The Delaware State University wishes to create a business-friendly environment and procurement process. As such, the University respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the University to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the Delaware State University, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the Delaware State University caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The Delaware State University expects to negotiate and contract with only one “prime vendor”. The Delaware State University will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the University as a result of this procurement. The University will make contract payments only to the awarded vendor. Payments to any subcontractors are the sole responsibility of the prime vendor (awarded vendor).

b. Sub-contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

15. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the Delaware State University's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

a. RFP Question and Answer Process

The Delaware State University will allow written requests for clarification of the RFP. All questions shall be received no later than due date and time. 16. University's Right to Reject Proposals

The Delaware State University reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the Delaware State University's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the Delaware State University may deem necessary in the best interest of the University.

17. University's Right to Cancel Solicitation

The Delaware State University reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The Delaware State University makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the Delaware State University. Vendor's participation in this process may result in the Delaware State University selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the Delaware State University to execute a contract nor to continue negotiations. The Delaware State University may terminate negotiations at any time and for any reason, or for no reason.

18. University's Right to Award Multiple Source Contracting

Pursuant to 29 Del. C. § 6986, the Delaware State University may award a contract for a professional service to two or more vendors if the University makes a determination that such an award is in the best interest of the University.

19. Potential Contract Overlap

Vendors shall be advised that the University, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its departments and as it serves the best interest of the University. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The University reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the Delaware State University.

20. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the Delaware State University prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the Delaware State University at the proposal submission deadline. All proposals received are considered firm offers at that time.

21. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at <https://mmp.delaware.gov/Bids/>. The Delaware State University is not bound by any statement related to this RFP made by any Delaware State University employee, contractor or its agents.

22. Exceptions to the RFP

Any exceptions to the RFP, or the Delaware State University's terms and conditions, must be recorded on Attachment 2. Acceptance of exceptions is within the sole discretion of the evaluation committee.

23. Business References

Provide at least three (3) business references consisting of current or previous customers of similar scope and value using Attachment 4. Include business name, mailing address, contact name and phone number, number of years doing business with, and type of work performed. Personal references cannot be considered.

24. Award of Contract

The final award of a contract is subject to approval by the Delaware State University. The Delaware State University has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the Delaware State University and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract

terms and conditions have been finalized, the Delaware State University will award the contract. The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the Delaware State University is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the Delaware State University. The award is subject to the appropriate Delaware State University approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the Delaware State University; remaining vendors will be notified in writing of their selection status.

25. Cooperatives

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

V. RFP Evaluation Process

An evaluation team composed of representatives of the Delaware State University will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

The Delaware State University reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in timely manner any and all information that the Delaware State University may deem necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of the Delaware State University. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 *Del. C.* §§ 6981 and 6982. C.* § 6982, to award a contract to the successful vendor in the best interests of the Delaware State University.

3. Proposal Clarification

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt of a Delaware State University purchase order signed by two authorized representatives of the University requesting service, properly processed through the Delaware State University.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.
- g. The University reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.

2. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the Delaware State University participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that proposal.

3. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a Delaware State University employee or agent of the Delaware State University concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the Delaware State University shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with Delaware State University employees, contractors or agents of the Delaware State University concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

4. Solicitation of University Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the Delaware State University to leave the Delaware State University's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the Delaware State University's contracting officer. Solicitation of Delaware State University employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a Delaware State University employee who has initiated contact with the vendor. However, Delaware State University employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.
