REHAB QUESTIONS AND ANSWERS

1. Q. Can we obtain census and utilization information? Basically, how many units or minutes of therapy is provided on average for Medicare A, HMO A, Medicare B, HMO B and all other payers. Often therapy software or billing software tracks the amount of therapy provided for insurances, Med A and Med B. Again, if it is possible to obtain the amount (minutes or units) of therapy that would be great.

A. This chart is for the month of March.

PT Administered	PT EVAL UNITS	3
PT Administered	PT TX UNITS (Service)	3
PT Administered	PT TX UNITS	525
OT Administered	OT EVAL UNITS	3
OT Administered	OT TX UNITS	272
SLP Administered	ST EVAL UNITS	4
SLP Administered	ST TX UNITS (Service):	78

All other terms and conditions remain the same.
