Promoting Safe and Stable Families (PSSF) Supplemental Request for Proposals

Background

The Division of Prevention and Behavioral Health Services (DPBHS) provides a range of statewide voluntary behavioral health treatment, prevention, and early intervention services for children and families. Prevention and early intervention programs nurture children, families, and communities, increase child safety, support social and academic success, and promote early identification of children's social, emotional, and behavioral health needs. In addition, DPBHS provides a continuum of behavioral health treatment interventions for eligible children and youth through age 17.

Our vision: All children and families are strong, resilient, and live in supportive communities.

Our mission: To develop and support a family-driven, youth-guided, trauma-informed prevention and behavioral health system of care.

The Delaware Department of Services for Children, Youth and Their Families (DSCYF), Division of Prevention and Behavioral Health Services (DPBHS), is the recipient of the Children's Bureau's Title IV-B, MaryLee Allen Promoting Safe and Stable Families funding. These funds support family support and family preservation services and may be used flexibly to protect children, strengthen families, train the workforce, and prevent maltreatment.

DPBHS is pleased to announce this Request for Proposals (RFP) for the Promoting Safe and Stable Families (PSSF) Program. The goal of this funding is to support coordinated, community-based services that strengthen and preserve families, promote child safety, and prevent maltreatment.

DPBHS is seeking proposals for family-centered services, including but not limited to:

- Family support and preservation services
- Fatherhood engagement
- Culturally responsive and community-driven family strengthening programs

Services are intended to improve family functioning, reduce risk factors, and enhance protective factors that contribute to child and family well-being.

New and emerging organizations are encouraged to apply.

Funding Information

- **Total Funding Available:** \$250,000 annually (approximate)
- **Project Period:** September 1, 2026 – August 31, 2027
- **Award Structure:** Multiple contracts anticipated
- **Term:** One-year initial contract term, renewable up to five years based on satisfactory performance and availability of funds.

Contracts resulting from this RFP are considered “cost reimbursable” such that successful bidders will invoice for actual expenses to provide the contracted services for the previous month against an agreed upon budget included in the contract. Therefore, each bidder is **required** to include with its proposal a completed **12-month DSCYF Budget Form and Salary Detail** (available in Excel where this RFP is posted) and include a budget narrative which describes all assumptions and calculations made to arrive at each line-item budgeted amount.

Trauma-Informed Care

In 2018, Delaware Governor, John C. Carney, signed Executive Order #24, making Delaware a Trauma-informed state. This Order provided direction for the Family Services Cabinet Council to help mitigate the impact of adverse childhood experiences (ACEs) and build resilience in children, adults, and communities. ACEs are traumatic events occurring before age 18. ACEs include all types of abuse and neglect as well as parental mental illness, substance use, divorce, incarceration, and domestic violence.

According to the Data Resource Center for Child & Adolescent Health, 21.6% of children have experienced at least one adverse childhood experience and 17.3% have experienced two or more (<https://www.childhealthdata.org/browse/survey/results?q=12228&r=9>) . Parental separation or divorce (31.8%) and substance abuse (20.4%) were the most prevalent adverse childhood experiences whereas criminal behavior in the household (7.6%) and physical neglect (4.6%) were the least prevalent (<https://djph.org/wp-content/uploads/2021/07/djph-25-020.pdf>) . Additional Delaware specific information can be found from Kids Count at <https://datacenter.aecf.org/data/tables/11384-prevalence-of-adverse-childhood-experiences#detailed/2/any/false/2490,2105,2043,1769,1696,1648,1603/6398,6388,8085/22031>

