To answer the following questions:

1. Why is an FCC Registration Number required for this RFP?

In order to get eRate funding any firm, regardless of services provided, must be registered with eRate and have a SPIN number (Service Provider Identification Number). If a company is not yet registered, information about doing so can be found at <http://www.usac.org/default.aspx>

If a prospective vendor does not have an FCC Registration Number (SPIN number) they can still respond to the RFP and just state that they are in process of receiving one. Ultimately the awarded vendor will need to have an FCC Registration Number. Directions for obtaining a SPIN number can be found here: <http://www.usac.org/sl/service-providers/step01/default.aspx>

2. Will vendors from outside Delaware be considered?

Yes, out of state vendors will be considered.
