Coarse Aggregate

ADDENDUM # 1

The purpose of this Addendum is to respond to the inquiry received below.

“In reference to the coarse agg bid that is due on Nov 30, will you accept bids for only 1 or 2 locations vs providing numbers for every location?”

Response: The Invitation to Bid, page 38, states “Only the delivery site bid reply section must be completed in full.” This can be interpreted as completing in full for any or all of the sites the vendor chooses to bid on.

DNREC can accept for consideration bids on all locations or some of the locations listed.

All other terms and conditions remain the same.
