RE: Award Letter Notification  
Request for Proposal # NAT13246SOFTWAREAP  
Loan Portfolio Management System Software

Dear Ms. Eakins,

I am pleased to inform you that Technology Partnership Group's (TechPG) response to the above-referenced Request for Proposal has been evaluated, and selected. This award notification letter is intended to inform of the necessary next steps to review and finalize a Professional Services Agreement with the Department of Natural Resources and Environmental Control (DNREC), and the necessary receipt of a State of Delaware Purchase Order to initiate work activities.

Attached is a draft State of Delaware, Professional Services Agreement based on TechPG's response to the request for proposals. I will contact you to review and help finalize the document for the required signatures. Substantial changes to the draft Professional Services Agreement may require additional review and approvals before it can be finalized. Please be aware that work cannot be initiated by TechPG on the proposed project until a final Professional Services Agreement has been signed, and you have received a State of Delaware Purchase Order.

Please let me know if you have any questions or concerns, and I look forward to working with you and TechPG's Team in the near future.

Sincerely
