The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.

**3. Proposal Modifications**

Any changes, amendments or modifications to a proposal must be made in writing, submitted in the same manner as the original response and conspicuously labeled as a change, amendment, or modification to a previously submitted proposal. Changes, amendments, or modifications to proposals shall not be accepted or considered after the hour and date specified as the deadline for submission of proposals.

STATE OF DELAWARE  
Department of Education

the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

**7. Proposal Opening**

The State of Delaware will receive proposals until the date and time shown in this RFP. Proposals will be opened in the presence of State of Delaware personnel. Any unopened proposals will be returned to the submitting Vendor.

There will be no public opening of proposals, but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be disclosed in accordance with [Executive Order # 31](#) and Title 29, Delaware Code, [Chapter 100](#).

**8. Non-Conforming Proposals**

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive, or a mere formality shall reside solely within the State of Delaware.

**9. Concise Proposals**

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

**10. Realistic Proposals**

It is the expectation of the State of Delaware that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

The State of Delaware shall bear no responsibility or increased obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

**11. Confidentiality of Documents**

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, 29 Del. C. § 10001, et seq. ("FOIA"). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. All proposals are subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit

STATE OF DELAWARE  
Department of Education

their proposal without including confidential business information, they must adhere to the following procedure, or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, vendor(s) assume the risk that confidential business information included in a proposal may enter the public domain.

## **12. Multi-Vendor Solutions (Joint Ventures)**

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the "**prime contractor**". The "**prime contractor**" must be the joint venture's contact point for the State of Delaware and be responsible for the joint venture's performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

### **a. Primary Vendor**

The State of Delaware expects to negotiate and contract with only one "prime vendor". The State of Delaware will not accept any proposals that reflect an equal

STATE OF DELAWARE  
Department of Education

teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State because of this procurement. The State will make contract payments only to the awarded vendor. Payments to any subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.18 regarding multiple source contracting.

**b. Sub-contracting**

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** Any sub-contractors must be approved by State of Delaware.

**c. Multiple Proposals**

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

**13. Sub-Contracting**

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. Any sub-contractors must be approved by State of Delaware.

**14. Discrepancies and Omissions**

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated

STATE OF DELAWARE  
Department of Education

Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

**a. RFP Question and Answer Process**

The State of Delaware will allow written requests for clarification of the RFP. All questions shall be posted on DDOE's website at: <https://bids.doe.k12.de.us/#home>, and received no later than **October 8, 2024**. All questions will be consolidated into a single set of responses and posted on both DDOE's website, as well as the State's website at [www.bids.delaware.gov](http://www.bids.delaware.gov) by **October 14, 2024**. Vendor names will be removed from questions in the responses released. Questions should be submitted in the following format. Deviations from this format will not be accepted.

- Section number
- Paragraph number
- Page number
- Text of passage being questioned

Questions not submitted electronically shall be accompanied by a CD and questions shall be formatted in Microsoft Word.

**15. State's Right to Reject Proposals**

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

**16. State's Right to Cancel Solicitation**

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor's participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

**17. State's Right to Award Multiple Source Contracting**

Pursuant to 29 *Del. C.* [§ 6986](#), the State of Delaware may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of the State of Delaware.

**18. Potential Contract Overlap**

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

**19. Supplemental Solicitation**

The State reserves the right to advertise a supplemental solicitation during the term of the Agreement if deemed in the best interest of the State.

**20. Notification of Withdrawal of Proposal**

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

**21. Revisions to the RFP**

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at [www.bids.delaware.gov](http://www.bids.delaware.gov). The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

**22. Exceptions to the RFP**

Any exceptions to the RFP, or the State of Delaware's terms and conditions, must be recorded on Attachment 3. Acceptance of exceptions is within the sole discretion of the evaluation committee.

**23. Business References**

Provide at least three (3) business references consisting of current or previous customers of similar scope and value using Attachment 5. Include business name, mailing address, contact name and phone number, number of years doing business with, and type of work performed. Personal references cannot be considered.

**24. Award of Contract**

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and

STATE OF DELAWARE  
Department of Education

no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

**a. RFP Award Notifications**

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status.

**25. Cooperatives**

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation. **State of Delaware terms will take precedence.**

**C. RFP Evaluation Process**

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in a timely manner any and all information that the State of Delaware may deem necessary to make a decision.

**1. Proposal Evaluation Team**

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 Del. C. §§ [6981 and 6982](#). Professional services for this solicitation are considered under 29 Del. C. § 6982(b). The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to the Department of Education, Director of Finance, who shall have final authority, subject to the provisions of this RFP and 29 Del. C. § [6982\(b\)](#), to award a contract to the successful vendor in the best interests of the State of Delaware.

STATE OF DELAWARE  
Department of Education

**2. Proposal Selection Criteria**

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to 29 *Del. C.* § [6986](#). Such selection will be based on the following criteria:
  - (list criteria for multiple vendor award selection)

<b>Criteria</b>	<b>Weight</b>
Content and Learning Management	20%
Data Integrations (including interoperability)	15%
System Administration and Access	10%

STATE OF DELAWARE  
Department of Education

Vendors are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a vendor's capabilities so the responding vendor should be detailed in their proposal responses.

**3. Proposal Clarification**

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

**4. References**

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

**5. Oral Presentations**

After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

The selected vendors will have their presentations scored or ranked based on their ability to successfully meet the needs of the contract requirements, successfully demonstrate their product and/or service, and respond to questions about the solution capabilities.

The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components. All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for the State of Delaware are the vendor's responsibility.

**V. Contract Terms and Conditions**

**A. Contract Use by Other Agencies**

**B. Cooperative Use of Award**

3. The selected vendor will be required to enter into a written agreement with the State of Delaware. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.
7. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

9. Vendors are not restricted from offering lower pricing at any time during the contract term.

**D. Collusion or Fraud**

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

**E. Lobbying and Gratuities**

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

**F. Solicitation of State Employees**

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

## **G. General Contract Terms**

### **1. Independent Contractors**

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at the State of Delaware's discretion as to the location of work for the contractual support personnel during the project period. The State of Delaware may provide working space and sufficient supplies and material to augment the Contractor's services.

### **2. Temporary Personnel are Not State Employees Unless and Until They are Hired**

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor's obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. Notice can be issued at second month if it is the State's intention to hire.

**3. Work Performed in a State Building**

Awarded Vendor(s) who have any employees carrying out any work related to the awarded contract at a State facility shall have those employees comply with any health mandate or policy issued by the State related to a pandemic or other State of Emergency issued by any State authority during the term of the awarded contract, including those that apply directly to State employees. For clarity, State buildings are those owned or leased by the State.

**4. ACA Safe Harbor**

The State and its utilizing agencies are not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act (“ACA”). Therefore, the State seeks to utilize the “Common-law Employer Safe Harbor Exception” under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an “Additional Fee” with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor, but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice, etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

**5. Licenses and Permits**

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § [2502](#).

Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

- (2) Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- (3) Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that the State of Delaware agrees to and accepts in writing.

**7. Insurance**

- a) Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney's fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the

Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. **17. Termination of Contract**

The contract resulting from this RFP may be terminated as follows by Delaware Department of Education

**a) Termination for Cause**

If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have no less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

**b) Termination for Convenience**

The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.

**c) Termination for Non-Appropriations**

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

**18. Non-discrimination**

In performing the services subject to this RFP the vendor, as set forth in Title 19 Delaware Code Chapter 7 section [711](#), will agree that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. The successful vendor shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.

**19. Covenant against Contingent Fees**

The successful vendor will warrant that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees, bona-fide established commercial or selling agencies maintained by the Vendor for the purpose of securing business. STATE OF DELAWARE  
Department of Education

Unless otherwise directed, at a minimum, this shall include a check of the following registry:

Delaware Sex Offender Central Registry at:  
<https://sexoffender.dsp.delaware.gov/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

STATE OF DELAWARE  
Department of Education

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

### **32. Accessibility Standards**

Vendor must supply a Voluntary Product Accessibility Template ("VPAT") for any EIT supplied, furnished, or created for or on behalf of DDOE by the vendor included in the submission of the proposal to demonstrate Level AA compliance. An existing VPAT is acceptable as long as it corresponds to the make, model, and revision (in the case of hardware) or major version number (in the case of software) of the relevant EIT. In the event that EIT is developed or modified as part of the execution of this contract, including any equipment, software, services, or commercial products, a VPAT must be submitted and approved prior to the deployment and use of EIT. DDOE reserves the right to request an updated VPAT if vendor makes a significant change in hardware, software, or service provider during the term of this Agreement. A sample VPAT template is found here: <https://www.itic.org/policy/accessibility/vpat>.

If any service, product or deliverable furnished pursuant to this Agreement does not conform with the Department's accessibility standards, vendor may submit an exception request for the specific accessibility criteria indicating the reason accessibility compliance cannot be met or the vendor shall, at its expense and option either (1) modify it to conform, or (2) provide a mechanism for equally effective alternative access. In the case of (2), vendor must submit an Equally Effective Alternative Access Plan ("EEAAP"), which must be approved by the Department. A sample EEAAP template is available upon request. Vendor shall be and remain liable in accordance with the terms of this Agreement and applicable law for all damages to DDOE caused by vendor's failure to ensure compliance with the Department's published accessibility standards.

### **33. Scope of Agreement**

If the scope of any provision of the contract is determined to be too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

No work involving returns and return information furnished under this contract will be subcontracted without prior written approval of the IRS.

## **2. Criminal/Civil Sanctions**

Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that returns or return information disclosed to such officer or employee can be used only for a purpose and to the extent authorized herein, and that further disclosure of any such returns or return information for a purpose or to an extent unauthorized herein constitutes a felony punishable upon conviction by a fine of as much as \$5,000 or imprisonment for as long as five years, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized future disclosure of returns or return information may also result in an award of civil damages against the officer or employee in an amount not less than \$1,000 with respect to each instance of unauthorized disclosure. These penalties are prescribed by IRCs 7213 and 7431 and set forth at 26 CFR 301.6103(n)-1.

Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that any return or return information made available in any format shall be used only for the purpose of carrying out the provisions of this contract. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this contract. Inspection by or disclosure to anyone without an official need-to-know constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as \$1,000.00 or imprisonment for as long as 1 year, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized inspection or disclosure of returns or return information may also result in an award of civil damages against the officer or employee [United States for Federal employees] in an amount equal to the sum of the greater of \$1,000.00 for each act of unauthorized inspection or disclosure with respect to which such defendant is found liable or the sum of the actual damages sustained by the plaintiff as a result of such unauthorized inspection or disclosure plus in the case of a willful inspection or disclosure which is the result of gross negligence, punitive damages, plus the costs of the action. The penalties are prescribed by IRCs 7213A and 7431 and set forth at 26 CFR 301.6103(n)-1.

Additionally, it is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to

STATE OF DELAWARE

contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

Granting a contractor access to FTI must be preceded by certifying that each individual understands the agency's security policy and procedures for safeguarding IRS information. Contractors must maintain their authorization to access FTI through annual recertification. The initial certification and recertification must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, contractors must be advised of the provisions of IRCs 7431, 7213, and 7213A (see Exhibit 4, Sanctions for Unauthorized Disclosure, and Exhibit 5, Civil Damages for Unauthorized Disclosure). The training provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. (See Section 10 ) For both the initial certification and the annual certification, the contractor must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

### **3. Inspection**

The IRS and the Agency, with 24 hour notice, shall have the right to send its inspectors into the offices and plants of the contractor to inspect facilities and operations performing any work with FTI under this contract for compliance with requirements defined in IRS Publication 1075. The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. ## Delaware Department of Education Contract

### Learning Management System (LMS) RFP#DOE25002

This Agreement ("Agreement") is effective only upon the execution of a State of Delaware Purchase Order and will end on \_\_\_\_\_, **20**\_\_\_\_, by and between the State of Delaware, Department of Education, hereafter referred to as DDOE or "Department", and VENDOR, (VENDOR).

WHEREAS, DDOE desires to obtain certain services to \_\_\_\_\_; and

WHEREAS, VENDOR desires to provide such services to DDOE on the terms set forth below;

WHEREAS, DDOE and VENDOR represent and warrant that each party has full right, power and authority to enter into and perform under this Agreement;

FOR AND IN CONSIDERATION OF the premises and mutual agreements herein, DDOE and VENDOR agree as follows:

#### **1. Services.**

1.1 VENDOR shall perform for DDOE the services specified in the Appendices to this Agreement, attached hereto and made a part hereof.

1.2 Any conflict or inconsistency between the provisions of the following documents shall be resolved by giving precedence to such documents in the following order: (a) this Agreement (including any amendments or modifications thereto); (b) DDOE's request for proposals, attached hereto as Appendix C; and (c) VENDOR's response to the request for proposals, attached hereto as Appendix D. The aforementioned documents are specifically incorporated into this Agreement and made a part hereof.

1.3 DDOE may, at any time, by written order, make changes in the scope of this Agreement and in the services or work to be performed. No services for which additional compensation may be charged by VENDOR shall be furnished without the written authorization of DDOE. When DDOE desires any addition or deletion to the deliverables or a change in the Services to be provided under this Agreement, it shall notify VENDOR, who shall then submit to DDOE a "Change Order" for approval authorizing said change. The Change Order shall state whether the change shall cause an alteration in the price or the time required by VENDOR for any aspect of its performance under this Agreement. Pricing of changes shall be consistent with those established within this Agreement.

