Section I. Offer Preparation Instructions and Evaluation Criteria

This section outlines the information that all offerors must provide to GSA in order to be considered for award under the MAS.

The solicitation provision SCP-FSS-001 will outline the administrative, technical and pricing elements that are required as part of all offer submissions.

Additional information or requirements that apply to specific categories of products and services are noted in the specific category attachments included as part of the solicitation package on FBO. Please make sure you know what large category or categories and Special Item Number/s (SIN/s) you will be submitting under your offer, prior to beginning the eOffer process and submitting your offer. The specific large categories, subcategories, and SINs will dictate additional requirements for your offer and additional clause requirements that will flow down to your contract. Please read these instructions and requirements thoroughly. All this information will be reviewed as part of your Schedule offer. All offer information must be submitted in the GSA eOffer system (<http://eoffer.gsa.gov>).

SCP-FSS-001 Instructions Applicable to All Offerors (JUN 2020)

- (a) Read the entire solicitation document prior to preparing your offer. The Government will consider award for a responsible Offeror whose offer conforms to all solicitation requirements, is determined technically acceptable and whose prices are determined fair and reasonable. The Government reserves the right to award or reject without discussions. Therefore, the Offeror's initial proposal should contain the best terms from a price and technical standpoint.
- (b) Electronic submission of offers via GSA's [eOffer web-based application](#) is mandatory. Digital certificates are required in order to use eOffer and at least one employee of the company who is also an authorized negotiator must obtain and submit a screenshot of a digital certificate with the offer. Offerors are advised to review the Offer Documents Submission Checklist posted on the [MAS roadmap](#) site prior to submitting an offer.
- (c) Offers must be current, accurate, and complete, and demonstrate a thorough understanding of solicitation requirements. By submission of an offer:
- (1) The offeror attests that there have been no exceptions taken to the terms and conditions of this solicitation unless explicitly identified in eOffer (see "Exceptions to Terms and Conditions" under the Standard Response module)
 - (2) The offeror attests that it understands and agrees to comply with the requirements of all clauses and provisions. Failure to comply with applicable clauses and provisions will result in rejection of the offer. Offerors are responsible for ensuring that their offers meet ALL solicitation requirements and should not assume that deficient items will be clarified prior to the offer being rejected.
 - (3) The offeror attests that it understands and agrees to comply with the requirements of clause 552.238-80 Industrial Funding Fee and Sales Reporting OR clause 552.238-80 Industrial Funding Fee and Sales Reporting (Alternate I) if participating in Transactional Data Reporting (TDR) (see paragraph (g) below for more information on TDR).
- (d) If the offeror was previously awarded a Schedule contract that was cancelled or allowed to expire due to low or no sales, a new offer for the same Schedule will not be considered unless a minimum of 12 months have passed since the effective date of the cancellation or expiration date of the previous contract. Any offer submitted prior to the completion of this 12-month period will be rejected.
- (e) Existing Federal Supply Schedule (FSS) Program Contractors can submit streamlined offers as annotated in this provision provided that the contractor meets ALL of the following criteria:
- (1) The contractor has an active FSS program contract under this Schedule and is submitting a new offer for the same Special Item Numbers (SINs).
 - (2) Sales under the existing contract have averaged a minimum of \$25,000 per year for the previous five years of reported sales.
 - (3) There is a demonstrated pattern of satisfactory past performance under the existing contract.
- (f) A current FSS contractor can submit an offer for a new contract under this Schedule at any time during the existing contract's period of performance. Typically, the award of a new contract will result in the cancellation of the existing contract upon award. However, if the contractor has one or more active Blanket Purchase Agreements (BPAs) or orders under its existing contract; or has submitted quotes for either and is awaiting an award decision, it is eligible for the award of a new contract that is allowed to overlap and run alongside the existing one. This is referred to as holding continuous contracts.
- Holding continuous contracts enables the FSS contractor to complete work under BPAs and orders awarded via the existing contract, while utilizing the new contract for new business opportunities. A contractor that wishes to hold continuous contracts must:
- (1) Indicate with its offer that it wishes to hold continuous contracts, along with a listing

of all active submitted quotes, established BPAs, and awarded orders under the existing contract. For each, the contractor must include the ordering activity name and point of contact, RFQ/BPA/order number and period of performance (including options).

(2) Assist the FSS contracting officer in determining the proper cancellation date for the existing contract. The existing contract is to be cancelled the day after the final day of the ordering period for the active BPA or order (including options). In situations where multiple BPAs and/or orders are active, the cancellation date should be based on the last remaining BPA or order, provided that they do not extend beyond the existing contract end date.

(3) Agree not to use the existing contract to compete for new business opportunities after the new contract is awarded.

(g) This solicitation includes Transactional Data Reporting (TDR), which requires contractors that choose to participate in TDR to electronically report the price the federal government paid for an item or services purchased through contracts covered by TDR. TDR participants are not required to provide Commercial Sales Practices (CSP) disclosures or to monitor price reduction violations in accordance with Clause 552.238-81 Price Reductions. Special proposal instructions for TDR participants are detailed in this provision.

(h) In addition to compliance with the requirements of this provision, the offeror must also comply with any additional NAICS or category specific instructions specified in the solicitation, as applicable. Failure to comply with all proposal instructions will result in rejection of the offer.

(i) **Withdrawal of Offer:** The offeror may withdraw its offer from consideration at any time prior to award or rejection by withdrawing it in eOffer. If an offer is withdrawn, a new offer can be resubmitted at a later date. Information saved from the previous withdrawn offer can be copied over to the new offer, excluding uploaded documents.

(j) All offerors must comply with the following (unless annotated otherwise):

(1) Section I – Administrative/Contract Data

i. **Applicable to both products and services offers.** The offeror must complete and submit the Pathway to Success training*. The Pathway to Success training must be completed by a designated Authorized Negotiator who is also a company officer (e.g., President, CEO, CFO, etc.) and completed/dated within one year of the date of offer submission. This free, web-based self-assessment is available through the [Vendor Education Center](#) (VEC) or through the [Vendor Support Center](#) by selecting the “Education” tab and then “Pathway to Success.” The training session is less than two hours total and covers the major factors vendors should consider prior to submitting an offer to GSA. eOffer will verify the name of the person that completed the Pathway to Success training and the date of completion.

* The requirement to complete the Pathway to Success training does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

ii. **Applicable to both products and services offers.** The offeror must complete and submit the Readiness Assessment for Prospective Offerors*. The Readiness Assessment must be completed by a company officer (e.g., President, CEO, CFO, etc.) and completed/dated within one year of the date of offer submission. This free, web-based self-assessment is available through the [Vendor Education Center](#) (VEC) or through the [Vendor Support Center](#) by selecting the “Education” tab and then “Vendor Toolbox (Readiness Assessment).” This tool is designed to assist vendors in determining whether they are ready to pursue a Schedule contract and prepares them to navigate the Schedule proposal process.

*The requirement to complete the Readiness Assessment for Prospective Offerors does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

iii. **Applicable to both products and services offers.** The offeror must be registered with the [System for Award Management](#) (SAM). The information provided must be current, accurate, and complete, and reflect the North American Industrial Classification System (NAICS) code(s) for this solicitation and the products/services proposed. The offeror must provide verification that it has an active SAM registration

iv. **Applicable to both products and services offers.** If an offeror was previously awarded a Schedule contract, and it was subsequently cancelled or allowed to expire due to low sales, provide a detailed description of the steps the offeror plans to take to generate sales through a new contract that includes the following:

(A) A copy of the cancellation letter or notification of determination

not to exercise an option.

(B) Current Federal sales (either as a prime or subcontractor) in excess of \$25,000, for products/services that are within scope of this Schedule, as evidenced by copies of contractual documents that identify the Federal entity and the date and value of the product or services provided, OR a written customer agency request for the offeror's specific products or services to be available on Schedule.

(C) Demonstration that there is a reasonable expectation that any future award will comply with clause I-FSS-639 Contract Sales Criteria.

(D) A narrative describing your marketing strategy and steps you will take to ensure you meet the minimum sales requirement (limit 2 pages).

v. **Applicable to both product and service offers.** The offeror must provide annual financial statements* for the previous two-years (audited, if available). At a minimum, each financial statement must consist of a balance sheet and income statement. GSA will use this information to determine financial responsibility. Provide an explanation for any negative financial information disclosed, including negative equity or income. Offerors may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available. In accordance with Federal Acquisition Regulation (FAR) 9.104-1(a), contracts will only be awarded to responsible prospective contractors. To be determined responsible, an offeror must have adequate financial resources to perform the contract or the ability to obtain them. Note that 1.) submission of a GSA Form 527 Contractor Qualifications and Financial Information does not meet the aforementioned requirements, and 2.) offerors shall NOT submit tax returns.

*The requirement to provide financial statements does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

vi. **Applicable to both product and service offers.** If the Offeror is other than a small business, the offeror must prepare and submit a Small Business Subcontracting Plan, as detailed in clause 52.219-9 Small Business Subcontracting Plan. The Small Business Subcontracting Plan shall be submitted through the Subcontracting Module in eOffer. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the contracting officer prior to award. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your offer.

The preponderance of work NAICS will determine the business size of the offeror at the contract level.

The following information is provided for reference only:

SBA's definition of a small business concern can be found via the following link: [SBA Size Standards](#).

