the controversy and who are at a higher level of management than the persons with direct responsibility for administration of this Agreement. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, experts and attorneys are confidential, privileged and inadmissible for any purpose, including impeachment, in arbitration or other proceeding

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

involving the parties, provided evidence that is otherwise admissible or discoverable shall not be rendered inadmissible.

If the matter is not resolved by negotiation, as outlined above, or, alternatively, DHSS elects to proceed directly to mediation, then the matter will proceed to mediation as set forth below. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to mediation by a mediator selected by DHSS, and if the matter is not resolved through mediation, then it shall be submitted, in the sole discretion of DHSS, to the Delaware Health and Social Services Director, for final and binding arbitration. DHSS reserves the right to proceed directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by Delaware law and venue shall be in Delaware. The parties shall maintain the confidential nature of the arbitration proceeding and the Award, including the Hearing, except as may be necessary to prepare for or conduct the arbitration hearing on the merits. Each party shall bear its own costs of mediation, arbitration or litigation, including attorneys' fees.

q. Termination of Contract

The contract resulting from this RFP may be terminated as follows by the Division of Public Health.

1. Termination for Cause

If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have no less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

2. Termination for Convenience

The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.

3. Termination for Non-Appropriations

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

r. Non-discrimination

In performing the services subject to this RFP the vendor, as set forth in Title 19 Delaware Code Chapter 7 section [711](#), will agree that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. The successful vendor shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.

s. Covenant against Contingent Fees

The successful vendor will warrant that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees, bona-fide established commercial or selling agencies maintained by the Vendor for the purpose of securing business. For breach or violation of this warranty the State of Delaware shall have the right to annul the contract without liability or at its discretion to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

t. Vendor Activity

No activity is to be executed in an off shore facility, either by a subcontracted firm or a foreign office or division of the vendor. The vendor must attest to the fact that no activity will take place outside of the United States in its transmittal letter. Failure to adhere to this requirement is cause for elimination from future consideration.

u. Vendor Responsibility

The State will enter into a contract with the successful Vendor(s). The successful Vendor(s) shall be responsible for all products and services as required by this RFP whether or not the Vendor or its subcontractor provided final fulfillment of the order. Subcontractors, if any, shall be clearly identified in the Vendor's proposal by completing Attachment 6, and are subject the approval and acceptance of Division of Public Health.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

v. Personnel, Equipment and Services

1. The Vendor represents that it has, or will secure at its own expense, all personnel required to perform the services required under this contract.
2. All of the equipment and services required hereunder shall be provided by or performed by the Vendor or under its direct supervision, and all personnel, including subcontractors, engaged in the work shall be fully qualified and shall be authorized under State and local law to perform such services.
3. None of the equipment and/or services covered by this contract shall be subcontracted without the prior written approval of the State. Only those subcontractors identified in Attachment 6 are considered approved upon award. Changes to those subcontractor(s) listed in Attachment 6 must be approved in writing by the State.

w. Fair Background Check Practices

Pursuant to 29 Del. C. [§6909B](#), the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 Del. C. [§711\(g\)](#) for applicable established provisions.

x. Vendor Background Check Requirements

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at:
<https://sexoffender.dsp.delaware.gov/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

background check requirements of any authorized Subcontractor providing service to the Agency's contract.

y. Work Product

All materials and products developed under the executed contract by the vendor are the sole and exclusive property of the State. The vendor will seek written permission to use any product created under the contract.

z. Contract Documents

The RFP, the purchase order, the executed contract and any supplemental documents between the State of Delaware and the successful vendor shall constitute the contract between the State of Delaware and the vendor. In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, State of Delaware's RFP, Vendor's response to the RFP and purchase order. No other documents shall be considered. These documents will constitute the entire agreement between the State of Delaware and the vendor.

aa. Applicable Law

The laws of the State of Delaware shall apply, except where Federal Law has precedence. The successful vendor consents to jurisdiction and venue in the State of Delaware.

In submitting a proposal, Vendors certify that they comply with all federal, state and local laws applicable to its activities and obligations including:

1. the laws of the State of Delaware;
2. the applicable portion of the Federal Civil Rights Act of 1964;
3. the Equal Employment Opportunity Act and the regulations issued there under by the federal government;

5. that programs, services, and activities provided to the general public under resulting contract conform with the Americans with Disabilities Act of 1990, and the regulations issued there under by the federal government.

If any vendor fails to comply with (1) through (5) of this paragraph, the State of Delaware reserves the right to disregard the proposal, terminate the contract, or consider the vendor in default.

The selected vendor shall keep itself fully informed of and shall observe and comply with all applicable existing Federal and State laws, and County and local ordinances, regulations and codes, and those laws, ordinances, regulations, and codes adopted during its performance of the work.

bb. Severability

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

cc. Assignment Of Antitrust Claims

As consideration for the award and execution of this contract by the State, the Vendor hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, regarding the specific goods or services purchased or acquired for the State pursuant to this contract. Upon either the State's or the Vendor notice of the filing of or reasonable likelihood of filing of an action under the antitrust laws of the United States or the State of Delaware, the State and Vendor shall meet and confer about coordination of representation in such action.

dd. Scope of Agreement

If the scope of any provision of the contract is determined to be too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

ee. Affirmation

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder, partner, principal, or other person substantially involved in the contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

ff. Audit Access to Records

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. Reimbursement to the State for disallowances shall be drawn from the Vendor's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.

The agencies will authorize and process for payment of each invoice within thirty (30) days after the date of receipt of a correct invoice. Cash or separate discounts should be computed and incorporated as invoiced.
10. **Purchase Orders** – Agencies that are part of the First State Financial (FSF) system are required to identify the Request for Proposals number **HSS 19 009** on all Purchase Orders (P.O.) and shall complete the same when entering P.O. information in the state’s financial reporting system.
11. **Purchase Card** – The State of Delaware intends to maximize the use of the P-Card for payment for goods and services provided under contract. Vendors shall not charge additional fees for acceptance of this payment method and shall incorporate any costs into their proposals. Additionally there shall be no minimum or maximum limits on any P-Card transaction under the contract.
12. **Additional Terms and Conditions** – The State of Delaware reserves the right to add terms and conditions during the contract negotiations.

VI. RFP Miscellaneous Information

One of the primary goals in administering this contract is to keep accurate records regarding its actual value/usage. This information is essential in order to update the contents of the contract and to establish proper bonding levels if they are required. The integrity of future contracts revolves around our ability to convey accurate and realistic information to all interested parties.

A complete and accurate Usage Report (Attachment 7) shall be furnished in an Excel format and submitted electronically, no later than the 15th (or next business day after the 15th day) of each month, detailing the purchasing of all items and/or services on this contract. The reports shall be completed in Excel format, using the template provided, and submitted as an attachment to Paulina Gyan at Paulina.gyan@state.de.us. Reports are required monthly, including those with “no spend”. Any exception to this mandatory requirement or failure to submit complete reports, or in the format required, may result in corrective action, up to and including the possible cancellation of the award. Failure to provide the report with the minimum required information may also negate any contract extension clauses. Additionally, Vendors who are determined to be in default of this mandatory report requirement may have such conduct considered against them, in assessment of responsibility, in the evaluation of future proposals.

WHEREAS, Delaware desires to obtain certain services to _____;
and _____.

WHEREAS, Vendor desires to provide such services to Delaware on the terms set forth below;

WHEREAS, Delaware and Vendor represent and warrant that each party has full right, power and authority to enter into and perform under this Agreement;

FOR AND IN CONSIDERATION OF the premises and mutual agreements herein, Delaware and Vendor agree as follows:

1. Services.

- 1.1. Vendor shall perform for Delaware the services specified in the Appendices to this Agreement, attached hereto and made a part hereof.
- 1.2. Any conflict or inconsistency between the provisions of the following documents shall be resolved by giving precedence to such documents in the following order: (a) this Agreement (including any amendments or modifications thereto); (b) Delaware’s request for proposals, attached hereto as Appendix ____; and (c) Vendor’s response to the request for proposals, attached hereto as Exhibit _____. The aforementioned documents are specifically incorporated into this Agreement and made a part hereof.
- 1.3. Delaware may, at any time, by written order, make changes in the scope of this Agreement and in the services or work to be performed. No services for which additional compensation may be charged by Vendor shall be furnished, without the written authorization of Delaware. When Delaware desires any addition or deletion to the deliverables or a change in the Services to be provided under this Agreement, it shall notify Vendor, who shall then submit to Delaware a "Change Order" for approval authorizing said change. The Change Order shall state whether the change shall cause an alteration in the price or the time required by Vendor for any aspect of its performance under this Agreement. Pricing of changes shall be consistent with those established within this Agreement.

