GENERAL INSTRUCTIONS TO BIDDERS

THE GENERAL RULES AND CONDITIONS WHICH FOLLOW APPLY TO ALL PURCHASES AND BECOME A PART OF EACH CONTRACT OR PURCHASE ORDER. BEFORE SUBMITTING ITS BID, THE BIDDER MUST REVIEW ALL INSTRUCTIONS AND SPECIFICATIONS. A BIDDER'S MISINTERPRETATION OR IGNORANCE OF SUCH INSTRUCTIONS OR SPECIFICATIONS WILL NOT EXCUSE THE BIDDER FROM COMPLYING WITH THE INSTRUCTIONS AND SPECIFICATIONS. THE BIDDER MUST ALSO REVIEW APPLICABLE STATE LAWS. IF THESE INSTRUCTIONS OR THE BID SPECIFICATIONS ARE INCONSISTENT WITH STATE LAW, STATE LAW SHALL CONTROL.

NOTE: "District(s)" refers to the Colonial and Red Clay Consolidated School Districts, individually or collectively as indicated in the Special Instructions or Specifications.

1. BID PROPOSALS

Use the enclosed Proposal Form in submitting a Bid Proposal. The Bid Proposal must be dated and signed by an authorized representative of the bidder. A Request for Bids for Red Clay Consolidated, and/or Colonial School Districts received from any source other than the Central Bidding Department may not be complete or current. When you are made aware of an existing Request for Bid, you should contact this office for the bid documents.

All bids must, prior to the time set for the public opening, be submitted through the eSM website under the corresponding bid number and name

2. "RFP" - REQUESTS FOR PROPOSALS

When the use of competitive sealed bidding is either not practicable or not advantageous to the District, a procurement may be effected after receipt of a response to a "Request For Proposal" ("RFP"). The "RFP" differs from a "Bid" in that offerors submitting proposals may be afforded an opportunity to discuss and revise proposals. Revisions may be permitted after submissions of proposals and prior to award for the purpose of obtaining best and final offers. Negotiations may be conducted with responsible offerors who submit proposals reasonably likely to be selected for award.

The contents of any proposal shall not be disclosed so as to be available to competing offerors during the negotiation process. The award shall be made to the offeror(s) whose proposal is most advantageous to the District(s), taking into consideration the evaluation factors set forth in the RFP. The award may be made upon criteria which do not include price.

3. PRE-BID MEETINGS

In the case of any public works contract for the construction, re-construction, alteration or repair of any public building or other public improvement of any District, there shall be a meeting of all prospective bidders and of the District called by the District upon reasonable notice and at a place and time stated in such notice which meeting shall be at least 15 days before the date for the submission of bids (29 § 6962(d)(10)a Delaware Code).

Pre-bid meetings for non-public works contracts and for public works contracts that do not exceed \$50,000 in value, and attendance requirements for such meetings, shall be at the discretion of the District(s).

4. DELIVERY OF BID PROPOSALS

All bids must be sent directly to the eSM website under the corresponding bid number and name, prior to the time set for the Bid Opening. It is the responsibility of the Bidder to make certain that the Bid Proposal is in the Central Bidding Department prior to the time set for the Bid Opening. The District(s) accepts no responsibility for any late bids due to internet errors, etc.. Bid Proposals not received in the Central Bidding Department by the time set for the Bid Opening will not be considered.

5. BID OPENING

Bids will be publicly opened at the designated location at the time designated on the Proposal Form, and in the Advertisement for Bids. The purpose of the opening is to reveal the names of those bidders submitting proposals. The opening is not to serve as a forum for determining the responsiveness of each bid, or the apparent low bidder. Additional information shall be disclosed at the discretion of the Districts.

The contents of any "Request For Proposal" will not be disclosed at an opening so as not to interfere with the negotiation process. Only the names of those submitting proposals shall be revealed.

Requests for bid tabulations during an unannounced office visit may be denied if work flow of department personnel will be disrupted.