GSA's subcontracting goals can be found via the following link: [GSA Subcontracting Goals](#).

vii. **Applicable to both product and service offers.** The offeror shall not submit brochures, newsletters, or other marketing materials.

viii. **Applicable to both product and service offers.** An Agent Authorization Letter must be completed and submitted as part of the offer if a consultant or third-party agent assisted in the preparation of the offer, will be involved in any part of the negotiation of the offer, or will be involved in any post-award actions. The template for the Agent Authorization Letter can be found as an attachment to the solicitation. The Agent Authorization Letter has both pre- and post-award delegations. For any resultant contract, the contractor is responsible for initiating a modification to ensure all authorized negotiators and delegations are up-to-date (e.g., removing an authorized negotiator that only has pre-award delegations). If an agent will have signatory authority under the contract, the offeror must upload a screenshot of the agent's digital certificate.

ix. **Applicable to both product and service offers.** Section 508 Standards. Section 508 of the Rehabilitation Act, as amended by the Workforce Investment Act of 1998 (P.L. 105-220) requires that when Federal agencies

develop, procure, maintain, or use information and communication technology (ICT), it shall be accessible to people with disabilities. Federal employees and members of the public who have disabilities must have access to, and use of, information and data that is comparable to people without disabilities.

Offerors must identify whether a proposed Information and Communication Technology (ICT) product or service is compliant with the Section 508 accessibility standards at 36 CFR 1194. The offer must also identify where full details of compliance can be found (e.g., vendor's website or other exact location.) For more information on Section 508 standards visit the [Section 508](#) site.

x. **Applicable to product and service offers.** All proposed products and services must comply with the Trade Agreements Act (TAA). The country of origin for services is the country in which the firm providing services is established. It is the responsibility of the Offeror to identify the product's country of origin. When an item consists of components from various countries and the components are assembled in an additional country, a test to determine country of origin is "substantial transformation" (reference FAR 25.001(c)(2)). The Offeror may request an opinion from a third-party expert or make the determination itself. Offerors can go to The Office of Regulations and Rulings within [U.S. Customs and Border Protection](#) (CBP), which is the Federal agency responsible for making final substantial transformation determinations (reference 19 CFR Part 177 Subpart B).

xi. **Applicable to product offers.** If the offeror is not the manufacturer of the product(s) being proposed, an acceptable Letter of Commitment/Supply or evidence of an uninterrupted source of supply must be uploaded to eOffer. See clause I-FSS-644 Dealers and Suppliers and the solicitation for required language. If the Government determines that the offeror's evidence of an uninterrupted source of supply is not sufficient, the Government will request submission of a Letter of Commitment/Supply. Failure to provide an acceptable Letter of Commitment/Supply or evidence of an uninterrupted source of supply may result in rejection of the offer.

xii. **Applicable to product offers.** AbilityOne Program Products. The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission. Certain commercial products are considered "essentially the same" (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, an offeror that is not an authorized AbilityOne distributor is required to remove any ETS items from its FSS proposal. Offerors can search for products on the [procurement list](#). For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit the [AbilityOne](#) site or contact Mr. Mike Jurkowski at mjurkowski@abilityone.gov/ 703-603-2117.

xiii. **Applicable to product offers.** Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the offer may be rejected and/or the associated product(s) may not be awarded.

xiv. **Applicable to product offers.** Offerors are advised that following contract award, Schedule contractors offering products under designated Special Item Numbers (SINs) must submit detailed electronic contract data, such as, but not limited to, Universal Product Codes (UPC) and product photos for each item offered on GSA Advantage! using the Schedule Input Program (SIP), Electronic Data Interchange (EDI) or other common-use electronic medium prescribed by GSA.

Contractors must follow the detailed guidance and requirements provided on the MAS 'Contract Requirements and Modification Guidance' page (www.gsa.gov/mascontractrequirements) when submitting electronic contract data for inclusion on the GSA Advantage! website.

xv. **Applicable to product offers.** GSA Advantage Purchase Order (PO

Portal). The offeror must use EDI, cXML or the GSA Advantage [Purchase Order \(PO\) Portal](#) to provide order acknowledgment information that enables ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. The GSA Advantage [Purchase Order \(PO\) Portal](#) gives GSA schedule contractors quick and easy access to purchase orders placed by federal agencies using GSA Advantage or eBay. The PO Portal allows contractors to view, print and/or download orders and to send order acknowledgment/status directly to ordering agencies. For more information on the PO portal review the PO Portal [help guide](#).

xvi. **Applicable to product offers.** Frustrated Freight (applicable only to overseas delivery). The offeror must demonstrate understanding of orders bound for an international end-point delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offeror does not provide a sample packaging label for international delivery.

(2) **Section II – Technical Proposal**

The offeror must address the four technical proposal factors below. Note that Factors One, Three and Four must be completed directly through eOffer. The submission of uploaded documents to address Factors One, Three and Four will not be considered.

i. **Applicable to both product and service offers.** Factor One - Corporate Experience*: The offeror must provide a narrative description of its corporate experience including all information below. Note that the narrative must be completed directly through the eOffer application by responding to the eOffer prompts; separate attachments addressing Corporate Experience will not be considered.

(A) The number of years of corporate experience in providing the products/services described under this Schedule, regardless of the specific products/services being proposed. A minimum of two (2) years of corporate experience is required.

(B) Organization's number of employees, experience in the field, and resources available to enable it to fulfill requirements,

(C) Brief history of the offeror's activities contributing to the development of expertise and capabilities related to this requirement,
(D) Information that demonstrates the offeror's organizational (e.g. organizational chart, list of key departments) and accounting controls (e.g. processes and/or systems in place),

(E) A description of the resources presently in-house or the ability to acquire the type and kinds of personnel/products proposed,

(F) A description of the marketing strategy that will be used to reach Federal ordering activities,

(G) A description of the intended use of subcontractors.

*The requirement to provide a Corporate Experience narrative does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

ii. **Applicable to both product and service offers.** Factor Two - Past Performance*: Past performance information is one indicator of an offeror's ability to perform the contract successfully. Offerors shall demonstrate a pattern of past performance in accordance with the instructions below. Failure to submit the required information may result in rejection of the proposal.

(A) Offerors with three (3) or more contractor performance assessment reports available in the federal Contractor Performance Assessment Reporting System (CPARS) shall verify in eOffer that they have three (3) or more assessment reports available in CPARS that represent:

(1) contracts or orders completed within three (3) years of the date of offer submission;

(2) at least three (3) distinct orders and/or contracts; and

(3) work similar in scope to products/services included in this solicitation.

The offeror shall address any negative feedback in the contractor performance assessment reports not previously documented in the CPARS report. Offerors may access [CPARS](#) to view previously completed evaluations.

If unable to meet these criteria, the offer shall submit a Past

Performance Evaluation in accordance with paragraph (B) below.

(B) **Attention All Offerors:** Open Ratings is no longer accepting new orders for Past Performance Evaluations as of Friday, December 06, 2019. Offerors that ordered an Open Ratings Past Performance Evaluation on or before December 06, 2019 may use the evaluation to demonstrate a pattern of Past Performance if the Open Ratings Past Performance Evaluation uploaded to the offer is dated within one (1) year of offer submission. Offerors with six (6) or more customer references that do not meet the criteria in paragraph (A) shall order and obtain a Past Performance Evaluation from Open Ratings. The offeror shall upload one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form (identifying the customer references submitted) with its proposal in eOffer. The following applies to the ordering of Open Ratings reports:

(1) Offerors are responsible for payment to Open Ratings for the Past Performance Evaluation.

(2) Past Performance Evaluations are valid for a period of one year from the date of issuance by Open Ratings. If the evaluation was issued more than one year prior to the date of proposal submission via eOffer, the proposal will be rejected.

(3) The offeror shall include between six (6) and twenty customer references on the Open Ratings order form. A "customer reference" is defined as a person or company that has purchased relevant products/services from the offeror. The offeror is advised to use references from projects similar in scope to products/services included in this solicitation.

If Open Ratings is unable to issue an evaluation due to inadequate response from customer references, the offeror shall submit the neutral letter issued by Open Ratings along with a copy of the order form.

The offeror shall address any negative feedback for each of the feedback categories contained in the contractor performance assessment found in the Open Ratings report, to include actions taken to minimize the problems that resulted in the negative feedback.

If unable to meet these criteria, the offeror shall submit a Past Performance narrative in accordance with paragraph (C) below.

(C) Offerors that do not meet the criteria in paragraph (A) or (B) above shall upload a list of three (3) to five (5) relevant customer references to eOffer. Relevant customer references are defined as customers for which the offeror has performed work similar in scope to products/services included in this solicitation. The work referenced must have been completed within three (3) years of the date of offer submission. For each reference listed, the offeror shall identify the following:

- (1) Customer name;
- (2) Customer point of contact (including name, phone, and email address);
- (3) Brief description of work performed and the offeror's role;
- (4) Dollar value of project; and
- (5) Period of performance.

If the offeror does not have at least three (3) customer references, the offeror may substitute customer references for relevant work performed by predecessor companies or key personnel. Offeror's are strongly encouraged to notify all customer references prior to offer submission that they may be contacted by GSA for past performance information.

*The requirement to provide Past Performance Information does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

iii. **Applicable to both product and service offers.** Factor Three - Quality Control: The offeror must provide a Quality Control narrative that addresses the information below. The offeror shall provide a single narrative for this factor, regardless of the number of products/services offered. Note that this narrative must be completed directly through the eOffer application by responding to the eOffer prompts; separate attachments addressing

Quality Control will not be considered.