1.4. Vendor will not be required to make changes to its scope of work that result in Vendor's costs exceeding the current unencumbered budgeted appropriations for the services. Any claim of either party for an adjustment under Section 1 of this Agreement shall be asserted in the manner specified in the writing that authorizes the adjustment.

2. Payment for Services and Expenses.

2.1. The term of the initial contract shall be from _____, 20__ through _____, 20__.

2.2. Delaware will pay Vendor for the performance of services described in Appendix ____, Statement of Work. The fee will be paid in accordance with the payment schedule attached hereto as part of Appendix ____.

2.3. Delaware's obligation to pay Vendor for the performance of services described in Appendix ____, Statement of Work will not exceed the fixed fee amount of \$_____. It is expressly understood that the work defined in the appendices to this Agreement must be completed by Vendor and it shall be Vendor's responsibility to ensure that hours and tasks are properly budgeted so that all services are completed for the agreed upon fixed fee. Delaware's total liability for all charges for services that may become due under this Agreement is limited to the total maximum expenditure(s) authorized in Delaware's purchase order(s) to Vendor.

2.4. The State reserves the right to pay by Automated Clearing House (ACH), Purchase Card (P-Card), or check. Agencies that are part of the First State Financial (FSF) system are required to identify the contract number ENTER CONTRACT NUMBER on all Purchase Orders (P.O.) and shall complete the same when entering P.O. information in the state's financial reporting system.

2.5. The State of Delaware intends to maximize the use of the Purchase Card (P-Card) for payment for goods and services provided under contract. Vendors shall not charge additional fees for acceptance of this payment method and shall incorporate any costs into their proposals. Additionally there shall be no minimum or maximum limits on any P-Card transaction under the contract.

2.6. Vendor shall submit monthly invoices to Delaware in sufficient detail to support the services provided during the previous month. Delaware agrees to pay those invoices within thirty (30) days of receipt. In the event Delaware disputes a portion of an invoice, Delaware agrees to pay the undisputed portion of the invoice within thirty (30) days of receipt and to provide Vendor a detailed statement of Delaware's position on the disputed portion of the invoice within thirty (30) days of receipt. Delaware's failure to pay any amount of an invoice that is not the subject of a good-faith dispute within thirty (30) days of receipt shall entitle Vendor to charge interest on the overdue portion at the lower of 1.0% per month. All payments should be sent to the Vendor's identified address on record with the State of Delaware's Division of Accounting as identified in the completion of the electronic W-9.

2.7. Unless provided otherwise in an Appendix, all expenses incurred in the performance of the services are to be paid by Vendor. If an Appendix specifically provides for expense reimbursement, Vendor shall be reimbursed only for reasonable expenses incurred by Vendor in the performance of the services, including, but not necessarily limited to, travel and lodging expenses, communications charges, and computer time and supplies.

- 2.8. Delaware is a sovereign entity, and shall not be liable for the payment of federal, state and local sales, use and excise taxes, including any interest and penalties from any related deficiency, which may become due and payable as a consequence of this Agreement.
- 2.9. Delaware shall subtract from any payment made to Vendor all damages, costs and expenses caused by Vendor's negligence, resulting from or arising out of errors or omissions in Vendor's work products, which have not been previously paid to Vendor.
- 2.10. Invoices shall be submitted to:

3. Responsibilities of Vendor.

- 3.1. In performing the specified services, Vendor shall follow practices consistent with generally accepted professional and technical standards. Vendor shall be responsible for ensuring that all services, products and deliverables furnished pursuant to this Agreement comply with the standards promulgated by the Department of Technology and Information ("DTI") published at <http://dti.delaware.gov/>, and as modified from time to time by DTI during the term of this Agreement. If any service, product or deliverable furnished pursuant to this Agreement does not conform to DTI standards, Vendor shall, at its expense and option either (1) replace it with a conforming equivalent or (2) modify it to conform to DTI standards. Vendor shall be and remain liable in accordance with the terms of this Agreement and applicable law for all damages to Delaware caused by Vendor's failure to ensure compliance with DTI standards.
- 3.2. It shall be the duty of the Vendor to assure that all products of its effort are technically sound and in conformance with all pertinent Federal, State and Local statutes, codes, ordinances, resolutions and other regulations. Vendor will not produce a work product that violates or infringes on any copyright or patent rights. Vendor shall, without additional compensation, correct or revise any errors or omissions in its work products.
- 3.3. Permitted or required approval by Delaware of any products or services furnished by Vendor shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of its work. Delaware's review, approval, acceptance, or payment for any of Vendor's services herein shall not be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and Vendor shall be and remain liable in accordance with the terms of this Agreement and applicable law for all damages to Delaware caused by Vendor's performance or failure to perform under this Agreement.
- 3.4. Vendor shall appoint a Project Manager who will manage the performance of services. - 3.5. Designation of persons for each position is subject to review and approval by Delaware. Should the staff need to be diverted off the project for what are now unforeseeable circumstances, Vendor will notify Delaware immediately and work out a transition plan that is acceptable to both parties, as well as agree to an acceptable replacement plan to fill or complete the work assigned to this project staff position. Replacement staff persons are subject to review and approval by Delaware. If Vendor fails to make a required replacement within 30 days, Delaware may terminate this Agreement for default. Upon receipt of written notice from Delaware that an employee of Vendor is unsuitable to Delaware for good cause, Vendor shall remove such employee from the performance of services and substitute in his/her place a suitable employee.
- 3.6. Vendor shall furnish to Delaware's designated representative copies of all correspondence to regulatory agencies for review prior to mailing such correspondence.
- 3.7. Vendor agrees that its officers and employees will cooperate with Delaware in the performance of services under this Agreement and will be available for consultation with Delaware at such reasonable times with advance notice as to not conflict with their other responsibilities.
- 3.8. Vendor has or will retain such employees as it may need to perform the services required by this Agreement. Such employees shall not be employed by Delaware or any other political subdivision of Delaware.
- 3.9. Vendor will not use Delaware's name, either express or implied, in any of its advertising or sales materials without Delaware's express written consent.
- 3.10. The rights and remedies of Delaware provided for in this Agreement are in addition to any other rights and remedies provided by law.

4. Time Schedule.

- 4.1. A project schedule is included in Appendix A.
- 4.2. Any delay of services or change in sequence of tasks must be approved in writing by Delaware.
- 4.3. In the event that Vendor fails to complete the project or any phase thereof within the time specified in the Contract, or with such additional time as may be granted in writing by Delaware, or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in this Agreement or any extensions thereof, Delaware shall suspend the payments scheduled as set forth in Appendix A.

5. State Responsibilities.

- 5.1. In connection with Vendor's provision of the Services, Delaware shall perform those tasks and fulfill those responsibilities specified in the appropriate Appendices.
- 5.2. Delaware agrees that its officers and employees will cooperate with Vendor in the performance of services under this Agreement and will be available for consultation

with Vendor at such reasonable times with advance notice as to not conflict with their other responsibilities.

5.3. The services performed by Vendor under this Agreement shall be subject to review for compliance with the terms of this Agreement by Delaware's designated representatives. Delaware representatives may delegate any or all responsibilities under the Agreement to appropriate staff members, and shall so inform Vendor by written notice before the effective date of each such delegation.

5.4. The review comments of Delaware's designated representatives may be reported in writing as needed to Vendor. It is understood that Delaware's representatives' review comments do not relieve Vendor from the responsibility for the professional and technical accuracy of all work delivered under this Agreement.