C. Copying Fees

- D. Bidders may take exception to the terms and conditions of the instructions and/or specifications. Exceptions must be submitted prior to the opening of bids. Exceptions that do not conform to State bid law and/or create inequality in the treatment of bidders will be rejected. The bid of a bidder taking exception may be rejected if the District(s) rejects the exception.

8. AWARDING OF BIDS

- A. The District(s) reserves the right to award the bid to the lowest qualified bidder meeting specifications by item, in total, or any other method, whichever is deemed by the District(s) to be in its best interest.
- B. The District(s) reserves the right to award the bid to 2 or more firms if the advertisement for bids notifies bidders of the right of the District(s) to make such an award and the criteria for such an award.
- C. The District(s) reserves the right to reject any and all bids, in whole or in part, to make partial awards, to waive any irregularity, to reasonably increase or decrease quantities where estimated quantities are shown or where definite quantities are shown, and may reject any bid which indicates any omission, contains alteration of form or additions not requested or imposes conditions, or where the individual bidder should receive a total award of less than \$500.00, or offers alternate items, and make any award which is deemed to be in the best interest of the District(s).
- D. In the event of tie bids, the District(s) will decide which bidder is to be awarded the contract by any criteria of its choice.

9. BID DEPOSIT

All bid deposits are waived for contracts valued at less than \$45,000.00. All bids shall be accompanied with a deposit of either a good and sufficient bond to the State of Delaware for the benefit of the District involved, with corporate surety authorized to do business in this State, for a sum equal to 10% of the bid, or in lieu of the bid bond a security of the bidder assigned to and approved by the District. Bidders are advised that they may obtain written confirmation from the Data Service Center for the acceptance of a security deposit other than a bond, prior to the submission of the bid. The bid bond need not be for a specific sum but may be stated to be for a sum equal to 10% of the bid to which it relates and not to exceed a certain stated sum, if said sum is equal to at least 10% of the bid. All bidders shall submit a separate bid deposit for each proposal. Where all four (4) Districts are named in a proposal, a single bid deposit drawn to the order of the Brandywine School District, will be acceptable. Upon the execution of a formal contract and necessary bonds, the bid deposit will be returned to the successful bidder. The deposit of the unsuccessful bidders will be returned to them immediately upon the awarding of the contract, or the rejection of all bids.

10. FORMAL CONTRACT AND/OR PURCHASE ORDER

- A. The successful bidder shall execute the formal contract, and also the required bonds, within twenty (20) days after the award of the contract. In the event any successful bidder refuses or neglects to execute a formal contract or required bond within (20) days of the awarding of the contract, the bid deposit of the successful bidder may be taken and become the absolute property of the State for the benefit of the named District(s), as liquidated damages, and not as a forfeiture or as a penalty, and shall be deposited with the State Treasurer, and the District(s) will award Contract to the next lowest bidder or re-advertise for new bids. The District(s) will proceed to collect on the bid deposit. The District(s) waives all formal contracts on contract awards of less than \$5,000.00; the obligations of the bidder shall be set forth in the bid specifications, these General Instructions, and any special instructions. No bidder or Vendor is to begin any work until it receives a State of Delaware Purchase Order signed by two authorized representatives of the District(s), properly processed through the State of Delaware Accounting Office. The Purchase Order shall serve as the authorization to proceed with work in accordance with the bid specifications and the special instructions.
- B. The formal contract or purchase order shall incorporate by reference these General Instructions, as well as the Special Instructions and Specifications and the bidder's Proposal.
- C. If a bid is submitted to more than one District, each such District awarding the bid shall enter into a separate contract with the low, qualified bidder.

