Answer the following submitted questions:

My question regards the allocation of the Program Manager as part of the budget, does this fall under the hourly (90 minute) rate per pupil or is it a separate item that is charged to the administrative (5%) costs? From the description, it seems to us that the Program Manager is part of the instructional program (consultation on SLPs) as well as administrative (maintaining records).

The Program Manager's salary comes out of administrative costs since he/she does not provide direct service to children. He/She manages the office and is the liaison who makes arrangements with principals.
