REQUEST FOR PROPOSAL

Department of Services for Children, Youth and their Families/Division of Family Services
Foster Parent Support Services

SERVICE OVERVIEW

The State of Delaware's Department of Services for Children, Youth and Their Families (DSCYF), Division of Family Services (DFS, hereafter referred to as Division), is seeking proposals from qualified bidders for the purpose of awarding a contract to a public or private agency to provide Foster Parent Support Services. DSCYF expects to award one contract but reserves the right to award more than one.

Foster parents and community professionals agree there is a service gap for challenging youth to remain in stable and nurturing foster homes. Stabilizing out of home placements results in shorter foster care episodes, reduces caregiver stress and helps meet the complex demands of foster parenting. The Division recognizes the need to expand services offered to foster families who have exhausted other interventions to prevent disruption and stabilize the placement. The Division is seeking to contract with a community-based organization to develop and implement a trauma-informed support program that focuses on the whole family including addressing challenging child behaviors, strengthening foster parenting skills and relationships with biological/adoptive families, improving community supports, and provide in-home behavior aids to support the youth and family.

REQUEST FOR PROPOSALS

Interested bidders who meet the minimum criteria set below must respond in writing with a complete response to this RFP for consideration by reviewers. Along with a cover letter, all items to be submitted with the proposal are described in the Proposal Content Requirements section of this RFP.

AVAILABILITY OF FUNDS AND BUDGET

Bidders must outline services to meet the placement support needs of children and youth with a budget not to exceed **\$216,000** annually, subject to availability of funds. Each bidder is **required** to propose a flat cost per month per family regardless of the number of hours of service provided. However, DSCYF is also interested in exploring other fee structures such as a monthly tiered system based on the number of hours of service a family receives for the month. DSCYF is open to other creative fee proposals. Each bidder is **required** to include with its proposal a completed 12-month DSCYF Budget Form and Salary Detail (available in Excel where this RFP is posted) which is supported by a budget narrative which describes all assumptions and calculations for the proposed flat cost per month per family.

Bidders must include a thorough description of the basic Foster Parent Support and ancillary services that will be provided for the proposed cost. Bidders must also discuss the methodology which will be used to arrive at the proposed staff to youth caseload ratios. DFS understands ratios are driven by the level of need of the individual family. Bidders must describe how they would assess the hours of services needed per family. The successful bidder(s) will be asked to develop an assessment tool for this service. For bidding purposes DFS estimates each family will require

5-20 hours of service per month (hence the reference to a tiered monthly billing model). Bidders must describe the capability of increasing the number of families served if additional funding becomes available.

The resulting contract will begin as soon as negotiated and executed. Options to renew for up to five years will be based on satisfactory performance and availability of funds.

The successful bidder is responsible for payment of all applicable federal, state or local taxes. The State of Delaware will not provide Health Care or Pension Benefits. The successful bidder must accept full payment by conventional check and/or other electronic means and/or procurement (credit) care at the State's option, without imposing any additional fees, costs or conditions.

TARGET POPULATION TO BE SERVED

This program targets foster families caring for youth who are at risk of disrupting from their foster home due to challenging behaviors as well as foster families who have recently accepted their first foster placement. The Division seeks to serve foster families with at least one youth in the home who displays significant behavioral challenges. Behavioral challenges are defined as any pattern of behavior that interferes with the youth's engagement in pro-social interactions with adults and/or peers or threatens the physical or emotional wellbeing of the youth or others in the home. Behaviors to be addressed may include, aggression, property damage or theft, self-injurious behavior, inappropriate sexual behavior, repeated running away, defiance or non-compliance with household rules, bullying peers in the home, etc. Youth may have additional challenges such as mental health issues, substance abuse issues, criminal charges or previous convictions, or disabilities. This program will also serve foster families who have recently accepted their first foster placements, as this period is often marked by high levels of uncertainty, adjustment, and emotional intensity. DSCYF is looking for innovative programming that is expected to meet the needs of children within the framework of federal and state requirements and standards.