1.4 VENDOR will not be required to make changes to its scope of work that result in VENDOR's costs exceeding the current unencumbered budgeted appropriations for the services. Any claim of either party for an adjustment under Section 1 of this Agreement shall be asserted in the manner specified in the writing that authorizes the adjustment.

#### **2. Payment for Services and Expenses.**

2.1 The Services contemplated in this Agreement shall be completed no later than \_\_\_\_\_, **20**\_\_\_\_\_.

STATE OF DELAWARE  
Delaware Department of Education

2.2 DDOE will pay VENDOR for the performance of services described in Appendix A, Statement of Work. The fee will be paid in accordance with the payment schedule attached hereto as part of Appendix A.

2.3 DDOE's obligation to pay VENDOR for the performance of services described in Appendix A, Statement of Work will not exceed the fixed fee amount of \$TBD. It is expressly understood that the work defined in the appendices to this Agreement must be completed by VENDOR and it shall be VENDOR's responsibility to ensure that hours and tasks are properly budgeted so that all services are completed for the agreed upon fixed fee. DDOE's total liability for all charges for services that may become due under this Agreement is limited to the total maximum expenditure(s) authorized in DDOE's purchase order(s) to VENDOR.

2.4 VENDOR shall submit monthly invoices to DDOE in sufficient detail to support the services provided during the previous month. DDOE agrees to pay those invoices within thirty (30) days of receipt. In the event DDOE disputes a portion of an invoice, DDOE agrees to pay the undisputed portion of the invoice within thirty (30) days of receipt and to provide VENDOR a detailed statement of DDOE's position on the disputed portion of the invoice within thirty (30) days of receipt.

2.5 Unless provided otherwise in an Appendix, all expenses incurred in the performance of the services are to be paid by VENDOR. If an Appendix specifically provides for expense reimbursement, VENDOR shall be reimbursed only for reasonable expenses incurred by VENDOR in the performance of the services, including, but not necessarily limited to, travel and lodging expenses, communications charges, and computer time and supplies.

2.6 DDOE is a sovereign entity, and shall not be liable for the payment of federal, state and local sales, use and excise taxes, including any interest and penalties from any related deficiency, which may become due and payable as a consequence of this Agreement.

2.7 DDOE shall subtract from any payment made to VENDOR all damages, costs and expenses caused by VENDOR's negligence, resulting from or arising out of errors or omissions in VENDOR's work products, which have not been previously paid to VENDOR.

2.8 Invoices shall be submitted to: \_\_\_\_\_

**3. Responsibilities of VENDOR.**

3.1 VENDOR shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all services furnished by VENDOR, its subcontractors and its and their principals, officers, employees and agents under this Agreement. In performing the specified services, VENDOR shall follow practices consistent with generally accepted professional and technical standards. VENDOR shall be responsible for ensuring that all services, products and deliverables furnished pursuant to this Agreement comply with the standards promulgated by the Department of Technology and Information ("DTI") published at <http://dti.delaware.gov/>, and as modified from time to time by DTI during the term of this Agreement. If any service, product or deliverable furnished pursuant to this Agreement does not conform with DTI standards, VENDOR shall, at its expense and option either (1) replace it with a conforming equivalent or (2) modify it to conform with DTI standards. VENDOR shall be and remain liable in accordance with the terms of this Agreement and applicable law for all damages to DDOE caused by VENDOR's failure to ensure compliance with DTI standards.

STATE OF DELAWARE  
Delaware Department of Education

3.2 Accessibility requirements – If services or products provided by selected vendor utilize Electronic and Information Technology ("EIT") for information delivery, support, or reporting, vendor shall be responsible for ensuring that any such technology satisfies the Department's Accessibility requirements. EIT is information technology (IT) as defined at FAR 2.101, which is available at <https://www.acquisition.gov/browsefar>. In general, all DDOE EIT must be free of errors and warnings for Level AA of the WCAG 2.0 standard. A complete Statement of Accessibility Requirements for the Department is available at <https://education.delaware.gov/community/accessibility/> and for the State of Delaware at <https://accessibility.dti.delaware.gov>.

Vendor must supply a Voluntary Product Accessibility Template ("VPAT") for any EIT supplied, furnished, or created for or on behalf of DDOE by the vendor included in the submission of the proposal to demonstrate Level AA compliance. An existing VPAT is acceptable as long as it corresponds to the make, model, and revision (in the case of hardware) or major version number (in the case of software) of the relevant EIT. In the event that EIT is developed or modified as part of the execution of this contract, including any equipment, software, services, or commercial products, a VPAT must be submitted and approved prior to the deployment and use of EIT. DDOE reserves the right to request an updated VPAT if vendor makes a significant change in hardware, software, or service provider during the term of this Agreement. A sample VPAT template is found here: <https://www.itic.org/policy/accessibility/vpat>.

If any service, product or deliverable furnished pursuant to this Agreement does not conform with the Department's accessibility standards, vendor may submit an exception request for the specific accessibility criteria indicating the reason accessibility compliance cannot be met or the vendor shall, at its expense and option either (1) modify it to conform, or (2) provide a mechanism for equally effective alternative access. In the case of (2), vendor must submit an Equally Effective Alternative Access Plan ("EEAAP"), which must be approved by the Department. A sample EEAAP template is available upon request. Vendor shall be and remain liable in accordance with the terms of this Agreement and applicable law for all damages to DDOE caused by vendor's failure to ensure compliance with the Department's published accessibility standards.

3.3 It shall be the duty of VENDOR to assure that all products of its effort are technically sound and in conformance with all pertinent Federal, State and Local statutes, codes, ordinances, resolutions and other regulations. VENDOR will not produce a work product that violates or infringes on any copyright or patent rights. VENDOR shall, without additional compensation, correct or revise any errors or omissions in its work products.

3.4 Permitted or required approval by DDOE of any products or services furnished by VENDOR shall not in any way relieve VENDOR of responsibility for the professional and technical accuracy and adequacy of its work. DDOE's review, approval, acceptance, or payment for any of VENDOR's services herein shall not be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and VENDOR shall be and remain liable in accordance with the terms of this Agreement and applicable law for all damages to DDOE caused by VENDOR's performance or failure to perform under this Agreement.

3.5 Prior to performing any work under this Agreement, VENDOR and VENDOR's employees and agents shall submit to any criminal history or other background checks that may be requested by DDOE. DDOE may refuse access to any DDOE facility or to any sensitive information possessed or controlled by DDOE for any person whose criminal history or background check results are not acceptable to DDOE, in its sole and absolute discretion. The positions anticipated include:

3.6 Designation of persons for each position is subject to review and approval by DDOE. Should the staff need to be diverted off the project for what are now unforeseeable circumstances, VENDOR will notify DDOE immediately and work out a transition plan that is acceptable to both parties, as well as agree to an acceptable replacement plan to fill or complete the work assigned to this project staff position. Replacement staff persons are subject to review and approval by DDOE. If VENDOR fails to make a required replacement within 30 days, DDOE may terminate this Agreement for default. Upon receipt of written notice from DDOE that an employee of VENDOR is unsuitable to DDOE for good cause, VENDOR shall remove such employee from the performance of services and substitute in his/her place a suitable employee.