5.5. Delaware shall, without charge, furnish to or make available for examination or use by Vendor as it may request, any data which Delaware has available, including as examples only and not as a limitation:

- a. Copies of reports, surveys, records, and other pertinent documents;
- b. Copies of previously prepared reports, job specifications, surveys, records, ordinances, codes, regulations, other documents, and information related to the services specified by this Agreement.

Vendor shall return any original data provided by Delaware.

5.6. Delaware shall assist Vendor in obtaining data on documents from public officers or agencies and from private citizens and business firms whenever such material is necessary for the completion of the services specified by this Agreement.

5.7. Vendor will not be responsible for accuracy of information or data supplied by Delaware or other sources to the extent such information or data would be relied upon by a reasonably prudent contractor.

5.8. Delaware agrees not to use Vendor's name, either express or implied, in any of its advertising or sales materials. Vendor reserves the right to reuse the nonproprietary data and the analysis of industry-related information in its continuing analysis of the industries covered.

6. Work Product.

6.1. All materials, information, documents, and reports, whether finished, unfinished, or draft, developed, prepared, completed, or acquired by Vendor for Delaware relating to the services to be performed hereunder shall become the property of Delaware and shall be delivered to Delaware's designated representative upon completion or termination of this Agreement, whichever comes first. Vendor shall not be liable for damages, claims, and losses arising out of any reuse of any work products on any other project conducted by Delaware. Delaware shall have the right to reproduce all documentation supplied pursuant to this Agreement.

6.2. Vendor retains all title and interest to the data it furnished and/or generated pursuant to this Agreement. Retention of such title and interest does not conflict with Delaware's rights to the materials, information and documents developed in performing the project.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

Upon final payment, Delaware shall have a perpetual, nontransferable, non-exclusive paid-up right and license to use, copy, modify and prepare derivative works of all materials in which Vendor retains title, whether individually by Vendor or jointly with Delaware. Any and all source code developed in connection with the services provided will be provided to Delaware, and the aforementioned right and license shall apply to source code. The parties will cooperate with each other and execute such other documents as may be reasonably deemed necessary to achieve the objectives of this Section.

6.3. In no event shall Vendor be precluded from developing for itself, or for others, materials that are competitive with the Deliverables, irrespective of their similarity to the Deliverables. In addition, Vendor shall be free to use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques within the scope of its consulting practice that are used in the course of providing the services.

6.4. Notwithstanding anything to the contrary contained herein or in any attachment hereto, any and all intellectual property or other proprietary data owned by Vendor prior to the effective date of this Agreement (“Preexisting Information”) shall remain the exclusive property of Vendor even if such Preexisting Information is embedded or otherwise incorporated into materials or products first produced as a result of this Agreement or used to develop such materials or products. Delaware’s rights under this section shall not apply to any Preexisting Information or any component thereof regardless of form or media.

7. Confidential Information.

To the extent permissible under 29 *Del. C.* § 10001, et seq., the parties to this Agreement shall preserve in strict confidence any information, reports or documents obtained, assembled or prepared in connection with the performance of this Agreement.

8. Warranty.

8.1. Vendor warrants that its services will be performed in a good and workmanlike manner. Vendor agrees to re-perform any work not in compliance with this warranty brought to its attention within a reasonable time after that work is performed.

8.2. Third-party products within the scope of this Agreement are warranted solely under the terms and conditions of the licenses or other agreements by which such products are governed. With respect to all third-party products and services purchased by Vendor for Delaware in connection with the provision of the Services, Vendor shall pass through or assign to Delaware the rights Vendor obtains from the manufacturers and/or vendors of such products and services (including warranty and indemnification rights), all to the extent that such rights are assignable.

9. Indemnification; Limitation of Liability.

9.1. Vendor shall indemnify and hold harmless the State, its agents and employees, from any and all liability, suits, actions or claims, together with all reasonable costs and expenses (including attorneys’ fees) directly arising out of:

- a. the negligence or other wrongful conduct of the Vendor, its agents or employees, or

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

- b. Vendor's breach of any material provision of this Agreement not cured after due notice and opportunity to cure, provided as to (A) or (B) that
 - i. Vendor shall have been notified promptly in writing by Delaware of any notice of such claim; and
 - ii. Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise.
- 9.2. If Delaware promptly notifies Vendor in writing of a third party claim against Delaware that any Deliverable infringes a copyright or a trade secret of any third party, Vendor will defend such claim at its expense and will pay any costs or damages that may be finally awarded against Delaware. Vendor will not indemnify Delaware, however, if the claim of infringement is caused by:
- a. Delaware's misuse or modification of the Deliverable;
 - b. Delaware's failure to use corrections or enhancements made available by Vendor;
 - c. Delaware's use of the Deliverable in combination with any product or information not owned or developed by Vendor;
 - d. Delaware's distribution, marketing or use for the benefit of third parties of the Deliverable or
 - e. Information, direction, specification or materials provided by Client or any third party. If any Deliverable is, or in Vendor's opinion is likely to be, held to be infringing, Vendor shall at its expense and option either
 - i. Procure the right for Delaware to continue using it,
 - ii. Replace it with a non-infringing equivalent,
 - iii. Modify it to make it non-infringing.

The foregoing remedies constitute Delaware's sole and exclusive remedies and Vendor's entire liability with respect to infringement.

10. Employees.

- 10.1. Vendor has and shall retain the right to exercise full control over the employment, direction, compensation and discharge of all persons employed by Vendor in the performance of the services hereunder; provided, however, that it will, subject to scheduling and staffing considerations, attempt to honor Delaware's request for specific individuals.
- 10.2. Except as the other party expressly authorizes in writing in advance, neither party shall solicit, offer work to, employ, or contract with, whether as a partner, employee or independent contractor, directly or indirectly, any of the other party's Personnel during their participation in the services or during the twelve (12) months thereafter. For purposes of this Section, Personnel includes any individual or company a party employs

Delaware Health and Social Services, Division of Public Health

as a partner, employee or independent contractor and with which a party comes into direct contact in the course of the services.

- 10.3. Possession of a Security Clearance, as issued by the Delaware Department of Public Safety, may be required of any employee of Vendor who will be assigned to this project.

11. Independent Contractor.

- 11.1. It is understood that in the performance of the services herein provided for, Vendor shall be, and is, an independent contractor, and is not an agent or employee of Delaware and shall furnish such services in its own manner and method except as required by this Agreement. Vendor shall be solely responsible for, and shall indemnify, defend and save Delaware harmless from all matters relating to the payment of its employees, including compliance with social security, withholding and all other wages, salaries, benefits, taxes, exactions, and regulations of any nature whatsoever.
- 11.2. Vendor acknowledges that Vendor and any subcontractors, agents or employees employed by Vendor shall not, under any circumstances, be considered employees of Delaware, and that they shall not be entitled to any of the benefits or rights afforded employees of Delaware, including, but not limited to, sick leave, vacation leave, holiday pay, Public Employees Retirement System benefits, or health, life, dental, long-term disability or workers' compensation insurance benefits. Delaware will not provide or pay for any liability or medical insurance, retirement contributions or any other benefits for or on behalf of Delaware or any of its officers, employees or other agents.
- 11.3. Vendor shall be responsible for providing liability insurance for its personnel.
- 11.4. As an independent contractor, Vendor has no authority to bind or commit Delaware. Nothing herein shall be deemed or construed to create a joint venture, partnership, fiduciary or agency relationship between the parties for any purpose.

12. Dispute Resolution.

- 12.1. At the option of, and in the manner prescribed by the Office of Management and Budget (OMB), the parties shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement promptly by negotiation between executives who have authority to settle the controversy and who are at a higher level of management than the persons with direct responsibility for administration of this Agreement. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, experts and attorneys are confidential, privileged and inadmissible for any purpose, including impeachment, in arbitration or other proceeding involving the parties, provided evidence that is otherwise admissible or discoverable shall not be rendered inadmissible.
- 12.2. If the matter is not resolved by negotiation, as outlined above, or, alternatively, OMB elects to proceed directly to mediation, then the matter will proceed to mediation as set forth below. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to mediation by a mediator selected by OMB, and if the matter is not resolved through mediation, then it shall be submitted, in the sole discretion of OMB, to the Office of Management and Budget, Government Support Services Director, for final and binding arbitration. OMB reserves the right to proceed

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by Delaware law and venue shall be in Delaware. The parties shall maintain the confidential nature of the arbitration proceeding and the Award, including the Hearing, except as may be necessary to prepare for or conduct the arbitration hearing on the merits. Each party shall bear its own costs of mediation, arbitration or litigation, including attorneys' fees.

