Department of Natural Resources and Environmental Control
Division of Parks and Recreation

I. INTRODUCTION

A. PURPOSE

The State of Delaware provides certain facilities for the use and benefit of the public in areas under the administration of the Department of Natural Resources and Environmental Control, Division of Parks and Recreation (the “**Division**”) and desires to provide Public Outdoor Recreation Services at the Lums Pond Equestrian Center at Lums Pond State Park for the convenience, benefit and recreational use and enjoyment by the general public.

The purpose of this Request for Proposal is to obtain sealed proposals from Vendor(s) capable of satisfying the Division requirements for Public Outdoor Recreation Services at the Lums Pond Equestrian Center.

It is the goal of this Request for Proposal to identify Vendor(s) who (i) meets park requirements and the business and legal criteria set forth herein; (ii) is capable of executing a Contract within the timeline provided; and (iii) can deliver the Public Outdoor Recreation Services Program within the Park as stated in Vendor’s submitted proposal.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by Division of Parks and Recreation, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with Vendors concerning technical and price aspects of their proposals; or
- Afford Vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract may be issued to procure Public Outdoor Recreation Services at the Lums Pond Equestrian Center.

3. AGENCY USE CONTRACT

Pursuant to 29 Del. C. [§6904](#)(e) respectively, if no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency’s contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency’s contract when the arrangement is agreeable to all parties.

4. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple Vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

5. CONTRACT PERIOD

Each Vendor's Contract shall be valid for **five (5) years from January 13, 2019 to January 12, 2024**. The contract **may be renewed for five (2) five (5) year periods** through negotiation between the Vendor and Division of Parks and Recreation. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

The State reserves the right to enter into a contract for longer periods, not to exceed twenty-five (25) years if the awarded Vendor provides capital improvements and offerings that require longer timelines for return on investment. The State shall be the sole determining authority for a contract that shall exceed the contract period listed above.

The State reserves the right to extend this Contract on a month-to-month basis for a period of up to three months after the term of the full Contract has been completed. In the event of an extended procurement effort and the Contract's available renewal options have been exhausted, Division of Parks and Recreation reserves the right to extend the Contract. If exercised, the extension shall be for a reasonable period of time as mutually agreed to by the Division and Vendor at the same terms, conditions, provisions, and pricing in order to complete the procurement process and to transition to the new Contract.

There shall be no disclosure of any Vendor's information to a competing Vendor prior to award of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq. \("FOIA"\)](#). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected Vendor proposals will likely become subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the Vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a Vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the Vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a Vendor's confidential business information, Vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A Vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any Vendor designation as set forth in this section. Any Vendor submitting a proposal or using the procedures discussed herein expressly accepts the

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

AA. PRICE NOT CONFIDENTIAL

Vendors shall be advised that as a publically bid contract, no Vendor shall retain the right to declare their pricing confidential.

[§6909B](#), the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. 37. VENDOR BACKGROUND CHECK REQUIREMENTS

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at:
<https://sexoffender.dsp.delaware.gov/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract Vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Work performed under this solicitation may fall under the [State of Delaware Minimum Wage Rates](#) or the Delaware Prevailing Wage rates. Prior to issuing a purchase order or initiating work, the ordering agencies must obtain from the Department of Labor a determination if prevailing wage applies to the project and, if appropriate, what the applicable prevailing wage rates would be for the work to be performed. No work shall proceed without a determination by the Department of Labor. Request for prevailing wage certification can be found at: <http://dia.delawareworks.com/labor-law/prevailing-wage.php>.

39. PREVAILING WAGE

Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to mediation by a mediator selected by OMB, and if the matter is not resolved through mediation, then it shall be submitted, in the sole discretion of OMB, to the Office of Management and Budget, Government Support Services Director, for final and binding arbitration. OMB reserves the right to proceed directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by Delaware law and venue shall be in Delaware. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor in the performance of the P.O. shall, at the option of the Agency, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the Agency.

- c. **Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

42. TERMINATION OF CONTRACT

The contract awarded as a result of this RFP may be terminated as follows by Division of Parks and Recreation.

On receipt of the contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s).

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

A Vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the Vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

- b. Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

43. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. Such changes, including any increase or decrease in the amount of the Vendor's compensation, which are mutually agreed upon by and between the Agency and the Vendor shall be incorporated in written amendments to the Purchase Order or contract.

