I. INTRODUCTION

A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals from vendor(s) capable of satisfying the Division requirements for operating the Public Tennis and Racquet Sport Program at Bellevue State Park as stated herein.

It is the goal of this Request for Proposal to identify vendor(s) who (i) meet park requirements and the business and legal criteria set forth herein; (ii) are capable of executing a contract within the timeline provided; and (iii) can operate and manage the tennis program as stated in vendor(s) submitted proposal.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by the Department of Natural Resources and Environmental Control, Division of Parks and Recreation, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract will be issued to cover the operations of the Public Tennis and Racquet Sport Program at Bellevue State Park.

3. AGENCY USE CONTRACT

Pursuant to 29 Del. C. [§6904](#)(e) respectively, if no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties.

4. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

STATE OF DELAWARE
 Department of Natural Resources and Environmental Control
 Division of Parks and Recreation

5. CONTRACT PERIOD

Each Vendor's contract shall be valid for a **five (5) year period from January 1, 2018 to December 31, 2022**. Each contract may be renewed for two (2) five (5) year periods through negotiation between the Vendor and the Division of Parks and Recreation. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

The State reserves the right to enter into a contract for longer periods, not to exceed twenty-five (25) years if the awarded vendor provides capital improvements and offerings that require longer timelines for return on investment. The State shall be the sole determining authority for a contract that shall exceed the contract period listed above.

The State reserves the right to extend this Contract on a month-to-month basis for a period of up to three months after the term of the full Contract has been completed. In the event of an extended procurement effort and the Contract's available renewal options have been exhausted, Division of Parks and Recreation reserves the right to extend the Contract. If exercised, the extension shall be for a reasonable period of time as mutually agreed to by the Division and Vendor at the same terms, conditions, provisions, and pricing in order to complete the procurement process and to transition to the new Contract.

Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

Exceptions shall be considered only if they are submitted with the bid or before the date and time of the bid opening.

Exceptions must be submitted utilizing Attachment 3 to be considered. Exceptions listed elsewhere in the Vendor's proposal will not be considered. The Division of Parks and Recreation maintains sole discretion to reject any vendor exceptions that are submitted.

Y. SUBCONTRACTS

Subcontracting is permitted under this RFP and contract. However, every subcontractor shall be identified in the Proposal using Attachment 7.

Z. CONFIDENTIALITY

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor's proposal will be treated as confidential during the evaluation process. As such, vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq.](#) ("FOIA"). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected vendor proposals will likely become subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on the State. The

STATE OF DELAWARE

Division of Parks and Recreation

State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

AA. PRICE NOT CONFIDENTIAL

Vendors shall be advised that as a publically bid contract, no Vendor shall retain the right to declare their pricing confidential.

This RFP does not constitute an offer by the State of Delaware. Vendor's participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

- c. **Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

45. TERMINATION OF CONTRACT

The contract awarded as a result of this RFP may be terminated as follows by the Division of Parks and Recreation.

equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

- b. Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

46. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. APPENDIX C
Specifications and Additional Information

I. State of Delaware Project Review and Approval Procedures

In meeting our goal to provide safe, code compliant and efficient facilities to State agencies and the public, certain public works projects are reviewed by the Office of Management and Budget, Division of Facilities Management (DFM). All State departments and agencies (including school districts) are required to submit to DFM proposed contracts for architectural, engineering or construction management services as well as all architectural, structural, electrical/mechanical plans, specifications and cost estimates (source Delaware Code, Title 29, Chapter 74, Section 7419 and Chapter 63A, Section 6307A).

In addition to DFM, projects must be reviewed and approved by DNREC and other entities depending on the scope and status of the project. These entities may include DNREC Sediment and Stormwater Management Plan, State Historic Preservation Office (SHPO), DeIDOT, State Fire Marshal, County and City. This process may require 6 to 8 weeks minimally for single reviews and longer for multiple reviews.

It is recommended that initial reviews be held with the appropriate agencies at the onset of a project to review the proposed scope. The initial meeting may result in decreasing the number of reviews and reducing the amount of time needed for approvals.

A. Projects Requiring Submission

Plans, specifications and professional services agreements are required by DFM for those projects that are:

1. Constructed by or on behalf of the State of Delaware.
2. Financed in whole or in part by the State or by bonds in whole or in part by the State.
3. Financed by the federal government through a state agency. Highway construction projects do not need to be submitted for review and approval except those identified by the AAB as requiring submission.
4. Facilities leased by the State (regardless of whether alterations will be made).

B. Agencies Affected

All State departments and agencies (including all school districts).

