

**REQUEST FOR PROPOSALS FOR PROFESSIONAL SERVICES
WEATHERIZATION LOCAL PROVIDER
ISSUED BY DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENTAL
CONTROL
CONTRACT NUMBER NAT17002-WAPLOCAL**

I. Overview

The State of Delaware, Department of Natural Resources and Environmental Control Division of Energy and Climate seeks to identify and contract with one or more Community Action Agency or other government, public or non-governmental organizations to implement the Delaware Weatherization Assistance Program. This request for proposals is issued pursuant to 29 *Del. C.* §§ 6981 and 6982.

The proposed schedule of events subject to the RFP is outlined below:

Public Notice	Date: 08/31/2017
Mandatory PreBid Meeting	Date: 09/20/2017 and 09/21/2017
Deadline for Questions	Date: 10/11/2017
Response to Questions Posted by:	Date: 10/25/2017
Deadline for Receipt of Proposals	Date: 11/15/2017 (1:00 p.m. Local Time)
Estimated Notification of Award	Date: 12/31/2017

Each proposal must be accompanied by a transmittal letter which briefly summarizes the proposing organization/ firm's interest in providing the required services. The transmittal letter must also clearly state and justify any exceptions to the requirements of the Request for Proposals (RFP) which the applicant may have taken in presenting the proposal. (Applicant exceptions must also be recorded on Attachment 3). Furthermore, the transmittal letter must attest to the fact that no activity related to this proposal contract will take place outside of the United States. The State of Delaware reserves the right to deny any and all exceptions taken to the RFP requirements.

MANDATORY PREBID MEETING

Two mandatory public prebid meetings have been established for this RFP on Wednesday, September 20, 2017 at 10:00 a.m. and Thursday, September 21, 2017 at 6:00 p.m. at 100 W. Water Street, Dover, DE 19904 1st Floor Training Conference Room. All interested Respondents must have a representative present during at least one of these meetings.

**II. Scope of Services
Overview**

Pursuant to 40 CFR 440, the Delaware Department of Natural Resources and Environmental Control ("DNREC") Division of Energy and Climate ("DEC") is required to

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

contract with one or more Community Action Agency (“CAA”) or other government, public or nonprofit organization(s) (i.e. “Local Provider(s)”) to implement the Delaware Weatherization Assistance Program (“WAP” or “Program”) to eligible Delaware households. DEC has funds to meet an annual goal of weatherizing and delivering energy efficiency measures to approximately 400 households. The Local Provider coordinates and implements all Program components including contracting with qualified residential Home Performance service contractors (“subcontractors”) to deliver Program services.

The primary goal of WAP is to reduce energy costs for low-income households by increasing the energy efficiency of their homes. The Program is made possible by various funding sources which are administered and organized by DEC. Federal Weatherization Assistance Program grant funds from the U.S. Department of Energy (DOE) are braided with funds from the federal Low Income Home Energy Assistance Program (LIHEAP) block grant, Delaware utilities, and the Regional Greenhouse Gas Initiative (RGGI). Together, these funding sources allow for the delivery of a comprehensive set of Program services. As the recipient of these funds, DEC is responsible for ensuring the Program is fully planned, administered, and implemented in a fair and accountable manner. This includes providing oversight of the Local Provider.

WAP delivers weatherization and energy efficiency measures to low-income Delaware households with incomes at or below 200% of the federal poverty level. Example measures offered by the Program may include:

- Attic and wall insulation
- Air Sealing
- Pipe insulation
- Duct insulation
- Domestic hot water measures
- Exhaust Fans
- Electronic Control/ Switches
- Access & Hatches Insulation
- CFL/ LED lightbulbs
- Health & Safety

The Delaware Weatherization Assistance Program Manual for Weatherization Professionals contains detailed Program policies and procedures and can be accessed and reference via the WAP website at: **de.gov/wap**

As the Program Administrator, DEC has the following primary Program responsibilities:

- Overseeing activities of Local Providers delivering WAP implementation services.
- Reviewing and approving Local Provider budgets and budget modifications to ensure compliance, efficiency and accountability.
- Reviewing and approving State plans and plan modifications to ensure compliance and effectiveness in policy implementation.
- Devising and submitting statewide plans for federal DOE, LIHEAP, and other funding sources.
- Writing and maintaining policies and procedures that will maximize the implementation of the Program benefits in compliance with state and federal requirements.
- Developing and maintaining effective forms, as well as procedures to assist in the efficient and accountable delivery of services without overburdening Program operations.
- Formulating a statewide budget utilizing all funding resources in the most cost-effective manner possible.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

- Allocating grant funds in a manner which maximizes benefits to Program participants and WAP generally.
- Setting overall weatherization completion targets for WAP based on available funding.
- Setting a price list for subcontractor materials and labor.

This RFP will result in the selection of one or more Local Provider that will either implement the Program statewide or a portion of the state. At a minimum, bidders must be able to deliver Local Provider services in at least one of the three Delaware counties in order to be considered. The annual goal for number of households weatherized/ retrofitted is 400. Respondents may propose a portion of the goal and a budget commensurate with that smaller portion. This should be clearly communicated and explained in the sections entitled Completion Goals and Program Benchmarking and Assessing Accomplishments.

The Local Provider's costs to administer the program are reimbursed on a monthly basis by DEC upon the satisfactory performance and completion of Program tasks and in accordance with a duly executed contract and State Purchase Order.

During the contractual process, the Local Provider may request advanced funding as outlined in the WAP Manual (See Section 4.9, version 1/2017).

Scope of Work

The primary function of the Local Provider is to manage and implement the day to day direct services of the Program. DEC will enter into contracts with one or more Local Provider(s) to implement the Program. The selected Local Provider or Providers must display a successful track record for managing and implementing similar social service programs. The selected Local Provider or Providers is responsible for ensuring that implementation goals and objectives are met and that all weatherization and energy efficiency measures are delivered in a professional, cost-effective, and accountable manner.

WAP is a unique social services program because of its complex technical aspects. The selected Local Provider or Providers will effectively communicate a Program vision of success that clearly outlines and communicates in detail all processes and components including administrative responsibilities. Pursuant to this RFP, and within the proposal, any bidding organization ("Respondent") *must* include in its proposal a detailed description and Program implementation plan describing how the Program will be carried out. Organizations are encouraged to present an ideal plan for how this work is to be accomplished and may base their proposal on the planned hiring of staff and procurement of necessary items in order to successfully implement what the Respondent would consider an ideal Program implementation model.

