Vendors will need to provide separate proposals and copies of proposals for each delivery area they are bidding on.

All properly sealed and marked proposals are to be sent to the State of Delaware and received no later than **4:00 PM (Local Time) on August 4, 2017**. The Proposals may be delivered by Express Delivery (e.g., FedEx, UPS, etc.), US Mail, or by hand to:

**DEPARTMENT OF LABOR - DIVISION OF EMPLOYMENT AND TRAINING
4425 NORTH MARKET STREET
WILMINGTON, DE 19802**

Any proposal submitted by US Mail shall be sent by either certified or registered mail. Proposals must be received at the above address no later than **4:00 PM (Local Time) on August 4, 2017**. Any proposal received after this date shall not be considered and shall be returned unopened. The proposing vendor bears the risk of delays in delivery. The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.

3. Proposal Modifications

Any changes, amendments or modifications to a proposal must be made in writing, submitted in the same manner as the original response and conspicuously labeled as a change, amendment or modification to a previously submitted proposal. Changes, amendments or modifications to proposals shall not be accepted or considered after the hour and date specified as the deadline for submission of proposals.

STATE OF DELAWARE
Department of Labor
Division of Employment and Training

4. Proposal Costs and Expenses

The State of Delaware will not pay any costs incurred by any Vendor associated with any aspect of responding to this solicitation, including proposal preparation, printing or delivery, attendance at vendor's conference, system demonstrations or negotiation process.

5. Late Proposals

Proposals received after the specified date and time will not be accepted or considered. To guard against premature opening, sealed proposals shall be submitted, plainly marked with the proposal title, vendor name, and time and date of the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

6. Proposal Opening

The State of Delaware will receive proposals until the date and time shown in this RFP. Proposals will be opened only in the presence of the State of Delaware personnel. Any unopened proposals will be returned to Vendor.

There will be no public opening of proposals but a public log will be kept of the names of all vendor vendors that submitted proposals. The contents of any proposal shall not be disclosed to competing vendors prior to contract award.

7. Non-Conforming Proposals

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive or a mere formality shall reside solely within the State of Delaware.

8. Concise Proposals

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

9. Realistic Proposals

It is the expectation of the State of Delaware that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

The State of Delaware shall bear no responsibility or increase obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

STATE OF DELAWARE
Department of Labor
Division of Employment and Training

10. Confidentiality of Documents

All documents submitted as part of the vendor's proposal will be deemed confidential during the evaluation process. Vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract.

The State of Delaware is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, 29 *Del. C.* Ch. 100. Under the law, all the State of Delaware's records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. Vendor(s) are advised that once a proposal is received by the State of Delaware and a decision on contract award is made, its contents will become public record and nothing contained in the proposal will be deemed to be confidential except proprietary information.

Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. If a vendor feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended for selection. Vendor(s) must submit such information in a separate, sealed envelope labeled "Proprietary Information" with the RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 *Del. C.* § 10002(d), and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed.

11. Multi-Vendor Solutions (Joint Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the "**prime vendor**". The "**prime vendor**" must be the joint venture's contact point for the State of Delaware and be responsible for the joint venture's performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor's systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its sub-vendor or its sub-vendor.

STATE OF DELAWARE
Department of Labor
Division of Employment and Training

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The State of Delaware expects to negotiate and contract with only one “prime vendor”. The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all sub-vendors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-sub-vendors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.16 regarding multiple source contracting.

b. Sub-contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a sub-vendor.

Use of sub-vendors must be clearly explained in the proposal, and major sub-vendors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not sub-vendors are used.** Any sub-vendors must be approved by State of Delaware.

c. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

12. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a sub-vendor.

Use of sub-vendors must be clearly explained in the proposal, and sub-vendors must be identified by name. Any sub-vendors must be approved by State of Delaware.

13. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware’s Designated Contact, in writing, of such findings at least ten

STATE OF DELAWARE
Department of Labor
Division of Employment and Training

(10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

14. State's Right to Reject Proposals

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

15. State's Right to Cancel Solicitation

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor's participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

16. State's Right to Award Multiple Source Contracting

Pursuant to 29 *Del. C.* § 6986, the State of Delaware may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of the State of Delaware.

17. Notification - Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

18. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at www.bids.delaware.gov. The State of

STATE OF DELAWARE
Department of Labor
Division of Employment and Training

Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, vendor or its agents.

19. Exceptions to the RFP

Any exceptions to the RFP, or the State of Delaware's terms and conditions, must be recorded on Attachment 3. Acceptance of exceptions is within the sole discretion of the evaluation committee.

20. Award of Contract

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid of the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status.

