

TANF WORKS Services for Adults

CONTRACT NUMBER LAB 17900 – TANF_WORKS
RFP Pre-bid Meeting: Additional Questions and Answers
July 25, 2017

Please confirm that the performance expectations outlined in the 2nd table are intended to all be measured off of the Enrollment outcome. In similar TANF performance-based projects for other states, retention measures are usually calculated against actual employment placements. Did the state intend for the employment retention outcomes to be measured from Placement in Employment instead of Enrollment?

The state's intent is for the Performance expectations to be measured off of the Enrollment Outcome.

When DOL refers clients to a TANF Works program, are they given bus passes by the state to get to the vendor?

DOL does not refer clients. DSS sends Referrals to contractors electronically via Assist Workers Web. Depending on their location, TANF clients receive a five dollar or ten dollar transportation voucher at the time of referral to assist with their transportation needs.