- (A) A description of internal review procedures that facilitate high-quality standards,
- (B) Identification of individuals responsible for ensuring quality control,
- (C) Whether or not subcontractors are used and, if so, the quality control measures used to ensure acceptable subcontractor performance,
- (D) How potential problem areas and solutions are handled,
- (E) The procedures for ensuring quality performance when meeting urgent requirements,
- (F) How quality control will be managed when completing multiple projects for multiple agencies simultaneously.

iv **Applicable to service offers.** Factor Four – Relevant Project Experience: The offerors must submit a narrative demonstrating relevant project experience by responding to the Relevant Project Experience prompts in eOffer. A narrative is required for each proposed services SIN when proposing services and must include the following:

- (A) A description of one (1) relevant project, not to exceed four (4) pages per project. Each description must clearly indicate the SIN to which it applies, and identify the specific services being proposed under that SIN. The projects must either have been completed within the last two years or be ongoing. For ongoing contracts with a base year and option years, at a minimum, the base year must have been completed; for multi-year task orders, at a minimum, the first year must have been completed. Note: Specific services may have additional requirements under Factor Four. Offerors shall also refer to NAICS or category specific instructions, for additional Factor Four requirements.

The project description must also address the following elements:

- (1) Detailed description of SIN relevant work performed and results achieved
- (2) Methodology, tools, and/or processes utilized in performing the work
- (3) Demonstration of compliance with any applicable laws, regulations, Executive Orders, OMB Circulars, professional standards, etc.
- (4) Project schedule (i.e., major milestones, tasks, deliverables), including an explanation of any delays
- (5) How the work performed is similar in scope and complexity to the work solicited under the proposed SIN
- (6) Demonstration of required specific experience and/or special qualifications detailed under the proposed SIN.

The Offeror may use the same project in support of more than one SIN as long as the description clearly identifies the SIN relevant work. All examples of completed services must have been deemed acceptable by the customer.

If the Offeror was previously awarded a Schedule contract for these services that was cancelled or allowed to expire due to low or no sales, the Offeror's relevant project must be a Federal prime contract valued in excess of \$25,000.

(B) For each project description, must also provide the following customer reference information (this data is not counted towards the four-page-per-project limitation):

- (1) Customer/client name
- (2) Project name/contract number
- (3) Customer point of contact for project
- (4) Point of contact phone number and email
- (5) Project performance period (include begin/end dates)
- (6) Dollar value of the entire project
 - (7) Dollar value received for the work performed relevant to the SIN offered
 - (8) Brief summary of the project as a whole (i.e., background, purpose, etc.)
 - (9) A completed copy of the Statement of Work, Performance Work Statement or Statement of Objectives for the project

(C) If relevant project experience does not exist, the Offeror may substitute the relevant projects of predecessor companies or key personnel that will be performing major aspects of the work. If the Offeror chooses to make such a substitution, the narratives must clearly identify the entity or personnel that performed the services.

* This requirement does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a

streamlined offer, see (e) 1-3.

(3) Section III – Price Proposal

i. **Applicable to both product and service offers.** GSA's pricing goal** is to obtain equal to or better than the offeror's Most Favored Customer (MFC) pricing under the same or similar terms and conditions. GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. However, offers that propose Most Favored Customer pricing that is not highly competitive will not be determined fair and reasonable and will not be accepted. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers."

**This requirement does not apply to offerors/contractors that will be participating in TDR.

ii. **Applicable to both product and service offers.** Submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template (PPT) MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror's commercial practices. Pricing must be clearly identified as based either on a "Commercial Price List" or a "Commercial Market Price," as defined in FAR 2.101 (see "Catalog Price" and "Market Prices" under the definition of "Commercial Item").

(A) If the MFC is a Federal agency, but sales exist to commercial customers, identify which, if any, of the commercial customers receive the offeror's best price. This will allow the Government to establish a "basis of award" customer in accordance with paragraph (a) of clause 552.238-81 Price Reductions.**

**The requirement to provide MFC information on the PPT does not apply to TDR participants.

(B) Proposed prices must include the 0.75% Industrial Funding Fee (IFF) (see contract clause 552.238-80 Industrial Funding Fee and Sales Reporting OR clause 552.238-80 Industrial Funding Fee and Sales Reporting (Alternate I) if participating in the TDR). This fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

iii. **Applicable to both product and service offers.** Provide supporting documentation for EACH proposed product/service price. Supporting pricing documentation may consist of published and publicly-available commercial catalogs/price lists, copies of invoices, contracts, or quote sheets, and must be submitted with the offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed product/service.**

**The requirement to provide supporting documentation with the offer does not apply to offerors/contractors that will be participating in the TDR. However, as per GSAM 538.270-2 Evaluation of offers with access to transactional data, paragraph (c)(3), if the Government cannot determine the prices offered to be fair and reasonable based on readily available data or market research, it may request the offeror provide other than certified cost or pricing data to facilitate the Government's evaluation of the proposed pricing.

iv. **Applicable to both product and service offers.** If the pricing offered is not equal to or better than the pricing extended to the Most Favored (commercial) Customer, offerors must provide a rationale to enable the contracting officer to determine that offered prices/rates are fair and reasonable.**

**This requirement does not apply to offerors/contractors that will be participating in the TDR.

v. **Applicable to both product and service offers.** The offeror must propose a mechanism for future price adjustments, as detailed below:

(A) If proposed pricing is based on a published or publicly-available commercial price list, submit a copy of the company's current, dated, price list, catalog, or standard rate sheet (note that this must be an existing, standalone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 Economic Price Adjustment – Multiple Award Schedule Contracts.

OR

(B) If proposed pricing is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 Economic Price Adjustment – FSS Multiple Award Schedule. The offeror must either propose a fixed annual escalation rate in accordance with I-FSS-969 paragraph (b)(1) OR propose a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index(ECI)) in accordance with I-FSS-969 paragraph (b)(2).

vi. **Applicable to both product and service offers.** Complete the Commercial Sales Practices Format (CSP-1)** in eOffer in accordance with instructions provided in GSAR Figure 515.4-2. Provide a rationale for the given estimate of GSA contract annual sales. Any deviation from the Offeror's commercial sales practices must be explained, including the specific circumstances and frequency of the deviations under Item 4b of the CSP.

**The requirement to complete the CSP-1 does not apply to offerors/contractors that will be participating in the TDR.

vii. **Applicable to both product and service offers.** Full-Product and Broad-Service Offerings. The offeror must provide a full and broad array of proposed products/services. An offer will not be accepted with limited product/service offerings unless it represents a total solution for the offeror or proposed product/service offering.

viii. **Applicable to both product and service offers.** Fair and Reasonable Pricing. To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including, but not limited to pricing on competitor contracts and historical pricing. Offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted.**

**Attention Offerors/contractors that will be participating in TDR:

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including, but not limited to pricing on competitor contracts and historical pricing. Offers that are not highly competitive will not be determined fair and reasonable and will not be accepted.

ix. **Applicable to service offers.** Offerors proposing services have the option to propose separate rates for "domestic" versus "overseas" and/or "customer facility" versus "contractor facility" if there are variations in costs that depend on where the work is performed. Rates proposed in this manner must be clearly labeled as such and supported through the submission of supporting price documentation, which may include published and publicly-available commercial price lists, copies of invoices, contracts and quote sheets. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed service and submitted with the offer.

(A) For each proposed labor category, the Offeror must provide a detailed position description. Position descriptions must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the Offeror's standard commercial practice to substitute experience for education, explain the methodology in use (e.g., five years experience equates to a BA/BS degree).

(B) For each proposed training course, the Offeror must provide a detailed training course description which includes the following information:

- (1) Title and brief description of the course, including major course objectives
- (2) Length of course (number of hours/days)
- (3) Minimum/Maximum number of participants
- (4) Price for additional students above minimum (if applicable)

(5) Support materials provided as part of the course (e.g., training manuals, CDs, DVDs)

(C) Fixed Price Services: Provide a description for each fixed price service offered that clearly demonstrates how each service is within scope of the applicable SIN(s). Descriptions should contain sufficient detail to ensure ordering agencies have enough information to know what they're buying.

(D) Ancillary Supplies and Services/Other Direct Costs (ODCs) for Marketing and Public Relations Services: Provide a description for all known support products and/or Other Direct Costs (ODCs) that are proposed for award at the Schedule level that clearly describes what the ordering agencies are buying.

(E) Proposed prices must represent fully-burdened rates inclusive of all cost factors (e.g., direct labor, indirect labor, G&A, profit, and IFF).

x. **Applicable to service offers.** Offerors must submit a Professional Compensation Plan in accordance with provision 52.222-46 Evaluation of Compensation for Professional Employees. Individual compensation disclosure is not required. Submission of the general compensation practices printed in the Offeror's employee handbook is often sufficient.

xi. **Applicable to service offers.** Offerors must submit a copy of its policy that addresses uncompensated overtime, in accordance with provision 52.237-10 Identification of Uncompensated Overtime.

xii. **Applicable to service offers.** Service Contract Labor Standards: Applicable to this solicitation (Service Contract Labor Standards 52.222-41, and related clauses 52.222-17, 52.222-42, 52.222-43, 52.222-49, and 52.222-55)

(A) The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA) applies to some nonprofessional services to be provided under this Schedule excluding pricing offered for services outside of the United States. The SCLS wage determinations applicable to this solicitation and resultant contract are located on the [MAS roadmap](#). Some of the proposed labor categories may be subject to the SCLS (usually nonprofessional categories and fixed-price services). As such, the Offeror should verify that its proposed base rates and fringe benefit rates for these labor categories meet or exceed the SCLS wage determination rates and fringe benefits for the areas included in the geographic scope of the contract (i.e., nationwide); the Offeror will be required to comply with applicable SCLS wage determination locality rates and fringe benefits regardless of the price proposed and awarded on any resultant Schedule contract. The Offeror may be required to submit supporting documentation for the proposed rates that will allow the contracting officer to conduct price analysis to determine that offered prices are fair and reasonable.

