I. INTRODUCTION

A. PURPOSE

The State of Delaware provides certain facilities for the use and benefit of the public in areas under the administration of the Department of Natural Resources and Environmental Control, Division of Parks and Recreation (the “**Division**”) and is seeking a qualified and competent Vendor to provide Catering and Event Booking & Management at the Blue Ball Barn in Alapocas Run State Park commencing on April 1, 2019 (the “**Vendor**”).

The purpose of this Request for Proposal is to obtain sealed proposals from Vendor(s) capable of satisfying the Division requirements for providing Catering and Event Booking & Management at the Blue Ball Barn in Alapocas Run State Park as stated herein.

It is the goal of this Request for Proposal (RFP) to identify Vendor(s) who (i) meet park requirements and the business and legal criteria set forth herein; (ii) are capable of executing a Contract within the timeline provided; and (iii) can provide, operate and manage catering and event booking and management at the Blue Ball Barn as stated in Vendor(s) submitted proposal.

The Division is interested in Vendor’s providing responses to all of the following current Requests for Proposals: NAT18007-BLUE BALL BARN, NAT18003-BELLEVUE HALL, NAT18006-CAUFFIEL ESTATE, and NAT18005-JUDGE MORRIS ESTATE. While these RFP’s will be evaluated and scored individually, if Vendor’s submit proposals for all or multiple sites, the Division reserves the right to award all sites to one Vendor if it is in the best interest of the Division and the State of Delaware.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by the Division, pursuant to **Delaware Code Title 29, Chapter 69, §6924(a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a Contract other than a fixed-price type; or
- Conduct oral or written discussions with Vendors concerning technical and price aspects of their proposals; or
- Afford Vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a Contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

A Contract will be awarded by the Division to operate Catering and Event Booking & Management at the Blue Ball Barn in Alapocas Run State Park.

3. AGENCY USE CONTRACT

Pursuant to 29 Del. C. [§6904](#)(e) respectively, if no state Contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's Contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's Contract when the arrangement is agreeable to all parties.

4. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where Contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple Vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

5. CONTRACT PERIOD

Each Vendor(s) contract shall be valid at a minimum from **April 1, 2019 to June 30, 2024**. Each Contract(s) may be renewed through negotiation between the Vendor and the Division of Parks and Recreation for periods not to exceed a total of twenty (20) years. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

The State reserves the right to enter into Contract(s) that shall not exceed twenty-five (25) years, if the awarded Vendor provides capital improvements and offerings that require longer timelines for return on investment. The State shall be the sole determining authority for a Contract that shall exceed the Contract period listed above.

The State reserves the right to extend this Contract on a month-to-month basis for a period of up to three (3) months after the term of the full Contract has been completed. In the event of an extended re-procurement effort and the Contract's available renewal options have been exhausted, Division of Parks and Recreation reserves the right to extend the Contract. If exercised, the extension shall be for a reasonable period of time as mutually agreed to by the Division and Vendor at the same terms, conditions, provisions, and pricing in order to complete the procurement process and to transition to the new Contract.

FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on Contract award is made, the content of selected and non-selected Vendor proposals will likely become subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the Vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a Vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the Vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a Vendor's confidential business information, Vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A Vendor’s allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any Vendor designation as set forth in this section. Any Vendor submitting a proposal or using the procedures discussed herein expressly accepts the State’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

32. TERMINATION OF CONTRACT

The Contract awarded as a result of this RFP may be terminated as follows by Department of Natural Resources and Environmental Control Division of Parks and Recreation.

- a. **Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this Contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

Upon receipt of the Contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A Vendor response shall not effect or prevent the Contract cancellation unless the State provides a written acceptance of the Vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

in writing the Vendor's proposed action plan and proceed with the original Contract cancellation timeline.

- b. Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the Contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

33. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. Such changes, including any increase or decrease in the amount of the Vendor's compensation, which are mutually agreed upon by and between the Agency and the Vendor shall be incorporated in written amendments to the Purchase Order or Contract.

34. INTEREST OF VENDOR

The Vendor covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree in providing products or performing services required under this Contract. The Vendor further covenants, that in the performance of this Contract, no person having any such interest shall be employed.

35. PUBLICATION, REPRODUCTION AND USE OF MATERIAL

No material produced in whole or part under this Contract shall be subject to copyright in the United States or in any other country. The State shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this Contract; provided, however, that the State agrees not to use any design or engineering plans prepared by the Vendor for anything other than their intended purpose under this Contract. The Vendor shall have the right to publish any and all scientific findings. Appropriate acknowledgment and credit for the State's support shall be given in the publication.