11. PERFORMANCE AND PAYMENT BONDS

- A. Performance and payment bonds are required for materials or non-professional service contracts, unless reduced or waived as stated in the bid specifications. Contracts for less than \$25,000 may contain a waiver of the bond requirement provided the successful vendor posts with the State an irrevocable letter of credit or other suitable or readily collectible financial security for the project. Such letter of credit or other security shall be issued for a term commencing simultaneously with the execution of the formal contract and terminating no later than 3 years, subsequent to the date of delivery of such material or non-professional service or to the extent of the warranty period, whichever is greater. In no event shall such security expire without the express written approval of the State. When required, the successful bidder shall simultaneously with the execution of the formal contract, execute a good and sufficient Performance and Labor and Materials bond to the State of Delaware for the benefit of the District(s), with corporate surety authorized to do business in this State, in a sum equal to 100 percent of the contract price.

The successful bidder shall simultaneously with the execution the formal contract, execute a good and sufficient Performance and Labor and Materials Bond to the State of Delaware for the benefit of the District(s) with corporate surety authorized to do business in this State, in a sum equal to 100 percent of the contract price. Contracts may contain a waiver of the bond requirement, provided, however, that the successful bidder post with the contracting Agency an irrevocable letter of credit or other suitable or readily collectible financial security for the project. Such security shall be subject to the terms and conditions of the contracting District.
- C. The bond when required shall be conditioned upon the faithful compliance and performance by the successful bidder of each and every term and condition of the contract and the proposal and specifications at the time, and in the manner prescribed by the contract and specifications including the payment in full to every person furnishing materials or performing labor in the performance of the contract, of all sums of money due him for such labor or materials. The bond shall also contain the successful bidder's guarantee to indemnify and save harmless the State and the District(s) from all cost, damages, and expenses, including attorneys fees, growing out of or by reason of the successful bidder's failure to comply and perform the work and complete the contract in accordance with the contract.
- D. The District(s) will, when it considers that the interest of the State so require, cause judgment to be confessed upon the bond. All sums received through confession of judgment shall be paid to the State Treasurer for the credit of the District(s).

- E. Every person furnishing materials or performing labor under the contract for which the successful bidder is liable may maintain an action on the bond for the subcontractor's or supplier's own use in the name of the State, in any court of competent jurisdiction, for the recovery of such sum or sums as may be due such person from the successful bidder, but if the bond so provides, no suit shall be commenced after the expiration of one (1) year following the date on which the successful bidder ceased work on the contract. Otherwise, suits may be commenced at any time within three (3) years following the date the last work is done on the contract.
- F. The performance and payment bond shall include a provision that the Surety shall have the right to participate in any arbitration proceeding which may involve liability under the bond, and that the arbitration award in any such arbitration proceeding shall be binding on the Surety.
- G. No person or surety, in any action brought under this section, or on the bond required by this section, shall assert as a defense to such action, the claim that the bond given pursuant to this section contained a limitation or restriction not provided for by this section.

12. FAILURE TO COMPLY WITH CONTRACT: NEW AWARD: SUPERVISION

If any person entering into a contract under the authority of this chapter neglects or refuses to perform it or fails to comply with the terms thereof, the District(s) will terminate the contract and proceed to award a new contract in accordance with the provisions of Chapter 69, Title 29 of the Delaware Code, or may require the surety on the performance bond to complete the contract in accordance with the terms of the performance bond.

Should a contractor/supplier fail to perform under the conditions of this contract, the District(s) reserves the right to purchase the item or items on the open market and charge to the contractor/supplier or deduct from any monies owed the contractor/supplier, the difference between the bid price and the purchase price. However, no such action will be taken without first notifying the contractor/supplier by certified letter and giving him reasonable time to reply, but in no event longer than 10 days from the mailing of the certified letter. Failure to supply items as bid may be cause for removal of a bidder from our vendor bid list.

13. CONTRACT FOR PUBLIC BUILDINGS: LISTING SUBCONTRACTORS: BIDDER AS SUBCONTRACTOR: SUBSTITUTION OF SUBCONTRACTORS: PENALTIES: SUBCONTRACTING LIMITATION

Any public works contract, the probable cost of which exceeds \$100,000, for the construction, reconstruction, alteration, or repair of any public building of the State or any agency or governmental unit within the State, shall, in addition to the other requirements of this chapter be subject to the following provisions.