The Local Provider must contract with trained and certified home performance contractors ("subgrantees") with the demonstrated capacity to perform the necessary range of technical home weatherization and energy efficiency measures. The Local Provider has the responsibility to ensure that weatherization and energy efficiency measures are delivered in a cost-effective and accountable manner and meets Program standards.

The following sections list the specific areas for which the successful Respondent(s) has responsibility:

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

- 1. Program Personnel:** The successful Respondent(s) will be able to demonstrate that its organization has sufficient qualified personnel, or will actively retain qualified experts or professionals, and is prepared to perform low-income energy efficiency work and other proposed activities within 90 days of completing a contract to successfully implement and complete the Program. If any of the key personnel titles/roles you list below are not filled by your staff at the time of submitting this bid, describe your plan to fill the vacancies in a timely manner. As part of this RFP, the Respondent(s) must include a Personnel Plan that describes staff functions in the areas of program management, outreach, client intake services, energy auditing, quality assurance/ quality control, fiscal review and invoicing Program reporting, quality management, technical support and training.

DEC expects that the ideal and most cost-effective Program implementation team will include:

- A Program Manager to administer and provide oversight of all Program components.
- Expert Technical Weatherization Staff (the expectation is that the most cost-effective proposal will include staff persons assigned to perform home energy audits, act as the technical expert and serve as the final inspectors of completed work which will require a Building Performance Institute (BPI) Quality Control Inspector certification), as opposed to such services being provided by subcontractors;
- Client services Staff to conduct Program outreach and client intake services.
- Administrative Staff that will help to schedule weatherization work with subcontractors and clients, and manage case files and support interagency communications.
- Financial Management Staff, which includes an individual(s) responsible for invoice submittal and tracking as well as managing the contract budget and reporting.
- There is a 12 percent (12%) cap on extra administrative expenses that can be included in the Program budget.

The Respondent must provide resumes of the key personnel and job descriptions for planned key personnel, including the person responsible for the financial management of the Program. The Respondent must describe the roles and responsibilities of each key personnel for the Program. For each key personnel, please provide the following:

- Personnel Name
- Title/Role
- % Time (FTE)*
- Duties/Responsibilities

The Program Manager must be experienced in work related to WAP. The Program Manager must have demonstrated project management experience. If a Program Manager has not yet been hired, the job description for this position must be included in the Appendix to your bid.

* FTE = Full time equivalent; if labor hours are used, convert to FTE on the basis of 1 FTE = 2,080 hours per year.

- 2. Relevant Experience:** List all (e.g. federal, state, local, and non-profit) projects completed by your organization in the last three years that demonstrate experience in implementing energy efficiency or other related programs ("similar programs"). Examples

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

of similar programs include Community Development Block Grant's housing rehabilitation activities, Weatherization Assistance Programs, Healthy Housing programs, energy efficiency community education programs, and other comparable state, local or non-profit programs, etc.

Describe how you have administered similar programs, including whether and how you achieved performance benchmarks, addressed program oversight, and implemented financial management. Elements of prior performance that will cause your score to be reduced include:

- Termination for cause.
- Failure to achieve program benchmarks, financial benchmarks (e.g., amount or percentage of funds from the awarding agency disbursed, amount or percentage of match expended, etc.), or other requirements of the Program.

3. Program Work Plan: Respondent(s) must describe in detail a Program work plan to address start-up and implementation phases of the Program that includes specific, measurable and time-phased objectives for each major program activity. You will be rated on:

- Your ability to implement your work plan; and
- The quality of your work plan, for each major Program activity that reflects benchmark performance standards. Your proposed Program participant completion and financial benchmarks must be included in a table as part of the narrative (See section below: Program Benchmarking and Assessing Accomplishments)

•**General Program Concept:** Provide a general Program concept description. Be sure to include a general description of low-income program services provided, and any low-income energy efficiency industry innovations.

•**Startup:** Describe the startup phase (first 90 days) of your proposed program, including: development of your program work plan with a timeline to complete work within the 36-month period of performance; development of your program policies and procedures; plan to hire and train staff; if applicable, plan to establish a qualified contractor pool; plan to build and establish partnerships; development of plans for outreach, marketing, and recruitment of families and units; development of plans for staff education and training; development and plan for prioritization of units; and develop and plan for intake and enrollment. Describe the facility location(s) at which all grant operational functions will be completed.

•**Partnerships:** Describe how the Program will coordinate with State and local agencies or other partner organizations; and describe how, for example, referrals from the LIHEAP, Section 8, Housing Choice Voucher program and other agencies that assist low-income households will be received and processed. Describe your process for establishing contracts and/or memorandums of understanding (MOU) with partners and sub-recipients. Describe your process for monitoring and tracking your partner

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

activities and commitments. Explain your process for addressing activities that are not being met as agreed in the contract or MOU.

- Outreach and Marketing:** Describe in detail the methods and strategies you will use, including the individuals and/or sub-grantees, sub-recipients or contractors responsible, to affirmatively market and outreach the program to low-income Delaware households. Describe the measures the Program will take to sustain recruitment, and identify the staff responsible for both monitoring recruitment activities and implementing the measures identified to sustain recruitment. Discuss your proposed outreach activities and expected outcomes, as it relates to household enrollment. You must describe how outreach activities will be culturally sensitive, targeted, and linguistically appropriate and identify the means available to supply the educational materials in other languages (identify all languages that apply) common to the community. Outreach must also be provided in alternative formats for people with disabilities. Include the estimated number of individuals to receive the intended outreach.
- Intake and Enrollment:** Describe the specific measures your program will use to complete intake and enrollment of program applicants. Describe the specific measures the Program will take to sustain your eligible participant pipeline. Identify the staff responsible for both monitoring of this process step in addition to the actual recruitment activities by your staff. Describe how you will ensure the safety, security and privacy of files and all protected information. Include the estimated number of households to receive intake/ enrollment services.
- Production Process:** Describe the production process from participant intake to work completion/clearance and quality assurance/ quality control, including identifying the agency/person responsible for each phase, the timeline to complete each phase and how monitoring will be performed to both prevent and resolve production impediments.
- Completion Goals:** Describe the proposed number of eligible participants you plan will receive low-income energy efficiency work based on your capacity and expected accomplishments. Describe your approach to maximizing the number of eligible Program participants to receive energy efficiency work. Work completion estimates must include consideration of potential impediments and unforeseen delays. Please note that, if awarded the bid, the successful Respondent will be held to the production commitments.
- Energy Audits and Developing Work Specifications:** All work must meet industry standards. For the Program, a BPI standard energy efficiency audit/ inspection and basic risk assessment is required for every unit and/or common area you assist using funds under this program. All Respondents must describe the process for developing energy efficiency work specifications. Describe the general scope of energy efficiency services and prioritization process for prioritizing specific energy efficiency measures.
- Program Software:** The Local Provider will be required to use DEC sponsored/ supported Program software to manage the Program. All Respondents must describe its capacity to utilize the required software (e.g. laptops, tablets, information technology support, etc.).