LOCATION OF SERVICES

This program is to serve all three counties, New Castle, Kent and Sussex. **Therefore, bidders must bid to provide services statewide.**

REQUIREMENTS

Successful bidder must maintain a Delaware Business License for the term of the resulting contract unless able to demonstrate non-profit status. The bidder must also demonstrate knowledge of and/or experience with evidence-based, trauma-informed care principles and approaches.

The bidder must estimate the number of foster families it can serve within the budgeted amount.

Successful bidder must accept and serve youth in the target population and outline how proposed programming will improve placement stability.

Successful bidder must abide by all DSCYF policies and procedures.

A system of care approach is required. Services and supports will be child centered, family-focused, individualized, strengths-based, easily accessible, seamless within and across systems,

integrated, culturally competent, innovative, trauma-informed, and community-based. The successful bidder will demonstrate public/private partnerships that build formal and informal supports for children and families.

All bidders will describe a process by which DFS referrals will be reviewed, and the family accepted into the program. While DFS would expect minimal referral rejection it understands the decision to accept a family for services will be made based on meeting established criteria for acceptance.

PROGRAM DESCRIPTION AND SERVICE COMPONENT

The Division seeks to contract with an agency to provide support services for foster families caring for youth who are at-risk of disruption from their foster home due to challenging behaviors and foster families accepting their first foster placement. These families require timely, accessible, and empathetic support, including access to resources, crisis coaching, and trauma-informed guidance to ensure successful placement outcomes and reduce early disruption. Bidders are expected to outline a proposed program minimally including the following components:

- Consultative work with foster parents to strategize, develop, and implement a plan to proactively and reactively manage challenging youth behaviors.
- Plan to coordinate care with all community behavioral and mental health care providers already involved with the youth/family.
- Support for foster parents to strengthen parenting skills, improve relationships, build partnerships with biological families as appropriate, develop community connections, and coordinate services if multiple agencies or support systems are in place (such as mental health services, school services, etc.)

CRIMINAL BACKGROUND CHECK

Delaware Code Title 31, Chapter 3, Section 309 requires a State and Federal criminal background check and a DSCYF Child Abuse Registry check for all employees, volunteers or representatives of any DSCYF contractor who within the State of Delaware: a) has “regular, direct access to children, b) “provides services directly to a child or children” or c) is given access to the DSCYF case management system known as “FOCUS”. The requirement applies to all current and future hires working as part of a DSCYF contract. Background checks must be completed before the individual can begin providing services for DSCYF. Only after being given proper instruction by a DSCYF Criminal History Unit representative can an individual go to a designated authorized location to have fingerprints taken for the background check. Third party background checks are not accepted. <http://delcode.delaware.gov/title31/c003/sc01/index.html#309>

If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve the bidder of responsibility for the professional and technical accuracy and adequacy of the work. Further, the bidder shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost documents. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The State of Delaware expects to negotiate and contract with only one "prime vendor". The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime bidder will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime bidder is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded bidder. Payments to any-subcontractors are the sole responsibility of the prime bidder (awarded bidder).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section 22 regarding multiple source contracting.

b. Sub-contracting

The bidder selected shall be solely responsible for contractual performance and management of all subcontract relationships. The resulting contract allows subcontracting assignments; however, bidders assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. The prime bidder shall be wholly responsible for the entire contract performance whether or not subcontractors are used. Any sub-contractors must be approved by State of Delaware.

c. Multiple Proposals

Sub-contracting agencies may participate in multiple joint venture proposals.

22. STATE'S RIGHT TO AWARD MULTIPLE SOURCE CONTRACTING

23. POTENTIAL CONTRACT OVERLAP

Bidders shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple bidders during the same period, to award by types, on a zone-by-zone basis or on a service by service or lump sum basis service by service, or lump sum total, whichever may be most advantageous to the State of Delaware.

24. SUPPLEMENTAL SOLICITATION

The State reserves the right to advertise a supplemental solicitation during the term of any contract resulting from this solicitation if deemed in the best interest of the State.

