The State of Delaware will lease agricultural lands known as land in and around Milford Neck Wildlife Area, Masten-Dickerson Tract, subject to the following:

TERM OF LEASE:

This Lease will be for a period of three (3) years beginning April 15, 2012 and ending December 31, 2014.

ACREAGE:

Fields that are designated and offered for lease by Delaware Division of Fish and Wildlife are approximately 137 acres. Delaware Division of Fish and Wildlife does not guarantee the exact acres of the land for lease.

LAND USAGE:

The land covered under this lease is to be used for crop purposes only and for no other purposes. Lessee covenants and agrees that it will farm in accordance with generally accepted farming practices and procedures. Failure to do so will be cause for immediate termination of the lease.

ASSIGNMENT OF LEASE:

Lessee may not assign his interest in this lease without the prior written consent of the Lessor.

SECURITY:

Lessee covenants and agrees that he will in no way interfere with the security of the Institution or in the DIVISION's ability to carry out its mission.

BINDING:

This agreement is binding upon the parties hereto, their heirs, successors, administrators and assignees.

CONDITIONS:

The Division of Fish and Wildlife will lease agricultural land known as the Milford Neck Wildlife Area (Masten-Dickerson Tract) subject to the following conditions:

- 1) The Division reserves the right to reject any or all bids, or to cancel this lease on or before January 31 of each year by written notice, given at least 60 days prior to January 31 for non-performance of the contract. This lease shall not be subject to subleasing on the part of the Lessee.
- 2) Lessee will be required to pay twenty-five percent (25%) of the annual rental when the contract is awarded. In subsequent years of the contract, the twenty-five percent (25%) payment is due on or before March 15. The remaining balance of the annual rental, seventy-five percent (75%) shall be due on or before October 31 of each year of the lease. Failure to make timely payments shall be a condition to cancel the lease at any time. In

addition, Lessee must agree to grant a security interest (lien) in farm crops, not limited to soybeans, sorghum, or corn, standing, grown, in storage or in transit, which are grown on described rental property, to insure performance by the Lessee under all agreements with the Lessor. The Lessee must provide the division with a list of grain dealers that will be receiving crops grown on Division lands to insure execution of security interest.

3) Term lease: Three (3) crop season years, beginning March 31, 2012 and automatically terminating without written notice by the Division on December 31, 2014. The Division reserves the right to extend this lease for additional 3 crop year periods.

4) Fields with the approximate acreage that are offered for lease are outlined on the attached map and table. The Division does not guarantee the exact acres of land for rent.

5) Corn or soybeans will be grown at the discretion of the farmer unless otherwise directed in writing by the Division. In every field, four productive rows of corn or ten feet of soybeans shall be left unharvested on either side of each field except the sides along paved or dirt roads. In addition, twenty productive rows of corn or fifty feet of soybeans shall be left in the center (running lengthwise) of fields 1, 6, and 8. The location of such standing crops will be agreed upon before harvest by the Lessor and Lessee. Failure to leave the required standing crop shall result in cancellation of this contract. Crop left in the field after combining by mechanical picker will not be removed until March 15 of each year. Corn stalks may be chopped from January 31 to March 1 of each year, except as otherwise directed by the Division. Some soybean fields may be double cropped with small grains as approved by the regional biologist. Lessee is cautioned that winter grains may be damaged by wintering waterfowl.

6) The Division reserves the right to prohibit the use of certain agricultural pesticides on their lands. The use of carbofuran (Furadan) liquid or granular is prohibited on Division lands. The Division will inform Lessees of other restricted compounds. Lessee may be requested to submit a listing of pesticides to be used on Division lands. Violation of Federal, State, or Division pesticide regulations shall be a condition to cancel the lease.

7) Lessee will be required to apply lime at sufficient rates to maintain the soil pH between 5.8 and 6.5, to be monitored annually by the Lessee through soil sample analysis. Fertilizer will be applied at an equal rate on both crops to be harvested by the Lessee and those left unharvested for the Division.

8) The Lessee shall not plow, disk, or otherwise till any areas until March 15 of each year in order to leave food and cover for wildlife during the winter, except as directed by the Division.

9) No tillage, mowing, or herbicide applications will be permitted in fields or portions of fields taken out of production or within forty (40) feet of the edge of any road, woods, hedgerow, fence, or ditch without advance written consent of the Division. These edges are marked by Division of Fish and Wildlife signs. The acreage of these areas has been subtracted from the total rental acreage calculation. Thus, Division staff is responsible for noxious weed control and other maintenance of these areas.

10) The Lessee shall be responsible for the control of noxious weeds growing on leased lands, as declared by the Delaware Department of Agriculture. Failure of Lessee to comply with Department of Agriculture noxious weed control measures shall be a condition to cancel the lease.

11) The Division reserves the right to create new hedgerows, ponds, buffer strips, or divert land for other uses. Any lands diverted for these will not affect the contract bid price unless such diversion exceeds three percent of the tillable acreage. The Division will deduct a proportional amount from the annual rent for diversions exceeding three percent.

12) All hunting and trapping rights and privileges and all land use except agricultural tillable rights are reserved by the Division. The Lessee is advised to harvest all crops as early as possible each year to prevent damage due to hunting as these lands will be open to public hunting. The Division will not be held responsible for any damage to the Lessee's crops or machinery.

13) The successful bidder agrees to give preference in employment to bona fide legal citizens in this state who have established citizenship by residence of at least ninety (90) days in the state.

HOLD HARMLESS:

The successful bidder agrees that it shall indemnify and hold the State of Delaware and all its agencies harmless from and against any and all claims for injury, loss of life, or damage to or loss of use of property caused or alleged to be caused, by acts or omissions of the successful bidder, its employees, and invitees on or about the premises and which arise out of the successful bidder's performance, or failure to perform as specified in the Agreement.

TERMINATION FOR CONVENIENCE:

Leases shall remain in effect for the time period and quantity specified unless the Lease is terminated by the State. The State may terminate the Lease at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of termination.

TERMINATION FOR CAUSE:

If, for any reasons or through any cause, the Contractor fails to fulfill in timely and proper manner his obligations under this Lease, or if the Contractor violates any of the covenants, agreements, or stipulations of this Lease, the State shall thereupon have the right to terminate this Lease by giving written notice to the Contractor of such termination and specifying the effective date thereof, at least 5 days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Contractor under this Lease shall, at the option of the State, become its property, and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.