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

•**Participant Energy Efficiency Education:** Describe how you will provide Program participants with energy efficiency information and education.

•**Procurement/ Selection of Home Performance Contractors:** Describe the process for developing and implementing an energy efficiency home performance contractor (“subcontractor”) outreach and selection process, and indicate the staff member(s) or entity responsible for ensuring the integrity of this process. Subcontractors must also participate in required training programs. Coordinated by DEC, relevant Local Provider staff and its subcontractors are required to participate in mandatory WAP trainings. Funds are allocated by DEC for this purpose and should not be included in the Respondent’s budget. Local Provider planning must include full participation in all required professional development and training.

Subcontractor Program credentialing requirements include:

- Possess a valid business license to work in the state of Delaware
- Business Insurance that covers residential weatherization services
- Possess the Delaware Firm Status to perform lead work
- Being in compliance with 2 CFR 200 for debarment
- Possess a Crew Leader that has the following certifications:
 - OSHA 30
 - Lead-Safe Weatherization
 - Delaware Renovate/Repair/ Paint
 - Confined Space Awareness training

•**Quality Assurance/ Quality Control:** All Respondents must describe how work will be monitored and supervised to ensure that entities involved in the Program perform work of acceptable quality in compliance with work specifications, applicable industry standards, and applicable federal/state/local regulations.

•**Clearance and Re-assessment Examinations:** Describe the timeline for completing post-intervention assessments and quality control checks. Describe the responsibility and payment of additional costs if a unit does not meet post-assessment work expectations and standards.

4. Program Benchmarking and Assessing Accomplishments: Describe Program performance indicators and the activities proposed to achieve these indicators. Performance indicators must be objectively quantifiable and measure actual achievements against anticipated achievements. The activities and associated targets per quarter in the table below represent the benchmarks against which your progress will be reported and measured each quarter. You must complete and submit the Benchmark Performance Standards Table, as displayed below, with your narrative based on the project goals established. When completing the Benchmarks Table, use cumulative (not incremental) numbering.

EXAMPLE													
Activity by Quarter	Year 1				Year 2				Year 3				Total
	Q 1	Q 2	Q 3	Q 4	Q 1	Q 2	Q 3	Q 4	Q 1	Q 2	Q 3	Q 4	
Outreach Events													

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

for Clients													
Outreach for Clients - Participants													
Households Referred													
Households Enrolled into Program													
Initial Home Energy Audits Completed													
Households weatherized													
Subgrantee Outreach events for Subcontractors													
Subgrantee Outreach for Subcontractors - Participants													
Households receiving QA monitoring													
Households receiving QC monitoring													
Budget Spend (\$)													

5. Program Reporting: The selected Respondent(s) will be required to lead and/or participate in status meetings and submit monthly, quarterly and yearly status reports covering such items as progress of work being performed, milestones attained, resources expended, problems encountered and corrective action taken, etc. Respondents must describe their methods for managing all Program data and preparing reports.

The following meeting schedule will be adhered to:

- Monthly meeting with DEC and entire Sub-grantee WAP staff.
- Quarterly meeting with DEC and Sub-grantee invoicing and financial staff.
- Yearly Subcontractor’s meeting held by the Sub-grantee on/about March 15 with instructions for the ensuing program year.
- Semiannual Program Manager’s meeting with DEC Program manager and Local Provider Program Manager.
- Annual Subcontractor’s meeting held by Sub-grantee in May to discuss program updates, field issues, Price List, new weatherization techniques, and new products.
- Quarterly Auditor’s meeting held by DEC with all WAP auditors.
- Ad hoc meetings, as requested.

The successful Respondent will be required to submit Program reports including:

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

- Weekly, monthly, and quarterly Program production reports. Regular auditor and subcontractor evaluation reports.
- Program Demographics, as requested.
- Fiscal reports, as requested.
- Participation in monthly in-person Program check-in meetings with DEC.
- Participation in annual monitoring visits by DEC and all associated federal monitoring visits.
- Ad hoc reports, as requested.

6. Fiscal Administration: The Local Provider's responsibilities include the management and accounting of WAP funds. It is important that the Respondent illuminate their financial soundness, security measures and the capacity to expend Program funds in an accountable and timely manner and includes:

- Preparing a Program budget according to allowable cost categories.
- Modifying a Program budget as needed and as approved by DEC.
- Reviewing, approving and paying subcontractor invoice claims for labor and materials in accordance with Program protocol.
- Submit claims for reimbursement of weatherization expenditures to DEC in accordance with Program protocol. This includes accounting for weatherization funds in accordance with applicable financial regulations and generally accepted fund accounting principles.
- Maintain a fair and competitive process for the procurement of weatherization related supplies, equipment and services.
- Institute an annual organizational and Program audit. Cooperate with WAP monitoring, fiscal reviews, and/or other requests for fiscal information.
- Maintain an escrow account specifically allocated to resolve errors and/or unapproved work by the Respondent.

7. Other Bidder Information

In order to be considered for an award of the contract, the Respondent, must additionally demonstrate its capacity to provide services and meet the criteria listed below including its:

- Social services experience and reputation in the State and/ or proposed geographic service area.
- Strong technical knowledge of weatherization and energy efficiency best practices and standards.
- Meeting State and Federal laws and regulations for delivering social service programs.

III. Required Information

The following information shall be provided in each proposal in the order listed below. Failure to respond to any request for information within this proposal may result in rejection of the proposal and is at the sole discretion of the State.

A. Minimum Requirements

1. Provide Delaware license(s) and/or certification(s) necessary to perform services as identified in the scope of work. Prior to the execution of an award document, the successful Vendor shall either furnish the Agency with proof of State of Delaware Business Licensure or initiate the process of application where required.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

2. Vendor shall provide responses to the Request for Proposal (RFP) scope of work and clearly identify capabilities as presented in the General Evaluation Requirements below.
3. Complete all appropriate attachments and forms as identified within the RFP.
4. Proof of insurance and amount of insurance shall be furnished to the Agency prior to the start of the contract period and shall be no less than as identified in the bid solicitation, Section D, Item 7, subsection e.
5. Provide response to Employing Delawareans Report (Attachment 9)

B. General Evaluation Requirements

1. Respondent's ability to perform services listed in the Scope of Work as demonstrated by staff qualifications, relevant expertise, and experience.
2. Hourly rates, costs, and other information provided in a financial proposal.
3. Quality of the proposal and its responsiveness to the RFP.
4. Extent of relevant experience in Delaware or other Mid-Atlantic states.
5. Capacity to meet requirements.

