CONTRACT NO. DTCC2507-ROOF

## I. INTRODUCTION

### A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals to provide roofing repair services for Delaware Technical and Community College campuses.

It is the goal of this Request for Proposal to identify a vendor(s) and execute a contract to provide roofing repair services for Delaware Technical and Community College.

### 1. COMPETITIVE SEALED PROPOSAL

It has been determined by Delaware Technical and Community College, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

### 2. CONTRACT REQUIREMENTS

This contract will be issued to perform roofing repair services.

### 3. AGENCY USE CONTRACT

Pursuant to 29 *Del. C.* [§ 6904](#)(e) respectively, if no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties.

### 4. MULTIPLE SOURCE AWARD

Delaware Technical and Community College reserves the right to award this contract to more than one vendor pursuant to 29 *Del. C.* [§ 6926](#). The basis for such selection shall be type of roof repair service provided and/or the ability of a vendor to serve particular campus location.

### 5. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that Delaware Technical and Community College, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of Delaware Technical and Community College. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. Delaware Technical and Community College reserves the right to reject any or all proposal in whole or in part, to make partial awards, to award to multiple vendors

during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to Delaware Technical and Community College.

Each contract may be renewed for three (3) one (1) year periods through negotiation between the Vendor and Delaware Technical and Community College. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow Delaware Technical and Community College to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 *Del. C.* § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, Delaware Technical and Community College will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on Delaware Technical and Community College. Delaware Technical and Community College shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts Delaware Technical and Community College's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

including any healthcare benefits by Delaware Technical and Community College and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). **23. ACA SAFE HARBOR**

The State of Delaware and its utilizing agencies, including Delaware Technical and Community College, are not the employer of temporary or contracted staff. However, Delaware Technical and Community College is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act ("ACA"). Therefore, Delaware Technical and Community College seeks to utilize the "Common-law Employer Safe Harbor Exception" under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an "Additional Fee" with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor, but does not state the required amount of the fee. Delaware Technical and Community College requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice, etc.). Delaware Technical and Community College will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

These penalties are prescribed by IRC sections 7213, 7213A and 7431 and set forth at 26 CFR 301.6103(n)-1.
- (3) Additionally, it is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.
- (4) Granting a contractor access to FTI must be preceded by certifying that each officer or employee understands the agency's security policy and procedures for safeguarding FTI. A contractor and each officer or employee must maintain their authorization to access FTI through annual recertification of their understanding of the agency's security policy and procedures for safeguarding FTI. The initial certification and recertifications must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, a contractor and each officer or employee must be advised of the provisions of IRC sections 7213, 7213A, and 7431 (see Exhibit 4, Sanctions for Unauthorized Disclosure, and Exhibit 5, Civil Damages for Unauthorized Disclosure). The training on the agency's security policy and procedures provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. (See Section 10) For the initial certification and the annual recertifications, the contractor and each officer or employee must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

**c. Inspection**

The IRS and the Agency, with 24 hour notice, shall have the right to send its inspectors into the offices and plants of the contractor to inspect facilities and operations performing any work with FTI under this contract for compliance with requirements defined in IRS Publication 1075. The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. Based on the inspection, corrective actions may be

CONTRACT NO. DTCC2507-ROOF

required in cases where the contractor is found to be noncompliant with FTI safeguard requirements.

**62. REMEDIES**

Except as otherwise provided in this contract, all claims, counterclaims, disputes, and other matters in question between Delaware Technical and Community College and the Vendor arising out of, or relating to, this contract, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

**63. SUBCONTRACTS**

Subcontracting is permitted under this RFP and contract. However, every subcontractor shall be identified in the Proposal (Attachment 7) and agreed to in writing by Delaware Technical and Community College or as are specifically authorized in writing by Delaware Technical and Community College during the performance of the contract. Any substitutions in or additions to such subcontractors, associates, or consultants will be subject to the prior written approval of Delaware Technical and Community College.

The vendor(s) shall be responsible for compliance by the subcontractor with all terms, conditions and requirements of the RFP and with all local, State and Federal Laws. The vendor shall be liable for any noncompliance by any subcontractor. Further, nothing contained herein or in any subcontractor agreement shall be construed as creating any contractual relationship between the subcontractor and Delaware Technical and Community College.