DSCYF has committed to a trauma-informed approach in our work with children, families, staff and our partners. To guide our trauma-informed work, DSCYF has adopted the Substance Abuse and Mental Health Services Administration Concept of Trauma and Guidance for a Trauma-Informed Approach (<https://store.samhsa.gov/product/SAMHSA-s-Concept-of-Trauma-and-Guidance-for-a-Trauma-Informed-Approach/SMA14-4884.html>). Consistent with SAMHSA’s framework, DSCYF is working to ensure that service recipients, service providers and DSCYF staff are knowledgeable about the prevalence of exposure and opportunities for resilience, healing and recovery for children, families and communities served. DSCYF encourages the use of strategies to build the capacity of staff and providers to recognize and respond to trauma exposure, including the use of trauma screening and assessment, trauma-specific treatment interventions, trauma training for staff, and trauma informed supervision practices. DSCYF is committed to actively resisting the re-traumatization of service recipients and staff and supports the incorporation of trauma informed principles into all aspects of organizational policy and practice (e.g. environments that promote a sense of physical and psychological safety, practices that promote collaboration with and empowerment of service recipients). This trauma informed framework is consistent with DSCYF’s commitment to the systems of care principles. DSCYF reserves the right to give preference to bidder or bidders which demonstrate having adopted a Trauma Informed Care model in its service delivery practices.

Requirement: Successful bidders will be invited to participate in trauma trainings offered by DSCYF.

Bidders must demonstrate how their programs incorporate trauma-informed principles, including:

- Safety
- Peer support
- Trustworthiness and transparency
- Collaboration and mutuality
- Empowerment, voice, and choice

Bidders must include staff training, policies, and practices that reflect trauma-informed care.

Evidence-Based Practice (Recommended)

Bidders are encouraged to incorporate *at least one evidence-based program or practice* into their proposed service model and describe how it will be implemented with fidelity.

When engaging families, successful bidders are strongly encouraged to utilize structured, evidence-based tools such as:

- **Family Check-Up** – a strengths-based, assessment-driven model using motivational interviewing to improve parenting and child outcomes
- **PAX Tools** – practical strategies that promote self-regulation, positive behavior, and nurturing family environments
- **Triple P – Positive Parenting Program (Brief)**
 - Duration: 1–4 sessions (within 8 weeks)
 - Focus: Parenting skills, behavior management, family relationships
 - Appropriate for prevention and early intervention

Please note the above-mentioned are not mandated, they are included as examples of acceptable evidence-based tools. Comparable models may be proposed with supporting evidence.

While this RFP prioritizes the use of evidence-based practices and established program models, DSCYF also recognizes that impactful and effective approaches are not always captured within formal research or standardized curricula. Applicants are encouraged to propose innovative services, interventions, or strategies that may be practice-informed, community-developed, or culturally responsive, particularly those that have demonstrated success in supporting families and fatherhood engagement within their specific communities. DSCYF values the expertise and lived experience of providers who understand the unique needs of the populations they serve and invite submissions that reflect promising, non-traditional approaches. Your ideas and insights may represent the meaningful change needed to strengthen family preservation and support outcomes.

Program Evaluation

Data collection and outcome measurement are essential to demonstrate program effectiveness. Proposals must demonstrate how the program goals, objectives, data, data sources, data storage, and data analysis are connected. The successful bidder must have staff designated to collect, store and report agency data and outcomes or describe an alternative methodology.

Administrative Requirements

Criminal Background Checks

Delaware Code Title 31, Chapter 3, Section 309 requires a background check be completed specifically for the Department of Services for Children, Youth and their Families consisting of a State and Federal criminal record check and a Delaware Child Protection Registry check for all employees, volunteers, or representatives of any Department contractor who within the State of Delaware: a) has “regular direct access to children, or b) “provides services directly to a child or children”. The requirement applies to all current and future representatives working as part of a Department contract. Fingerprinting for a Department background check must be completed before any individual meeting the above criteria can begin providing services for the DEPARTMENT. The “DSCYF CONTRACTOR Criminal History and Child Abuse and Neglect Background Check Request Form” **MUST** be completed and submitted by each contractor representative using the process provided by the DEPARTMENT’s Criminal History Unit. The contractor representative will then be given the DSCYF “service code” to be used by the contractor’s representative when scheduling a fingerprinting appointment at a designated State of Delaware authorized location. The contractor or representative must bear the cost of the fingerprinting. If a “service code” other than the DSCYF “service code” is used for fingerprinting, the contractor or representative must bear the cost of re-fingerprinting the representative. Third party background checks are not accepted. The Department reserves the right to require additional provider representatives who have access to sensitive information, as determined by the Department, to complete the Department criminal background check and Child Abuse Registry Check to work under the resulting contract. Contractor representatives are prohibited from working with youth until fingerprinted in completed. Once the contractor receives the fingerprinting receipt the representative can begin work as part of the resulting contract with supervision at all times until final eligibility is determined by the Department’s Criminal History Unit.