3.7 VENDOR shall furnish to DDOE's designated representative copies of all correspondence to regulatory agencies for review prior to mailing such correspondence.

3.8 VENDOR agrees that its officers and employees will cooperate with DDOE in the performance of services under this Agreement and will be available for consultation with DDOE at such reasonable times with advance notice as to not conflict with their other responsibilities.

3.9 VENDOR has or will retain such employees as it may need to perform the services required by this Agreement. Such employees shall not be employed by the State of Delaware or any other political subdivision of the State.

3.10 VENDOR will not use DDOE's name, either express or implied, in any of its advertising or sales materials without DDOE's express written consent.

3.11 The rights and remedies of DDOE provided for in this Agreement are in addition to any other rights and remedies provided by law.

3.12 Fair Background Check Practices - Pursuant to 29 *Del. C. § 6909B* and effective November 4, 2014 the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by State and/or Federal law. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 *Del. C. § 711(g)* for applicable established provisions.

Pursuant to 31 *Del. C. §309*, any vendor, employee or contractor of a vendor, or independent contractor, that, as a result of this solicitation has regular direct access to children, or provides services directly to a child or children, must complete a background check. This mandatory check will consist of a fingerprinted Delaware and national background check completed by the State Bureau of Identification (SBI) and the Federal Bureau of Investigation (FBI) as well as a Child Protection Registry check completed by the Department of Services for Children, Youth and Their Families (DSCYF). No work can begin until these requirements have been successfully met.

3.13 By signing this contract, any individual, business, organization, corporation, consortium, partnership, joint venture, or any other entity including subcontractors certify they are not currently debarred or suspended by another governmental entity.

If placed on any debarment or suspension list, VENDOR must immediately notify the Delaware Department of Education.

**4. Time Schedule.**

4.1 A project schedule is included in Appendix A.

4.2 Any delay of services or change in sequence of tasks must be approved in writing by DDOE.

4.3 In the event that **VENDOR** fails to complete the project or any phase thereof within the time specified in the Agreement, or with such additional time as may be granted in writing by DDOE, or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in this Agreement or any extensions thereof, DDOE shall suspend the payments scheduled as set forth in Appendix B.

**5. State Responsibilities.**

5.1 In connection with **VENDOR**'s provision of the Services, DDOE shall perform those tasks and fulfill those responsibilities specified in the appropriate Appendices.

5.2 DDOE agrees that its officers and employees will cooperate with **VENDOR** in the performance of services under this Agreement and will be available for consultation with **VENDOR** at such reasonable times with advance notice as to not conflict with their other responsibilities.

5.3 The services performed by **VENDOR** under this Agreement shall be subject to review for compliance with the terms of this Agreement by DDOE's designated representatives. DDOE representatives may delegate any or all responsibilities under the Agreement to appropriate staff members, and shall so inform **VENDOR** by written notice before the effective date of each such delegation.

5.4 The review comments of DDOE's designated representatives may be reported in writing as needed to **VENDOR**. It is understood that DDOE's representatives' review comments do not relieve **VENDOR** from the responsibility for the professional and technical accuracy of all work delivered under this Agreement.

5.5 DDOE shall, without charge, furnish to or make available for examination or use by **VENDOR** as it may request, any data which DDOE has available, including as examples only and not as a limitation:

- a. Copies of reports, surveys, records, and other pertinent documents;
- b. Copies of previously prepared reports, job specifications, surveys, records, ordinances, codes, regulations, other document, and information related to the services specified by this Agreement.

**VENDOR** shall return any original data provided by DDOE.

5.6 DDOE shall assist **VENDOR** in obtaining data on documents from public officers or agencies and from private citizens and business firms whenever such material is necessary for the completion of the services specified by this Agreement.

5.7 **VENDOR** will not be responsible for accuracy of information or data supplied by DDOE or other sources to the extent such information or data would be relied upon by a reasonably prudent contractor.

STATE OF DELAWARE

5.8 DDOE agrees not to use VENDOR's name, either express or implied, in any of its advertising or sales materials. VENDOR reserves the right to reuse the nonproprietary data and the analysis of industry-related information in its continuing analysis of the industries covered.

**6. Work Product.**

Applicable provision will be checked.

6.1 All materials, information, documents, and reports, whether finished, unfinished, or draft, developed, prepared, completed, or acquired by VENDOR for DDOE relating to the services to be performed hereunder shall become the property of DDOE and shall be delivered to DDOE's designated representative upon completion or termination of this Agreement, whichever comes first. VENDOR shall not be liable for damages, claims, and losses arising out of any reuse of any work products on any other project conducted by DDOE. DDOE shall have the right to reproduce all documentation supplied pursuant to this Agreement.

6.2 [Reserved]

OR:

6.2 VENDOR retains all title and interest to the data it furnished and/or generated pursuant to this Agreement. Retention of such title and interest does not conflict with DDOE's rights to the materials, information and documents developed in performing the project. Upon final payment, DDOE shall have a perpetual, nontransferable, non-exclusive paid-up right and license to use, copy, modify and prepare derivative works of all materials in which VENDOR retains title, whether individually by VENDOR or jointly with DDOE. Any and all source code developed in connection with the services provided will be provided to DDOE, and the aforementioned right and license shall apply to source code. The parties will cooperate with each other and execute such other documents as may be reasonably deemed necessary to achieve the objectives of this Section.

6.3 [Reserved]

OR:

6.3 In no event shall VENDOR be precluded from developing for itself, or for others, materials that are competitive with the Deliverables, irrespective of their similarity to the Deliverables. In addition, VENDOR shall be free to use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques within the scope of its consulting practice that are used in the course of providing the services.

6.4 [Reserved]

OR:

STATE OF DELAWARE  
Delaware Department of Education

6.4 Notwithstanding anything to the contrary contained herein or in any attachment hereto, any and all intellectual property or other proprietary data owned by **VENDOR** prior to the effective date of this Agreement (“Preexisting Information”) shall remain the exclusive property of **VENDOR** even if such Preexisting Information is embedded or otherwise incorporated into materials or products first produced as a result of this Agreement or used to develop such materials or products. DDOE’s rights under this section shall not apply to any Preexisting Information or any component thereof regardless of form or media.

**7. Confidential Information.**

To the extent permissible under 29 *Del. C.* § 10001-10007, and as required by 11 *Del. C.* § 4322 and other state and federal laws pertaining to confidentiality the parties to this Agreement shall preserve in strict confidence any information, reports or documents obtained, assembled or prepared in connection with the performance of this Agreement.

**8. Warranty.**

8.1 **VENDOR** warrants that its services will be performed in a good and workmanlike manner. **VENDOR** agrees to re-perform any work not in compliance with this warranty brought to its attention within a reasonable time after that work is performed.

