RFP HSS 20 014R

EXPANSION OF TITLE X FAMILYPLANNING SERVICES FOR SPECIAL POPULATIONS

Questions received by the due date of July 28, 2020

Question 1 –

On page 4 and 8 of the RFP, it states that we need to “Provide Title X Family Planning services to a clear and distinct special population.” Does the clear and distinct special population need to be a **new** patient population entirely (i.e. the contractor will need to recruit new patients under the Title X program)?

Answer - No, not a new patient population entirely but, it needs to be one that isn’t currently being served under the agencies current Title X Family Planning contract.

Or, can this be a special population within our existing patient population who already meets the other eligible criteria for Title X, but is not yet served by a current Title X contract?

Answer - Yes

Question 2 -

Can existing Title X Contractors apply for this funding?

Answer – Yes, existing Title X Contractors can apply for this funding. Question 2 -

Question 3 -

In the COVID19 pandemic, school-based health centers have closed, or access has been limited for students. If a contractor is able to absorb referrals from school-based health centers for Title X services, would this be considered a “clear and distinct special population”?

Answer - Yes