36. ASSIGNMENT OF ANTITRUST CLAIMS

As consideration for the award and execution of this Contract by the State, the Vendor hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, regarding the specific goods or services purchased or acquired for the State pursuant to this

Department of Natural Resources and Environmental Control
Division of Parks and Recreation

Contract. Upon either the State's or the Vendor notice of the filing of or reasonable likelihood of filing of an action under the antitrust laws of the United States or the State of Delaware, the State and Vendor shall meet and confer about coordination of representation in such action.

37. TESTING AND INSPECTION

The State of Delaware reserves the right to conduct any test or inspection it may deem necessary to insure equipment, materials and services conform to Contract requirements.

38. COVENANT AGAINST CONTINGENT FEES

The Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. For breach or violation of this warranty, the State shall have the right to annul this Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fees.

39. GRATUITIES

- a. If it is found, after notice and hearing, by the State that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Vendor or any agent of the State with a view toward securing a Contract, or securing favorable treatment with respect to the awarding, amending, or the making of any determinations with respect to the performance of this Contract, the State may, by written notice to the Vendor, terminate the right of the Vendor to proceed under this Contract and/or may pursue such other rights and remedies provided by law or under this agreement; provided that the existence of the facts upon which the State makes such findings shall be in issue and may be reviewed in proceedings pursuant to the Remedies clause of this Contract; and
- b. In the event this Contract is terminated pursuant to subparagraph "a", the State shall be entitled (i) to pursue the same remedies against the Vendor, and (ii) to exemplary damages, as a penalty in addition to any other damages to which it may be entitled by law, in an amount which shall be not less than three, nor more than ten, times the costs incurred by the Vendor in providing any such gratuities to any such officer or employee. The amount of such exemplary damages shall be in the sole discretion of the State.

40. AFFIRMATION

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder, partner, principal, or other person substantially involved in the Contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

41. AUDIT ACCESS TO RECORDS

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. Reimbursement to the State for disallowances shall be drawn from the Vendor's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.

42. REMEDIES

Except as otherwise provided in this Contract, all claims, counterclaims, disputes, and other matters in question between the State and the Vendor arising out of, or relating to, this Contract, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

43. SUBCONTRACTS

Subcontracting is permitted under this RFP and Contract. However, every subcontractor shall be identified in the Proposal (Attachment 7) and agreed to in writing by the State or as are specifically authorized in writing by the Agency during the performance of the Contract. Any substitutions in or additions to such subcontractors, associates, or consultants will be subject to the prior written approval of the State.

The Vendor(s) shall be responsible for compliance by the subcontractor with all terms, conditions and requirements of the RFP and with all local, State and Federal Laws. The Vendor shall be liable for any noncompliance by any subcontractor. Further, nothing contained herein or in any subcontractor agreement shall be construed as creating any contractual relationship between the subcontractor and the State.

44. AGENCY'S RESPONSIBILITIES

The Agency shall:

- a.** Examine and review in detail all letters, reports, drawings and other documents presented by the Vendor to the Agency and render to the Vendor in writing, findings and decisions pertaining thereto within a reasonable time so as not to delay the services of Vendor.
- b.** Give prompt written notice to the Vendor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Vendor's services.
- c.** When an ordering Agency first experiences a relatively minor problem or difficulty with a Vendor, the agency will contact the Vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to Vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

of the awarded Contract.

- d. The State has several remedies available to resolve non-performance issues with the Vendor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the Contract to confirm that the issue is a part of the Contract. If the issue is not covered by the Contract, the state cannot expect the Vendor to perform outside the agreement. If the issue is a part of the Contract, the Agency or GSS - Contracting must then contact the Vendor, discuss the reasons surrounding the default and establish a date when the Vendor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with Vendors or commodities. Be sure to furnish as much detail as possible. [Corrective Action Report](#)

45. CONTRACT DOCUMENTS

The Definitions and General Provisions and any Special Instructions, Specifications, Request for Proposal, Proposal, Purchase Order, and Contract shall be a part of and constitute the entire Agreement entered into by the State of Delaware and any Vendor. In the event there is any discrepancy between any of these Contract documents, the following order of documents governs so that the former prevails over the latter:

Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Vendor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

Appendix A
STATEMENT OF WORK AND TECHNICAL SPECIFICATIONS

I. MINIMUM REQUIREMENTS

A. Introduction:

At the center of Alapocas Run State Park, located in Wilmington, DE is the Blue Ball Barn. Built in 1914 by Alfred I. DuPont, the barn supplied his neighboring estate, Nemours, with fresh dairy products, eggs, and other produce. The barn encompassed the traditional design of the early 1900's with the latest technological advances and was named for the Blue Ball Tavern, an inn and meeting house that was once located near the property. Today the barn is an example of the preservation and adaptive reuse of historic structures. The Blue Ball Barn hosts both indoor and outdoor private events, weddings, corporate meetings and functions, art shows and more. The Park is located off Route 202, minutes from I-95 and has immediate access to the running and hiking trails at Alapocas Run State Park and the Northern Delaware Greenway Trail.