IV. Professional Services RFP Administrative Information

A. RFP Issuance

1. Public Notice

Public notice has been provided in accordance with 29 *Del. C. §6981*.

2. Obtaining Copies of the RFP

This RFP is available in electronic form through the State of Delaware Procurement website at www.bids.delaware.gov . Paper copies of this RFP will not be available.

3. Assistance to Vendors with a Disability

Vendors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the Designated Contact no later than ten days prior to the deadline for receipt of proposals.

4. RFP Designated Contact

All requests, questions, or other communications about this RFP shall be made in writing to the State of Delaware. Address all communications to the person listed below; communications made to other State of Delaware personnel or attempting to ask questions by phone or in person will not be allowed or recognized as valid and may disqualify the vendor. Vendors should rely only on written statements issued by the RFP designated contact.

**CHERYL L. GMUER
DIVISION OF ENERGY AND CLIMATE
100 W. WATER STREET, SUITE 5A
DOVER, DE 19904
CHERYL.GMUER@STATE.DE.US**

To ensure that written requests are received and answered in a timely manner, electronic mail (e-mail) correspondence is acceptable, but other forms of delivery, such as postal and courier services can also be used.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

5. Consultants and Legal Counsel

The State of Delaware may retain consultants or legal counsel to assist in the review and evaluation of this RFP and the vendors' responses. Bidders shall not contact the State's consultant or legal counsel on any matter related to the RFP.

6. Contact with State Employees

Direct contact with State of Delaware employees other than the State of Delaware Designated Contact regarding this RFP is expressly prohibited without prior consent. Vendors directly contacting State of Delaware employees risk elimination of their proposal from further consideration. Exceptions exist only for organizations currently doing business in the State who require contact in the normal course of doing that business.

7. Organizations Ineligible to Bid

Any individual, business, organization, corporation, consortium, partnership, joint venture, or any other entity including subcontractors currently debarred or suspended is ineligible to bid. Any entity ineligible to conduct business in the State of Delaware for any reason is ineligible to respond to the RFP.

8. Exclusions

The Proposal Evaluation Team reserves the right to refuse to consider any proposal from a vendor who:

- a. Has been convicted for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of the contract or subcontract;
- b. Has been convicted under State or Federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or other offense indicating a lack of business integrity or business honesty that currently and seriously affects responsibility as a State contractor;
- c. Has been convicted or has had a civil judgment entered for a violation under State or Federal antitrust statutes;
- d. Has violated contract provisions such as;
 - 1) Knowing failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or
 - 2) Failure to perform or unsatisfactory performance in accordance with terms of one or more contracts;
- e. Has violated ethical standards set out in law or regulation; and
- f. Any other cause listed in regulations of the State of Delaware determined to be serious and compelling as to affect responsibility as a State contractor, including suspension or debarment by another governmental entity for a cause listed in the regulations.

B. RFP Submissions

1. Acknowledgement of Understanding of Terms

By submitting a bid, each vendor shall be deemed to acknowledge that it has carefully read all sections of this RFP, including all forms, schedules and exhibits hereto, and has fully informed itself as to all existing conditions and limitations.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

2. Proposals

To be considered, all proposals must be submitted in writing and respond to the items outlined in this RFP. The State reserves the right to reject any non-responsive or non-conforming proposals. Each proposal must be submitted with six (6) paper copies and one (1) electronic copy on CD or DVD media disk, or USB memory drive. Please provide a separate electronic pricing file from the rest of the RFP proposal responses.

All properly sealed and marked proposals are to be sent to the State of Delaware and received no later than **1:00 PM (Local Time) on November 15, 2017**. The Proposals may be delivered by Express Delivery (e.g., FedEx, UPS, etc.), US Mail, or by hand to:

**CHERYL L. GMUER
DIVISION OF ENERGY AND CLIMATE
100 W. WATER STREET, SUITE 5A
DOVER, DE 19904**

Vendors are directed to clearly print “BID ENCLOSED” and “CONTRACT NO. NAT17002-WAPLOCAL” on the outside of the bid submission package.

Any proposal submitted by US Mail shall be sent by either certified or registered mail. Proposals must be received at the above address no later than **1:00 PM (Local Time) on November 15, 2017**. Any proposal received after this date shall not be considered and shall be returned unopened. The proposing vendor bears the risk of delays in delivery. The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.

3. Proposal Modifications

Any changes, amendments or modifications to a proposal must be made in writing, submitted in the same manner as the original response and conspicuously labeled as a change, amendment or modification to a previously submitted proposal. Changes, amendments or modifications to proposals shall not be accepted or considered after the hour and date specified as the deadline for submission of proposals.

4. Proposal Costs and Expenses

The State of Delaware will not pay any costs incurred by any Vendor associated with any aspect of responding to this solicitation, including proposal preparation, printing or delivery, attendance at vendor's conference, system demonstrations or negotiation process.

5. Proposal Expiration Date

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

Prices quoted in the proposal shall remain fixed and binding on the bidder at least through December 31, 2017. The State of Delaware reserves the right to ask for an extension of time if needed.

6. Late Proposals

Proposals received after the specified date and time will not be accepted or considered. To guard against premature opening, sealed proposals shall be submitted, plainly marked with the proposal title, vendor name, and time and date of the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

7. Proposal Opening

The State of Delaware will receive proposals until the date and time shown in this RFP. Proposals will be opened only in the presence of the State of Delaware personnel. Any unopened proposals will be returned to the submitting Vendor.

There will be no public opening of proposals but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be disclosed in accordance with Executive Order # 31 and Title 29, Delaware Code, Chapter 100.

8. Non-Conforming Proposals

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive or a mere formality shall reside solely within the State of Delaware.

9. Concise Proposals

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

10. Realistic Proposals

It is the expectation of the State of Delaware that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

The State of Delaware shall bear no responsibility or increase obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

11. Confidentiality of Documents

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

All documents submitted as part of the vendor's proposal will be deemed confidential during the evaluation process. Vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract.

The State of Delaware is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, 29 Del. C. Ch. 100. Under the law, all the State of Delaware's records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. Vendor(s) are advised that once a proposal is received by the State of Delaware and a decision on contract award is made, its contents will become public record and nothing contained in the proposal will be deemed to be confidential except proprietary information.

Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. If a vendor feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended for selection. Vendor(s) must submit such information in a separate, sealed envelope labeled "Proprietary Information" with the RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002(d), and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed.

12. Price Not Confidential

Vendors shall be advised that as a publically bid contract, no Vendor shall retain the right to declare their pricing confidential.

13. Multi-Vendor Solutions (Joint Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the "**prime contractor**". The "**prime contractor**" must be the joint venture's contact point for the State of Delaware and be responsible for the joint venture's performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The State of Delaware expects to negotiate and contract with only one “prime vendor”. The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.16 regarding multiple source contracting.

b. Sub-contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** Any sub-contractors must be approved by State of Delaware.

c. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

14. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. Any sub-contractors must be approved by State of Delaware.

15. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

a. RFP Question and Answer Process

The State of Delaware will allow written requests for clarification of the RFP. All questions will be consolidated into a single set of responses and posted on the State's website at www.bids.delaware.gov by the date of October 25, 2017. Vendor names will be removed from questions in the responses released. Questions should be submitted in the following format. Deviations from this format will not be accepted.

Section number

Paragraph number

Page number

Text of passage being questioned

Questions not submitted electronically shall be accompanied by a CD and questions shall be formatted in Microsoft Word.

16. State's Right to Reject Proposals

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

17. State's Right to Cancel Solicitation

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor's participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

18. State's Right to Award Multiple Source Contracting

Pursuant to 29 *Del. C.* § 6986, the State of Delaware may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of the State of Delaware.

19. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

20. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at www.bids.delaware.gov. The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

21. Exceptions to the RFP

Any exceptions to the RFP, or the State of Delaware's terms and conditions, must be recorded on Attachment 3. Acceptance of exceptions is within the sole discretion of the evaluation committee.

22. Award of Contract

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status.

23. Cooperatives

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

C. RFP Evaluation Process

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in a timely manner any and all information that the State of Delaware deems necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in *29 Del. C. §§ 6981 and 6982*. The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to the Secretary of the Department of Natural Resources and Environmental Control, who shall have final authority, subject to the provisions of this RFP and *29 Del. C. § 6982*, to award a contract to the successful vendor in the best interests of the State of Delaware.

2. Proposal Selection Criteria

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.

Criteria Weight

All proposals shall be evaluated using the same criteria and scoring process. The following criteria shall be used by the Evaluation Team to evaluate proposals:

Criteria	Points
Relevant experience staffing and implementing a federal or state funded low-income housing rehab/weatherization program	25
Demonstrated ability to conduct outreach and marketing and perform client intake and enrollment functions	15
Experience with financial administration within a social service program	20
Demonstrated ability to procure subcontractors within federal or state guidelines	10
Budget Development/Cost for providing services	10
Technical knowledge and expertise specific to weatherization and energy efficiency	15
Is a Community Action Agency, government, or non-profit organization	5
Total	100

Evaluation Team members will assign up to the maximum number of points listed for each of the criteria listed above. For items having quantitative answers, points will be proportionate to each proposal's response. Items with qualitative answers will receive the average of points assigned by the Evaluation Team members. Vendors are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a vendor's capabilities so the responding vendor should be detailed in their proposal responses.

3. Proposal Clarification

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

5. Oral Presentations

After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

The selected vendors will have their presentations scored or ranked based on their ability to successfully meet the needs of the contract requirements, successfully demonstrate their product and/or service, and respond to questions about the solution capabilities.

The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components. All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for the State of Delaware are the vendor's responsibility.

D. Contract Terms and Conditions

1. Contract Use by Other Agencies

REF: Title 29, Chapter 6904(e) Delaware Code. If no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties.

2. Cooperative Use of Award

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

3. General Information

- a. The term of the contract between the successful bidder and the State shall be for three (3) years with two optional extensions for a period of one (1) year for each extension.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

- b. The selected vendor will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.
- c. The selected vendor or vendors will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. The State of Delaware's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt of a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

4. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

5. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

6. Solicitation of State Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

7. General Contract Terms

a. Independent Contractors

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at the State of Delaware's discretion as to the location of work for the contractual support personnel during the project period. The State of Delaware may provide working space and sufficient supplies and material to augment the Contractor's services.

b. Temporary Personnel are Not State Employees Unless and Until They are Hired

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor's obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. Notice can be issued at second month if it is the State's intention to hire.

c. ACA Safe Harbor

The State and its utilizing agencies is not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act ("ACA"). Therefore, the State seeks to utilize the "Common-law Employer Safe Harbor Exception" under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an "Additional Fee" with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor, but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice, etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

d. Licenses and Permits

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § 2502.

Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

e. Notice

Any notice to the State of Delaware required under the contract shall be sent by registered mail to:

**CHERYL L. GMUER
DIVISION OF ENERGY AND CLIMATE
100 W. WATER STREET, SUITE 5A
DOVER, DE 19904**

f. Indemnification

1. General Indemnification

By submitting a proposal, the proposing vendor agrees that in the event it is awarded a contract, it will indemnify and otherwise hold harmless the State of Delaware, its agents and employees from any and all liability, suits, actions, or claims, together with all costs, expenses for attorney's fees, arising out of the vendor's, its agents and employees' performance work or services in connection with the contract, regardless of whether such suits, actions, claims or liabilities are based upon acts or failures to act attributable, whole or part, to the State, its employees or agents.

2. Proprietary Rights Indemnification

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware, the State of Delaware shall promptly

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

notify the vendor in writing and vendor shall defend such claim, suit or action at vendor's expense, and vendor shall indemnify the State of Delaware against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively "Products") is or in vendor's reasonable judgment is likely to be, held to constitute an infringing product, vendor shall at its expense and option either:

- a. Procure the right for the State of Delaware to continue using the Product(s);
- b. Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- c. Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that the State of Delaware agrees to and accepts in writing.

g. Insurance

- 1. Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney's fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor's negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.
- 2. The vendor shall maintain such insurance as will protect against claims under Worker's Compensation Act and from any other claims for damages for personal injury, including death, which may arise from operations under this contract. The vendor is an independent contractor and is not an employee of the State of Delaware.
- 3. During the term of this contract, the vendor shall, at its own expense, also carry insurance minimum limits as follows:

a.	Commercial General Liability	\$1,000,000 per occurrence / \$3,000,000 aggregate
----	------------------------------	---

And at least one of the following, as outlined below:

b.	Medical or Professional Liability	\$1,000,000 per occurrence / \$3,000,000 aggregate
c.	Misc. Errors and Omissions	\$1,000,000 per occurrence / \$3,000,000 aggregate
d.	Product Liability	\$1,000,000 per occurrence / \$3,000,000 aggregate

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

The successful vendor must carry (a) and at least one of (b), (c), or (d) above, depending on the type of Service or Product being delivered.