8.2 Third-party products within the scope of this Agreement are warranted solely under the terms and conditions of the licenses or other agreements by which such products are governed. With respect to all third-party products and services purchased by **VENDOR** for DDOE in connection with the provision of the Services, **VENDOR** shall pass through or assign to DDOE the rights **VENDOR** obtains from the manufacturers and/or vendors of such products and services (including warranty and indemnification rights), all to the extent that such rights are assignable.

**9. Indemnification; Limitation of Liability.**

9.1 **VENDOR** shall indemnify and hold harmless the State, its agents and employees, from any and all liability, suits, actions or claims, together with all reasonable costs and expenses (including attorneys’ fees) directly arising out of (A) the negligence or other wrongful conduct of **VENDOR**, its agents or employees, or (B) **VENDOR**’s breach of any material provision of this Agreement not cured after due notice and opportunity to cure, provided as to (A) or (B) that (i) **VENDOR** shall have been notified in writing by DDOE of any notice of such claim; and (ii) **VENDOR** shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise.

9.2 If DDOE notifies **VENDOR** in writing of a third party claim against DDOE that any Deliverable infringes a copyright or a trade secret of any third party, **VENDOR** will defend such claim at its expense and will pay any costs or damages that may be finally awarded against DDOE. **VENDOR** will not indemnify DDOE, however, if the claim of infringement is caused by (1) DDOE’s misuse or modification of the Deliverable; (2) DDOE’s failure to use corrections or enhancements made available by **VENDOR**; (3) DDOE’s use of the Deliverable in combination with any product or information not owned or developed by **VENDOR**; (4) DDOE’s distribution, marketing or use for the benefit of third parties of the Deliverable or (5) information, direction, specification or materials provided by Client or any third party. If any Deliverable is, or in **VENDOR** ’s opinion is likely to be, held to be infringing, **VENDOR** shall at its expense and option either (a) procure the right for DDOE to continue using it, (b) replace it with a noninfringing

STATE OF DELAWARE  
Delaware Department of Education

equivalent, (c) modify it to make it noninfringing. The foregoing remedies constitute DDOE's sole and exclusive remedies and VENDOR 's entire liability with respect to infringement.

**10. Employees.**

10.1 VENDOR has and shall retain the right to exercise full control over the employment, direction, compensation and discharge of all persons employed by VENDOR in the performance of the services hereunder; provided, however, that it will, subject to scheduling and staffing considerations, attempt to honor DDOE's request for specific individuals.

10.2 Except as the other party expressly authorizes in writing in advance, neither party shall solicit, offer work to, employ, or contract with, whether as a partner, employee or independent contractor, directly or indirectly, any of the other party's Personnel during their participation in the services or during the twelve (12) months thereafter. For purposes of this Section 10.2, "Personnel" includes any individual or company a party employs as a partner, employee or independent contractor and with which a party comes into direct contact in the course of the services.

10.3 Possession of a Security Clearance, as issued by the Delaware Department of Safety and Homeland Security, may be required of any employee of VENDOR who will be assigned to this project.

**11. Independent Contractor.**

11.1 It is understood that in the performance of the services herein provided for, VENDOR shall be, and is, an independent contractor, and is not an agent or employee of DDOE and shall furnish such services in its own manner and method except as required by this Agreement. VENDOR shall be solely responsible for, and shall indemnify, defend and save DDOE harmless from all matters relating to the payment of its employees, including compliance with social security, withholding and all other wages, salaries, benefits, taxes, exactions, and regulations of any nature whatsoever.

11.2 VENDOR acknowledges that VENDOR and any subcontractors, agents or employees employed by VENDOR shall not, under any circumstances, be considered employees of DDOE, and that they shall not be entitled to any of the benefits or rights afforded employees of DDOE, including, but not limited to, sick leave, vacation leave, holiday pay, Public Employees Retirement System benefits, or health, life, dental, long-term disability or workers' compensation insurance benefits. DDOE will not provide or pay for any liability or medical insurance, retirement contributions or any other benefits for or on behalf of DDOE or any of its officers, employees or other agents.

11.3 VENDOR shall be responsible for providing liability insurance for its personnel.

11.4 As an independent contractor, VENDOR has no authority to bind or commit DDOE. Nothing herein shall be deemed or construed to create a joint venture, partnership, fiduciary or agency relationship between the parties for any purpose.

**12. Dispute Resolution.**

12.1 At the option of the parties, they shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement by negotiation between executives who have authority to settle the controversy and who are at a higher level of management than the persons with direct responsibility for administration of this Agreement. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, experts and attorneys are

STATE OF DELAWARE  
Delaware Department of Education

confidential, privileged and inadmissible for any purpose, including impeachment, in arbitration or other proceeding involving the parties, provided evidence that is otherwise admissible or discoverable shall not be rendered inadmissible.

12.2 If the matter is not resolved by negotiation, as outlined above, or, alternatively, the parties elect to proceed directly to mediation, then the matter will proceed to mediation as set forth below. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to a mediator selected by the parties. If the matter is not resolved through mediation, it may be submitted for arbitration or litigation. The Agency reserves the right to proceed directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by State of Delaware law, and jurisdiction and venue shall be in the State of Delaware. Each party shall bear its own costs of mediation, arbitration or litigation, including attorneys' fees.

**13. Remedies.**

13.1 Except as otherwise provided in this Agreement, including but not limited to Section 12 above, all claims, counterclaims, disputes, and other matters in question between the State of Delaware and the Contractor arising out of, or relating to, this Agreement, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

**14. Suspension.**

14.1 DDOE may suspend performance by **VENDOR** under this Agreement for such period of time as DDOE, at its sole discretion, may prescribe by providing written notice to **VENDOR** at least thirty (30) working days prior to the date on which DDOE wishes to suspend. Upon such suspension, DDOE shall pay **VENDOR** its compensation, based on the percentage of the project completed and earned until the effective date of suspension, less all previous payments. **VENDOR** shall not perform further work under this Agreement after the effective date of suspension until receipt of written notice from DDOE to resume performance.

14.2 In the event DDOE suspends performance by **VENDOR** for any cause other than the error or omission of **VENDOR**, for an aggregate period in excess of thirty (30) days, **VENDOR** shall be entitled to an equitable adjustment of the compensation payable to **VENDOR** under this Agreement to reimburse **VENDOR** for additional costs occasioned as a result of such suspension of performance by DDOE based on appropriated funds and approval by DDOE.

**15. Termination.**

15.1 This Agreement may be terminated in whole or in part by either party in the event of substantial failure of the other party to fulfill its obligations under this Agreement through no fault of the terminating party; but only after the other party is given:

- a. Not less than thirty (30) calendar days written notice of intent to terminate; and
- b. An opportunity for consultation with the terminating party prior to termination.

