CONTRACT DOCUMENT
DELAWARE DEPARTMENT OF AGRICULTURE
CONTRACT NO. FS-2026-03-R
Appenzellar Tract Commercial Timber Sale
11/19/2025

THIS AGREEMENT, made and executed this _____ day of _____, by and between Buyer (hereinafter designated as Buyer), party of the first part, and the Delaware Department of Agriculture, a department created under the laws of the State of Delaware (hereinafter designated as Department) party of the second part.

WITNESSETH that the Buyer in consideration of the covenants and agreements herein contained and made by the Department agree to the following:

ARTICLE ONE. The Buyer shall and will provide and furnish all the necessary labor and equipment to perform and complete this Contract and all Specifications and Proposals issued by the Department, entitled Contract No.FS-2026-03-R, "Redden State Forest, Appenzella Tract Commercial Timber Sale" dated _____, as hereby incorporated by reference as Exhibit I, Exhibit II, Exhibit III, and Exhibit IV.

ARTICLE TWO. The Buyer shall and will pay to the Delaware Department of Agriculture based on the stumpage price offered. This must be paid at the time of contract execution.

ARTICLE THREE. The Department agrees to allow the Buyer right of access, ingress, egress, and regress to, on, over, and through property of the Department using such roads as the Department shall prescribe for the purpose of cutting and removing there from such timber as is included in the terms of the Timber Sale Specifications contained in Exhibits I, II, III, and IV.

The Department guarantees that it is the owner of said timber, holds a good title to the same and has the statutory right to remove said timber, and further agrees to answer any and all claims to the contrary at its expense.

The Department guarantees that all requirements and regulations of Title 3, Chapter 10, Subchapter V, the Delaware Seed Tree Law, have been met, and the Buyer has no reforestation responsibilities on this property.

The Department reserves the right to stop all logging operations due to wet weather conditions which can cause environmental degradation, safety violations, and/or violations of this Contract which shall be identified by the Department.

Landing sites will be designated by signs or approved by the State Forester or his/her designated agent.

ARTICLE FOUR. The Buyer shall perform all logging functions in a professional manner at all times, including, but not limited to the following:

1. Shall cut only those trees designated to be within the sale area. The term designated trees, as used herein, is understood to be only those live trees located within the designated area as outlined in the Timber Sale Specifications contained in Exhibits I, II, III, and IV.
2. Shall avoid damage to trees not designated for harvest within the sale area and any trees outside the sale area, during all phases of logging operations.
3. Shall perform all logging functions in a professional manner at all times per the Department.
4. Shall use landing sites, existing roads and forest roads as designated and permitted by the Department. These sites and roads shall be restored and seeded per the Departments standards.
5. Shall refrain from allowing equipment parts, motor oil containers and filters, air filters, paper, scrap metal, wire, or any discarded material to be left on lands of the Department or adjoining lands. Realizing that logging operations tend to generate materials of this type, the Buyer will provide suitable containers on site for depositing discarded material and trash. These containers will be removed from the logging site when full and emptied off-site by the Buyer. Upon completion of logging operations, trash containers will be permanently removed from the logging site. In case of accidental oil or fuel spills on lands of Department, Buyer will immediately initiate cleanup of said oil or fuel spills and remove contaminated soil and other materials from the site.
7. Shall make stump cuts so that all stumps shall be at a height no greater than 12 inches above ground level. All remaining tops should be cut below 4 from the ground.

8. Shall leave the streams, ditches, ponds, or other water sources free and clear of treetops, brush, or other obstructions. To repair anything that is damaged by the operation and leave trails, roads, and property boundary markers in a condition as close to the original condition as possible.
9. Shall notify the Department or the designated agent, two (2) working days in advance of the intention to start cutting or moving equipment onto the site. Notice will also be given two (2) working days prior to the completion of the Contract and before equipment is moved off sight
10. Shall exercise caution at all times by the Buyer, his or her agents, and employees, or those that may be under Contract to him, that fires are not to be started or permitted to spread.
11. Shall carry liability insurance, workman's compensation, and such motor vehicle insurance as required by the Timber Sale Specifications, Exhibit I, Delaware State Law, and furnish proof of same to the Department prior to commencement of the harvesting operation.
12. Shall hold the Department harmless and blameless from any and all claims that may arise as a result of Buyer's operation on the Department's property.
13. Shall pay three (3) times the stumpage value for each tree not in the Contract that is cut or wantonly damaged. Damaged trees and stumpage amounts will be tallied by the Department at which time the Buyer has five (5) days to pay the Department.
14. Shall comply with all state and county laws/regulations and be responsible for any violations that occur on the Departments' property as a result of the Buyers/Buyers agents' actions.
15. Shall provide the Department with a list of the harvesting crew member names and references which must be approved by the Department prior to the start of work. Buyer agrees that no work can be performed, or equipment moved on the Departments property, until this is approved.

ARTICLE FIVE. The Buyer further agrees: To use best management practices throughout the operation to ensure that erosion and sedimentation are not generated during or following the operation, according to the rules and regulations of Title 3, Chapter 10, Subchapter VI, Delaware's Forestry Practices Erosion and Sediment (E&S) Control Law. An Erosion and Sediment Control Permit must be approved by the Department prior to harvesting timber on this site. The buyer agrees to follow said permit requirements. Any restoration work needed on site as

a result of the Buyer's operations will be the sole responsibility of the Buyer and at the discretion of the Department. Restoration work will be performed to the satisfaction of the Department, failure to comply shall result in the loss of the bid deposit.

ARTICLE SIX. It is hereby understood by the parties that the Delaware Department of Agriculture is an agency of the State of Delaware and is sovereignly immune from liability claims.

ARTICLE SEVEN. The terms of this agreement and Contract will be completed on or before _____.

ARTICLE EIGHT. The Contract Documents include this Contract, the Invitation to Bid, the Specifications and Exhibits, and the Bids.

ARTICLE NINE. This Contract may be amended upon the mutual written consent of both parties.