13. Suspension.

13.1. Delaware may suspend performance by Vendor under this Agreement for such period of time as Delaware, at its sole discretion, may prescribe by providing written notice to Vendor at least 30 working days prior to the date on which Delaware wishes to suspend. Upon such suspension, Delaware shall pay Vendor its compensation, based on the percentage of the project completed and earned until the effective date of suspension, less all previous payments. Vendor shall not perform further work under this Agreement after the effective date of suspension. Vendor shall not perform further work under this Agreement after the effective date of suspension until receipt of written notice from Delaware to resume performance.

13.2. In the event Delaware suspends performance by Vendor for any cause other than the error or omission of the Vendor, for an aggregate period in excess of 30 days, Vendor shall be entitled to an equitable adjustment of the compensation payable to Vendor under this Agreement to reimburse Vendor for additional costs occasioned as a result of such suspension of performance by Delaware based on appropriated funds and approval by Delaware.

14. Termination.

14.1. This Agreement may be terminated in whole or in part by either party in the event of substantial failure of the other party to fulfill its obligations under this Agreement through no fault of the terminating party; but only after the other party is given:

- a. Not less than 20 calendar days written notice of intent to terminate; and
- b. An opportunity for consultation with the terminating party prior to termination.

14.2. This Agreement may be terminated in whole or in part by Delaware for its convenience, but only after Vendor is given:

- a. Not less than 20 calendar days written notice of intent to terminate; and
- b. An opportunity for consultation with Delaware prior to termination.

14.3. If termination for default is effected by Delaware, Delaware will pay Vendor that portion of the compensation which has been earned as of the effective date of termination, but:

- a. No amount shall be allowed for anticipated profit on performed or unperformed services or other work, and
- b. Any payment due to Vendor at the time of termination may be adjusted to the extent of any additional costs occasioned to Delaware by reason of Vendor's default.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

- c. Upon termination for default, Delaware may take over the work and prosecute the same to completion by agreement with another party or otherwise. In the event Vendor shall cease conducting business, Delaware shall have the right to make an unsolicited offer of employment to any employees of Vendor assigned to the performance of the Agreement, notwithstanding the provisions of Section 10.2.

14.4. If after termination for failure of Vendor to fulfill contractual obligations it is determined that Vendor has not so failed, the termination shall be deemed to have been effected for the convenience of Delaware.

14.5. The rights and remedies of Delaware and Vendor provided in this section are in addition to any other rights and remedies provided by law or under this Agreement.

14.6. **Gratuities.**

- a. Delaware may, by written notice to Vendor, terminate this Agreement if it is found after notice and hearing by Delaware that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by Vendor or any agent or representative of Vendor to any officer or employee of Delaware with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending or making of any determinations with respect to the performance of this Agreement.
- b. In the event this Agreement is terminated as provided in 14.6.a hereof, Delaware shall be entitled to pursue the same remedies against Vendor it could pursue in the event of a breach of this Agreement by Vendor.
- c. The rights and remedies of Delaware provided in Section 14.6 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

15. **Severability.**

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

16. **Assignment; Subcontracts.**

16.1. Any attempt by Vendor to assign or otherwise transfer any interest in this Agreement without the prior written consent of Delaware shall be void. Such consent shall not be unreasonably withheld.

16.2. Services specified by this Agreement shall not be subcontracted by Vendor, without prior written approval of Delaware.

16.3. Approval by Delaware of Vendor's request to subcontract or acceptance of or payment for subcontracted work by Delaware shall not in any way relieve Vendor of

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

responsibility for the professional and technical accuracy and adequacy of the work. All subcontractors shall adhere to all applicable provisions of this Agreement.

16.4. Vendor shall be and remain liable for all damages to Delaware caused by negligent performance or non-performance of work under this Agreement by Vendor, its subcontractor or its sub-subcontractor.

16.5. The compensation due shall not be affected by Delaware's approval of the Vendor's request to subcontract.

17. Force Majeure.

Neither party shall be liable for any delays or failures in performance due to circumstances beyond its reasonable control.

18. Non-Appropriation of Funds.

18.1. Validity and enforcement of this Agreement is subject to appropriations by the General Assembly of the specific funds necessary for contract performance. Should such funds not be so appropriated Delaware may immediately terminate this Agreement, and absent such action this Agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available, at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

18.2. Notwithstanding any other provisions of this Agreement, this Agreement shall terminate and Delaware's obligations under it shall be extinguished at the end of the fiscal year in which Delaware fails to appropriate monies for the ensuing fiscal year sufficient for the payment of all amounts which will then become due.

19. State of Delaware Business License.

Vendor and all subcontractors represent that they are properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* ' 2502.

20. Complete Agreement.

20.1. This agreement and its Appendices shall constitute the entire agreement between Delaware and Vendor with respect to the subject matter of this Agreement and shall not be modified or changed without the express written consent of the parties. The provisions of this agreement supersede all prior oral and written quotations, communications, agreements and understandings of the parties with respect to the subject matter of this Agreement.

20.2. If the scope of any provision of this Agreement is too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the Agreement shall not thereby fail, but the scope of such provision shall be curtailed only to the extent necessary to conform to the law.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

20.3. Vendor may not order any product requiring a purchase order prior to Delaware's issuance of such order. Each Appendix, except as its terms otherwise expressly provide, shall be a complete statement of its subject matter and shall supplement and modify the terms and conditions of this Agreement for the purposes of that engagement only. No other agreements, representations, warranties or other matters, whether oral or written, shall be deemed to bind the parties hereto with respect to the subject matter hereof.

21. Miscellaneous Provisions.

21.1. In performance of this Agreement, Vendor shall comply with all applicable federal, state and local laws, ordinances, codes and regulations. Vendor shall solely bear the costs of permits and other relevant costs required in the performance of this Agreement.

21.2. Neither this Agreement nor any appendix may be modified or amended except by the mutual written agreement of the parties. No waiver of any provision of this Agreement shall be effective unless it is in writing and signed by the party against which it is sought to be enforced.

21.3. The delay or failure by either party to exercise or enforce any of its rights under this Agreement shall not constitute or be deemed a waiver of that party's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

21.4. Vendor covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Vendor further covenants, to its knowledge and ability, that in the performance of said services no person having any such interest shall be employed.

21.5. Vendor acknowledges that Delaware has an obligation to ensure that public funds are not used to subsidize private discrimination. Vendor recognizes that if they refuse to hire or do business with an individual or company due to reasons of race, color, gender, ethnicity, disability, national origin, age, or any other protected status, Delaware may declare Vendor in breach of the Agreement, terminate the Agreement, and designate Vendor as non-responsible.

21.6. Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, Delaware shall have the right to annul this contract without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

21.7. This Agreement was drafted with the joint participation of both parties and shall be construed neither against nor in favor of either, but rather in accordance with the fair meaning thereof.

21.8. Vendor shall maintain all public records, as defined by 29 *Del. C.* § 502(1), relating to this Agreement and its deliverables for the time and in the manner specified by the Delaware Division of Archives, pursuant to the Delaware Public Records Law, 29 *Del. 1 Project Overview

1.1 Background and Purpose

Background

The mission of the Division of Public Health is to protect and enhance the health of the people of Delaware. The Division accomplishes its mission by:

- working together with others;
- addressing issues that affect the health of Delawareans;
- keeping track of the State's health;
- promoting positive lifestyles;
- responding to critical health issues and disasters;
- promoting the availability of health services.

The accomplishment of this mission will facilitate the Division in realizing its vision of creating an environment in which people in Delaware can reach their full potential for a healthy life.

Background on Delaware's Developmental Screening Initiative

According to the American Academy of Pediatrics 1 in 4 children are at risk for developmental delays. They therefore recommend universal early childhood screening which provides an opportunity to identify delays early with interventions provided at the most critical period of a child's growth. Developmental screening supports healthy child development, identifying when a child needs additional services or opportunities. Developmental screening determines if a child's learning and growth is age-appropriate and identifies any developmental delays while promoting early detection and children being ready for school.

