**Re: Delaware Coastal Programs
Coastal Management Assistance Grants
City of New Castle**

Dear Mr. Bergstrom,

We would like to thank you for applying for a grant through the Delaware Coastal Programs. This year the Coastal Grants Program received eight very competitive proposals with requested funds totaling over \$147,000.

I am pleased to inform you that your proposal, "Vulnerability Assessment of Flood-prone Properties", was selected for funding during this grant period. We will be contacting you shortly to finalize the scope of work, deliverables, reporting requirements and other details pertaining to the grant award for preparation of the grant contract. The grant contract must be fully executed prior to work commencing on the project.

If you have any questions before that time, please contact me at bonnie.arvay@state.de.us or by calling (302) 739-9283.

Sincerely,

Town of Slaughter Beach**

Dear Ms. Lock,

We would like to thank you for applying for a grant through the Delaware Coastal Programs. This year the Coastal Grants Program received eight very competitive proposals with requested funds totaling over \$147,000.

I am pleased to inform you that your proposal, "Waste Water Treatment Feasibility Study", was selected for funding during this grant period. This funding is contingent on the receipt of the match identified in your proposal from the Clean Water State Revolving Fund.

We will be contacting you shortly to finalize the scope of work, deliverables, reporting requirements and other details pertaining to the grant award for preparation of the grant contract. The grant contract must be fully executed prior to work commencing on the project.

If you have any questions before that time, please contact me at bonnie.arvay@state.de.us or by calling (302) 739-9283.

Sincerely,

**Re: Delaware Coastal Programs
Coastal Management Assistance Grants
University of Delaware – Mobile Application Development (John Callahan)**

Dear Ms. Tompkins,

We would like to thank you for applying for a grant through the Delaware Coastal Programs. This year the Coastal Grants Program received eight very competitive proposals with requested funds totaling over \$147,000.

I am pleased to inform you that your proposal, "Mobile Application Development and Data Integration for the Delaware Coastal Flood Monitoring System", was selected for funding during this grant period. Due to concerns with the available match, this grant will not be fully funded as proposed. The grant awarded to university will support the PI/co-Pi (K. Brinson, C. Callahan) salaries for work as described. This will be in the amount of \$15,311.10 (including indirect). This amount will be match partly by the university with PI/co-Pi cost-share as described, in the amount of \$14, 154.00. The third party vendor will be paid through a direct professional services contract with the Department of Natural Resources and Environmental Control in the amount of \$15,000. We will be contacting you shortly to finalize the scope of work, deliverables, reporting requirements and other details pertaining to the grant award for preparation of the grant award agreement.

If you have any questions before that time, please contact me at bonnie.arvay@state.de.us or by calling (302) 739-9283.

Sincerely,