The Division of Parks and Recreation (Division) is seeking a competent Vendor to provide Catering and Event Booking & Management Services at the Blue Ball Barn and its surrounding grounds. The awarded Vendor will be granted a Contract herein for providing services included in this RFP. This Contract shall commence April 1, 2019.

Vendors are encouraged to submit creative business proposals that may include, but are not limited to: (i) offering the public event coordination services at the Blue Ball Barn and surrounding grounds, (ii) creating and hosting public and private events, (iii) catering services, and (iv) installation of state of the art equipment meeting the required food service standards normally associated with a catering business. The Division's goal is to attract and provide park patrons with unique event/activity opportunities at this multi-use facility. Division employees currently operate Alapocas Run State Park from the offices inside the Blue Ball Barn. This facility shall be a shared space during normal office hours and some mutually agreed upon Division events.

The Vendor shall include in their proposal any ideas or concepts for adding a food service building or non-permanent kitchen, development, restoration, rehabilitation, preservation and reconstruction, including, but not limited to, capital investment, timeline for delivery of project work, projected costs and any other related items incidental to services provided at the Blue Ball Barn. Vendors may propose modifications to existing land and buildings. **Any proposed Plan shall compliment current Alapocas Run State Park activities and programs. The Division is looking for innovative ideas that will enhance Alapocas Run State Park and attract visitors.**

The Division is interested in Vendor's providing responses to all of the following current Requests for Proposals: NAT18007-BLUE BALL BARN, NAT18003-BELLEVUE HALL, NAT18006-CAUFFIEL ESTATE, and NAT18005-JUDGE MORRIS ESTATE. While these RFP's will be evaluated and scored individually, if Vendor's submit proposals for all or multiple sites, the Division reserves the right to award all sites to one Vendor if it is in the best interest of the Division and the State of Delaware.

By entering into a Contract for catering and event booking & management services, the Division encourages the scheduling of events at the Blue Ball Barn offering such services, to increase the

Department of Natural Resources and Environmental Control
Division of Parks and Recreation

use of the estate, grounds and/or outbuildings, and to generate additional interest in the Blue Ball Barn and Alapocas Run State Park.

The awarded Vendor will be granted a Contract herein for the provision to provide catering and event booking & management services at the Blue Ball Barn as included in this RFP.

Note: This site is a “shared use site.” Alapocas Run State Park will retain responsibility for the vending room, office, and Milking Parlor. The Vendor will have use of the Calving Room, Courtyard, 1st Floor Restrooms, and the entirety of the 2nd Floor. The maintenance storage area on the 2nd floor will also be used by both the Division and the Vendor. There are several other storage areas that hold pamphlets, maps, event furniture, etc. on both floors. The Milk House is used for catering drop off’s, storage and is set up to hold 2 Park’s staff members.

The Blue Ball Barn currently houses the Division’s Folk Art Collection and it is in the interest of the Division that this Collection continue to be displayed at the Blue Ball Barn. The Division encourages the awarded Vendor to work with our programming and interpretive staff on incorporating Artwork/Displays into Vendor functions.

Appendix D – SPECIFICATIONS AND ADDITIONAL INFORMATION

I. State of Delaware Project Review and Approval Procedures

In meeting our goal to provide safe, code compliant and efficient facilities to State agencies and the public, certain public works projects are reviewed by the Office of Management and Budget, Division of Facilities Management (DFM). All State departments and agencies (including school districts) are required to submit to DFM proposed contracts for architectural, engineering or construction management services as well as all architectural, structural, electrical/mechanical plans, specifications and cost estimates (source Delaware Code, Title 29, Chapter 74, Section 7419 and Chapter 63A, Section 6307A).

In addition to DFM, projects must be reviewed and approved by DNREC and other entities depending on the scope and status of the project. These entities may include DNREC Sediment and Stormwater Management Plan, State Historic Preservation Office (SHPO), DelDOT, State Fire Marshal, County and City. This process may require 6 to 8 weeks minimally for single reviews and longer for multiple reviews.