Structured developmental screening is therefore highly recommended as a standard of care for identifying children with developmental delays. In 2009, Delaware's legislature signed into law House Bill 199, mandating the use of a validated developmental screening instrument and insurance coverage of developmental screening at 9, 18, 24 and 30 months of age as recommended by the American Academy of Pediatrics' Bright Futures program.

Delaware's Early Childhood Comprehensive Systems (ECCS) program, which resides within the Division of Public Health, administers the state's developmental screening initiative, and has used its resources and network capacity to ensure that Delaware's children are healthy and ready to learn at school entry. Through its federal Impact grant and the state of Delaware general funds, the ECCS program and its partners seek to enhance the developmental skills of young children by leveraging early detection of infants and children, birth through age eight, at risk for developmental delays.

In 2011, the state awarded Division of Public Health (DPH) funds to work directly with physicians to improve the state's developmental screening ranking. Great progress has been made since then, moving Delaware from ranking 50th in the nation of the percent of children 10 months older who receive screens to 21st in

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

the nation. As a result, the state has seen significant improvement in the number of children who receive developmental screens and are subsequently referred for early intervention services. Developmental screening is ICD-9 code 96110. Medicaid reimburses \$10.50 per screening. While private insurers are reimbursing for screening (the amount varies).

Seven years post the launch of the state's developmental screening initiative Delaware continues to make tremendous progress to advance early detection and connection to services for families of young children. Efforts have focused on obstacles that have prevented healthcare providers from administering developmental screenings. These efforts have spanned the facilitation of easy and free access to a preferred validated screening instrument, reimbursements for using validated screening tools and ensuring academic detailing to increase knowledge and change attitudes. Subsequently, knowledge about community resources and referrals to early intervention services have been strengthened, practice workflow enhanced with the use technological devices (IPADS) and the feedback loop streamlined to assure families do not fall between the cracks.

We continue to investigate and address major bottlenecks that hinder effective execution while embracing new approaches to improve the program. Our strategies for the coming year and beyond are to increase outreach efforts targeting parents and educating them about the value of having a developmental screen done for children. Education about developmental milestones and socio-emotional health of children empowers parents to advocate for their children and demand screening services from their health providers. To reach the goal of ensuring all eligible children receive developmental screens, we recognized the barriers faced if primary care was the sole delivery mechanism. Consideration for a non-traditional approach led to the expansion of screening by phone through the Help Me Grow/2-1-1 (HMG/2-1-1) call center.

Access to a Validated Online Instrument:

The Delaware Department of Health and Social Services (DHSS) is requesting proposals to provide an online web-based validated developmental screening instrument which allows parents to voluntarily complete an assessment which is then securely transmitted to their health care provider in real time. This assessment can be done before the office visit in order to save valuable time and resources for the health care provider. Additionally, the tool should enable providers to score and print parent education handouts while sending automated referral letters all from one website. The screening results should be easily transmitted electronically unto the patient's medical records or simply be printed for storage within the medical record and/or scanned, copied and pasted into the medical record for future retrieval.

A portal solely for parents and family leaders will be established as a link on the State's website. This will allow Delaware parents to select their provider or practice, complete the tool, and then submit the assessment securely. Delaware Division of Public Health will take responsibility for establishing a list of clinics (and providers' contact information) by asking each clinic coordinator to establish an account with the online platform. Each provider will have access only to his or her own records. Delaware Division of Public Health will have access to all records.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

When providers encounter families who have not yet completed the online tool, providers will have access to the site and can administer the test with families. Providers should be able to request freely printable pdfs of the test questionnaire in multiple languages in case these are needed for waiting or exam rooms and for translation support.

Project Goals

The Division of Public Health (DPH) is seeking to build upon the gains of the state's developmental screening initiative which has been in existence over 7 years, to assure that the knowledge and skills pediatric and family practices have acquired over the years are maintained while exploring other innovative opportunities that will further add value to the screening initiative.

Factors considered in the development of this work are:

- Limiting barriers to access to screening by providing free of charge validated developmental screening instrument targeting health care providers
- Building upon the seven years of investment the state has made towards its developmental screening initiative by providing the same or similar structures and services.
- Assuring that physician practices already using a validated developmental screening instrument are supported through this transition, and the pre-existing and established processes/guidance maintained.
- Assuring that physician practices that have invested time and effort to adjust their workflows to the state's developmental screening initiative experience little disruption to their workflow.
- To assure that practices with challenges such as billing/reimbursement, adapting workflow know what to do when the need arises.
- Maintaining existing processes and guidance to enable practices know what to do when the screening results suggest additional assessment is required.
- The validated instrument should be convenient for use within the health care setting and should not exceed 10-15 questions.

2 Contractor Responsibilities/Project Requirements

The following are contractor responsibilities and project requirements under this RFP.

The contractor is expected to provide most of the expertise and provide for the full range of services during the project. Contractors must discuss each of these subsection requirements in detail in their proposals to acknowledge their responsibilities under this RFP.

2.1 Requirement to Comply With HIPAA Regulations and Standards

The selected Contractor must certify compliance with Health Insurance Portability and Accountability Act (HIPAA) regulations and requirements as described in Department of Health and Human Services, Office of the Secretary, 45 CFR Parts 160, 162 and 164 along with the updated ARRA and HITECH act provisions, as well as all HIPAA requirements related to privacy, security, transaction code sets (where applicable) and medical provider enumeration.

The selected Contractor is required to customize/develop the system in accordance with HIPAA requirements, implement the system in accordance with HIPAA requirements and, where the Contractor will operate and maintain the system, operate and maintain the system in compliance with HIPAA requirements.

HIPAA requirements also apply to entities with which DHSS data is shared. If this data is covered by HIPAA, then a Business Associates Agreement (BAA) must be signed by both parties to ensure that this data is adequately secured according to State policies and standards (See Section 4.4 for more information on this requirement). This agreement/contract must be in force prior to testing or production implementation of this data exchange.

In the proposal, contractor will explain their understanding of the HIPAA regulations and their impact on this project especially in the area of security.

2.1.1 Architecture Requirements

Securing and protecting data is critical to DHSS. This protection is required for data whether hosted **onsite or offsite**. As such it is required that the Contractor include in the response to this section proposed architectural diagram(s) in Visio format demonstrating how DHSS data is being secured.

The diagram must include any interfaces between the solution and other solutions. The diagram needs to be clearly documented (ports, protocols, direction of communication). It does not need to contain the inner workings of the solution or proprietary information.

Technical documentation will be required to be produced as part of the contract negotiations process. These will be submitted to DHSS for attachment to a DTI business case. The business case must be in "Recommended" status prior to contract signature or have a clear indication that the contract can be signed subject to conditions listed in

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

the business case. The project business case is a DHSS responsibility. Technical documentation includes a final architecture diagram for each system environment (Prod, UAT, etc.), non-proprietary data dictionary and a high level process flow diagram. This documentation shall be produced at no cost to DHSS prior to contract signature.

Architecture changes can be highly risky if not planned and tested correctly and therefore must go through the change control process. The architecture diagram may have to be updated along with other documents for prior approval. Architecture changes must be staged in lower environments at least at the SIT level for integration testing. Formal UAT approval is required for scheduling production implementation.

2.1.1.1 Standard Practices

The contractor(s) shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all services furnished to DHSS. The contractor(s) shall follow practices consistent with generally accepted professional and technical policies and standards. The contractor(s) shall be responsible for ensuring that all services, products and deliverables furnished to DHSS are consistent with practices utilized by, or policies and standards promulgated by, the Department of Technology and Information (DTI). The link to the Enterprise Standards and Policies is in Exhibit C. If any service, product or deliverable furnished by a contractor(s) does not conform to State policies, standards or general practices, the contractor(s) shall, at its expense and option either (1) replace it with a conforming equivalent or (2) modify it to conform to State policies, standards or practices.

