CENTRAL BIDDING DEPARTMENT

ADDENDUM No. 1

RFP #2-16-34 – Wireless Access Point Purchase and/or Installation – All Schools
Red Clay Consolidated School District

Date of Addendum: February 4, 2016

OPENING DATE: **March 4, 2016 at 2:00 PM**

To all prospective bidders under the specifications and contract documents described above, this Addendum to RFP is being issued to:

To answer the following submitted questions:

1. I reviewed the bid. Question, are you open to using Cisco Meraki equipment versus Aerohive?
If it is deemed equal or better.
2. Would me be able to bid the subject solicitation if we have the following contract?
GSS15745-AV_EQPTCONF - Audio Visual Equipment & A/V Web Conferencing_Delaware State
Yes, if you meet the requirements of the RFP you may submit a bid. You will need to submit a separate response to our RFP, your current award/contract will not count as a bid to this RFP.
3. We are a SDVOSB based on Aberdeen Proving Grounds MD. .. I am interested in bidding on this project. I did see however that there is a requirement for all bidders to be on the State of Delaware approved contract for cabling. How does a contractor get on that contract?

For the cabling portion of the RFP the vendors need to be one of the awarded vendors on the following state contract: http://contracts.delaware.gov/contracts_detail.asp?i=1927

The contact for this contract can also be found in the link above.
