

RFP for Electronic Collections Banking

Error Correction

January 26, 2015

On page 29 of the RFP for electronic collections banking, Exhibit 1 has an error. Above the tab listing there is a paragraph with this sentence:

“Except where noted, all documents must be submitted in duplicate.” Delete that sentence; it is not correct.

Per Section IV-B-3 (Bidding and Contract Specifications), all proposals are to be submitted in four copies (binders), with one of those designated as the “master” proposal. Therefore, it is unnecessary to provide duplicate copies of documents in any single binder, since there will be four of everything anyway. I apologize for the conflicting information.