15.2 This Agreement may be terminated in whole or in part by DDOE for its convenience, but only after **VENDOR** is given:

- a. Not less than thirty (30) calendar days written notice of intent to terminate; and
- b. An opportunity for consultation with DDOE prior to termination.

STATE OF DELAWARE  
Delaware Department of Education

15.3 If termination for default is affected by DDOE, DDOE will pay VENDOR that portion of the compensation which has been earned as of the effective date of termination but:

- a. No amount shall be allowed for anticipated profit on performed or unperformed services or other work, and
- b. Any payment due to VENDOR at the time of termination may be adjusted to the extent of any additional costs occasioned to DDOE by reason of VENDOR's default.
- c. Upon termination for default, DDOE may take over the work and prosecute the same to completion by agreement with another party or otherwise. In the event VENDOR shall cease conducting business, DDOE shall have the right to make an unsolicited offer of employment to any employees of VENDOR assigned to the performance of the Agreement, notwithstanding the provisions of Section 10.2.

15.4 If after termination for failure of VENDOR to fulfill contractual obligations it is determined that VENDOR has not so failed, the termination shall be deemed to have been effected for the convenience of DDOE.

15.5 The rights and remedies of DDOE and VENDOR provided in this section are in addition to any other rights and remedies provided by law or under this Agreement.

15.6 Gratuities.

- a. DDOE may, by written notice to VENDOR, terminate this Agreement if it is found after notice and hearing by DDOE that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by VENDOR or any agent or representative of VENDOR to any officer or employee of DDOE with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending or making of any determinations with respect to the performance of this Agreement.
- b. In the event this Agreement is terminated as provided in 15.6.a. hereof, DDOE shall be entitled to pursue the same remedies against VENDOR it could pursue in the event of a breach of this Agreement by VENDOR.
- c. The rights and remedies of DDOE provided in Section 15.6 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

**16. Severability.**

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

**17. Assignment; Subcontracts.**

17.1 Any attempt by VENDOR to assign or otherwise transfer any interest in this Agreement without the prior written consent of DDOE shall be void. Such consent shall not be unreasonably withheld.

STATE OF DELAWARE  
Delaware Department of Education

17.2 Services specified by this Agreement shall not be subcontracted by **VENDOR**, without prior written approval of DDOE.

17.3 Approval by DDOE of **VENDOR**'s request to subcontract or acceptance of or payment for subcontracted work by DDOE shall not in any way relieve **VENDOR** of responsibility for the professional and technical accuracy and adequacy of the work. All subcontractors shall adhere to all applicable provisions of this Agreement.

17.4 **VENDOR** shall be and remain liable for all damages to DDOE caused by negligent performance or non-performance of work under this Agreement by **VENDOR**, its subcontractor or its sub-subcontractor.

17.5 The compensation due shall not be affected by DDOE's approval of **VENDOR**'s request to subcontract.

**18. Force Majeure.**

Neither party shall be liable for any delays or failures in performance due to circumstances beyond its reasonable control.

**19. Non-Appropriation of Funds.**

19.1 Validity and enforcement of this Agreement is subject to appropriations by the General Assembly of the specific funds necessary for contract performance. Should such funds not be so appropriated DDOE may immediately terminate this Agreement, and absent such action this Agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available, at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

19.2 Notwithstanding any other provisions of this Agreement, this Agreement shall terminate and DDOE's obligations under it shall be extinguished at the end of the fiscal year in which the State of Delaware fails to appropriate monies for the ensuing fiscal year sufficient for the payment of all amounts which will then become due.

**20. State of Delaware Business License.**

**VENDOR** and all subcontractors represent that they are properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § 2502.

**21. Complete Agreement.**

21.1 This agreement and its Appendices shall constitute the entire agreement between DDOE and **VENDOR** with respect to the subject matter of this Agreement and shall not be modified or changed without the express written consent of the parties. The provisions of this agreement supersede all prior oral and written quotations, communications, agreements and understandings of the parties with respect to the subject matter of this Agreement.

21.2 If the scope of any provision of this Agreement is too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by

STATE OF DELAWARE  
Delaware Department of Education

law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the Agreement shall not thereby fail, but the scope of such provision shall be curtailed only to the extent necessary to conform to the law.

21.3 VENDOR may not order any product requiring a purchase order prior to DDOE's issuance of such order. Each Appendix, except as its terms otherwise expressly provide, shall be a complete statement of its subject matter and shall supplement and modify the terms and conditions of this Agreement for the purposes of that engagement only. No other agreements, representations, warranties or other matters, whether oral or written, shall be deemed to bind the parties hereto with respect to the subject matter hereof.

## 22. Global Interoperability Standards

DDOE advocates adoption by all suppliers of applicable open interoperability standards provided by the 1EdTech, the Ed-Fi Alliance (Ed-Fi) and the Common Education Data Standards (CEDS) project in order to enable safe, flexible and rapid integrations. The aforementioned standards are evolving under the governance of member organizations, which includes a majority of leading educational technology suppliers. The paragraph below describes VENDOR agreement to implement, certify, and stay current with the latest releases of these standards, so that DDOE is not required to communicate on a standard-by-standard basis the availability and requirement to adopt these standards. The change testing and certification process ensures that any modifications made to the published data from the DDOE are thoroughly assessed for compatibility and functionality within the DDOE provided testing environment before deployment or implementation to mitigate any interruptions to service.

VENDOR agrees that all products DDOE purchases will become certified as compliant with any final version of the aforementioned interoperability standards that are applicable to the products procured within six (6) months of the public release of each standard (or a specific later date if mutually agreed to by the parties), provided that: (a) the proposed modifications to the Product would not create a security, privacy or accessibility compromise; (b) the standard can be implemented with approximately the same amount of development resource as integration approaches of similar scope and thus does not create an undue financial burden on VENDOR; and (c) several other institutions (by direct referral) comparable to DDOE agree that the modifications necessary to the purchased product are desirable. At a minimum, **Error! Reference source not found.** agrees to complete an annual technology roadmap session with DDOE.

VENDOR is required to test any major data modifications communicated from the DDOE and published to the aforementioned interoperability standards in the DDOE provided testing environment and certify in writing results of testing. This testing process ensures that any modifications made to the data from the DDOE and published to Ed-Fi are thoroughly assessed for compatibility and functionality within the DDOE provided testing environment before deployment or implementation.

## 23. Single Sign-On Requirements

All software system applications that use authentication must integrate with the DDOE's Single Sign-On Solution and provide management of user authorization roles within their application. Integration, implementation, and maintenance must be at the expense of VENDOR and at no additional cost to the DDOE.

## 24. Data Privacy, Ownership and Protection Information

STATE OF DELAWARE  
Delaware Department of Education

24.1 VENDOR shall adhere to the mandates of federal, state, and local ordinances and statutes, and DDOE policy and regulations, including, but not limited to Family Educational Rights and Privacy Act (FERPA), Children's Online Privacy Protection Act of 1998 (COPPA), and 15 U.S.C. 6501–6505, with regard to the protection of state data made available by DDOE.

