I. INTRODUCTION:

A. PURPOSE:

The purpose of this Request for Proposal is to obtain sealed proposals for an Explosive Ordinance Disposal Vehicle. It is the goal of this Request for Proposal to identify a vendor and execute a contract for the construction and delivery of an operational Explosive Ordinance Disposal Vehicle.

1. COMPETITIVE SEALED PROPOSAL:

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with offerors concerning technical and price aspects of their proposals; or
- Afford offerors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS:

This contract will be issued to fill the Explosive Ordinance Disposal Vehicle requirements for the Delaware Emergency Management Agency.

3. MULTIPLE SOURCE AWARD

The Agency does not intend to award this contract to more than one vendor.

4. CONTRACT PERIOD:

Each Vendor's contract shall be valid for a one (1) year period from the date of an executed contract. Each contract may be renewed for two (2) one (1) year periods through negotiation between the Vendor and the Department of Safety and Homeland Security, Delaware Emergency Management Agency. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

The State reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.