- A. Such contract shall be awarded only to a bidder whose bid is accompanied by a statement containing for each subcontractor category set forth in the "listing" as provided in §6962(d)(10) of this Chapter, the name and address (City or Town and State only - Street Number and P.O. Box addresses not required) of the subcontractor whose services he intends to use in performing the work or in performing the work and providing the material, for such subcontractor category. No bidder for such a contract shall list himself in any accompanying statement as the subcontractor of any part of the public building unless the bidder, in addition to being licensed as a contractor of the State, shall also be recognized in the industry not only as a prime contractor but also as a subcontractor or contractor in and for any such part of parts of such work so listed in such accompanying statement.
- B. Neither the State nor agency nor governmental unit shall accept any bid for such a contract or award any such contract to any bidder, as the prime contractor, if the bidder has listed himself as the subcontractor for any subcontractor category set forth on the "listing" as provided in §6962(d)(10) of this Chapter, unless it has been established to the satisfaction of the awarding agency that the bidder has customarily performed the specialty work of such subcontractor category by artisans regularly employed by the bidder in his organization, that the bidder is duly licensed by the State to engage in such specialty work, if the State required such licenses and that the bidder is recognized in the industry as a bona fide subcontractor or contractor in such specialty work and subcontractor category. Illustrative only (and not intended to be exhaustive) of typical subcontractor categories involving their own respective types of specialty work, are plumbing, electrical wiring, heating, roofing, insulating, weather-stripping, masonry, bricklaying, and plastering. The decision of the awarding agency as to whether a bidder who lists himself as the subcontractor for a subcontractor category set forth in the "listing" as provided in §6962(d)(10) for such subcontractor category, shall be final and binding upon

all bidders, and no action of any nature shall lie against any awarding agency because of its decision in this regard.

- C. After such a contract has been awarded, the successful bidder shall not substitute another subcontractor for any subcontractor whose name was set forth in the statement which accompanied his bid without the written consent of the agency awarding the contract. No agency shall consent to such substitution unless the agency is satisfied that the subcontractor in question whose name is listed in the successful bidder's accompanying statement (1) is unqualified to perform the work required, or (2) has failed to execute a timely reasonable subcontract, or (3) has defaulted in the performance of the part of the work covered by the subcontract, or (4) is no longer engaged in such business.
- D. Such a contract shall contain a provision for withholding from or requiring the payment by, the successful bidder of a penalty, the amount to be determined by the agency, for the failure to utilize any or all the subcontractors set forth in the successful bidder's accompanying statement in the performance of the work on the public building contemplated by the contract. Any sum so withheld from or paid by the contractor for any such failure may be remitted or refunded, in whole or in part, by the agency awarding the contract, but only in the event it is established to the satisfaction of the agency, that the subcontractor in question has defaulted or is no longer engaged in such business. No claim for the remission or refund of any penalty shall be granted under this section unless application therefore is filed within one year after the liability of the successful bidder accrues. If any such application for refund of any sum paid as a penalty is denied, or if no application for refund is filed within the period provided herein for filing an application, such sum shall revert to the State.
- E. Any contract for a public works project may include a provision that the successful bidder on a specialty contract perform, at a minimum, a fixed percentage of the work up to 50% of the total contract bid. Factors to be considered by the awarding agency in setting the required percentage of amount of work the successful bidder must perform may include the degree of difficulty involved in the agency's administration of the work covered under the terms of the contract; the degree of specialty work contemplated in the contract and the time period required in which to complete the public works project. The terms of the contract shall so specify reasons for the stated percentage in its general terms and conditions.

