To all prospective bidders under the specifications and contract documents described above, this Addendum to BID is being issued to answer the following submitted questions:

1. I have reviewed your bid specifications and want to confirm that you are looking for just the chassis. There are no specs for a body. Also, included in your chassis spec is a note that your preference is to have the rear door of the chassis in the center. Again, there are no doors on the chassis.

The District is in need of a Ford F-59 with a 14-16' Chassis and body. The unit will be utilized as a Food Truck.

Body

- Minimum 14 foot body prefer 16 foot if you can
- Vehicle should have a minimum GVW of 16,000 lbs
- Ford Chassis – Should be the same size as the body
- The van should be a Walk-Van Body to allow access to the cargo area through a sliding door.

Doors

- Rear swing door is preferred, however please note the preference of rear door to be centrally located. This is to allow room for placement of propane tanks.

Side

- Side service security window is preferred.