2.1.1.2 Cyber Security Liability

It shall be the duty of the Contractor to assure that all products of its effort do not cause, directly or indirectly, any unauthorized acquisition of data that compromises the security, confidentiality, or integrity of information maintained by the State of Delaware. Contractor's agreement shall not limit or modify liability for information security breaches, and Contractor shall indemnify and hold harmless the State, its agents and employees, from any and all liability, suits, actions or claims, together with all reasonable costs and expenses (including attorneys' fees) arising out of such breaches. In addition to all rights and remedies available to it in law or in equity, the State shall subtract from any payment made to Contractor all damages, costs and expenses caused by such information security breaches that have not been previously paid to Contractor.

2.1.1.3 Mandatory Inclusions for DHSS Hosting

2.1.1.3.1 Network Diagram

The Contractor must include a network diagram of the user's interaction with the solution and any interfaces between the solution and DHSS must be clearly documented (ports, protocols, direction of communication). The network diagram does not need to contain the inner workings of the solution or proprietary information.

2.1.1.3.2 List of Software

The contractor must include a list of software (operating system, web servers, databases, etc.) that the State needs to utilize the solution. For example, a certain web browser (IE) or web service technology for an interface. The contractor will include a list of browsers and versions that are officially supported for web applications. Please use the following format:

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

Product Name	Version	Contractor Name	Required for Development?	Required for M&O?

2.1.1.3.3 3rd Party Authentication

The contractor must include a list of any 3rd party authentication solutions or protocols that they support.

2.1.1.3.4 Password Hashing

The contractor must describe the method used by the solution for hashing user passwords. Include items like hash algorithm, salt generation and storage and number of iterations.

2.1.1.3.5 Data Encryption

The contractor must describe the solution’s ability to encrypt non-public State data in transit and at rest. Include encryption algorithm(s) and the approach to key management.

2.1.1.3.6 Securing DHSS Data

The contractor must describe how DHSS data will be protected and secured.

2.1.2 Cloud/Remote Hosting Requirements

This section is mandatory for Contractors proposing to host systems and/or DHSS data outside of the State network. Contractors must respond as required for each subsection below. Failure to respond as instructed may be cause for rejection of the entire proposal.

If the proposed system and/or data will be hosted outside of the State network, Contractor is instructed to include in their response to this section the following statement, **“Proposing a Cloud/Remote Hosting solution. Therefore DHSS Hosting Requirements do not apply and are not addressed in this proposal”**.

2.1.2.1 Remote Hosting Agreements

DTI publishes two agreement templates for hosting data and/or systems. The first is the Delaware Cloud Services Terms and Conditions Agreement and the second is the Delaware Data Usage Terms and Conditions Agreement. The Cloud Services Agreement is for utilizing offsite or cloud facilities and services and the Data Usage Agreement covers proper treatment of State data when stored and/or processed offsite. Both agreements have columns identifying which provisions are mandatory depending on whether the data is Public or Non-Public.

The data classification for this procurement is Non-Public.

Contractor is instructed to review the two agreements and sign and scan and include with your response

Cloud Services Agreement (CSA)

The link to this document is in Enclosure 2. Sample included in Enclosure 8

Data Usage Agreement (DUA)

The link to this document is in Enclosure 2. Sample included in Enclosure 8.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

The mandatory clauses are identified by the checkmark in the appropriate Public/Non-Public column in each Agreement.

Note: There are very specific instructions above the Cloud Service (CS) Terms column on each page of the CSA regarding which combination of provisions are mandatory for Non-Public data. Please review the instructions carefully

If Contractor can only accept a clause with conditions (Accept Conditionally) or does not agree with (Reject) a clause as written, then please fill out the following Cloud Services/Data Usage Exceptions table as part of your response to this section. Please include a Comment for each exception stating why you Accept Conditionally or Reject. If you can Accept Conditionally, state what controls are or can be put into place to provide for the same or similar level of compliance.

CSA/DUA Exceptions (Example)

CSA/DUA	Clause #	Response	Comment
CSA	CS1-B	Accept Conditionally	We will provide the results of our internal Criminal Background Checks in lieu of the stated requirement.
CSA	CS4	Reject	Our legal counsel has advised that while we can provide notice to DHSS of pending activity, we can provide no specifics otherwise.
DUA	DU2	Accept Conditionally	While we can agree to the minimum necessary provision, under exceptional circumstances, our DBA staff may be required to access production datasets for the purposes of data integrity checks or issue resolution. An as-needed, limited term access authorization will be necessary in this situation.

Any exceptions specified will be vetted by DTI prior to contract signature. Individual clauses may be negotiated and updated by DHSS. In this case, DTI's written approval of the negotiated Agreement version will be attached to the final contract.

If the Contractor accepts all clauses as originally specified, Contractor will respond to this subsection with "We accept all clauses in both the CSA and DUA". Do not include the Template Exceptions table in this situation.

2.1.2.1.1 Requirement to Encrypt Data at Rest

In the DUA, requirement DU7 specifies that non-public data (personally identifiable information/confidential information) must be encrypted at rest. If the Contractor is proposing a solution that will comply with this requirement, please include the following statement in your response to this section:

- "[Company Name] is proposing a solution will encrypt non-public data at rest."
- Contractor must specifically describe how the data will be encrypted as specified in requirement DU7 in the DUA.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

However, if the Contractor cannot comply with this requirement then Contractor must purchase adequate Cyber Liability Insurance as specified in Enclosure 7 **Cyber Responsibilities, Liability and Insurance**. Please include the following statement in your response to this section:

- “[Company Name] is proposing a solution will not encrypt non-public data at rest and intends to purchase Cyber Liability Insurance as specified in Enclosure 7 prior to contract signature.”
- The selected Contractor will present a valid certificate of cyber liability insurance for attachment to the contract prior to contract signature.

2.1.2.2 Standard Practices

The contractor(s) shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all services furnished to DHSS. The contractor(s) shall follow practices consistent with generally accepted professional and technical policies and standards.

2.1.2.3 Mandatory Inclusions for Cloud/Remote Hosting

2.1.2.3.1 Network Diagram

The Contractor must include a network diagram of the user’s interaction with the solution and any interfaces between the solution and the State needs to be clearly documented (ports, protocols, direction of communication). The network diagram does not need to contain the inner workings of the solution or proprietary information.

2.1.2.4 List of Software

The contractor must include a list of software (operating system, web servers, databases, etc.) that the State needs to utilize the solution. For example, a certain web browser (IE) or web service technology for an interface. The contractor will include a list of browsers and versions that are officially supported for web applications. The software list will be formatted as follows:

Product Name	Version	Contractor Name	Required for Development?	Required for M&O?

2.1.3 DHSS-Specific Security Requirements

The requirements in this section are mandatory.

2.1.3.1 Encryption of Data at Rest

Contractor will describe the method(s) for encrypting DHSS confidential/PII/ePHI data at rest in their proposed solution.

2.1.3.2 Encryption of Data in Transit

All data in transit must be encrypted whether transmitted over a public or private network. Contractor will describe the encryption method(s) proposed.

2.1.3.3 DHSS Data Rights

All DHSS data (Public and Non-Public) related to services provided under this contract will remain the sole property of DHSS. De-identified or derived/aggregated DHSS data is not exempted from this requirement. This provision shall survive the life of the contract.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

Contractor does not acquire any right, title or interest in DHSS data under this contract. Except as otherwise required by law or authorized by DHSS in writing, no DHSS data shall be retained by the Contractor for more than 90 days following the date of contract termination. After the 90 day timeframe the following provisions will remain in effect: contractor will immediately delete or destroy this data in accordance with NIST standards and provide written confirmation to DHSS; contractor is expressly prohibited from retaining, transferring, repurposing or reselling DHSS data except as otherwise authorized by DHSS in writing; contractor retains no ongoing rights to this data except as expressly agreed to by DHSS in the contract.

2.1.4 Offsite Project Work

DHSS will permit project work to be done offsite, within the United States and its territories. For offsite work, DHSS requires strong management of the resources and assigned tasks; adequate, timely and accurate communications and completion of assigned work by specified deadlines. This is important to any offsite relationship. If Contractor is proposing offsite project work, Contractor must specifically address each of the bulleted items below in this section of the proposal. Otherwise, Contractor will respond to this section as follows: **“No offsite project work proposed.”**

Note: For the purposes of this section, the Contractor staff organization includes subsidiary contractors.