The contractor must notify the Department’s Division of Management Support Services’ Contract Administrator at least quarterly, or as requested by the Department, all employee, volunteer, or representative changes including those no longer working under the resulting contract and those who begin working under the resulting contract.

Penalties for non-compliance: Any contractor failing to comply shall be guilty of a Class A misdemeanor and punished accordingly. The contractor shall also be subject to a civil penalty of not less than \$1,000 nor more than \$5,000 for each violation.

Breach Notification

Any breach of Personally Identifiable Information (PII) as defined by the HIPAA law collected by the successful bidders as part of the resulting contract must be reported as required by HIPAA and when applicable 6 Del. C. § 12B-102.

A Delaware Business License is required of each successful bidder at the time of contract execution, but not at time of proposal. Successful bidders must obtain and maintain a Delaware business license for the term of the resulting contract unless they are able to document IRS non-profit status. The successful bidders are NOT a State of Delaware employee, but rather an independent contracted provider.

Proposals submitted to the State may be reviewed and evaluated by any person other than competing vendors at the discretion of the State. Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive, or a mere formality shall reside solely within the State of Delaware.

14. CONCISE PROPOSALS

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

15. DISCREPANCIES AND OMISSIONS

Bidder is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of bidder. Should bidder find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, bidder shall notify the State of Delaware's designated contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of bidder's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the designated contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

17. LATE PROPOSALS

Proposals received after the specified date and time will not be accepted or considered. To guard against premature opening, sealed proposals shall be submitted, plainly marked with the proposal title, vendor name, and time and date of the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date.

18. PROPOSAL OPENING

The State of Delaware will accept proposals until the date and time shown in this RFP. Proposals will be opened in the presence of State of Delaware personnel. There will be no public opening of proposals, but a log will be kept of the names of all bidder organizations that submitted proposals. The contents of any proposal shall not be disclosed in accordance with [29 Del. C. § 10001](#), et seq. ("FOIA").

19. ACKNOWLEDGEMENT OF UNDERSTANDING OF TERMS

By submitting a proposal, each bidder shall be deemed to acknowledge that it has carefully read all sections of this RFP, including all forms, schedules and exhibits hereto, and has fully informed itself as to all existing conditions and limitations.

Any proposal received after the deadline for receipt of proposals shall not be considered. The bidder bears the risk of delays in delivery. The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of bidder proposals, each bidder shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve bidders from any obligation in respect to this RFP.

20. COST OF PROPOSAL PREPARATION

The State of Delaware will not pay any costs incurred by any bidder associated with any aspect of responding to this solicitation, including proposal preparation, attendance at vendor's conference, system demonstrations or negotiation process. 21. MULTI-VENDOR PROPOSALS (JOINT VENTURES)

Multi-vendor proposals (joint ventures) will be allowed only if one of the venture partners is designated as the “prime contractor”. The “prime contractor” must be the joint venture’s contact point for the State of Delaware and be responsible for the joint venture’s performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve the bidder of responsibility for the professional and technical accuracy and adequacy of the work. Further, the bidder shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost documents. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The State of Delaware expects to negotiate and contract with only one “prime vendor”. The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime bidder will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime bidder is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded bidder. Payments to any-subcontractors are the sole responsibility of the prime bidder (awarded bidder).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section 22 regarding multiple source contracting.

b. Sub-contracting

The bidder selected shall be solely responsible for contractual performance and management of all subcontract relationships. The resulting contract allows subcontracting assignments; however, bidders assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. The prime bidder shall be wholly responsible for the entire contract performance whether or not subcontractors are used. Any sub-contractors must be approved by State of Delaware.

c. Multiple Proposals

Sub-contracting agencies may participate in multiple joint venture proposals.