If the contractual service requires the transportation of departmental clients or staff, the vendor shall, in addition to the above coverage's, secure at its own expense the following coverage;

a.	Automotive Liability (Bodily Injury)	\$100,000/\$300,000
b.	Automotive Property Damage (to others)	\$ 25,000

4. The vendor shall provide a Certificate of Insurance (COI) as proof that the vendor has the required insurance. The COI shall be provided prior to agency contact prior to any work being completed by the awarded vendor(s).
5. The State of Delaware shall not be named as an additional insured.
6. Should any of the above described policies be cancelled before expiration date thereof, notice will be delivered in accordance with the policy provisions.

h. Performance Requirements

The selected Vendor will warrant that it possesses, or has arranged through subcontractors, all capital and other equipment, labor, materials, and licenses necessary to carry out and complete the work hereunder in compliance with any and all Federal and State laws, and County and local ordinances, regulations and codes.

i. Vendor Emergency Response Point of Contact

The awarded vendor(s) shall provide the name(s), telephone, or cell phone number(s) of those individuals who can be contacted twenty four (24) hours a day, seven (7) days a week where there is a critical need for commodities or services when the Governor of the State of Delaware declares a state of emergency under the Delaware Emergency Operations Plan or in the event of a local emergency or disaster where a state governmental entity requires the services of the vendor. Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

j. Warranty

The Vendor will provide a warranty that the deliverables provided pursuant to the contract will function as designed for a period of no less than one (1) year from the date of system acceptance. The warranty shall require the Vendor correct, at its own expense, the setup, configuration, customizations or modifications so that it functions according to the State's requirements.

k. Costs and Payment Schedules

All contract costs must be as detailed specifically in the Vendor's cost proposal. No charges other than as specified in the proposal shall be allowed without

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

written consent of the State of Delaware. The proposal costs shall include full compensation for all taxes that the selected vendor is required to pay.

The State of Delaware will require a payment schedule based on defined and measurable milestones. Payments for services will not be made in advance of work performed. The State of Delaware may require holdback of contract monies until acceptable performance is demonstrated (as much as 25%).

I. Penalties

The State of Delaware may include in the final contract penalty provisions for non-performance, such as liquidated damages.

m. Dispute Resolution

At the option of, and in the manner prescribed by the Office of Management and Budget (OMB), the parties shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement promptly by negotiation between executives who have authority to settle the controversy and who are at a higher level of management than the persons with direct responsibility for administration of this Agreement. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, experts and attorneys are confidential, privileged and inadmissible for any purpose, including impeachment, in arbitration or other proceeding involving the parties, provided evidence that is otherwise admissible or discoverable shall not be rendered inadmissible.

If the matter is not resolved by negotiation, as outlined above, or, alternatively, OMB elects to proceed directly to mediation, then the matter will proceed to mediation as set forth below. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to mediation by a mediator selected by OMB, and if the matter is not resolved through mediation, then it shall be submitted, in the sole discretion of OMB, to the Office of Management and Budget, Government Support Services Director, for final and binding arbitration. OMB reserves the right to proceed directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by Delaware law and venue shall be in Delaware. The parties shall maintain the confidential nature of the arbitration proceeding and the Award, including the Hearing, except as may be necessary to prepare for or conduct the arbitration hearing on the merits. Each party shall bear its own costs of mediation, arbitration or litigation, including attorneys' fees.

n. Termination of Contract

The contract resulting from this RFP may be terminated as follows by the Department of Natural Resources and Environmental Control.

1. **Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies,

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have no less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

2. **Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
3. **Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

o. Non-discrimination

In performing the services subject to this RFP the vendor, as set forth in Title 19 Delaware Code Chapter 7 section 711, will agree that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. The successful vendor shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.

p. Covenant against Contingent Fees

The successful vendor will warrant that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees, bona-fide established commercial or selling agencies maintained by the Vendor for the purpose of securing business. For breach or violation of this warranty the State of Delaware shall have the right to

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

annul the contract without liability or at its discretion to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

q. Vendor Activity

No activity is to be executed in an off shore facility, either by a subcontracted firm or a foreign office or division of the vendor. The vendor must attest to the fact that no activity will take place outside of the United States in its transmittal letter. Failure to adhere to this requirement is cause for elimination from future consideration.

r. Vendor Responsibility

The State will enter into a contract with the successful Vendor(s). The successful Vendor(s) shall be responsible for all products and services as required by this ITB whether or not the Vendor or its subcontractor provided final fulfillment of the order. Subcontractors, if any, shall be clearly identified in the Vendor's proposal by completing Attachment 6, and are subject the approval and acceptance of the Department of Natural Resources and Environmental Control.

s. Personnel, Equipment and Services

1. The Vendor represents that it has, or will secure at its own expense, all personnel required to perform the services required under this contract.
2. All of the equipment and services required hereunder shall be provided by or performed by the Vendor or under its direct supervision, and all personnel, including subcontractors, engaged in the work shall be fully qualified and shall be authorized under State and local law to perform such services.
3. None of the equipment and/or services covered by this contract shall be subcontracted without the prior written approval of the State. Only those subcontractors identified in Attachment 6 are considered approved upon award. Changes to those subcontractor(s) listed in Attachment 6 must be approved in writing by the State.

t. Fair Background Check Practices

Pursuant to 29 Del. C. §6909B and effective November 4, 2014 the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 Del. C. §711(g) for applicable established provisions.

u. Work Product

All materials and products developed under the executed contract by the vendor are the sole and exclusive property of the State. The vendor will seek written permission to use any product created under the contract.

v. Contract Documents

The RFP, the purchase order, the executed contract and any supplemental documents between the State of Delaware and the successful vendor shall constitute the contract between the State of Delaware and the vendor. In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter:

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

contract, State of Delaware's RFP, Vendor's response to the RFP and purchase order. No other documents shall be considered. These documents will constitute the entire agreement between the State of Delaware and the vendor.

w. Applicable Law

The laws of the State of Delaware shall apply, except where Federal Law has precedence. The successful vendor consents to jurisdiction and venue in the State of Delaware.

In submitting a proposal, Vendors certify that they comply with all federal, state and local laws applicable to its activities and obligations including:

1. the laws of the State of Delaware;
2. the applicable portion of the Federal Civil Rights Act of 1964;
3. the Equal Employment Opportunity Act and the regulations issued there under by the federal government;
4. a condition that the proposal submitted was independently arrived at, without collusion, under penalty of perjury; and
5. That programs, services, and activities provided to the general public under resulting contract conform to the Americans with Disabilities Act of 1990, and the regulations issued there under by the federal government.