21. COOPERATIVES

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

C. RFP Evaluation Process

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

STATE OF DELAWARE
Department of Labor
Division of Employment and Training

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in a timely manner any and all information that the State of Delaware may deem necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 *Del. C.* §§ 6981 and 6982. **The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors.** The Team shall make a recommendation regarding the award to the Department of Labor, who shall have final authority, subject to the provisions of this RFP and 29 *Del. C.* § 6982, to award a contract to the successful vendor in the best interests of the State of Delaware.

2. Proposal Selection Criteria

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team. The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible vendor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to 29 *Del. C.* §6986. Such selection will be based on the following criteria:
 - The Department of Labor reserves the right to reject any or all bids in whole or in part, to make multiple awards, partial awards, award by types, item by item, lump sum total, by county, and/or by program, whichever may be most advantageous to the State of Delaware and so that the goal of serving the TANF community is met.

D. Contract Terms and Conditions

1. General Information

- a. The term of the contract between the successful bidder and the State shall be for one (1) year with three (3) optional extensions for a period of one (1) year for each extension. The proposed initial term of the contract will be from October 1, 2017 through September 30, 2018.
- b. The selected vendor will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.
- c. The selected vendor or vendors will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. The State of Delaware's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

2. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

STATE OF DELAWARE
Department of Labor
Division of Employment and Training

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

3. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, vendors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

4. Solicitation of State Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective vendors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the vendor or sub-vendor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

5. General Contract Terms

a. Independent vendors

The parties to the contract shall be independent vendors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party, or any other obligation of the other party to pay on the behalf of its employees or to withhold

It may be at the State of Delaware's discretion as to the location of work for the contractual support personnel during the project period. The State of Delaware shall provide working space and sufficient supplies and material to augment the Vendor's services.

b. Non-Appropriation

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

c. Licenses and Permits

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § 2502.

Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

APPENDIX A – BACKGROUND AND SCOPE OF WORK

INTRODUCTION

The TANF Team is looking for vendors who are totally committed to working with TANF job seekers and those TANF clients who are employed to achieve economic independence for themselves and their families. Successful vendors will be vendors who do “whatever it takes” to help remove barriers to client success; vendors who help clients focus on long term goals, yet help meet short term needs; vendors who see clients as deserving people in difficult circumstances, not difficult people in circumstances they deserve.

BACKGROUND AND KEY PRINCIPLES

Implementation of Delaware’s TANF Program began on October 1, 1995. The objective of the program is for all of Delaware’s TANF Program employable adults to **achieve their full career and employment potential through high-quality satisfying jobs, which provides Delaware’s employees with a competitive workforce.**

RESULTS TO DATE

Delaware’s TANF Program results show:

1. WORK PAYS MORE THAN WELFARE.

- Cash Grant for 3 = \$338 per month
- **Statewide**
 - Average wage = \$10.07/hr.
- **By County**
 - Average wage in New Castle - \$10.39/hr.
 - Average wage in Kent - \$10.11/hr.
 - Average wage in Sussex - \$ 9.727/hr.

Delaware’s TANF Program clients receive supports that subsidize:

- Wages,
- Childcare,
- Health Care,
- Transportation Assistance,
- Cash Grant, and
- Earned Income Tax Credit (Federal).

STATE OF DELAWARE
Department of Labor

OUTCOME STATEMENT

The goal of Delaware's TANF Program is to provide a welfare system based on a philosophy of mutual responsibility. In working toward that goal, the State will strive to place individuals in private or public sector unsubsidized employment that enables them to enter and maintain family sustaining employment. To that end, the TANF program provides individualized supports and programming to assist families to become employed, and expects families to accept responsibility to become self-supporting.

Five key principles form the foundation of TANF:

1. Work should pay more than welfare.
2. Welfare clients must exercise personal responsibility in exchange for benefits.
3. Welfare should be transitional, not a way of life.
4. Both parents are responsible for supporting their children.
5. The formation and maintenance of two-parent families should be encouraged; and teenage pregnancy and unwed motherhood should be discouraged.

GENERAL EXPECTATIONS

Delaware's TANF Program is seeking qualified vendors that can contribute to Delaware's Outcome Statement in the following target areas:

- Placement of individuals in unsubsidized jobs
- Participation of individuals in the appropriate number of consecutive hours of countable activities in every week
- Retention in full time jobs
- Increases in earnings and benefits
- Skill improvements and credentials earned
- Customer satisfaction (while not an outcome, it is a Delaware indicator)

Delaware's TANF Program Team is seeking highly qualified vendors that can directly contribute to Delaware's desired employment outcome and supporting adult TANF clients to reach self-sufficiency through one service – TANF Works. The TANF Works vendor will provide services to help TANF clients obtain and maintain full-time unsubsidized employment that results in achieving long-term economic independence. To ensure long-term economic independence, Delaware's TANF Program Team is interested in proposals that link clients to adult career pathways. Adult career pathways prepare the unemployed and underemployed for jobs by offering flexible services in partnership with education institutions, community-based vendors, government agencies, and business and industry. Adult career pathways lead individuals to an industry recognized credential or certificate, associate degree, bachelor's degree, and ultimately employment in a middle- or high-skill occupation. Adult career pathways integrate multiple levels of education, including adult literacy, adult basic education, GED instruction, English language literacy, and post-secondary career and technical education (CTE) which leads to an industry credential/certificate and/or an associate degree. Education, workforce, and support services are integrated so that instruction and support services are available as the recipient progress through the pathway. Adult career pathways prepare individuals to enter the workforce and for the next level of education.

