Dear Mr. Mike Napior

The Special Provisions of Contract # 11-001-Aluminum Piling provides that the term of the contract may be extended by mutual consent. Department of Natural Resources & Environmental Control Division of Fish and Wildlife would like to exercise that option and extend the contract with Crane Materials International for a period of one year under the same pricing, terms and conditions. The contract would then continue to be effective through September 30th 2012. Please sign both copies enclosed indicating your acceptance and return both letters to me by November 30th. An executed copy will be returned for your records.

We appreciate your cooperation and look forward to hearing from you. Should you have any questions, please do not hesitate to contact me. @ 302-739-6130

Sincerely,

Eugene L. Gerardi