22. STATE'S RIGHT TO AWARD MULTIPLE SOURCE CONTRACTING

Pursuant to 29 Del. C. § 6986, the State of Delaware may award a contract for a particular professional service to two or more bidders if the state agency makes a determination that such an award is in the best interest of the State of Delaware.

23. POTENTIAL CONTRACT OVERLAP

Bidders shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple bidders during the same period, to award by types, on a zone-by-zone basis or on a service by service or lump sum basis service by service, or lump sum total, whichever may be most advantageous to the State of Delaware.

24. SUPPLEMENTAL SOLICITATION

The State reserves the right to advertise a supplemental solicitation during the term of any contract resulting from this solicitation if deemed in the best interest of the State.

25. NOTIFICATION OF WITHDRAWAL OF PROPOSAL

Bidder may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

26. REVISIONS TO THE RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at bids.delaware.gov. The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor, or its agents.

27. PROPOSAL CLARIFICATION

The Evaluation Team may contact any bidder in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

28. REFERENCES

The Evaluation Team may contact any customer of the bidder, whether or not included in the bidder's reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable services or programs, which may or may not include bidder personnel. If the bidder is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

29. AWARD OF CONTRACT

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful bidder(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a bidder of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and no bidder will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP AWARD NOTIFICATION

After reviews of the proposal review committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award/execute the contract which is then subject to the approval of a purchase order by the Secretary of the Department of Finance.

Any resulting contract shall be awarded to the bidder(s) whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the bidder who submits the lowest priced proposal or the bidder who receives the highest total point score, rather the contract will be awarded to the bidder(s) whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning bidder will be invited to negotiate a contract with the State of Delaware; remaining bidders will be notified in writing of their selection status.

30. COOPERATIVES

Bidders, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation. State of Delaware terms will take precedence.

31. EVALUATION REQUIREMENTS AND PROCESS

The Proposal Review Committee shall determine the bidders that meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 Del. C. §§ 6982(b). The Committee may interview at least one of the qualified bidders. The Committee may negotiate with one or more bidders during the same period and may, at its discretion, terminate negotiations with any or all bidders. The Committee shall make a recommendation regarding the award to the purchasing Division Director of this RFP, who shall have final authority, subject to the provisions of this RFP and 29 Del. C. § 6981 to award a contract to the successful bidder or bidders in the best interests of the State of Delaware. The Proposal Review Committee reserves the right to award to one or more than one bidder, in accordance to 29 Del. C. § 6986.

The Proposal Review Committee shall assign up to the maximum points as stated previously in this RFP. All assignments of points shall be at the sole discretion of the individual Proposal Review Committee members.

The Proposal Review Committee reserves the right to:

- Recommend for award or for negotiations, a proposal other than that with the lowest costs.
- Accept/Reject any and all proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all bidders during the review and negotiation.
- Negotiate any aspect of the proposal with any bidder and negotiate with more than one bidder at the same time. The Department reserves the right to contract with more than one vendor.
- Submit follow-up questions in response to the proposal to one or more bidders as part of the proposal review process.

All proposals shall be evaluated using the same criteria and scoring process. Bidders may be scheduled to make oral presentations in support of their written proposals. However, proposals are expected to stand on their own merits as written. The Review Panel will assess the strength and clarity of any oral presentation or responses to follow-up questions and combine the evaluations of both written and oral presentations (when applicable) in determining the overall evaluation of the proposal and in making recommendations. A summary of the Panel's recommendations will be available for review upon request.

Bidders are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a bidder's capabilities so the responding bidder should be detailed in their proposal responses.

32. REJECTION OF PROPOSALS

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each service offered, or to solicit new proposals on the same service or on a modified service which may include portions of the originally proposed service as the State of Delaware may deem necessary in the best interest of the State of Delaware.