If any vendor fails to comply with (1) through (5) of this paragraph, the State of Delaware reserves the right to disregard the proposal, terminate the contract, or consider the vendor in default.

The selected vendor shall keep itself fully informed of and shall observe and comply with all applicable existing Federal and State laws and County and local ordinances, regulations and codes, and those laws, ordinances, regulations, and codes adopted during its performance of the work.

x. Severability

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

y. Scope of Agreement

If the scope of any provision of the contract is determined to be too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

z. Affirmation

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder, partner, principal, or other person substantially involved in the contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

aa. Audit Access to Records

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. Reimbursement to the State for disallowances shall be drawn from the Vendor's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.

bb. Other General Conditions

1. **Current Version** – “Packaged” application and system software shall be the most current version generally available as of the date of the physical installation of the software.
2. **Current Manufacture** – Equipment specified and/or furnished under this specification shall be standard products of manufacturers regularly engaged in the production of such equipment and shall be the manufacturer’s latest design. All material and equipment offered shall be new and unused.
3. **Volumes and Quantities** – Activity volume estimates and other quantities have been reviewed for accuracy; however, they may be subject to change prior or subsequent to award of the contract.
4. **Prior Use** – The State of Delaware reserves the right to use equipment and material furnished under this proposal prior to final acceptance. Such use shall not constitute acceptance of the work or any part thereof by the State of Delaware.
5. **Status Reporting** – The selected vendor will be required to lead and/or participate in status meetings and submit status reports covering such items as progress of work being performed, milestones attained, resources expended, problems encountered and corrective action taken, until final system acceptance.
6. **Regulations** – All equipment, software and services must meet all applicable local, State and Federal regulations in effect on the date of the contract.
7. **Assignment** – Any resulting contract shall not be assigned except by express prior written consent from the Agency.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

8. **Changes** – No alterations in any terms, conditions, delivery, price, quality, or specifications of items ordered will be effective without the written consent of the State of Delaware.
9. **Payment** – The State reserves the right to pay by Automated Clearing House (ACH), Purchase Card (P-Card), or check. The agencies will authorize and process for payment of each invoice within thirty (30) days after the date of receipt of a correct invoice. Vendors are invited to offer in their proposal value added discounts (i.e. speed to pay discounts for specific payment terms). Cash or separate discounts should be computed and incorporated as invoiced.
10. **Purchase Orders** – Agencies that are part of the First State Financial (FSF) system are required to identify the contract number NAT-14-100-EEAC on all Purchase Orders (P.O.) and shall complete the same when entering P.O. information in the state's financial reporting system.
11. **Purchase Card** – The State of Delaware intends to maximize the use of the P-Card for payment for goods and services provided under contract. Vendors shall not charge additional fees for acceptance of this payment method and shall incorporate any costs into their proposals. Additionally there shall be no minimum or maximum limits on any P-Card transaction under the contract.
12. **Additional Terms and Conditions** – The State of Delaware reserves the right to add terms and conditions during the contract negotiations.

E. RFP Miscellaneous Information

1. No Press Releases or Public Disclosure

The State of Delaware reserves the right to pre-approve any news or broadcast advertising releases concerning this solicitation, the resulting contract, the work performed, or any reference to the State of Delaware with regard to any project or contract performance. Any such news or advertising releases pertaining to this solicitation or resulting contract shall require the prior express written permission of the State of Delaware.

The State will not prohibit or otherwise prevent the awarded vendor(s) from direct marketing to the State of Delaware agencies, departments, municipalities, and/or any other political subdivisions, however, the Vendor shall not use the State's seal or imply preference for the solution or goods provided.

2. Definitions of Requirements

To prevent any confusion about identifying requirements in this RFP, the following definition is offered: The words *shall*, *will* and/or *must* are used to designate a mandatory requirement. Vendors must respond to all mandatory requirements presented in the RFP. Failure to respond to a mandatory requirement may cause the disqualification of your proposal.

3. Production Environment Requirements

The State of Delaware requires that all hardware, system software products, and application software products included in proposals be currently in use in a production environment by a least three other customers, have been in use for at least six months, and have been generally available from the manufacturers for a

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

period of six months. Unreleased or beta test hardware, system software, or application software will not be acceptable.

F. Attachments

The following attachments and appendixes shall be considered part of the solicitation:

- Attachment 1 – No Proposal Reply Form
- Attachment 2 – Non-Collusion Statement
- Attachment 3 – Exceptions
- Attachment 4 – Confidentiality and Proprietary Information
- Attachment 5 – Business References
- Attachment 6 – Subcontractor Information Form
- Attachment 7 – Monthly Usage Report
- Attachment 8 – Subcontracting (2nd Tier Spend) Report
- Attachment 9 – Employing Delawareans Report
- Attachment 10 – Office of Supplier Diversity Application
- Appendix A – Minimum Response Requirements

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

[Page is intentionally left blank]

IMPORTANT – PLEASE NOTE

- **Attachments 2, 3, 4, 5 and 9 must be included in your proposal**
- Attachment 6 must be included in your proposal if subcontractors will be involved
- Attachments 7 and 8 represent required reporting on the part of awarded vendors. Those bidders receiving an award will be provided with active spreadsheets for reporting.

REQUIRED REPORTING

One of the primary goals in administering this contract is to keep accurate records regarding its actual value/usage. This information is essential in order to update the contents of the contract and to establish proper bonding levels if they are required. The integrity of future contracts revolves around our ability to convey accurate and realistic information to all interested parties.

A complete and accurate Usage Report (Attachment 7) shall be furnished in an **Excel format and submitted electronically**, no later than the 15th (or next business day after the 15th day) of each month, detailing the purchasing of all items on this contract. The reports shall be submitted and sent as an attachment to Cheryl.Gmuer@state.de.us. Submitted reports shall contain accurate descriptions of the products, goods or services procured, purchasing agency information, including the six-digit department and organization code, quantities procured and prices paid. Any exception to this mandatory requirement or failure to submit complete reports, or in the format required, may result corrective action, up to and including the possible cancellation of the award. Failure to provide the report with the minimum required information may also negate any contract extension clauses. Additionally, Vendors who are determined to be in default of this mandatory report requirement may have such conduct considered against them, in assessment of responsibility, in the evaluation of future proposals.