14. WAGE PROVISIONS IN PUBLIC CONSTRUCTION CONTRACTS FAILURE TO PAY PREVAILING WAGE RATES; PENALTY

- A. The prevailing wage shall be the wage paid to a majority of employees performing similar work as reported in the Department's annual prevailing wage survey or in the absence of a majority, the average wage paid to all employees reported.
- B. Every contract based upon these specifications shall contain a stipulation that the employer shall pay all mechanics and laborers employed directly upon the site of the work, unconditionally and not less often than once a week and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the specifications, regardless of any contractual relationship which may be alleged to exist between the employer and such laborers and mechanics. The specifications shall further stipulate that the scale of wages to be paid shall be posted by the employer in a prominent and easily accessible place at the site of the work, and that there may be withheld from the employer so much of accrued payments as may be considered necessary by the Department of Labor to pay to laborers and mechanics employed by the employer the difference between the rates of wages required by the contract to be paid laborers and mechanics on the work and rates of wages received by such laborers and mechanics to be remitted to the Department of Labor for distribution upon resolution of any claims.

- C. Every contract based upon these specifications shall contain a stipulation that sworn payroll information, as required by the Department of Labor, be furnished weekly. Every employer performing work on a public project shall furnish weekly payroll reports to the Department of Labor on forms provided (upon request) by the Department. Payroll reports shall be mailed or delivered by the employer to the Department within one week from the last work day covered by the report. Failure to complete each and every section of the report (including the requirement that the form be notarized) will constitute a failure to submit sworn payroll information as required by the Department. Payroll reports shall be mailed to: Delaware Department of Labor, Prevailing Wage 4425 North Market Street 3rd Floor, Wilmington, DE 19802.
- D. The Department of Labor shall investigate all claims that the prevailing wage rates as provided for under this section are not being or have not been paid. Upon finding that an employer has not paid or is not paying the prevailing wage rates, the Department of Labor shall notify the employer of the violations by certified mail and make an effort to obtain compliance. Upon failure to obtain compliance within 15 days of receipt of said certified mail, the Secretary may terminate all rights of the employer to proceed with the work under the public construction contract, and the employer shall be responsible for all damages resulting therefrom.
- E. Any employer who knowingly fails or refuses to pay the prevailing wage rates provided for under this Section, or who fails to submit payroll reports or post notice of the wage rates which apply to the project shall, for each such violation, be subject to a Civil Penalty of not less than \$1,000 nor more than \$5,000 for each violation. No public construction contract in this State shall be bid on, awarded to, or received by any contractor or subcontractor, or to any person, firm, partnership, or corporation in which such employer has an interest who, within two years after entry of a judgment pursuant to this chapter, is adjudicated in violation of this chapter in subsequent proceeding, until three years have elapsed from the date of the subsequent penalty judgment. A Civil Penalty claim may be filed in any court of competent jurisdiction.
- F. Any laborer or mechanic employed by any employer, or the Department of Labor on behalf of any laborer or mechanic employed by any employer, who is paid in a sum less than the prevailing wage rates provided for under this section shall have a right of action against the employer in any court of competent jurisdiction to recover up to treble the difference between the amount so paid and the prevailing wage rate. Such action may be brought by the Department of Labor in the name and for the benefit of the laborer or mechanic with or without an assignment of the claim from the employee, the Department of Labor shall have the power to settle and adjust any such claim to the same extent as would the aggrieved employee. It shall not be a defense to such action that the underpayment was received by the laborer or mechanic without protest. Upon the filing of an action under this section, the employer shall post suitable bond approved by the court for the damages which may be recoverable thereunder. Any judgment entered for plaintiff shall include an award for reasonable attorney's fees and costs of prosecution.
The Department of Labor shall not be required to pay the filing fee or other costs of the action or fees of any nature to file bond or other security of any nature in connection with such action or with proceedings supplementary thereto or as a condition precedent to the availability to the Department of any process in aid of such action or proceedings. The Department shall have the authority to join various claimants in 1 preferred claim lien and, in case of suit, to join them in 1 cause of action.
- G. Any wages collected under this chapter, but not claimed by the employee within 1 year from the date of collection, shall be retained by the Department of Labor for enforcement purposes.
- H. No action to recover wages and damages under this section shall be brought after the expiration of 2 years from the accruing of the cause of action.
- I. Whenever any person shall contract with another for the performance of any work which the contracting person has undertaken to perform, he or she shall become civilly liable to employees engaged in the performance of work under such contract for the payment of wages, exclusive of treble damages, as required under this section, whenever and to the extent that the employer of such employees fails to pay such wages, and the employer of such employees shall be liable to such person for any wages paid by him under this Section. If pursuant to this Subsection (I) a person becomes civilly liable to employees of another, such liability shall not constitute a violation of this