(B) Schedule contractors must comply with the base rate and fringe benefit rate requirements of the prevailing SCLS Wage Determination (WD) Revision Number currently incorporated into the GSA Schedule contract. Task orders may not incorporate WDs different from those incorporated into the Schedule contract, as the order may then be in conflict with the Schedule contract terms and conditions. However, Schedule contractors shall comply with the WDs incorporated into the Schedule contract based on the rate applicable to the locality in which the work is to be performed, regardless of the pricing proposed and awarded on the contract. WDs based on collective bargaining agreements (CBAs) may be incorporated into a task order if the task order is found to be a successor contract as used in FAR Subpart 22.10; a CBA WD would be applicable only to the task order it is incorporated into and no other orders under that Schedule contract.

(C) In the price proposal template (PPT), indicate which of the proposed labor categories or fixed price services are subject to the

SCLS by placing a double asterisk (**) next to the labor category name or fixed price service.

(D) For each SCLS eligible contract labor category or fixed price service, complete the following information in the below spreadsheet format directly in eOffer (labor categories shown are for example purposes):

SCA/SCLS Matrix		
SCLS Eligible Contract Labor Category/Fixed Price Service	SCLS Equivalent Code Title	WD Number
Secretary	01115 General Clerk I	052059
Driver	31361 Truck driver, Light Truck	052059
Engineering Technician	29081 Engineering Technician I	052059
Administrative Assistant	01011 Accounting Clerk I	052059

(E) The following language shall be inserted below the SCLS/SCA matrix in the authorized price list posted on GSA Advantage: "The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide)."

(F) Escalation of SCLS-covered services shall be in accordance with FAR clause [52.222-43](#) and either clause I-FSS-969 or clause 552.216-70, as applicable to the contract.

Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations. Contractor may be required to furnish the Schedule Contracting Officer with additional justification for a price increase. Additional justification may include, but is not limited to, invoices, payroll information, current e98s, RFQ, and/or task order information.

Note 2: Reference Code of Federal Regulations, Title 29, Labor, Subtitle A Office of the Secretary of Labor, Part 4 Labor Standards for Federal Service Contracts, Subpart D Compensation Standards, paragraph 4.161 Minimum monetary wages under contracts exceeding \$2,500, which states: "No change in the obligation of the contractor or subcontractor with respect to minimum wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract."

552.238-103 ELECTRONIC COMMERCE (MAY 2019)

(a) General background. The Federal Acquisition Streamlining Act (FASA) of 1994 requires the Government to evolve its acquisition process from one driven by paper to an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI encompasses more than merely automating manual processes and eliminating paper transactions. EC/EDI improves business processes (e.g. procurement, finance, logistics) into a fully electronic environment and fundamentally changes the way organizations operate.

(b) Trading partners and Value-Added Networks (VAN's).

(1) Within the electronic commerce architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government’s procuring office and Contractors (now known as “trading partners”). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

(2) EDI can be performed using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision Contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If the VAN only provides communications services, you may also need a software translation package.

(c) Registration instructions. To perform EDI with the Government, Contractors shall register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners is the

Systems for Award Management (SAM) <http://www.sam.gov>. Contractors shall follow the instructions on the SAM website regarding how to register for EDI.

(d) Implementation conventions. All EDI transactions must comply with the Federal Implementation Conventions (ICs). The ICs are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.nist.gov/itl>. ICs are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional information. GSA has additional information available for Contractors who are interested in using EC/EDI on its website, <http://www.gsa.gov>.

(f) GSA Advantage![®].

(1) GSA Advantage![®] uses electronic commerce to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. GSA Advantage![®] enables customers to:

(i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; Contractor; and generic supply categories.

(ii) Generate EDI delivery orders to Contractors, generate EDI delivery orders from the Federal Supply Service to Contractors, or download files to create their own delivery orders.

(iii) Use the credit card.

(2) GSA Advantage![®] may be accessed via the GSA Home Page. The Internet address is: <http://www.gsa.gov>.

SCP-FSS-001 INSTRUCTIONS APPLICABLE TO ALL OFFERORS (JUN 2020)

(a) Read the entire solicitation document prior to preparing your offer. The Government will consider award for a responsible Offeror whose offer conforms to all solicitation requirements, is determined technically acceptable and whose prices are determined fair and reasonable. The Government reserves the right to award or reject without discussions. Therefore, the Offeror's initial proposal should contain the best terms from a price and technical standpoint.

(b) Electronic submission of offers via GSA's [eOffer web-based application](#) is mandatory. Digital certificates are required in order to use eOffer and at least one employee of the company who is also an authorized negotiator must obtain and submit a screenshot of a digital certificate with the offer. Offerors are advised to review the Offer Documents Submission Checklist posted on the [MAS roadmap](#) site prior to submitting an offer.

(c) Offers must be current, accurate, and complete, and demonstrate a thorough understanding of solicitation requirements. By submission of an offer:

(1) The offeror attests that there have been no exceptions taken to the terms and conditions of this solicitation unless explicitly identified in eOffer (see "Exceptions to Terms and Conditions" under the Standard Response module)

(2) The offeror attests that it understands and agrees to comply with the requirements of all clauses and provisions. Failure to comply with applicable clauses and provisions will result in rejection of the offer. Offerors are responsible for ensuring that their offers meet ALL solicitation requirements and should not assume that deficient items will be clarified prior to the offer being rejected.

(3) The offeror attests that it understands and agrees to comply with the requirements of clause 552.238-80 Industrial Funding Fee and Sales Reporting OR clause 552.238-80 Industrial Funding Fee and Sales Reporting (Alternate I) if participating in Transactional Data Reporting (TDR) (see paragraph (g) below for more information on TDR).

(d) If the offeror was previously awarded a Schedule contract that was cancelled or allowed to expire due to low or no sales, a new offer for the same Schedule will not be considered unless a minimum of 12 months have passed since the effective date of the cancellation or expiration date of the previous contract. Any offer submitted prior to the completion of this 12-month period will be rejected.

(e) Existing Federal Supply Schedule (FSS) Program Contractors can submit streamlined offers as annotated in this provision provided that the contractor meets ALL of the following criteria:

(1) The contractor has an active FSS program contract under this Schedule and is submitting a new offer for the same Special Item Numbers (SINs).

(2) Sales under the existing contract have averaged a minimum of \$25,000 per year for the previous five years of reported sales.

(3) There is a demonstrated pattern of satisfactory past performance under the existing contract.

(f) A current FSS contractor can submit an offer for a new contract under this Schedule at any time during the existing contract's period of performance. Typically, the award of a new contract will result in the cancellation of the existing contract upon award. However, if the contractor has one or more active Blanket Purchase Agreements (BPAs) or orders under its existing contract; or has submitted quotes for either and is awaiting an award decision), it is eligible for the award of a new contract that is allowed to overlap and run alongside the existing one. This is referred to as holding continuous contracts.

Holding continuous contracts enables the FSS contractor to complete work under BPAs and orders awarded via the existing contract, while utilizing the new contract for new business opportunities. A contractor that wishes to hold continuous contracts must:

- (1) Indicate with its offer that it wishes to hold continuous contracts, along with a listing of all active submitted quotes, established BPAs, and awarded orders under the existing contract. For each, the contractor must include the ordering activity name and point of contact, RFQ/BPA/order number and period of performance (including options).
- (2) Assist the FSS contracting officer in determining the proper cancellation date for the existing contract. The existing contract is to be cancelled the day after the final day of the ordering period for the active BPA or order (including options). In situations where multiple BPAs and/or orders are active, the cancellation date should be based on the last remaining BPA or order, provided that they do not extend beyond the existing contract end date.
- (3) Agree not to use the existing contract to compete for new business opportunities after the new contract is awarded.

(g) This solicitation includes Transactional Data Reporting (TDR), which requires contractors that choose to participate in TDR to electronically report the price the federal government paid for an item or services purchased through contracts covered by TDR. TDR participants are not required to provide Commercial Sales Practices (CSP) disclosures or to monitor price reduction violations in accordance with Clause 552.238-81 Price Reductions. Special proposal instructions for TDR participants are detailed in this provision.

(h) In addition to compliance with the requirements of this provision, the offeror must also comply with any additional NAICS or category specific instructions specified in the solicitation, as applicable. Failure to comply with all proposal instructions will result in rejection of the offer.

(i) **Withdrawal of Offer:** The offeror may withdraw its offer from consideration at any time prior to award or rejection by withdrawing it in eOffer. If an offer is withdrawn, a new offer can be resubmitted at a later date. Information saved from the previous withdrawn offer can be copied over to the new offer, excluding uploaded documents.