33. STATE'S RIGHT TO CANCEL SOLICITATION

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Bidder's participation in this process may result in the State of Delaware selecting your agency to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

34. RESERVED RIGHTS

Notwithstanding anything to the contrary, the Department reserves the right to:

- Reject any and all proposals received in response to this RFP
- Select for contract or for negotiations a proposal other than that with the lowest cost
- Waive or modify any information, irregularities, or inconsistencies in proposals received
- Consider a late modification of a proposal if the proposal itself was submitted on time; and, if the modifications make the terms of the proposal more favorable to the Department, accept such proposal as modified.
- Negotiate as to any aspect of the proposal with any proposer and negotiate with more than one proposer at the same time
- If negotiations fail to result in an agreement within a reasonable period of time, terminate negotiations and select the next most responsive proposer, prepare and release a new RFP, or take such other action as the Department may deem appropriate
- Negotiate a renewal of the contract resulting from this RFP with appropriate modifications.
- SUPPLEMENTAL SOLICITATION: Advertise a supplemental solicitation during the term of resulting contracts from this RFP if deemed in the best interest of the State.

35. STANDARDS FOR SUBCONTRACTORS

The prime contract with the contractor will bind sub or co-contractors to the terms, specifications, and standards of this RFP, resulting prime contracts, and any subsequent proposals and contracts. All such terms, specifications, and standards shall preserve and protect the rights of the Department under this RFP with respect to the services to be performed by the sub or co-contractor. Nothing in the RFP shall create any contractual relation between any sub or co-contractor and the Department.

All sub or co-contractors must be identified in the Contractor's proposal. The proposal's work plan must also state which tasks the sub or co-contractor will perform. Approval of all sub and/or co-contractors must be received from the Department prior to the contract negotiation.

The prime bidder will be the State's primary contractor.

36. CONTRACT TERMINATION CONDITIONS

The State may terminate the contract resulting from this RFP at any time that the Contractor fails to carry out its provisions or to make substantial progress under the terms specified in this request and the resulting proposal.

The State shall provide the Contractor with 30 days notice of conditions which would warrant termination. If after such notice the Contractor fails to remedy the conditions contained in the notice, the State shall issue the Contractor an order to stop work immediately and deliver all work and work in progress to the State. The State shall be obligated only for those services rendered and accepted prior to the date of notice of termination.

With the mutual agreement of both parties, upon receipt and acceptance of not less than 30 days written notice, the contract may be terminated on an agreed date prior to the end of the contract period without penalty to either party.

Notwithstanding any other provisions of this contract, if funds anticipated for the continued fulfillment of this contract are at any time not forthcoming or insufficient, through the failure of the State of Delaware to appropriate funds or through discontinuance of appropriations from any source, the State of Delaware shall have the right to terminate this contract without penalty by giving not less than 30 days written notice documenting the lack of funding.

37. NON-APPROPRIATION

In the event that the State fails to appropriate the specific funds necessary to continue the contractual agreement, in whole or in part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available, at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

38. FORMAL CONTRACT AND PURCHASE ORDER

The successful firm shall promptly execute a contract incorporating the terms of this RFP within thirty (30) days after the award of the contract. No bidder is to begin any service prior to approval of a State of Delaware Purchase Order by the Secretary of the Department of Finance. The Purchase Order shall serve as the authorization to proceed in accordance with the bid specifications, any special instructions and the Contract terms and conditions. The State of Delaware requires a new vendor to complete the registration process through the Delaware Supplier Portal at <http://esupplier.erp.delaware.gov>. Successful completion of this registration enables the creation of a State of Delaware supplier record. The taxpayer ID (SSN or EIN) and bidder (supplier) name are submitted to the Internal Revenue Service for “matching”. If the Taxpayer ID and name do not match, the vendor record cannot be approved. It is the bidder’s responsibility to select the appropriate 1099 Withholding Type and Class. If incorporated, a business is not subject to 1099 reporting unless the business is providing legal or medical services. Any questions about completing this registration or specific comments about the registration, please contact supplier maintenance by phone at 302-672-5000.