24.2 VENDOR shall carefully select the personnel entrusted with the state data, inform them about all of the legal aspects of state data protection, and oblige them to preserve data secrecy. The obligation shall be made on record and evidence of this shall be provided to DDOE upon its request.

24.3 VENDOR shall encrypt all non-public data in transit, regardless of transit mechanism. For engagements where the VENDOR stores Personally Identifiable Information (PII) or other sensitive, confidential information, it shall encrypt this non-public data at rest. The VENDOR's encryption shall meet validated cryptography standards as specified by the National Institute of Standards and Technology in FIPS140-2 and subsequent security requirements guidelines. The VENDOR and State of Delaware will negotiate mutually acceptable key location and key management details. Should the VENDOR not be able to provide encryption at rest, it must maintain cyber security liability insurance coverage for the duration of the contract. Coverage must meet the State of Delaware's standard in accordance with the Terms and Conditions Governing Cloud Services policy.

24.4 Upon DDOE's request or at the latest, upon expiration of the Agreement, VENDOR will account for and return all State data in all of its forms, disk, CD / DVD, tape, paper, for example. At no time shall any data or processes that either belong to or are intended for the use of State of Delaware or its officers, agents, or employees, be copied, disclosed, or retained by the VENDOR.

When required by the State of Delaware, the VENDOR shall destroy all requested data in all of its forms (e.g., disk, CD/DVD, backup tape, paper). Data shall be permanently deleted, and shall not be recoverable, in accordance with National Institute of Standards and Technology (NIST) approved methods. The VENDOR shall provide written [certificates of destruction](#) to the State of Delaware.

24.5 The VENDOR must notify the State of Delaware immediately of any incident resulting in the destruction, loss, unauthorized disclosure, or alteration of State of Delaware data. If data is not encrypted, Delaware Code (6 Del. C. §12B-100 et seq.) requires public breach notification of any incident resulting in the loss or unauthorized disclosure of Delawareans' Personally Identifiable Information (PII, as defined in Delaware's Terms and Conditions Governing Cloud Services policy) by VENDOR or its subcontractors. The VENDOR will provide notification to persons whose information was breached without unreasonable delay but not later than 60 days after determination of the breach, except 1) when a shorter time is required under federal law; 2) when law enforcement requests a delay; 3) reasonable diligence did not identify certain residents, in which case notice will be delivered as soon as practicable. All such communication shall be coordinated with the State of Delaware. Should the VENDOR or its contractors be liable for the breach, the VENDOR shall bear all costs associated with investigation, response, and recovery from the breach. This includes, but is not limited to, credit monitoring services with a term of at least three (3) years, mailing costs, website, and toll-free telephone call center services. The State of Delaware shall not agree to any limitation on liability that relieves the VENDOR or its subcontractors from its own negligence, or to the extent that it creates an obligation on the part of the State to hold a VENDOR harmless.

24.6 DDOE or its designee may monitor VENDOR's compliance with the Agreement as it relates to state data protection. Such monitoring shall only be available upon the receiver of the state data executing a non-disclosure agreement. Additionally, DDOE agrees it will only request additional

STATE OF DELAWARE  
Delaware Department of Education

monitoring if the third-party assessment (ISO/IEC 27001 certification) fails to provide satisfaction of compliance with the Agreement.

24.7 VENDOR must provide clear notice to DDOE before making any material changes to VENDOR's privacy policy.

24.8 DDOE shall be entitled to timely access state data and correct state data held by VENDOR that is factually incorrect in response to a parent/guardian request.

24.9 VENDOR can only utilize the state data for the purposes specifically authorized by DDOE and cannot set up a personal profile of a student unless to support purposes authorized by DDOE.

24.10 VENDOR cannot sell state data or use/share state data for targeted advertising to students.

24.11 VENDOR cannot re-disclose state data to sub-contractors, partners, or other third parties unless expressly authorized by DDOE and subcontractors, partners, or other third parties agree to DDOE's Terms of Use.

24.12 DDOE's confidential information, as provided in Paragraph 7 of this Agreement, and all other confidential information and state data relating to DDOE's business are DDOE's exclusive property, and VENDOR therefore agrees that:

- a. All notes, state data, reference materials, sketches, drawings, memoranda, disks, documentation and records in any way incorporating or reflecting any of the Confidential Information and all proprietary rights in the Confidential Information, including copyrights, trade secrets and patents shall belong exclusively to DDOE;
- b. At all times while this Agreement is in effect, VENDOR will keep secret and will not disclose to any third party, take or misuse any of DDOE's Confidential Information, or any other confidential information VENDOR acquires or has access to because of its provision of services;
- c. At all times while this Agreement is in effect, VENDOR will not use or seek to use any of DDOE's Confidential Information for VENDOR's own benefit or for the benefit of any other person or business or in any way adverse to DDOE's interests;
- d. On DDOE's request or on termination of this Agreement, VENDOR will return to DDOE all its property, specifically including all documents, disks or other computer media or other materials in VENDOR's possession or control that contain any of DDOE's Confidential Information;
- e. After termination of this Agreement, VENDOR will preserve the secrecy of and will not disclose directly or indirectly to any other person or business any of DDOE's Confidential Information; and
- f. VENDOR will advise DDOE of any unauthorized disclosure or use of DDOE's Confidential Information by any person or entity.

24.13 The State's data ("state data," which will be treated by VENDOR as Confidential Information) includes: (a) the State's data collected, used, processed, stored, or generated as the result of the

STATE OF DELAWARE  
Delaware Department of Education

Agreement Activities; (b) personally identifiable information (“PII”) collected, used, processed, stored, or generated as the result of the Agreement Activities, including, without limitation, any information that identifies an individual, such as an individual’s social security number or other government-issued identification number, date of birth, address, telephone number, biometric data, mother’s maiden name, email address, credit card information, or an individual’s name in combination with any other of the elements here listed; and, (c) personal health information (“PHI”) collected, used, processed, stored, or generated as the result of the Agreement Activities, which is defined under the Health Insurance Portability and Accountability Act (HIPAA) and its related rules and regulations. State data is and will remain the sole and exclusive property of the State and all right, title, and interest in the same is reserved by the State. This Section survives the termination of this Agreement.

24.14 VENDOR is provided a limited license to state data for the sole and exclusive purpose of providing the Agreement Activities, including a license to collect, process, store, generate, and display state data only to the extent necessary in the provision of the Agreement Activities. VENDOR must: (a) keep and maintain state data in strict confidence, using such degree of care as is appropriate and consistent with its obligations as further described in this Agreement and applicable law to avoid unauthorized access, use, disclosure, or loss; (b) use and disclose state data solely and exclusively for the purpose of providing the Agreement Activities, such use and disclosure being in accordance with this Agreement, any applicable Statement of Work, and applicable law; and (c) not use, sell, rent, transfer, distribute, or otherwise disclose or make available state data for VENDOR’s own purposes or for the benefit of anyone other than the State without the State’s prior written consent. This Section survives the termination of this Agreement.