(j) All offerors must comply with the following (unless annotated otherwise):

(1) Section I – Administrative/Contract Data

i. **Applicable to both products and services offers.** The offeror must complete and submit the Pathway to Success training*. The Pathway to Success training must be completed by a designated Authorized Negotiator who is also a company officer (e.g., President, CEO, CFO, etc.) and completed/dated within one year of the date of offer submission. This free, web-based self-assessment is available through the [Vendor Education Center \(VEC\)](#) or through the [Vendor Support Center](#) by selecting the "Education" tab and then "Pathway to Success." The training session is less than two hours total and covers the major factors vendors should consider prior to submitting an offer to GSA. eOffer will verify the name of the person that completed the Pathway to Success training and the date of completion.

*The requirement to complete the Pathway to Success training does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for

submitting a streamlined offer; see (e) 1-3.

ii. **Applicable to both products and services offers.** The offeror must complete and submit the Readiness Assessment for Prospective Offerors*. The Readiness Assessment must be completed by a company officer (e.g., President, CEO, CFO, etc.) and completed/dated within one year of the date of offer submission. This free, web-based self-assessment is available through the [Vendor Education Center](#) (VEC) or through the [Vendor Support Center](#) by selecting the “Education” tab and then “Vendor Toolbox (Readiness Assessment).” This tool is designed to assist vendors in determining whether they are ready to pursue a Schedule contract and prepares them to navigate the Schedule proposal process.

*The requirement to complete the Readiness Assessment for Prospective Offerors does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

iii. **Applicable to both products and services offers.** The offeror must be registered with the [System for Award Management](#) (SAM). The information provided must be current, accurate, and complete, and reflect the North American Industrial Classification System (NAICS) code(s) for this solicitation and the products/services proposed. The offeror must provide verification that it has an active SAM registration

iv. **Applicable to both products and services offers.** If an offeror was previously awarded a Schedule contract, and it was subsequently cancelled or allowed to expire due to low sales, provide a detailed description of the steps the offeror plans to take to generate sales through a new contract that includes the following:

(A) A copy of the cancellation letter or notification of determination not to exercise an option.

(B) Current Federal sales (either as a prime or subcontractor) in excess of \$25,000, for products/services that are within scope of this Schedule, as evidenced by copies of contractual documents that identify the Federal entity and the date and value of the product or services provided, OR a written customer agency request for the offeror’s specific products or services to be available on Schedule.

(C) Demonstration that there is a reasonable expectation that any future award will comply with clause I-FSS-639 Contract Sales Criteria.

(D) A narrative describing your marketing strategy and steps you will take to ensure you meet the minimum sales requirement (limit 2 pages).

v. **Applicable to both product and service offers.** The offeror must provide annual financial statements* for the previous two-years (audited, if available). At a minimum, each financial statement must consist of a balance sheet and income statement. GSA will use this information to determine financial responsibility. Provide an explanation for any negative financial information disclosed, including negative equity or income. Offerors may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available. In accordance with Federal Acquisition Regulation (FAR) 9.104-1(a), contracts will only be awarded to responsible prospective contractors. To be determined responsible, an offeror must have adequate financial resources to perform the contract or the ability to obtain them. Note that 1.) submission of a GSA Form 527 Contractor Qualifications and Financial Information does not meet the aforementioned requirements, and 2.) offerors shall NOT submit tax returns.

*The requirement to provide financial statements does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

vi. **Applicable to both product and service offers.** If the Offeror is other than a small business, the offeror must prepare and submit a Small Business Subcontracting Plan, as detailed in clause 52.219-9 Small Business Subcontracting Plan. The Small Business Subcontracting Plan shall be submitted through the Subcontracting Module in eOffer. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the contracting officer prior to award. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your offer.

The preponderance of work NAICS will determine the business size of the offeror at the contract level.

The following information is provided for reference only:

SBA's definition of a small business concern can be found via the following link: [SBA Size Standards](#).

GSA's subcontracting goals can be found via the following link: [GSA Subcontracting Goals](#).

vii. **Applicable to both product and service offers.** The offeror shall not submit brochures, newsletters, or other marketing materials.

viii. **Applicable to both product and service offers.** An Agent Authorization Letter must be completed and submitted as part of the offer if a consultant or third-party agent assisted in the preparation of the offer, will be involved in any part of the negotiation of the offer, or will be involved in any post-award actions. The template for the Agent Authorization Letter can be found as an attachment to the solicitation. The Agent Authorization Letter has both pre- and post-award delegations. For any resultant contract, the contractor is responsible for initiating a modification to ensure all authorized negotiators and delegations are up-to-date (e.g., removing an authorized negotiator that only has pre-award delegations). If an agent will have signatory authority under the contract, the offeror must upload a screenshot of the agent's digital certificate.

ix. **Applicable to both product and service offers.** Section 508 Standards. Section 508 of the Rehabilitation Act, as amended by the Workforce Investment Act of 1998 (P.L. 105-220) requires that when Federal agencies develop, procure, maintain, or use information and communication technology (ICT), it shall be accessible to people with disabilities. Federal employees and members of the public who have disabilities must have access to, and use of, information and data that is comparable to people without disabilities.

Offerors must identify whether a proposed Information and Communication Technology (ICT) product or service is compliant with the Section 508 accessibility standards at 36 CFR 1194. The offer must also identify where full details of compliance can be found (e.g., vendor's website or other exact location.) For more information on Section 508 standards visit the [Section 508](#) site.

x. **Applicable to product and service offers.** All proposed products and services must comply with the Trade Agreements Act (TAA). The country of origin for services is the country in which the firm providing services is established. It is the responsibility of the Offeror to identify the product's country of origin. When an item consists of components from various countries and the components are assembled in an additional country, a test to determine country of origin is "substantial transformation" (reference FAR 25.001(c)(2)). The Offeror may request an opinion from a third-party expert or make the determination itself. Offerors can go to The Office of Regulations and Rulings within [U.S. Customs and Border Protection](#) (CBP), which is the Federal agency responsible for making final substantial transformation determinations (reference 19 CFR Part 177 Subpart B).

xi. **Applicable to product offers.** If the offeror is not the manufacturer of the product(s) being proposed, an acceptable Letter of Commitment/Supply or evidence of an uninterrupted source of supply must be uploaded to eOffer. See clause I-FSS-644 Dealers and Suppliers and the solicitation for required language. If the Government determines that the offeror's evidence of an uninterrupted source of supply is not sufficient, the Government will request submission of a Letter of Commitment/Supply. Failure to provide an acceptable Letter of Commitment/Supply or evidence of an uninterrupted source of supply may result in rejection of the offer.

xii. **Applicable to product offers.** AbilityOne Program Products. The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission. Certain commercial products are considered "essentially the same" (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, an offeror that is not an authorized AbilityOne distributor is required to remove any ETS items from its FSS proposal. Offerors can search for products on the [procurement list](#). For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit the [AbilityOne](#) site or contact Mr. Mike Jurkowski at mjurkowski@abilityone.gov/703-603-2117.

xiii. **Applicable to product offers.** Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the offer may be rejected and/or the associated product(s) may not be awarded.

xiv. **Applicable to product offers.** Offerors are advised that following contract award, Schedule contractors offering products under designated Special Item Numbers (SINs) must submit detailed electronic contract data, such as, but not limited to, Universal Product Codes (UPC) and product photos for each item offered on GSA Advantage! using the Schedule Input Program (SIP), Electronic Data Interchange (EDI) or other common-use electronic medium prescribed by GSA.

Contractors must follow the detailed guidance and requirements provided on the MAS 'Contract Requirements and Modification Guidance' page (www.gsa.gov/mascontractrequirements) when submitting electronic contract data for inclusion on the GSA Advantage! website.

xv. **Applicable to product offers.** GSA Advantage Purchase Order (PO Portal). The offeror must use EDI, cXML or the GSA Advantage [Purchase Order \(PO\) Portal](#) to provide order acknowledgment information that enables ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. The GSA Advantage [Purchase Order \(PO\) Portal](#) gives GSA schedule contractors quick and easy access to purchase orders placed by federal agencies using GSA Advantage or eBuy. The PO Portal allows contractors to view, print and/or download orders and to send order acknowledgment/status directly to ordering agencies. For more information on the PO portal review the PO Portal [help guide](#).

xvi. **Applicable to product offers.** Frustrated Freight (applicable only to overseas delivery). The offeror must demonstrate understanding of orders bound for an international end-point delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offeror does not provide a sample packaging label for international delivery.

(2) Section II – Technical Proposal

The offeror must address the four technical proposal factors below. Note that Factors One, Three and Four must be completed directly through eOffer. The submission of uploaded documents to address Factors One, Three and Four will not be considered.

i. **Applicable to both product and service offers.** Factor One - Corporate Experience*: The offeror must provide a narrative description of its corporate experience including all information below. Note that the narrative must be completed directly through the eOffer application by responding to the eOffer prompts; separate attachments addressing Corporate Experience will not be considered.

(E) A description of the resources presently in-house or the ability to acquire the type and kinds of personnel/products proposed,

(F) A description of the marketing strategy that will be used to reach Federal ordering activities,

(G) A description of the intended use of subcontractors.

*The requirement to provide a Corporate Experience narrative does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer; see (e) 1-3.

ii. **Applicable to both product and service offers.** Factor Two - Past Performance*: Past performance information is one indicator of an offeror's ability to perform the contract successfully. Offerors shall demonstrate a pattern of past performance in accordance with the instructions below. Failure to submit the required information may result in rejection of the proposal.

(A) Offerors with three (3) or more contractor performance assessment reports available in the federal Contractor Performance Assessment Reporting System (CPARS) shall verify in eOffer that they have three (3) or more assessment reports available in CPARS that represent:

(1) contracts or orders completed within three (3) years of the date of offer submission;

(2) at least three (3) distinct orders and/or contracts; and

(3) work similar in scope to products/services included in this solicitation.

