

Contract # DTCC27344-ARCENGCON

ENGINEERING/ARCHITECTURAL/CONSTRUCTION MANAGEMENT SERVICES

CLARIFICATIONS- second

1. **QUESTION:** I read in Addendum 1 for this RFQ that you are requesting SF330 or equivalent, and that the primary item you are focusing on is SF330 Part 2, General Information. Please confirm we can submit ONLY this section of the 330 (Part 2 which is a single page) if we are including non-330 resumes and project sheets separately.
RESPONSE: Yes, you can only submit Page 2 of SF330. Since we are a State agency, strict compliance to the federal form is not necessary. This includes resumes and project sheets.
2. **QUESTION:** Will DTCC accept any revisions to the terms and conditions outlined in Attachment A and Attachment A-1?
RESPONSE: Please outline any proposed revisions to the terms and conditions in your proposal. The College will consider the proposed revisions during contract negotiations.
3. **QUESTION:** Attachment B appears to be specific to Construction Management agreements. Can you please confirm this won't apply if our firm is selected for architectural and engineering services only??
RESPONSE: Yes, that is correct. Attachment B does not apply to architectural and engineering services.
4. **QUESTION:** Does DTCC anticipate pursuing LEED certification for projects under this agreement?
RESPONSE: We do not anticipate pursuing LEED certification but would not rule it out for future projects.