**64. DELAWARE TECHNICAL AND COMMUNITY COLLEGE'S RESPONSIBILITIES**

Delaware Technical and Community College shall:

- a. Examine and review in detail all letters, reports, drawings and other documents presented by the Vendor to Delaware Technical and Community College and render to the Vendor in writing, findings and decisions pertaining thereto within a reasonable time so as not to delay the services of Vendor.
- b. Give prompt written notice to the Contractor whenever Delaware Technical and Community College observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, Delaware Technical and Community College will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. Delaware Technical and Community College has several remedies available to resolve non-performance issues with the contractor. Delaware Technical and Community College should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, Delaware Technical and Community College should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, Delaware Technical and Community College cannot expect the contractor to perform outside the agreement. If the issue

STATE OF DELAWARE  
Delaware Technical and Community College  
CONTRACT NO. DTCC2507-ROOF

is a part of the contract, Delaware Technical and Community College must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.

- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible.

**Appendix C:  
Contracts Related to Consolidated Public Works**

**1. CONTRACT PROCUREMENT**

This solicitation is issued as an Agency procurement. The structure of this Request for Proposals does not remove or relinquish Public Works procurement procedures required by [29 Del. C. 69, Subchapter IV](#) as applied specifically to individually defined projects. Distinction from a Public Works contract is made in this Request for Proposals in that the resulting award is intended for services of recurring need with undetermined quantities contrast to Public Works contract awarded for individual projects. Accordingly, to avoid conflicting with Public Works procurement requirements, the individual requests for services should not exceed the current open procurement threshold for Public Works, which can be seen at: [Public Works Bid Thresholds](#)

**2. ENGINEERED PLANS**

If the project does not require architectural and engineering services per [29 Del. C. § 6962\(d\)\(b\)](#), the agency head may waive in writing the use of such services. Should there be a need for a specific agency project for an engineered plan, the agency is responsible for acquiring the services needed.

**3. MANDATORY PRE-BID MEETING NOT REQUIRED**

The Public Works pre-bid meeting requirement per [29 Del. C. § 6962\(d\)\(10\)](#) does **not** apply to this solicitation. Mandatory pre-bid meetings intended to discuss specific projects and determine subcontractors needed are not required as this solicitation does not seek a solution for a single project.

**4. REGISTERED OR PREQUALIFIED VENDOR**

Vendors are not required to be registered or prequalified for this Request for Proposals. All proposal documents are made publicly available on <http://bids.delaware.gov/>. While subcontractors are not required to be prequalified for this solicitation, subcontractors, if used, should be identified individually on the subcontractor form included with this solicitation without a prequalification requirement.

**5. BID BOND NOT REQUIRED**

The bid bond requirement in Public Works Procurement [29 Del. C. § 6962\(d\)\(8\)](#) is not applicable for this solicitation. This solicitation seeking undetermined quantities does not meet the surety requirement of 10% of a known project. No Bid Bond is required for this Request for Proposals.

**6. PREVAILING WAGE**

The prevailing wage law, [29 Del. C. § 6960\(a\)](#), is enforced by the Department of Labor and states that the specifications for every contract or aggregate of contracts relating to a Public Works project in excess of \$500,000 for new construction (including painting and decorating) or \$45,000 for alteration, repair, renovation, rehabilitation, demolition

or reconstruction (including painting and decorating of building or works) to which this State or any subdivision thereof is a party and for which the State appropriated any part of the funds and which requires or involves the employment of mechanics and/or laborers shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics which shall be based upon the wages that will be determined by the Delaware Department of Labor, Division of Industrial Affairs, to be prevailing in the county in which the work is to be performed.

The Department of Labor has determined that this contract and any work that stems from this contract regardless of location is subject to prevailing wage. The Department of Labor Prevailing Wage sheet for work performed under this central contract is attached. The Vendor is required to conform with this determination and rate sheet.

According to [29 Del. C. § 6960\(c\)](#), every contract based upon these specifications shall contain a stipulation that sworn payroll information, as required by the Department of Labor, be furnished weekly. The Department of Labor shall keep and maintain the sworn payroll information for a period of 6 months from the last day of the work week covered by the payroll.

#### **7. CONTRACTOR REGISTRATION ACT**

On July 1, 2021, the Contractor Registration Act, as codified in 19 [Del. C. §§ 3601 et seq](#), took effect. This law requires all contractors to register with the Delaware Department of Labor before performing construction services or maintenance. The Contractor Registration Act applies to all contractors that engage in construction and maintenance within the State of Delaware. Additionally, it requires contractors to have Delaware workers' compensation insurance where required, compliance with labor laws, and proof of a state business license. The Delaware Department of Labor's Office of Contractor Registration is responsible for enforcement of the requirements of the Contractor Registration Act. If you have any questions about the contractor registration process, please call 302-430-7739 or email [Contract.Registry@delaware.gov](mailto:Contract.Registry@delaware.gov).