C. Accessibility Requirements

The Architectural Accessibility Board (AAB) is housed within the Office of Management and Budget for administrative reasons, but as a separate agency of the State, maintains an independent review and approval process. The Architectural Accessibility Act (Delaware Code, Title 29, Chapter 73) requires submission of certain plans and specifications to the Architectural Accessibility Board. Submission to the AAB and their approval must be made prior to the final DFM application.

D. DNREC Sediment and Stormwater Management Plan

Projects involving 5,000 SF or more of site disturbance must be reviewed and approved by DNREC Sediment and Stormwater Management Plan. This process can require 6 to 8 weeks minimally.

E. State Historic Preservation Office

Projects that are on the National Register, have covenants or easements, are within historic districts and/or having landmark status must be reviewed and approved by this office. It is recommended that an initial meeting be held with this office to determine their stance on the scope of work. Final documents are to be submitted and approval can require four weeks. This should be done prior to the final DFM review.

F. State Fire Marshal

All construction projects must be reviewed and approved by the State Fire Marshal. It is recommended that an initial meeting be held with this office for mid-level to complex projects. Final signed and sealed documents are to be submitted and approval can require two to four weeks. This should be done prior to the final DFM review.

G. Delaware Division of Health and Social Services (DHSS)

All construction projects must be reviewed and approved by the DHSS Office of Engineering. It is recommended that an initial meeting be held with this office for mid-level to complex projects. Final signed and sealed documents are to be submitted and approval can require two to four weeks. This should be done prior to the final DFM review.

H. County and City

The State-funded projects are required to submit construction documents for building permits with fees waived except for water and sewer fees. Privately funded projects built on State property will be required to pay all fees associated with the building permit. Issuance of the building permit can take four to twelve weeks. This is typically done by the Vendor after award of the project. The Owner, architect or engineer cannot submit for the building permit.

1. The construction documents must be signed and sealed by a registered architect, structural engineer, site engineer and mechanical engineer.
2. The general contractor, plumbing contractor, mechanical contractor and electrical contractor must be licensed by the State and local jurisdiction.
3. The local jurisdiction will complete inspections during construction. These inspections will minimally include foundation, framing, ADA, mechanical, plumbing and electrical.

I. Asbestos Requirements (if present)

Delaware Code, Title 16, Chapter 78, Section 7805 (1) requires that all agencies utilizing State funds from any source to perform asbestos abatement and must have plans and specifications approved by DFM if asbestos is found.

J. Necessary Documentation for DFM Review

1. **Public Works Project Review Form**: All contracts, plans and specifications submitted to the Division of Facilities Management for review must be accompanied by a completed Public Works Project Review Form.
2. **Professional Design Service or Construction Management Contract/Agreement**: If the purpose of the submission is for the review and approval of architectural, engineering or construction management services, the proposed contract or agreement and the Professional Services Contract Review Form must be completed and submitted with the requested information.

3. **Construction Plans and Specifications**: Three (3) complete sets of final plans and specifications must be submitted (cover page of project manual and every drawing shall be signed and sealed). Two (2) copies are sent to the Chief of Engineering and Operations and one (1) copy is sent to the Architectural Accessibility Board. Note: for DFM-managed projects, address documents to the DFM project manager assigned.
4. **Life Cycle Cost Analysis**: As outlined in Delaware Code, Title 29, Chapter 69, section 6909A, the use of life cycle cost analysis is required in the purchasing of equipment and in public works projects. See here for LCCA Requirements.
5. **Design Review Checklist**: Submissions of plans and specifications must be accompanied by a completed and signed Design Review Checklist. (see below for further details)
6. **Asbestos Plans and Specifications**: One copy of final plans and specifications must be submitted to the Chief of Engineering and Operations.

K. DFM-Managed Design Review Process

DFM will review projects at the preliminary schematic, schematic, design development and final design stages. The number of reviews can be decreased upon discussion with DFM at the preliminary schematic design stage.

L. State Agency Project Design Review Process

Includes all State-funded Public Works projects including DNREC Parks & Recreation, DeIDOT non-highway projects, and other projects in State-owned or leased facilities.

M. Project Design Review Process Response

1. The Chief of Engineering and Operations will issue a letter, indicating the overall findings of the review.
2. For reviews that have been "Not Approved", the agency must provide a new review package (plans and specifications) or submit a letter that addresses the issues/comments that were a basis for disapproval.
3. All environmental compliance issues (asbestos abatement, underground storage tank, etc.) will require approval from the Chief of Engineering and Operations.
4. The Architectural Accessibility Board will issue an approval/disapproval letter indicating that the plans and specifications comply with State accessibility standards.