44. INTEREST OF VENDOR

47. ASSIGNMENT OF ANTITRUST CLAIMS

As consideration for the award and execution of this contract by the State, the Vendor hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, regarding the specific goods or services purchased or acquired for the State pursuant to this contract. 50. GRATUITIES

- a. If it is found, after notice and hearing, by the State that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Vendor or any agent of the State with a view toward securing a contract, or securing favorable treatment with respect to the awarding, amending, or the making of any determinations with respect to the performance of this contract, the State may, by written notice to the Vendor, terminate the right of the Vendor to proceed under this contract and/or may pursue such other rights and remedies provided by law or under this agreement; provided that the existence of the facts upon which the State makes such findings shall be in issue and may be reviewed in proceedings pursuant to the Remedies clause of this contract; and

The amount of such exemplary damages shall be in the sole discretion of the State.

51. AFFIRMATION

Division of Parks and Recreation

partner, principal, or other person substantially involved in the contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

52. AUDIT ACCESS TO RECORDS

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. Reimbursement to the State for disallowances shall be drawn from the Vendor's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.

53. REMEDIES

Except as otherwise provided in this contract, all claims, counterclaims, disputes, and other matters in question between the State and the Vendor arising out of, or relating to, this contract, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

The Vendor shall be liable for any noncompliance by any subcontractor. Further, nothing contained herein or in any subcontractor agreement shall be construed as creating any contractual relationship between the subcontractor and the State.

55. AGENCY'S RESPONSIBILITIES

STATE OF DELAWARE
Department of Natural Resources and Environmental Control

- c. When an ordering agency first experiences a relatively minor problem or difficulty with a Vendor, the agency will contact the Vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to Vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the Vendor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the Vendor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the Vendor, discuss the reasons surrounding the default and establish a date when the Vendor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with Vendor(s) or commodities. Be sure to furnish as much detail as possible. <http://gss.omb.delaware.gov/divisionwide/forms.shtml>. Email may also be utilized to communicate performance deficiencies.

**APPENDIX A
SCOPE OF WORK**

I. MINIMUM REQUIREMENTS

A. Introduction:

The Department of Natural Resources and Environmental Control, Division of Parks and Recreation (Division) is seeking a qualified and competent Vendor to operate Public Outdoor Recreation Services at the Lums Pond Equestrian Center to include outdoor recreational activities for youth and adults. The Division is seeking options for Outdoor Recreation Services with numerous activities open to the local community, park visitors and campers.

Lums Pond State Park located in Bear, DE is built around the largest freshwater pond in Delaware. The park which encompasses a total of 1790 acres features boat rentals, excellent fishing, sports facilities, a newly renovated campground, an aerial adventure course, hiking trails and equestrian trails on the north side of the Chesapeake and Delaware Canal. Before the pond existed, St. Georges Creek flowed through the hardwood forest and was the site of several Native American hunting camps. The creek was dammed in the early 1800's when the C & D Canal was built. Water from the pond was used to fill the locks of the canal and power a small mill. This area was first used as a state park in 1963. There are excellent recreational trails in the area open to pedestrians, bikers and horses such as the C&D Canal and Little Jersey's Trails. Lums Pond is also located less than 10 miles from the University of Delaware and less than twenty (20) miles from Fair Hill Equestrian Center.

Located just before the Lums Pond State Park entrance, the Lums Pond Equestrian Center comprises approximately fourteen (14) acres that includes a house, stables, outdoor practice arena and a storage barn and tack room with second story apartment. The Equestrian Center currently offers one hour trail rides which take visitors through Delaware's scenic Lums Pond wildlife areas. Other current offerings include riding lessons for all ages, birthday parties, school field trips and a summer day camp program for preschool to school age children.

The Division is interested in capital investments and improvements in the Equestrian Center at Lums Pond State Park. Vendors are encouraged to submit creative business proposals that include, but not limited to: (i) refurbishing the existing facility in accordance with the specifications listed herein, (ii) provide methods of increasing Park visitor satisfaction by offering public outdoor recreation services that may include equestrian or new outdoor recreation adventures that improve the existing operation. The Division's goal is to attract and provide day users and campers with unique outdoor recreation opportunities. The Vendor shall include in their proposal any ideas or concepts for development, restoration, rehabilitation, preservation and reconstruction, including, but not limited to, capital investment, timeline for delivery of project work, projected costs and any other related items incidental to a Public Outdoor Recreation Services Program. Vendors may propose modifications to existing land and buildings (tear down/build/modification). **Any proposed Plan shall compliment current Lums Pond State Park activities and programs. The Division is looking for innovative ideas that will enhance Lums Pond State Park and attract visitors for day use and extended camping stays at the newly renovated campground.** Potential services identified by the Division include, but are not limited to: Equestrian, Adventure Sports (i.e., Mountain Biking, Paintball and Rockwall), Agriculture Education (i.e. 4H, Community Supported Agriculture, Animal Yoga), or Bed and Breakfast.