It is recommended that initial reviews be held with the appropriate agencies at the onset of a project to review the proposed scope. The initial meeting may result in decreasing the number of reviews and reducing the amount of time needed for approvals.

A. Projects Requiring Submission

Plans, specifications and professional services agreements are required by DFM for those projects that are:

1. Constructed by or on behalf of the State of Delaware.
2. Financed in whole or in part by the State or by bonds in whole or in part by the State.
3. Financed by the federal government through a state agency. Highway construction projects do not need to be submitted for review and approval except those identified by the AAB as requiring submission.
4. Facilities leased by the State (regardless of whether alterations will be made).

B. Agencies Affected

All State departments and agencies (including all school districts).

C. Accessibility Requirements

The Architectural Accessibility Board (AAB) is housed within the Office of Management and Budget for administrative reasons, but as a separate agency of the State, maintains an independent review and approval process. The Architectural Accessibility Act (Delaware Code, Title 29, Chapter 73) requires submission of certain plans and specifications to the Architectural Accessibility Board. Submission to the AAB and their approval must be made prior to the final DFM application.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

D. DNREC Sediment and Stormwater Management Plan

Projects involving 5,000 SF or more of site disturbance must be reviewed and approved by DNREC Sediment and Stormwater Management Plan. This process can require 6 to 8 weeks minimally.

E. State Historic Preservation Office

Projects that are on the National Register, have covenants or easements, are within historic districts and/or having landmark status must be reviewed and approved by this office. It is recommended that an initial meeting be held with this office to determine their stance on the scope of work. Final documents are to be submitted and approval can require four weeks. This should be done prior to the final DFM review.

F. State Fire Marshal

All construction projects must be reviewed and approved by the State Fire Marshal. It is recommended that an initial meeting be held with this office for mid-level to complex projects. Final signed and sealed documents are to be submitted and approval can require two to four weeks. This should be done prior to the final DFM review.

G. Delaware Division of Health and Social Services (DHSS)

All construction projects must be reviewed and approved by the DHSS Office of Engineering. It is recommended that an initial meeting be held with this office for mid-level to complex projects. Final signed and sealed documents are to be submitted and approval can require two to four weeks. This should be done prior to the final DFM review.

H. County and City

The State-funded projects are required to submit construction documents for building permits with fees waived except for water and sewer fees. Privately funded projects built on State property will be required to pay all fees associated with the building permit. Issuance of the building permit can take four to twelve weeks. This is typically done by the Vendor after award of the project. The Owner, architect or engineer cannot submit for the building permit.

1. The construction documents must be signed and sealed by a registered architect, structural engineer, site engineer and mechanical engineer.
2. The general contractor, plumbing contractor, mechanical contractor and electrical contractor must be licensed by the State and local jurisdiction.
3. The local jurisdiction will complete inspections during construction. These inspections will minimally include foundation, framing, ADA, mechanical, plumbing and electrical.

STATE OF DELAWARE
Department of Natural Resources and Environmental Control
Division of Parks and Recreation

I. Asbestos Requirements (if present)

Delaware Code, Title 16, Chapter 78, Section 7805 (1) requires that all agencies utilizing State funds from any source to perform asbestos abatement and must have plans and specifications approved by DFM if asbestos is found.

J. Necessary Documentation for DFM Review

1. **Public Works Project Review Form**: All Contracts, plans and specifications submitted to the Division of Facilities Management for review must be accompanied by a completed Public Works Project Review Form.
2. **Professional Design Service or Construction Management Contract/Agreement**: If the purpose of the submission is for the review and approval of architectural, engineering or construction management services, the proposed Contract or agreement and the Professional Services Contract Review Form must be completed and submitted with the requested information.
3. **Construction Plans and Specifications**: Three (3) complete sets of final plans and specifications must be submitted (cover page of project manual and every drawing shall be signed and sealed). Two (2) copies are sent to the Chief of Engineering and Operations and one (1) copy is sent to the Architectural Accessibility Board. Note: for DFM-managed projects, address documents to the DFM project manager assigned.
4. **Life Cycle Cost Analysis**: As outlined in Delaware Code, Title 29, Chapter 69, section 6909A, the use of life cycle cost analysis is required in the purchasing of equipment and in public works projects. See here for LCCA Requirements.
5. **Design Review Checklist**: Submissions of plans and specifications must be accompanied by a completed and signed Design Review Checklist. (see below for further details)
6. **Asbestos Plans and Specifications**: One copy of final plans and specifications must be submitted to the Chief of Engineering and Operations.

K. DFM-Managed Design Review Process