Section for purposes of the termination, civil penalty and debarment provisions of Subsections (D) and (E) of this Section.

- J. A contract manager shall be responsible for monitoring compliance with this Section, but shall not become civilly liable to the same extent as the contracting person. For purposes of this Section, "contract manager" means any person who performs the function of the contracting person without becoming a party to the contract of performance, but rather contracts with the recipient of the goods or services to act as his/her agent. A contract manager who knowingly fails or refuses to monitor compliance with this Section shall, for each such failure or refusal, be subject to a Civil Penalty of not less than \$100 nor more than \$500. A Civil Penalty claim under this subsection may be filed in any court of competent jurisdiction. A contract manager's liability for a Civil Penalty pursuant to this Subsection (j) shall not constitute a violation of this section for purposes of the termination, civil penalty and debarment provisions of Subsection (D) and (E) of this Section.

- K. Any employer who discharges or in any manner discriminates against an employee because that employee has made a complaint or has given information to the Department pursuant to this chapter, or because that employee has caused to be instituted or is about to cause to be instituted any proceedings under this chapter, or has testified or is about to testify in any such proceedings, shall be deemed in violation of this chapter and shall be subject to a civil penalty of not less than \$1,000 nor more than \$5,000 for each violation.

The bidder warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement of understanding for a commission or percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the bidder for the purpose of securing business. For breach or violation of this warrantee the School District(s) shall have the right to annul the Contract without liability or at its discretion to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fees.

A final payment for performance shall not relieve the successful bidder of responsibility for faulty materials or workmanship.

26. INTERPRETATION OF SPECIFICATIONS

Should any bidder be in doubt as to the intention and meaning of the specifications, he may make inquiry to the Office of the Supervisor of Central Bidding of the District(s). Questions received less than three working days before the opening of bids may not be considered. All questions in order to be considered must be submitted in writing.

28. BRAND NAMES AND APPROVED EQUAL

A. Where a particular manufacturer or several manufacturers, brands or models are referenced, it is to be interpreted as indicating the type or quality of material, and shall be interpreted to include an "approved equal". B. Where a manufacturer, brand, or model is referenced in the bid specifications, the absence of a reference to a different manufacturer, brand, or model in the bidder's proposal shall be interpreted as a bid on the manufacturer, brand, or model specified. Only one bid per item will be considered. If a vendor submits more than one bid on an item, none of the vendor's bids on that item will be considered.

C. The Board of Education of the District(s) shall be the sole judge as to whether or not items submitted meet specifications or whether or not items being bid are equal. Samples not removed after two weeks will automatically become the property of the District(s) at no charge.

In all events, shipping invoices or other documents sent with goods shall not be controlling with respect to the timing of inspection. The inspection and test by the District(s) of any supplies or lots thereof does not relieve the supplier from any responsibility regarding defects or other failure to meet the Contract requirements which may be discovered subsequent to delivery. Except as otherwise provided in the Contract, acceptance shall be conclusive except as regards to Patent defects, fraud, or such gross mistakes as amount to fraud.
- C. Any item to be supplied as a result of this Contract shall be subject to inspection and test by the Ordering Office, to the extent practicable, at all times and places including the period of manufacture and in any event prior to acceptance.

- E.