APPENDIX D
Specifications and Additional Information

I. State of Delaware Project Review and Approval Procedures

In meeting our goal to provide safe, code compliant and efficient facilities to State agencies and the public, certain public works projects are reviewed by the Office of Management and Budget, Division of Facilities Management (DFM). All State departments and agencies (including school districts) are required to submit to DFM proposed contracts for architectural, engineering or construction management services as well as all architectural, structural, electrical/mechanical plans, specifications and cost estimates (source Delaware Code, Title 29, Chapter 74, Section 7419 and Chapter 63A, Section 6307A).

In addition to DFM, projects must be reviewed and approved by DNREC and other entities depending on the scope and status of the project. These entities may include DNREC Sediment and Stormwater Management Plan, State Historic Preservation Office (SHPO), DelDOT, State Fire Marshal, County and City. This process may require 6 to 8 weeks minimally for single reviews and longer for multiple reviews.

It is recommended that initial reviews be held with the appropriate agencies at the onset of a project to review the proposed scope. The initial meeting may result in decreasing the number of reviews and reducing the amount of time needed for approvals.

A. Projects Requiring Submission

Plans, specifications and professional services agreements are required by DFM for those projects that are:

1. Constructed by or on behalf of the State of Delaware.
2. Financed in whole or in part by the State or by bonds in whole or in part by the State.
3. Financed by the federal government through a state agency. Highway construction projects do not need to be submitted for review and approval except those identified by the AAB as requiring submission.
4. Facilities leased by the State (regardless of whether alterations will be made).

B. Agencies Affected

All State departments and agencies (including all school districts).

C. Accessibility Requirements

The Architectural Accessibility Board (AAB) is housed within the Office of Management and Budget for administrative reasons, but as a separate agency of the State, maintains an independent review and approval process. The Architectural Accessibility Act (Delaware Code, Title 29, Chapter 73) requires submission of certain plans and specifications to the Architectural Accessibility Board. Submission to the AAB and their approval must be made prior to the final DFM application.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

D. DNREC Sediment and Stormwater Management Plan

Projects involving 5,000 SF or more of site disturbance must be reviewed and approved by DNREC Sediment and Stormwater Management Plan. This process can require 6 to 8 weeks minimally.

E. State Historic Preservation Office

Projects that are on the National Register, have covenants or easements, are within historic districts and/or having landmark status must be reviewed and approved by this office. It is recommended that an initial meeting be held with this office to determine their stance on the scope of work. Final documents are to be submitted and approval can require four weeks. This should be done prior to the final DFM review.

F. State Fire Marshal

All construction projects must be reviewed and approved by the State Fire Marshal. It is recommended that an initial meeting be held with this office for mid-level to complex projects. Final signed and sealed documents are to be submitted and approval can require two to four weeks. This should be done prior to the final DFM review.

G. Delaware Division of Health and Social Services (DHSS)

All construction projects must be reviewed and approved by the DHSS Office of Engineering. It is recommended that an initial meeting be held with this office for mid-level to complex projects. Final signed and sealed documents are to be submitted and approval can require two to four weeks. This should be done prior to the final DFM review.

H. County and City

The State-funded projects are required to submit construction documents for building permits with fees waived except for water and sewer fees. Privately funded projects built on State property will be required to pay all fees associated with the building permit. Issuance of the building permit can take four to twelve weeks. This is typically done by the Vendor after award of the project. The Owner, architect or engineer cannot submit for the building permit.

1. The construction documents must be signed and sealed by a registered architect, structural engineer, site engineer and mechanical engineer.
2. The general contractor, plumbing contractor, mechanical contractor and electrical contractor must be licensed by the State and local jurisdiction.
3. The local jurisdiction will complete inspections during construction. These inspections will minimally include foundation, framing, ADA, mechanical, plumbing and electrical.

I. Asbestos Requirements (if present)

Delaware Code, Title 16, Chapter 78, Section 7805 (1) requires that all agencies utilizing State funds from any source to perform asbestos abatement and must have plans and specifications approved by DFM if asbestos is found.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