The offeror shall address any negative feedback in the contractor performance assessment reports not previously documented in the CPARS report. Offerors may access [CPARS](#) to view previously completed evaluations.

If unable to meet these criteria, the offer shall submit a Past Performance Evaluation in accordance with paragraph (B) below.

(B) Attention All Offerors: Open Ratings is no longer accepting new orders for Past Performance Evaluations as of Friday, December 06, 2019. Offerors that ordered an Open Ratings Past Performance Evaluation on or before December 06, 2019 may use the evaluation to demonstrate a pattern of Past Performance if the Open Ratings Past Performance Evaluation uploaded to the offer is dated within one (1) year of offer submission. Offerors with six (6) or more customer references that do not meet the criteria in paragraph (A) shall order and obtain a Past Performance Evaluation from Open Ratings. The offeror shall upload one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form (identifying the customer references submitted) with its proposal in eOffer. The following applies to the ordering of Open Ratings reports:

(1) Offerors are responsible for payment to Open Ratings for the Past Performance Evaluation.

(2) Past Performance Evaluations are valid for a period of one year from the date of issuance by Open Ratings. If the evaluation was issued more than one year prior to the date of proposal submission via eOffer, the proposal will be rejected.

(3) The offeror shall include between six (6) and twenty customer references on the Open Ratings order form. A “customer reference” is defined as a person or company that has purchased relevant products/services from the offeror. The offeror is advised to use references from projects similar in scope to products/services included in this solicitation.

If Open Ratings is unable to issue an evaluation due to inadequate response from customer references, the offeror shall submit the neutral letter issued by Open Ratings along with a copy of the order form.

The offeror shall address any negative feedback for each of the feedback categories contained in the contractor performance assessment found in the Open Ratings report, to include actions taken to minimize the problems that resulted in the negative feedback.

If unable to meet these criteria, the offeror shall submit a Past Performance narrative in accordance with paragraph (C) below.

(C) Offerors that do not meet the criteria in paragraph (A) or (B) above shall upload a list of three (3) to five (5) relevant customer references to eOffer. Relevant customer references are defined as customers for which the offeror has performed work similar in scope to products/services included in this solicitation. The work referenced must have been completed within three (3) years of the date of offer submission. For each reference listed, the offeror shall identify the following:

- (1) Customer name;
- (2) Customer point of contact (including name, phone, and email address);
- (3) Brief description of work performed and the offeror’s role;
- (4) Dollar value of project; and
- (5) Period of performance.

If the offeror does not have at least three (3) customer references, the offeror may

substitute customer references for relevant work performed by predecessor companies or key personnel. Offeror's are strongly encouraged to notify all customer references prior to offer submission that they may be contacted by GSA for past performance information.

*The requirement to provide Past Performance Information does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer, see (e) 1-3.

iii. **Applicable to both product and service offers.** Factor Three - Quality Control: The offeror must provide a Quality Control narrative that addresses the information below. The offeror shall provide a single narrative for this factor, regardless of the number of products/services offered. Note that this narrative must be completed directly through the eOffer application by responding to the eOffer prompts; separate attachments addressing Quality Control will not be considered.

- (A) A description of internal review procedures that facilitate high-quality standards,
- (B) Identification of individuals responsible for ensuring quality control,
- (C) Whether or not subcontractors are used and, if so, the quality control measures used to ensure acceptable subcontractor performance,
- (D) How potential problem areas and solutions are handled,
- (E) The procedures for ensuring quality performance when meeting urgent requirements,
- (F) How quality control will be managed when completing multiple projects for multiple agencies simultaneously.

iv **Applicable to service offers.** Factor Four – Relevant Project Experience: The offerors must submit a narrative demonstrating relevant project experience by responding to the Relevant Project Experience prompts in eOffer. A narrative is required for each proposed services SIN when proposing services and must include the following:

(A) A description of one (1) relevant project, not to exceed four (4) pages per project. Each description must clearly indicate the SIN to which it applies, and identify the specific services being proposed under that SIN. The projects must either have been completed within the last two years or be ongoing. For ongoing contracts with a base year and option years, at a minimum, the base year must have been completed; for multi-year task orders, at a minimum, the first year must have been completed. Note: Specific services may have additional requirements under Factor Four. Offerors shall also refer to NAICS or category specific instructions, for additional Factor Four requirements.

The project description must also address the following elements:

- (1) Detailed description of SIN relevant work performed and results achieved
- (2) Methodology, tools, and/or processes utilized in performing the work
- (3) Demonstration of compliance with any applicable laws, regulations, Executive Orders, OMB Circulars, professional standards, etc.
- (4) Project schedule (i.e., major milestones, tasks, deliverables), including an explanation of any delays
- (5) How the work performed is similar in scope and complexity to the work solicited under the proposed SIN

(6) Demonstration of required specific experience and/or special qualifications detailed under the proposed SIN.

The Offeror may use the same project in support of more than one SIN as long as the description clearly identifies the SIN relevant work. All examples of completed services must have been deemed acceptable by the customer.

If the Offeror was previously awarded a Schedule contract for these services that was cancelled or allowed to expire due to low or no sales, the Offeror's relevant project must be a Federal prime contract valued in excess of \$25,000.

(B) For each project description, must also provide the following customer reference information (this data is not counted towards the four-page-per-project limitation):

- (1) Customer/client name
- (2) Project name/contract number
- (3) Customer point of contact for project
- (4) Point of contact phone number and email
- (5) Project performance period (include begin/end dates)
- (6) Dollar value of the entire project
- (7) Dollar value received for the work performed relevant to the SIN offered
- (8) Brief summary of the project as a whole (i.e., background, purpose, etc.)
- (9) A completed copy of the Statement of Work, Performance Work Statement or Statement of Objectives for the project

(C) If relevant project experience does not exist, the Offeror may substitute the relevant projects of predecessor companies or key personnel that will be performing major aspects of the work. If the Offeror chooses to make such a substitution, the narratives must clearly identify the entity or personnel that performed the services.

*This requirement does not apply to contractors that have an active FSS program contract under this Schedule and meet the criteria for submitting a streamlined offer; see (e) 1-3.

(3) Section III – Price Proposal

i. **Applicable to both product and service offers.** GSA's pricing goal** is to obtain equal to or better than the offeror's Most Favored Customer (MFC) pricing under the same or similar terms and conditions. GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. However, offers that propose Most Favored Customer pricing that is not highly competitive will not be determined fair and reasonable and will not be accepted. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers."

**This requirement does not apply to offerors/contractors that will be participating in TDR.

ii. **Applicable to both product and service offers.** Submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template (PPT) MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror's

commercial practices. Pricing must be clearly identified as based either on a "Commercial Price List" or a "Commercial Market Price," as defined in FAR 2.101 (see "Catalog Price" and "Market Prices" under the definition of "Commercial Item").

(A) If the MFC is a Federal agency, but sales exist to commercial customers, identify which, if any, of the commercial customers receive the offeror's best price. This will allow the Government to establish a "basis of award" customer in accordance with paragraph (a) of clause 552.238-81 Price Reductions.**

**The requirement to provide MFC information on the PPT does not apply to TDR participants.

(B) Proposed prices must include the 0.75% Industrial Funding Fee (IFF) (see contract clause 552.238-80 Industrial Funding Fee and Sales Reporting OR clause 552.238-80 Industrial Funding Fee and Sales Reporting (Alternate I) if participating in the TDR). This fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

iii. **Applicable to both product and service offers.** Provide supporting documentation for EACH proposed product/service price. Supporting pricing documentation may consist of published and publicly-available commercial catalogs/price lists, copies of invoices, contracts, or quote sheets, and must be submitted with the offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed product/service.**

**The requirement to provide supporting documentation with the offer does not apply to offerors/contractors that will be participating in the TDR. However, as per GSAM 538.270-2 Evaluation of offers with access to transactional data, paragraph (c)(3), if the Government cannot determine the prices offered to be fair and reasonable based on readily available data or market research, it may request the offeror provide other than certified cost or pricing data to facilitate the Government's evaluation of the proposed pricing.

iv. **Applicable to both product and service offers.** If the pricing offered is not equal to or better than the pricing extended to the Most Favored (commercial) Customer, offerors must provide a rationale to enable the contracting officer to determine that offered prices/rates are fair and reasonable.**

**This requirement does not apply to offerors/contractors that will be participating in the TDR.

v. **Applicable to both product and service offers.** The offeror must propose a mechanism for future price adjustments, as detailed below:

(A) If proposed pricing is based on a published or publicly-available commercial price list, submit a copy of the company's current, dated, price list, catalog, or standard rate sheet (note that this must be an existing, standalone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 Economic Price Adjustment – Multiple Award Schedule Contracts.

OR

(B) If proposed pricing is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 Economic Price Adjustment – FSS Multiple Award Schedule. The offeror must either propose a fixed annual escalation rate in accordance with I-FSS-969 paragraph (b)(1) OR propose a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index(ECI)) in accordance with I-FSS-969 paragraph (b)(2).

vi. **Applicable to both product and service offers.** Complete the Commercial Sales Practices Format (CSP-1)** in eOffer in accordance with instructions provided in GSAR Figure 515.4-2.

Provide a rationale for the given estimate of GSA contract annual sales. Any deviation from the Offeror's commercial sales practices must be explained, including the specific circumstances and frequency of the deviations under Item 4b of the CSP.