- Provide a detailed description of work to be completed offsite along with a breakdown of the type of work to be provided on-site. Quantify this by estimating for each of the deliverables identified in this Section, the percentage of work to be done offsite.
- Provide an organization chart with job titles of offsite staff and their relationship to the Contractor.
- Provide a description of what tasks each job title is responsible for performing.
- Clearly identify if offsite work is to be performed by Contractor staff or subcontractors.
- For offsite subcontractor or Contractor staff, please include the names and resumes of key staff, highlighting prior participation on similar projects. Also provide named or sample resumes for lower level staff.
- Provide a detailed plan for managing offsite work including communication strategy to accommodate time differences if any. Include contingency plan for completing work should offsite relationship be terminated.
- Propose a meeting schedule for project status discussions with offsite management staff.
- Identify the offsite single point of contact who will serve as the project manager of offsite resources. Describe how this project manager and the on-site project manager will interact. DHSS prefers that the offsite project manager be a Contractor employee. Please refer to RFP Section 4.1 for normal Contractor staffing requirements.
- Provide a contingency plan for substituting on-site staff if offsite relationship becomes problematic as determined by DHSS.
- Provide a description of prior Contractor organization experience with use of offsite Contractor staff or subcontractors and provide U.S. client references for that work.
- Provide a detailed description of proposed project manager's experience in directing offsite staff and/or subcontractors.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

- Describe your understanding that DHSS will only provide management of this project and Contractor resources through the on-site project manager. All management/relationships with offsite resources, whether Contractor staff or subcontractors, will be handled by the respective bidding organization.
- Describe how the system components will be tested and staged during customization/development. For DHSS-hosted solutions, DHSS requires that the all UAT, production and related environments be located at the Biggs Data Center. All system components of these environments including all system libraries and databases will be located in the data center as well. DHSS staff must approve the results of system testing before systems components are migrated into UAT. It is critical that system components are proven to operate in the Biggs Data Center UAT environment prior to promoting the code to production. Remote developers and testing staff may access these environments through VPN. The UAT environment must be the technical equivalent of the production environment to minimize issues with promoted code and/or database changes in production. Contractors may propose additional environments as necessary or recommended for their solution.

2.1.5 Offshore Prohibitions

Offshore is defined as not being within the United States or its territories. DHSS will not permit any project work to be performed offshore either by the prime contractor, subsidiary, subcontractor or by any other third party. Offshore storage and transmission of DHSS data is prohibited. Onshore project data and project artifacts including backup and recovery files in any form shall not be accessed by offshore staff and shall not be copied or moved offshore. This prohibition extends to maintenance and operations services, technical support services and any other subsequent services under this contract. Violation of any provision in this paragraph will be considered breach of contract. Contractor shall respond with their understanding of and their intent to comply with the requirements in this paragraph.

2.1.6 Escrow Agreements

For COTS & SAAS solutions (where the code will not become the property of DHSS), DHSS requires proof of a software escrow agreement. Contractor will acknowledge in their proposal that they have or will have an escrow agreement in force for the entire contract term for the proposed solution at the time of contract signature.

For SAAS & hosted solutions, Contractor will have a data escrow or equivalent agreement in place. If the solution includes a third party hosting contractor providing Platform As A Service (PAAS), Contractor will describe their business continuity agreement with this contractor.

- the event that there are any; if none have been received by the Contractor, a statement to that effect must be included
4. A statement that all proposal conditions are valid for 365 days from the deadline date for proposal submission.
 5. A statement that certifies pricing was arrived at without any collusion or conflict of interest.

PDF versions of the Transmittal Letter must be included in the Proposal.

3.2.2 Required Forms (Section B)

This section of the proposal must include the following completed forms:

Attachments 2, 3, 4, 5, 10, 11, 12 and Enclosures 3, 4, 5, 6, and 8

Appendix A of the RFP refers to general RFP requirements. Enclosure 4 of Appendix C refers to technical requirements. Both need to be reviewed to help the bidder include required documents in their proposal.

Enclosure 4: This is the mandatory submission requirements checklist. Agreement to or acknowledgement of a requirement is shown by a Y (Yes) or N (No) next to the requirement and a signature at the bottom of the checklist. **Failure to adequately meet any one (1) mandatory requirement may cause the entire proposal to be deemed non-responsive and be rejected from further consideration.** However, DHSS reserves the right to waive minor irregularities and minor instances of non-compliance.

Enclosure 6: This is the contractor contact information form must be completed and signed by prospective Contractors prior to proposal submission.

State of Delaware Cloud and/or Offsite Hosting Specific Terms and Conditions. This document is located in Enclosure 8. This form must be completed and signed by prospective bidders and included in the proposal submission.

3.2.3 Executive Summary (Section C)

Bidder shall present a high-level project description to give the evaluation team and others a broad understanding of the proposal and the Bidder's approach to this project. This should summarize project purpose, key project tasks, a high level timeline, key milestones, and qualifications of key personnel, along with subcontractor usage and their scope of work. A summary of the Bidder's corporate resources, including previous relevant experience, staff, and financial stability must be included. The Executive Summary is limited to a maximum of ten (10) pages.

3.2.4 Contract Management Plan (Section D)

Bidder shall describe the overall plan and required activities in order to implement the project within the budget and described schedule. This should include descriptions of management controls, processes and reporting requirements that will be put into place to ensure a smooth administration of this project.

3.2.4.1 Baseline Project Plan (Section D.1)

As part of the proposal, Contractor must create a baseline project plan with the following information:

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

- Tasks, subtasks, dependencies, key dates including proposed dates for deliverable submission, DHSS deliverable approval, Federal deliverable approval (if required) and proposed payment milestones
- Staffing structure, with a breakdown by activity, task and subtask within the entire project
- A separate organization chart with staff names & functional titles
- Description at the subtask level including duration and required staff resources (contractor vs. DHSS) and hours
- Resource staffing matrix by subtask, summarized by total hours by person, per month.

The project plan must be in Microsoft Project (mpp) format. Contractor must also discuss procedures for project plan maintenance, status reporting, deliverable walkthroughs, subcontractor management, issue tracking and resolution, interfacing with DHSS staff and contract management.

See Project Plan Template in Information Technology Publications link in Enclosure 2 for a sample project plan in mpp format.

This provides the general format that Contractor must follow when constructing the project plan. Project plan must reflect each deliverable and milestone in the specified format. Review periods as specified in the RFP must be built into the project schedule. As applicable, federal review timeframes must be included as project tasks. Serial deliverable review periods must be shown - the best way to do this is to link the "DHSS Review of Deliverable" task with the prior deliverable's review task. The project plan is a critical deliverable and must reflect all dependencies, dates and review periods. If the plan has unresolved issues, DHSS will not approve the initial milestone payment.

A detailed, updated project plan will be created after contract signature and will serve as the initial deliverable and baseline project schedule. This is a critical milestone task and all subsequent work will be dependent on the formal DHSS approval of the initial milestone. **Until formal DHSS approval of this milestone, no other billable work on this project should take place. Unless otherwise extended by DHSS, a Baseline Project Plan must be submitted for DHSS approval within one month of the project start date. If there is no Baseline Project Plan submitted by this date, DHSS at its sole option may choose to take remedial action up to and including termination of the contract.** Therefore it is critical that this task be completed and approved as soon as possible. This project plan must include each phase of the project, clearly identifying the resources necessary to meet project goals. It will be the contractor's responsibility to provide complete and accurate backup documentation as required for all document deliverables. **The project plan is a living document and it must be updated and presented as part of the periodic status report to accurately reflect current project timelines and task progress. This is mandatory. The updated project plan must include the baseline start and end dates as columns alongside the current task start and end dates. If there are modifications to the project scope, there is a formal DHSS change request process for review and approval of these requests. Approved change requests must result in the addition of a re-baselined project plan as a project deliverable due within one month of signature of the contract amendment.**

Status reports and project plans will be archived as part of the project artifacts in a central controlled Microsoft SharePoint environment.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

Contractor staff expertise in MS Project is critical for proper construction and maintenance of this plan.