24.15 As per the Delaware Department of Technology and Information, VENDOR shall agree to the following provisions:

- a. The State of Delaware shall own all right, title and interest in its state data that is related to the services provided by this Agreement. VENDOR shall not access State of Delaware User accounts, or State of Delaware Data, except (i) in the course of state data center operations, (ii) response to service or technical issues, (iii) as required by the express terms of this Agreement, or (iv) at State of Delaware’s written request. ## 2. Project Overview

### 2.1. Background

The Delaware public school system is comprised of approximately 19,000 educators, administrators and support staff, approximately 150,000 students across 19 school districts, and 24 charter schools. The Delaware Department of Technology and Information and the Delaware Department of Education controls an Active Directory (AD) environment which consists of a multi-domain forest with 19 different child domains provisioned for the school districts and charter schools (K12 forest). In addition, some individual districts and charters maintain their individual AD forest and/or other authentication solutions. All sites connect via a WAN to the state's data centers and then to the Internet through that connectivity.

Today, the Department of Education, school districts, and charter schools use a state-wide learning management system where the Department of Education maintains an instance of the LMS for state professional development for all educators and each LEA may maintain an individual instance of the LMS for their individual students and staff.

### 2.2. System Design Objectives

There are a number of specific objectives that the Department would like to address as part of this project.

#### **User Population**

The Learning Management System must support all users and roles, including DOE staff, district/charter technology administrators, district/charter leadership, teachers, staff, students, and families. The system must be flexible enough to accommodate future population groups and roles as they are identified.

#### **System Administration and Access**

The Learning Management System should include multiple instances for both SEA and LEA use, ensuring that the system is accessible to all users based on roles and permissions and

enabling family access to facilitate communication and involvement.

### **Content and Learning Management**

The Learning Management system should support both academic and non-academic standards and offer robust tools for assignments and assessments. Additionally, it should include a Learning Object Repository (LOR) and facilitate the creation and management of Individual Learner Plans.

### **Opportunities for Communication and Community Spaces**

The Learning Management system should offer various communication tools such as messaging, alerts, and notifications, as well as provide a digital learning community space to provide resources and foster interaction and collaboration among users.

### **Analytics and Data**

The Learning Management System must be reliable and highly available with the ability to add organizations and increase capacity. The application must allow for the creation, dissemination, and implementation of formative and summative assessments. The system should track and report on learner performance data and usage analytics. It should be built on an interoperable architecture that utilizes 1EdTech Standards and is capable of providing comprehensive insights and analysis.

### **System Architecture, Interoperability, and Data Integrations**

The Learning Management System must utilize open interoperability standards provided by 1EdTech, the Ed-Fi Alliance, and Common Education Data Standards to ensure seamless integration with various tools and platforms. The solution must incorporate data integrations with state and LEA systems and external vendors.

### **Data Transfer**

The Learning Management System proposal must include a fully detailed plan for data transfer from our current LMS (Schoology) to your system. This should include options for data transfer by the vendor, DDOE and LEA system admins, and individual DOE staff and LEA educators (information about time and effort requirements for each option must be included). Additionally, an example of an implementation where data transfer out of another LMS (Schoology if applicable) into the vendor's system is required.

### **Implementation, Communication, & Support**

The Learning Management System proposal must include a detailed implementation and communication plan. The plan must minimally include system buildout, technical training, professional development, coaching, levels of support during initial implementation, ongoing support, and a tiered communication plan. Additionally, a timeline for implementation, communication, initial technical training, end user training and all communications included in the communication plan must be included.

### **Single Sign-On**

The Learning Management System must integrate with the DDOE's Single Sign-On solution, ClassLink, and with Google.

### **Cloud-Hosted & Device Agnostic**

The Data & Reporting System must be a cloud-based solution that is device agnostic. Microsoft, Google, and Apple platforms must be supported including computers, Chromebooks, and mobile devices.

### **Accessibility**

The Data & Reporting System must meet the standards of Section 508 of the Rehabilitation Act of 1973, which includes the Web Content Accessibility Guidelines 2.0 (WCAG 2.0) Level AA.

### **2.3. Technical Environment**

The State of Delaware K-12 Public Education technology environment is engineered and managed in a shared model cooperatively between the Department of Technology (DTI), Department of Education (DDOE), and the individual Districts and Charters. The core network is engineered and administered by DTI; from upstream ISP uplinks, datacenter core network, e-rate eligible WAN connectivity, all the way down to the switch port.

The K-12 network serves around 300 sites. Each site is connected to the two State data center locations via private TLS circuits in a hub/spoke model. Diverse Internet uplinks are in the central datacenter locations. Remote sites access the Internet through these central ISP uplinks.

Most upper-level schools such as high schools and middle schools are connected to the education network via 1 GB connections. Many elementary schools and charter schools are connected via 100Mb TLS circuits that are often at 50% or more utilization.

DTI runs a central Active Directory Forest with widespread adoption by the community, however, there are a small number of districts and charters that have opted to not participate in the K-12 AD. Even with this widespread use and adoption, there are some participating districts that have also opted to use other 3rd party platforms for authentication of students, faculty, or both (e.g. Google authentication). User accounts are administered by each district and charter.

The Delaware Department of Education and K-12 districts and charter schools authenticate via ClassLink for educators and staff. ClassLink is our K-12 state-wide Single Sign-on solution. Districts and charter schools may authenticate via ClassLink for students but may use other authentication and Single Sign-On methods as well (i.e. Google).

The Delaware K-12 environment is device agnostic. Districts and Charter schools support Microsoft, Google, and Apple platforms including mobile devices and Chromebooks.

## **3. Requirements and Scope of Work**

This section of the RFP provides a description of the State's expectations for the requirements of the project and the work to be completed by the Vendor for the Learning Management System project.

Deliverables are identified in this section. If additional deliverables are produced as part of the Vendor's standard methodology, they should be identified and described in the appropriate section of the technical response.

Expectations for the content of the Vendor response to these requirements are described throughout this section. The format of that response is addressed in Appendix A – Minimum Mandatory Submission Requirements.

This section addresses a number of technical topics of importance to this project. Within this section, the structure of each topic is the same, providing:

- The requirements to be met by the Vendor in the fulfillment of this project (including a list of expected deliverables and work products);
- Background information on any work completed to date by the State, and preferences of the State with regard to the nature of the work to be performed;
- A description of the information to be provided by the Vendor in their proposal.

**Cost Proposal Requirements:** Cost proposals must be submitted as a fixed price per student that will not change for the life of the contract. The number of students will be determined by the official student count of the current year.

**Please use Appendix C to provide a descriptive response to the elements listed in the table below (Part 1).**