25. NOTIFICATION OF WITHDRAWAL OF PROPOSAL

Bidder may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

26. REVISIONS TO THE RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at bids.delaware.gov. The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor, or its agents.

27. PROPOSAL CLARIFICATION

The Evaluation Team may contact any bidder in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

28. REFERENCES

The Evaluation Team may contact any customer of the bidder, whether or not included in the bidder's reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable services or programs, which may or may not include bidder personnel. If the bidder is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

29. AWARD OF CONTRACT

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful bidder(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a bidder of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and no bidder will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP AWARD NOTIFICATION

After reviews of the proposal review committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award/execute the contract which is then subject to the approval of a purchase order by the Secretary of the Department of Finance.

Any resulting contract shall be awarded to the bidder(s) whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the bidder who submits the lowest priced proposal or the bidder who receives the highest total point score, rather the contract will be awarded to the bidder(s) whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning bidder will be invited to negotiate a contract with the State of Delaware; remaining bidders will be notified in writing of their selection status.

30. COOPERATIVES

Bidders, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation. State of Delaware terms will take precedence.

31. EVALUATION REQUIREMENTS AND PROCESS

The Proposal Review Committee shall determine the bidders that meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 Del. C. §§ 6982(b). The Committee may interview at least one of the qualified bidders. The Committee may negotiate with one or more bidders during the same period and may, at its discretion, terminate negotiations with any or all bidders. The Committee shall make a recommendation regarding the award to the purchasing Division Director of this RFP, who shall have final authority, subject to the provisions of this RFP and 29 Del. C. § 6981 to award a contract to the successful bidder or bidders in the best interests of the State of Delaware. The Proposal Review Committee reserves the right to award to one or more than one bidder, in accordance to 29 Del. C. § 6986.

The Proposal Review Committee shall assign up to the maximum points as stated previously in this RFP. All assignments of points shall be at the sole discretion of the individual Proposal Review Committee members.

The Proposal Review Committee reserves the right to:

- Negotiate any aspect of the proposal with any bidder and negotiate with more than one bidder at the same time. The Department reserves the right to contract with more than one vendor.
- Submit follow-up questions in response to the proposal to one or more bidders as part of the proposal review process.

All proposals shall be evaluated using the same criteria and scoring process. Bidders may be scheduled to make oral presentations in support of their written proposals. However, proposals are expected to stand on their own merits as written. The Review Panel will assess the strength and clarity of any oral presentation or responses to follow-up questions and combine the evaluations of both written and oral presentations (when applicable) in determining the overall evaluation of the proposal and in making recommendations. A summary of the Panel's recommendations will be available for review upon request.

Bidders are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a bidder's capabilities so the responding bidder should be detailed in their proposal responses.

32. REJECTION OF PROPOSALS

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each service offered, or to solicit new proposals on the same service or on a modified service which may include portions of the originally proposed service as the State of Delaware may deem necessary in the best interest of the State of Delaware.

33. STATE'S RIGHT TO CANCEL SOLICITATION

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Bidder's participation in this process may result in the State of Delaware selecting your agency to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

34. RESERVED RIGHTS

Notwithstanding anything to the contrary, the Department reserves the right to:

- Reject any and all proposals received in response to this RFP
- Select for contract or for negotiations a proposal other than that with the lowest cost
- Waive or modify any information, irregularities, or inconsistencies in proposals received
- Consider a late modification of a proposal if the proposal itself was submitted on time; and, if the modifications make the terms of the proposal more favorable to the Department, accept such proposal as modified.
- Negotiate as to any aspect of the proposal with any proposer and negotiate with more than one proposer at the same time
- If negotiations fail to result in an agreement within a reasonable period of time, terminate negotiations and select the next most responsive proposer, prepare and release a new RFP, or take such other action as the Department may deem appropriate
- Negotiate a renewal of the contract resulting from this RFP with appropriate modifications.
- SUPPLEMENTAL SOLICITATION: Advertise a supplemental solicitation during the term of resulting contracts from this RFP if deemed in the best interest of the State.