**The requirement to complete the CSP-1 does not apply to offerors/contractors that will be participating in the TDR.

vii. **Applicable to both product and service offers.** Full-Product and Broad-Service Offerings. The offeror must provide a full and broad array of proposed products/services. An offer will not be accepted with limited product/service offerings unless it represents a total solution for the offeror or proposed product/service offering.

viii. **Applicable to both product and service offers.** Fair and Reasonable Pricing. To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including, but not limited to pricing on competitor contracts and historical pricing. Offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted.**

**Attention Offerors/contractors that will be participating in TDR:

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including, but not limited to pricing on competitor contracts and historical pricing. Offers that are not highly competitive will not be determined fair and reasonable and will not be accepted.

ix. **Applicable to service offers.** Offerors proposing services have the option to propose separate rates for "domestic" versus "overseas" and/or "customer facility" versus "contractor facility" if there are variations in costs that depend on where the work is performed. Rates proposed in this manner must be clearly labeled as such and supported through the submission of supporting price documentation, which may include published and publicly-available commercial price lists, copies of invoices, contracts and quote sheets. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed service and submitted with the offer.

(A) For each proposed labor category, the Offeror must provide a detailed position description. Position descriptions must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the Offeror's standard commercial practice to substitute experience for education, explain the methodology in use (e.g., five years experience equates to a BA/BS degree).

(B) For each proposed training course, the Offeror must provide a detailed training course description which includes the following information:

- (1) Title and brief description of the course, including major course objectives
- (2) Length of course (number of hours/days)
- (3) Minimum/Maximum number of participants
- (4) Price for additional students above minimum (if applicable)
- (5) Support materials provided as part of the course (e.g., training manuals, CDs, DVDs)

(C) Fixed Price Services: Provide a description for each fixed price service offered that clearly demonstrates how each service is within scope of the applicable SIN(s). Descriptions should contain sufficient detail to ensure ordering agencies have enough information to know

what they're buying.

(D) Ancillary Supplies and Services/Other Direct Costs (ODCs) for Marketing and Public Relations Services: Provide a description for all known support products and/or Other Direct Costs (ODCs) that are proposed for award at the Schedule level that clearly describes what the ordering agencies are buying.

(E) Proposed prices must represent fully-burdened rates inclusive of all cost factors (e.g., direct labor, indirect labor, G&A, profit, and IFF).

x. **Applicable to service offers.** Offerors must submit a Professional Compensation Plan in accordance with provision 52.222-46 Evaluation of Compensation for Professional Employees. Individual compensation disclosure is not required. Submission of the general compensation practices printed in the Offeror's employee handbook is often sufficient.

xi. **Applicable to service offers.** Offerors must submit a copy of its policy that addresses uncompensated overtime, in accordance with provision 52.237-10 Identification of Uncompensated Overtime.

xii. **Applicable to service offers.** Service Contract Labor Standards: Applicable to this solicitation (Service Contract Labor Standards 52.222-41 and related clauses 52.222-17, 52.222-42, 52.222-43, 52.222-49, and 52.222-55)

(A) The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA) applies to some nonprofessional services to be provided under this Schedule excluding pricing offered for services outside of the United States. The SCLS wage determinations applicable to this solicitation and resultant contract are located on the [MAS roadmap](#). Some of the proposed labor categories may be subject to the SCLS (usually nonprofessional categories and fixed-price services). As such, the Offeror should verify that its proposed base rates and fringe benefit rates for these labor categories meet or exceed the SCLS wage determination rates and fringe benefits for the areas included in the geographic scope of the contract (i.e., nationwide); the Offeror will be required to comply with applicable SCLS wage determination locality rates and fringe benefits regardless of the price proposed and awarded on any resultant Schedule contract. The Offeror may be required to submit supporting documentation for the proposed rates that will allow the contracting officer to conduct price analysis to determine that offered prices are fair and reasonable.

(B) Schedule contractors must comply with the base rate and fringe benefit rate requirements of the prevailing SCLS Wage Determination (WD) Revision Number currently incorporated into the GSA Schedule contract. Task orders may not incorporate WDs different from those incorporated into the Schedule contract, as the order may then be in conflict with the Schedule contract terms and conditions. However, Schedule contractors shall comply with the WDs incorporated into the Schedule contract based on the rate applicable to the locality in which the work is to be performed, regardless of the pricing proposed and awarded on the contract. WDs based on collective bargaining agreements (CBAs) may be incorporated into a task order if the task order is found to be a successor contract as used in FAR Subpart 22.10; a CBA WD would be applicable only to the task order it is incorporated into and no other orders under that Schedule contract.

(C) In the price proposal template (PPT), indicate which of the proposed labor categories or fixed price services are subject to the SCLS by placing a double asterisk (**) next to the labor category name or fixed price service.

(D) For each SCLS eligible contract labor category or fixed price service, complete the following information in the below spreadsheet format directly in eOffer (labor categories shown are for example purposes):

SCA/SCLS Matrix

SCLS Eligible Contract Labor Category/Fixed Price Service	SCLS Equivalent Code Title	WD Number
Secretary	01115 General Clerk I	052059
Driver	31361 Truck driver, Light Truck	052059
Engineering Technician	29081 Engineering Technician I	052059
Administrative Assistant	01011 Accounting Clerk I	052059

(E) The following language shall be inserted below the SCLS/SCA matrix in the authorized price list posted on GSA Advantage:

"The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide)."

(F) Escalation of SCLS-covered services shall be in accordance with FAR clause [52.222-43](#) and either clause I-FSS-969 or clause 552.216-70, as applicable to the contract.

Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations. Contractor may be required to furnish the Schedule Contracting Officer with additional justification for a price increase. Additional justification may include, but is not limited to, invoices, payroll information, current e98s, RFQ, and/or task order information.

Note 2: Reference Code of Federal Regulations, Title 29, Labor, Subtitle A Office of the Secretary of Labor, Part 4 Labor Standards for Federal Service Contracts, Subpart D Compensation Standards, paragraph 4.161 Minimum monetary wages under contracts exceeding \$2,500, which states: "No change in the obligation of the contractor or subcontractor with respect to minimum wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract."

End of Provision

Note: Regulation SCP-FSS-001

Until such time as the System for Award Management (SAM) is updated to include the representation required by FAR provision 52.204-24 Representation Regarding Telecommunications and Video Surveillance Services or Equipment paragraph (c), offerors must upload their representation to eOffer prior to submitting an offer. If applicable, offerors must also upload the disclosures required by FAR 52.204-24 paragraph (d) to eOffer.

Section III Contract Terms and Conditions

This section outlines solicitation provisions and clauses applicable to Schedule contracts throughout the life of the contract. Please refer back to the instructional provisions within this solicitation, whenever you are making changes or updates to your contract.

Contract terms and conditions are split into two sections for organizational purposes only. Their placement here has no effect on their meaning or application. Rather, the terms and conditions are organized this way merely to help you better manage and understand your Schedule contract. All terms and conditions listed in this solicitation are incorporated into your contract at the Schedule level.

Incorporated by Reference (IBR): Many of the provisions and clauses cited in this solicitation are incorporated by reference, as authorized in the Federal Acquisition Regulation (FAR) or the General Services Administration Acquisition Manual (GSAM). A review of these clauses and provisions will be necessary for you to understand all aspects of the solicitation. The full text of any FAR and GSAM clauses which are incorporated by reference in this solicitation may be found in the electronic file titled 'Regulations Incorporated by Reference', or they can be accessed at the following URLs: FAR: <https://www.acquisition.gov/far/> GSAM: <https://www.acquisition.gov/gsam/gsam.html>

52.204-18 COMMERCIAL AND GOVERNMENT ENTITY CODE MAINTENANCE (JUL 2016) [4.1804\(c\)](#)

(a) *Definition.* As used in this clause —

Commercial and Government Entity (CAGE) code means —

- (1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity; or
- (2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA Commercial and Government Entity (CAGE) Branch records and maintains in the CAGE master file. This type of code is known as a NATO CAGE (NCAGE) code.

(b) Contractors shall ensure that the CAGE code is maintained throughout the life of the contract. For contractors registered in the System for Award Management (SAM), the DLA Commercial and Government Entity (CAGE) Branch shall only modify data received from SAM in the CAGE master file if the contractor initiates those changes via update of its SAM registration. Contractors undergoing a novation or change-of-name agreement shall notify the contracting officer in accordance with [subpart 42.12](#). The contractor shall communicate any change to the CAGE code to the contracting officer within 30 days after the change, so that a modification can be issued to update the CAGE code on the contract.

(c) Contractors located in the United States or its outlying areas that are not registered in SAM shall submit written change requests to the DLA Commercial and Government Entity (CAGE) Branch. Requests for changes shall be provided at <https://cage.dla.mil>. Change requests to the CAGE master file are accepted from the entity identified by the code.

(d) Contractors located outside the United States and its outlying areas that are not registered in SAM shall contact the appropriate National Codification Bureau (points of contact available at <http://www.nato.int/structur/AC/135/main/links/contacts.htm>) or NSPA at <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx> to request CAGE changes.

“Substantial or essential component” means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition.* Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in Federal Acquisition Regulation [4.2104](#).

(c) *Exceptions.* This clause does not prohibit contractors from providing —

- (1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or
- (2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at <https://dibnet.dod.mil>. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at <https://dibnet.dod.mil>.

