### CENTRAL BIDDING DEPARTMENT

#### ADDENDUM No. 2

#### Baltz Elementary School Extended Learning Time Program – RFP #2-15-01 **Red Clay Consolidated School District**

Date of Addendum: July 29, 2014

OPENING DATE: **August 5, 2014 at 2:00 PM**

To all prospective bidders under the specifications and contract documents described above, this Addendum to RFP is being issued to:

#### **To answer the following questions:**

1. On page 19 of the RFP, under Proposal, point #4 it asks for “technical support related to capacity building-Full service Community Schools.” Can someone explain this in a little more detail as I want to make sure we address it correctly?

A: The extended day program needs to be an integral part of whole school reform; it should extend learning and also parental engagement. It should not be seen as separate. For more guidance, the vendor may also do a search on "Children's Aid Society Community Schools" to review the concept of extended day in a community school program.

2. If I am reading this correctly, it appears the request is for a community school along with out of school time programming. Is this correct?

May we only apply for the out of school time component?

A: This RFP is for out of school time programming only.

3. We've read through the RFP and would appreciate if you can let us know whether there are specific guidelines for submission (in terms of page limits, formatting, etc). I wasn't able to find that information within the RFP nor the addendum.

A: No specific formatting is required.