35. STANDARDS FOR SUBCONTRACTORS

The prime contract with the contractor will bind sub or co-contractors to the terms, specifications, and standards of this RFP, resulting prime contracts, and any subsequent proposals and contracts. All such terms, specifications, and standards shall preserve and protect the rights of the Department under this RFP with respect to the services to be performed by the sub or co-contractor. Nothing in the RFP shall create any contractual relation between any sub or co-contractor and the Department.

All sub or co-contractors must be identified in the Contractor's proposal. The proposal's work plan must also state which tasks the sub or co-contractor will perform. Approval of all sub and/or co-contractors must be received from the Department prior to the contract negotiation.

The prime bidder will be the State's primary contractor.

36. CONTRACT TERMINATION CONDITIONS

The State may terminate the contract resulting from this RFP at any time that the Contractor fails to carry out its provisions or to make substantial progress under the terms specified in this request and the resulting proposal.

The State shall provide the Contractor with 30 days notice of conditions which would warrant termination. If after such notice the Contractor fails to remedy the conditions contained in the notice, the State shall issue the Contractor an order to stop work immediately and deliver all work and work in progress to the State. The State shall be obligated only for those services rendered and accepted prior to the date of notice of termination.

With the mutual agreement of both parties, upon receipt and acceptance of not less than 30 days written notice, the contract may be terminated on an agreed date prior to the end of the contract period without penalty to either party.

Notwithstanding any other provisions of this contract, if funds anticipated for the continued fulfillment of this contract are at any time not forthcoming or insufficient, through the failure of the State of Delaware to appropriate funds or through discontinuance of appropriations from any source, the State of Delaware shall have the right to terminate this contract without penalty by giving not less than 30 days written notice documenting the lack of funding.

37. NON-APPROPRIATION

In the event that the State fails to appropriate the specific funds necessary to continue the contractual agreement, in whole or in part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available, at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

In performing the services subject to this RFP the successful bidder, as set forth in Title 19 Delaware Code Chapter 7 Section 711, agrees that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. 44. CONTRACT DOCUMENTS

The RFP, the purchase order, and the executed contract between the State and the successful bidder(s) shall constitute the contract between the state and the bidder(s). In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, contract amendments, RFP, purchase order and bidder proposal. No other documents unless incorporated by reference in the contract shall be considered. These documents contain the entire agreement between the state and the firm.

45. APPLICABLE LAW

The Laws of the State of Delaware shall apply, except where Federal law has precedence. The successful bidder consents to jurisdiction and venue in the State of Delaware.

46. SCOPE OF AGREEMENT

If the scope of any provision of the resulting contract is too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

47. CONFIDENTIALITY OF BIDDER DOCUMENTS

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, 29 Del. C. § 10001, et seq. (“FOIA”). FOIA requires that the State of Delaware’s records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. All proposals are subject to FOIA’s public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the state respects the vendor community’s desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as “confidential business information”). Proposals must contain sufficient information to be evaluated. If a bidder feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure, or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the bidder’s confidential business information may be lost.

In order to allow the state to assess its ability to protect a bidder’s confidential business information, bidders will be permitted to designate appropriate portions of their proposal as confidential business information.

Bidder(s) **must** clearly identify which portions of its proposal it considers to be confidential business information. The proposal must include an explanation in good faith that the identified information is not “public record” as defined by 29 Del. C. § 10002, briefly stating the reasons that each designated section of the proposal meets the said definitions. Bidder(s) also have the option of providing a **second** electronic copy of the complete proposal which has had the identified confidential business information redacted.

Upon receipt of a proposal indicating the inclusion of confidential information the State of Delaware will determine whether the procedure described above has been followed. A bidder’s allegation as to its confidential business information shall not be binding on the state. The state shall independently determine the validity of any bidder designation as set forth in this section. Any bidder submitting a proposal or using the procedures discussed herein expressly accepts the state’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, bidder(s) assume the risk that confidential business information included in a proposal may enter the public domain.