In accordance with Executive Order 44, the State of Delaware is committed to supporting its diverse business industry and population. The successful Vendor will be required to accurately report on the participation by Diversity Suppliers which includes: minority (MBE), woman (WBE), veteran owned business (VOBE), or service disabled veteran owned business (SDVOBE) under this awarded contract. The reported data elements shall include but not be limited to; name of state contract/project, the name of the Diversity Supplier, Diversity Supplier contact information (phone, email), type of product or service provided by the Diversity Supplier and any minority, women, veteran, or service disabled veteran certifications for the subcontractor (State OSD certification, Minority Supplier Development Council, Women's Business Enterprise Council, VetBiz.gov). The format used for Subcontracting 2nd Tier report is shown as in Attachment 8.

Accurate 2nd tier reports shall be submitted to the contracting Agency's Office of Supplier Diversity at vendorusage@state.de.us on the 15th (or next business day) of the month following each quarterly period. For consistency quarters shall be considered to end the last day of March, June, September and December of each calendar year. Contract spend during the covered periods shall result in a report even if the contract has expired by the report due date.

EMPLOYING DELAWAREANS REPORT

As required by House Bill # 410 (Bond Bill) of the 146th General Assembly and under Section 30, No bid for any public works or professional services contract shall be responsive unless the prospective bidder discloses its reasonable, good-faith determination of:

1. Number of employees reasonable anticipated to be employed on the project: _____
2. Number and percentage of such employees who are bona fide legal residents of Delaware: _____
Percentage of such employees who are bona fide legal residents of Delaware: _____
3. Total number of employees of the bidder: _____
4. Total percentage of employees who are bona fide resident of Delaware: _____

If subcontractors are to be used:

1. Number of employees who are residents of Delaware: _____
2. Percentage of employees who are residents of Delaware: _____

“Bona fide legal resident of this State” shall mean any resident who has established residence of at least 90 days in the State.

Attachment 10

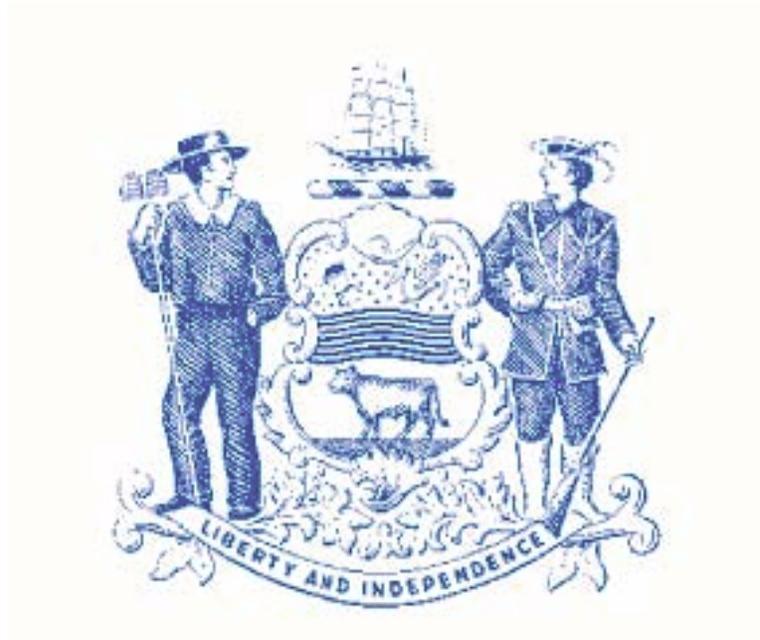

State of Delaware

**Office of Supplier Diversity
Certification Application**

The most recent application can be downloaded from the following site:
<http://gss.omb.delaware.gov/osd/certify.shtml>

Submission of a completed Office of Supplier Diversity (OSD) application is optional and does not influence the outcome of any award decision.

The minimum criteria for certification require the entity must be at least 51% owned and actively managed by a person or persons who are eligible: minorities, women, veterans, and/or service disabled veterans. Any one or all of these categories may apply to a 51% owner.

Complete application and mail, email or fax to:

Office of Supplier Diversity (OSD)
100 Enterprise Place, Suite 4
Dover, DE 19904-8202
Telephone: (302) 857-4554 Fax: (302) 677-7086
Email: osd@state.de.us
Web site: <http://gss.omb.delaware.gov/osd/index.shtml>

**THE OSD ADDRESS IS FOR OSD APPLICATIONS ONLY.
NO BID RESPONSE PACKAGES WILL BE ACCEPTED BY THE OSD.**

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

**APPENDIX A
MINIMUM MANDATORY SUBMISSION REQUIREMENTS**

Each vendor solicitation response should contain at a minimum the following information:

1. Transmittal Letter as specified on page 1 of the Request for Proposal including an Applicant's experience, if any, providing similar services.
2. The remaining vendor proposal package shall identify how the vendor proposes meeting the contract requirements and shall include pricing. Vendors are encouraged to review the Evaluation criteria identified to see how the proposals will be scored and verify that the response has sufficient documentation to support each criteria listed.
3. Pricing as identified in the solicitation
4. One (1) complete, signed and notarized copy of the non-collusion agreement (See Attachment 2). Bid marked "ORIGINAL", **MUST HAVE ORIGINAL SIGNATURES AND NOTARY MARK.** All other copies may have reproduced or copied signatures – Form must be included.
5. One (1) completed RFP Exception form (See Attachment 3) – please check box if no information – Form must be included.
6. One (1) completed Confidentiality Form (See Attachment 4) – please check if no information is deemed confidential – Form must be included.
7. One (1) completed Business Reference form (See Attachment 5) – please provide references other than State of Delaware contacts – Form must be included.
8. One (1) complete and signed copy of the Subcontractor Information Form (See Attachment 6) for each subcontractor – only provide if applicable.
9. One (1) complete Employing Delawareans Report (See Attachment 9)
10. One (1) complete OSD application (See link on Attachment 10) – only provide if applicable

The items listed above provide the basis for evaluating each vendor's proposal. **Failure to provide all appropriate information may deem the submitting vendor as "non-responsive" and exclude the vendor from further consideration.** If an item listed above is not applicable to your company or proposal, please make note in your submission package.

Vendors shall provide proposal packages in the following formats:

1. Six (6) paper copies of the vendor proposal paperwork. **One (1) paper copy must be an original copy, marked "ORIGINAL" on the cover, and contain original signatures.**
2. One (1) electronic copy of the vendor proposal saved to CD or DVD media disk, or USB memory stick. Copy of electronic price file shall be a separate file from all other files on the electronic copy. (If Agency has requested multiple electronic copies, each electronic copy must be on a separate computer disk or media).