39. INDEMNIFICATION

By submitting a proposal, the proposing firm agrees that in the event it is awarded a contract, it will indemnify and otherwise hold harmless the State of Delaware, DSCYF, its agents, and employees from any and all liability, suits, actions, or claims, together with all costs, expenses for attorney's fees, arising out of the firm, its agents and employees' performance of work or services

in connection with the contract, regardless of whether such suits, actions, claims or liabilities are based upon acts or failures to act attributable, in whole or in part, to the State, its employees or agents.

40. BUSINESS AND PROFESSIONAL LICENSES

In performance of this contract, the firm is required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of licenses and other relevant costs required in the performance of the contract shall be borne by the successful bidder. The bidder shall be properly licensed and authorized to transact business in the State of Delaware as defined in Delaware Code Title 30, Sec. 2502.

41. INSURANCE

As a part of the resulting contract requirements, the contractor must obtain at its own cost and expense and keep in force and effect during the term of the contract, including all extensions, the minimum coverage limits specified below with a carrier satisfactory to the State. All contractors must carry the following coverage depending on the type of service or product being delivered.

Before any work is done pursuant to this Agreement, the Certificate of Insurance and/or copies of the insurance policies, referencing the contract number stated therein, shall be submitted to DSCYF. The certificate holder is as follows:

Department of Services for Children, Youth & Their Families

Nothing contained herein shall restrict or limit the Bidder's right to procure insurance coverage in amounts higher than those required by this Agreement. To the extent that the Bidder procures insurance coverage in amounts higher than the amounts required by this RFP, all said additionally procured coverages will be applicable to any loss or claim and shall replace the insurance obligations contained herein.

Should any of the above-described policies be cancelled before expiration date thereof, notice will be delivered in accordance with the policy provision.

42. NON-DISCRIMINATION

In performing the services subject to this RFP the successful bidder, as set forth in Title 19 Delaware Code Chapter 7 Section 711, agrees that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. The successful bidder shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.

43. COVENANT AGAINST CONTINGENT FEES

The successful firm warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees and/or bona-fide established commercial or selling agencies maintained by the bidder for the purpose of securing business. For breach or violation of this warranty, the State shall have the right to annul the contract without

liability or at its discretion and/or to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

44. CONTRACT DOCUMENTS

The RFP, the purchase order, and the executed contract between the State and the successful bidder(s) shall constitute the contract between the state and the bidder(s). In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, contract amendments, RFP, purchase order and bidder proposal. No other documents unless incorporated by reference in the contract shall be considered. These documents contain the entire agreement between the state and the firm.

45. APPLICABLE LAW

The Laws of the State of Delaware shall apply, except where Federal law has precedence. The successful bidder consents to jurisdiction and venue in the State of Delaware.

46. SCOPE OF AGREEMENT

If the scope of any provision of the resulting contract is too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

47. CONFIDENTIALITY OF BIDDER DOCUMENTS

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, 29 Del. C. § 10001, et seq. (“FOIA”). FOIA requires that the State of Delaware’s records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. All proposals are subject to FOIA’s public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the state respects the vendor community’s desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as “confidential business information”). Proposals must contain sufficient information to be evaluated. If a bidder feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure, or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the bidder’s confidential business information may be lost.

In order to allow the state to assess its ability to protect a bidder’s confidential business information, bidders will be permitted to designate appropriate portions of their proposal as confidential business information.

Bidder(s) **must** clearly identify which portions of its proposal it considers to be confidential business information. The proposal must include an explanation in good faith that the identified information is not “public record” as defined by 29 Del. C. § 10002, briefly stating the reasons that each designated section of the proposal meets the said definitions. Bidder(s) also have the option of providing a **second** electronic copy of the complete proposal which has had the identified confidential business information redacted.

Upon receipt of a proposal indicating the inclusion of confidential information the State of Delaware will determine whether the procedure described above has been followed. A bidder’s allegation as to its confidential business information shall not be binding on the state. The state shall independently determine the validity of any bidder designation as set forth in this section. Any bidder submitting a proposal or using the procedures discussed herein expressly accepts the state’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, bidder(s) assume the risk that confidential business information included in a proposal may enter the public domain.