According to the Center for Occupational Research and Development, the adult career pathways programs should include:

STATE OF DELAWARE
Department of Labor

- An intensive **prep stage** designed to prepare Clients for job entry and post-secondary study;
- **Industry-focused curriculum** that prepares Clients for employment and career advancement in a specific occupation or industry;
- A **multi-step career ladder** that begins with job-entry skills and concludes with advanced technical skills often leading to an industry recognized credential/certificate and/or an associate degree;
- **Partnerships** with community vendors and government agencies that can supply resources to Clients to overcome barriers that might impede study and/or employment;
- Part-time or integrated **employment opportunities** in appropriate positions upon completion of the prep stage and/or as the individual progresses through the career pathway; and
- Personal and academic **support services** essential to client success.

At a minimum, the vendor would assess TANF clients for an appropriate career pathway and create an Individual Service Strategy (ISS) with the necessary action steps that need to be taken to be successful.

This solicitation is to ensure services are provided to all Delaware TANF Program clients statewide. Vendors should clearly define how they will provide direct client services, including but not limited to the following areas:

- Northern New Castle County (including Wilmington and Claymont)
- Southern New Castle County (including Newark, Middletown, and Odessa)
- Kent County (including Smyrna and Dover)
- Sussex County (including Georgetown and West Rehoboth)

Vendors may bid on one or more of the above areas. Vendors are encouraged to think outside the box to keep costs down when proposing to serve more than one area.

Delaware's TANF Program Team is interested in specific and definitive formal linkages between agencies, which will directly lead to:

- saving or generating additional resources,
- increasing customer outcomes and satisfaction, and
- services to customers with more or different needs.

Each vendor works with all other vendors and DSS, DOL, and DOT staff/local representatives to assure effective communication at the local level and to resolve local placement, transition, and services issues. Vendors will designate a local county representative to participate on a Local Coordinating Team (LCT) and WIOA local meetings in each county that they are funded to provide services.

Vendors will be responsible for decisions relating to the full family sanctions and the cure of such sanctions consistent with applicable policies.

Selected vendors will support the APEX program. The APEX program helps clients through the pardons and expungement process and provides employer education, and advancing legislative reform. This will at a minimum include:

- Making brochures available on site.
- Making it possible for APEX to have regular monthly meetings on site.
- Actively promote APEX services to clients as a tool to move to economic independence.

STATE OF DELAWARE
Department of Labor

Selected vendors will be required to attend meetings as requested by DOL/DET and DSS.

Target Outline Question #1
YOUR PROGRAM'S OUTCOME STATEMENT

What is the overall end state that your agency will accomplish for the customers who are served by this solicitation? (No more than 100 words)

Outcome Statement: The result that the investor seeks (generally an end state) to which all performance targets must contribute. Examples include: a school with no one being drug-dependent, a community in which no baby has a low birth weight for any preventable reason, etc. Outcomes are specific states or conditions that can be understood to be caused or at least influenced by the achievement of performance targets.

Target Outline Question #2

CUSTOMERS

- A. WHO are the customer for the selected program and HOW MANY customers do you plan to serve in the coming program year? Please provide a description of conditions and behaviors of typical customers as well as demographic information on this customer group. In addition to describing new customers, current vendors who are seeking continued funding should include Clients who carry-in from the current program year to the new program year.
- B. Profile-Please provide a profile of one or two customers served by this program.

Customer: Customers are people who directly interact with an organization's product and its implementers. This interaction is intended to result in a change in customer behavior or condition in line with organizational outcomes and mission.

Target Outline Question # 3

PERFORMANCE TARGET

- A. What are your QUANTITATIVE PERFORMANCE TARGETS for these customers for the year and how will you know if you reached them?

Note: As specific performance targets are included in the proposal, they do not need to be addressed here. This question refers to additional performance targets that the Proposer has identified as keys to success.

- B. Verification –Identify the strategies, activities and tools that will be used to monitor performance on a regular basis.

Performance Targets: The specific result that an implementer seeking investment will commit to achieve. It is tangible in the sense that it can be verified and narrow enough to be directly achieved by the implementer. It almost always represents a change in behavior for the customer of a program.

Verification: Establishing that something represented to happen does in fact take place. Verification in Outcome Funding replaces measuring. It is kept as simple as possible and looks more to answer the question yes or no than to measure small differences. Verification typically focuses on milestones and performance target accomplishments.