NOTE: All of the application deliverables are described at a module level. The project plan must be detailed and include items such as:

- Project Kickoff Meeting
- Technical Briefing with IRM Staff
- Status meetings
- Functional Requirements JAD sessions
- Functional Requirements Deliverable (FRD) *
- Detailed System Design (DSD) JAD sessions
- DSD deliverable *
- User manual or on-line help *
- Systems documentation, as required *
- Training plan including test scripts *
- User Acceptance Testing *
- Production implementation *
- Conclusion of Warranty *

For the items shown with an asterisk above, the plan needs to provide time for DHSS review and approval.

3.2.5 Firm Past Performance and Qualifications (Section E)

Bidder shall describe their corporate experience within the last five (5) years directly related to the proposed contract. Also include experience in:

- Other government projects of a similar scale

Experience of proposed subcontractors shall be presented separately.

Provide a summary description of each of these projects including the contract cost and the scheduled and actual completion dates of each project. For each project, provide name, address and phone number for an administrative or managerial customer reference familiar with the Contractor's performance. Please use the **Contractor Project Experience** form (Enclosure 5) to provide this information in this section.

Provide an example of an actual client implementation plan, similar in magnitude to the Online Web-based Validated Developmental Screening Tool and Services, including staff, dates, milestones, deliverables, and resources.

3.2.6 Project Cost Information (Section F)

Bidder shall provide costs for the project as outlined in Enclosure 3.

In completing the cost schedules, rounding should not be used. A total must equal the sum of its details/subtotals; a subtotal must equal the sum of its details.

The Total Project Cost shown in Schedule 3a must include all costs that the selected Contractor will be paid by DHSS under this contract.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

See the Deliverable Cost Schedule Template in Information Technology Publications link in Enclosure 2 for a sample file in xls format.

3.2.7 Vendor Stability and Resources (Section G)

Contractor shall describe its corporate stability and resources that will allow it to complete a project of this scale and meet all of the requirements contained in this RFP. The Contractor's demonstration of its financial solvency and sufficiency of corporate resources is dependent upon whether the Contractor's organization is publicly held or not:

- If the Contractor is a publicly held corporation, enclose a copy of the corporation's most recent three years of audited financial reports and financial statements, a recent Dun and Bradstreet credit report, and the name, address, and telephone number of a responsible representative of the Contractor's principle financial or banking organization; include this information with copy of the Technical Proposal and reference the enclosure as the response to this subsection; or
- If the Contractor is not a publicly held corporation, the Contractor may either comply with the preceding paragraph or describe the bidding organization, including size, longevity, client base, areas of specialization and expertise, a recent Dun and Bradstreet credit report, and any other pertinent information in such a manner that the proposal evaluator may reasonably formulate a determination about the stability and financial strength of the bidding organization; also to be provided is a bank reference and a credit rating (with the name of the rating service); and
- Disclosure of any and all judgments, pending or expected litigation, or other real or potential financial reversals, which might materially affect the viability or stability of the bidding organization; or warrant that no such condition is known to exist.

This level of detail must also be provided for any subcontractor(s) who are proposed to complete at least ten (10) percent of the proposed scope of work.

The requirements from RFP Section II.B General Evaluation must be addressed and consolidated into this section.

3.2.8 Policy Memorandum Number 70 (Section H)

Please review DHSS Policy Memorandum Number 70. The link to this document is in Enclosure 2. If your firm has a written inclusion policy/plan, please include it in this section.

If your firm does not have an inclusion policy/plan, please respond to this section as follows, "**Contractor does not have an inclusion policy/plan**". The response to this section will have no impact on the scoring of your proposal.

Enclosure 1

1. General Terms and Conditions

General Terms and Conditions

The following provisions are applicable to all DHSS RFP's

1) Investigation of Contractor's Qualifications

The State of Delaware may make such investigation as it deems necessary to determine ability of potential contractors to furnish required services, and contractors shall furnish the State with data requested for this purpose. The State reserves the right to reject any offer if evidence submitted or investigation of such contractor fails to satisfy the State that the contractor is properly qualified to deliver services.

2) Ownership Rights

The State will retain ownership rights to all materials including software, designs, drawings, specifications, notes, electronically or magnetically recorded material, and other work in whatever form, developed during the performance of this contract. A fundamental obligation herein imposed on the Contractor is the assignment by the Contractor to DHSS of all ownership rights in the completed project. This obligation on the part of the Contractor to assign all ownership rights is not subject to limitation in any respect, whether by characterization of any part of the deliverables as proprietary or by failure to claim for the cost thereof. The provisions of this article shall be incorporated into any subcontract.

3) Irrevocable License

The State of Delaware reserves a royalty-free, exclusive, and irrevocable license to reproduce, publish, or otherwise use the copyright of any deliverables developed under the resulting contract.

4) Right to a Debriefing

To request a debriefing on Contractor selection, the Contractor must submit a letter requesting a debriefing to the Procurement Administrator, DHSS, within ten days of the announced selection. In the letter, the Contractor must specifically state the reason(s) for the debriefing. Debriefing requests must be based on pertinent issues relating to the selection process. Debriefing requests based on specifications in the RFP will not be accepted. All debriefing requests will be evaluated in accordance with these conditions. Debriefing requests that meet these conditions will be reviewed and respectively answered by the Procurement Administrator and/or Debriefing Committee.

5) Hiring Provision

Staff contracted to provide the services requested in this RFP are not precluded from seeking employment with the State of Delaware. The contractor firm selected as a result of this RFP shall not prohibit their employees or subcontractor staff from seeking employment with the State of Delaware.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

6) Anti-Kick-back

The selected contractor will be expected to comply with other federal statutes including the Copeland "Anti-Kickback Act" (18 U.S.C.874), Section 306 of the Clean Air Act, Section 508 of the Clean Water Act , and the Debarment Act.

7) Federal Provisions

- **Americans with Disabilities Act** - This Act (28 CFR Part 35, Title II, Subtitle A) prohibits discrimination on the basis of disability in all services, programs, and activities provided to the public and State and local governments, except public transportation services.

- **Royalty-Free Rights to Use Software or Documentation Developed** - The federal government reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for federal government purposes, the copyright in any work developed under a grant, sub-grant, or contract under a grant or sub-grant or any rights of copyright to which a contractor purchases ownership.

- **Drug-Free Workplace Statement** - The Federal government implemented the Drug Free Workplace Act of 1988 in an attempt to address the problems of drug abuse on the job. It is a fact that employees who use drugs have less productivity, a lower quality of work, and a higher absenteeism, and are more likely to misappropriate funds or services. From this perspective, the drug abuser may endanger other employees, the public at large, or themselves. Damage to property, whether owned by this entity or not, could result from drug abuse on the job. All these actions might undermine public confidence in the services this entity provides. Therefore, in order to remain a responsible source for government contracts, the following guidelines have been adopted:
 - a. The unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in the work place.
 - b. Violators may be terminated or requested to seek counseling from an approved rehabilitation service.
 - c. Employees must notify their employer of any conviction of a criminal drug statue no later than five days after such conviction.
 - d. Contractors of federal agencies are required to certify that they will provide drug-free workplaces for their employees.Transactions subject to the suspension/debarment rules (covered transactions) include grants, subgrants, cooperative agreements, and prime contracts under such awards. Subcontracts are not included. Also, the dollar threshold for covered procurement contracts is \$25,000. Contracts for Federally required audit services are covered regardless of dollar amount.

STATE OF DELAWARE
Delaware Health and Social Services, Division of Public Health

8) DHSS Policy Memorandum # 70

Please refer to Enclosure 2 for the link to this document.

The Contractor agrees to adhere to the requirements of DHSS Policy Memorandum # 70, (effective 7/18/2015), and divisional procedures regarding the concept of an inclusive workplace which is accepting of diverse populations in our workforce and actively practices acceptance of diverse populations within our community, through our programs and services we provide to our clients. It is understood that adherence to this policy includes the development of appropriate procedures to implement the policy and ensuring staff receive appropriate training on the policy requirements. The Contractor's procedures must include the position(s) responsible for the PM70 process in the Contractor's organization. Documentation of staff training on PM70 must be maintained by the Contractor.