**52.209-12 CERTIFICATION REGARDING TAX MATTERS
(FEB 2016)**

(a) This provision implements section 523 of Division B of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts.

(b) If the Offeror is proposing a total contract price that will exceed \$5,000,000 (including options), the Offeror shall certify that, to the best of its knowledge and belief, it —

(1) Has _____ filed all Federal tax returns required during the three years preceding the certification;

(2) Has not _____ been convicted of a criminal offense under the Internal Revenue Code of 1986; and

(3) Has not _____, more than 90 days prior to certification, been notified of any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous administrative or judicial proceeding.

**52.209-5 CERTIFICATION REGARDING RESPONSIBILITY
MATTERS (OCT 2015)**

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are _____ are not _____ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have _____ have not _____, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks

“have”, the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are ____ are not ____ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1)(i)(B) of this provision; and

(D) Have ____ have not ____, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) *Examples.*

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ____ has not ____, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal Agency.

(2) "Principal," for the purposes of this certification, means an officer; director; owner; partner; or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

This certification concerns a matter within the jurisdiction of an agency of the United States and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under section 1001, title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealing.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals —

- (1) _____ Are, _____ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) _____ Have, _____ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (3) _____ Are, _____ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) _____ Have, _____ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In

the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. § 362 (the Bankruptcy Code).

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. (u) *Unauthorized Obligations.*

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any commercial supplier agreement (as defined in 502.101) that includes any language, provision, or clause requiring the Government to pay any future fees, penalties, interest, legal costs or to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such language, provision, or clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) *Incorporation by reference.* The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(w) *Commercial supplier agreements – unenforceable clauses.* When any supply or service acquired under this contract is subject to a commercial supplier agreement (as defined in 502.101), the following language shall be deemed incorporated into the commercial supplier agreement. As used herein, "this agreement" means the commercial supplier agreement:

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the Government, the following shall apply:

(i) *Applicability.* This agreement is a part of a contract between the commercial supplier and the Government for the acquisition of the supply or service that necessitates a license (including all contracts, task orders, and delivery orders under FAR Part 12).

(ii) *End user.* This agreement shall bind the Government as end user but shall not operate to bind an Government employee or person acting on behalf of the Government in his or her personal capacity.

(iii) *Law and disputes.* This agreement is governed by Federal law.

(A) Any language purporting to subject the U.S. Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

(B) Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted.

(C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) *Continued performance.* The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the Government except as allowed by this contract. If the supplier or licensor believes the Government to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).

(v) *Arbitration; equitable or injunctive relief.* In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the U.S. Government only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) *Updating terms.*

(A) After award, the contractor may unilaterally revise commercial supplier agreement terms if they are not material. A material change is defined as:

(1) Terms that change the Government's rights or obligations;

- (2) Terms that increase Government prices;
- (3) Terms that decrease overall level of service; or
- (4) Terms that limit any other Government right addressed elsewhere in this contract.

(B) For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

(C) Any agreement terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the Government, and the Government shall not be deemed to have consented to them.

(vii) *No automatic renewals.* If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized Government representative.

(viii) *Indemnification.* Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(ix) *Audits.* Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:

(A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the Government. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying Government contract or order.

(B) This charge, if disputed by the Government, will be resolved in accordance with subparagraph (d) (Disputes); no payment obligation shall arise on the part of the Government until the conclusion of the dispute process.

(C) Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the Government.

(x) *Taxes or surcharges.* Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the underlying contract or order and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the Government contract.

(xi) *Non-assignment.* This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted under subparagraph (b) of this clause.

(xii) *Confidential information.* If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the Government may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the

confidentiality obligations of this agreement.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the preceding paragraph (w)(1), the language, provisions, or clause of paragraph (w)(1) shall prevail to the extent of such inconsistency.

Note: Regulation 552.212-4 This clause applies to fixed price orders.

(1) The Government has the right to inspect and test all materials furnished and services performed under this contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The Government will perform inspections and tests in a manner that will not unduly delay the work.

(2) If the Government performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(3) Unless otherwise specified in the contract, the Government will accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they will be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the Government may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (a)(6) of this clause, the cost of replacement or correction shall be determined under paragraph (i) of this clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the "hourly rate" attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken. [*Insert portion of labor rate attributable to profit.*]

(5) (i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government), the Government may —

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (a)(4) and (5) above, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to —

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(ii) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act ([31 U.S.C. 3727](#)). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to [41 U.S.C. chapter 71](#), Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR [52.233-1](#), Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(1) Quantities being acquired; and

(2) Any modifications necessary because of contract requirements.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the Government will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor —

(1) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(2) Makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall —

(1) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(2) Give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) Other Costs. Unless listed below, other direct and indirect costs will not be reimbursed.

(1) Other Direct Costs. The Government will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: **Each order must list**

separately the elements of other direct costs for that order.

(2) Indirect Costs (Material Handling, Subcontract Administration, etc.). The Government will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price:

Each order must list separately the fixed amount for the indirect costs and payment schedule; if no indirect costs are approved, insert "None."

(2) *Total cost.* It is estimated that the total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(3) *Ceiling price.* The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) *Access to records.* At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment —

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost —

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) *Overpayments/Underpayments.* Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government within 30 days will pay any such increases, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall —

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the —

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) (i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury, as provided in [41 U.S.C. 7109](#), which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six month period as established by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final Decisions. The Contracting Officer will issue a final decision as required by [33.211](#) if —

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR [32.607-2](#)).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on —

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in [32.608-2](#) of the Federal Acquisition Regulation in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the “completion invoice” and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims.* The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment.* The Government will make payment in accordance with the Prompt Payment Act ([31 U.S.C. 3903](#)) and prompt payment regulations at 5 CFR part 1315.

(9) *Electronic Funds Transfer (EFT).* If the Government makes payment by EFT, see [52.212-5\(b\)](#) for the appropriate EFT clause.

(10) *Discount.* In connection with any discount offered for early payment, time shall be computed

from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.* The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other compliances.* The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with [31 U.S.C. 1352](#) relating to limitations on the use of appropriated funds to influence certain Federal contracts; [18 U.S.C. 431](#) relating to officials not to benefit; [40 U.S.C. chapter 37](#), Contract Work Hours and Safety Standards; [41 U.S.C. chapter 87](#), Kickbacks; [41 U.S.C. 4712](#) and [10 U.S.C. 2409](#) relating to whistleblower protections; [49 U.S.C. 40118](#), Fly American; and [41 U.S.C. chapter 21](#) relating to procurement integrity.

(s) *Order of precedence.* Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (1) The schedule of supplies/services.
- (2) The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, Unauthorized Obligations, and Commercial Supplier Agreements - Unenforceable Clauses paragraphs of this clause.
- (3) The clause at 52.212-5.
- (4) Addenda to this solicitation or contract, including any commercial supplier agreements as amended by the Commercial Supplier Agreements - Unenforceable Clauses provision.
- (5) Solicitation provisions if this is a solicitation.
- (6) Other paragraphs of this clause.
- (7) The Standard Form 1449.
- (8) Other documents, exhibits, and attachments.
- (9) The specification.

(t) *[Reserved]*.

(u) *Unauthorized Obligations.*

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any commercial supplier agreement (as defined in [502.101](#)) that includes any language, provision, or clause requiring the Government to pay any future fees, penalties, interest, legal costs or to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation ([31 U.S.C. 1341](#)), the following shall govern:

(i) Any such language, provision, or clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) *Incorporation by reference.* The Contractor’s representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(w) *Commercial supplier agreements–unenforceable clauses.* When any supply or service acquired under this contract is subject to a commercial supplier agreement (as defined in [502.101](#)), the following

language shall be deemed incorporated into the commercial supplier agreement. As used herein, “this agreement” means the commercial supplier agreement:

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the U.S. Government, the following shall apply:

(i) Applicability. This agreement is a part of a contract between the commercial supplier and the U.S. Government for the acquisition of the supply or service that necessitates a license or other similar legal instrument (*including all contracts, task orders, and delivery orders under FAR Part 12*).

(ii) End user. This agreement shall bind the Government as end user but shall not operate to bind an Government employee or person acting on behalf of the Government in his or her personal capacity.

(iii) Law and disputes. This agreement is governed by Federal law.

(A) Any language purporting to subject the U.S. Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

(B) Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted.

(C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) Continued performance. The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the Government except as allowed by this contract. If the supplier or licensor believes the Government to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).

(v) Arbitration; equitable or injunctive relief. In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the Government only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) Updating terms.

(A) After award, the contractor may unilaterally revise commercial supplier agreement terms if they are not material. A material change is defined as:

- (1) Terms that change Government rights or obligations;
- (2) Terms that increase Government prices;
- (3) Terms that decrease overall level of service; or
- (4) Terms that limit any other Government right addressed elsewhere in this contract.

(B) For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

(C) Any agreement terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not

be enforceable against the Government, and the Government shall not be deemed to have consented to them.

(vii) No automatic renewals. If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized Government representative.

(viii) Indemnification. Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with [28 U.S.C. 516](#).

(ix) Audits. Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:

(A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the Government. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying Government contract or order.

(B) This charge, if disputed by the Government, will be resolved in accordance with subparagraph (d) (Disputes); no payment obligation shall arise on the part of the Government until the conclusion of the dispute process.

(C) Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the Government.

(x) Taxes or surcharges. Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the underlying Government contract or order and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the Government contract.

(xi) Non-assignment. This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted under subparagraph (b) of this clause.

(xii) Confidential information. If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the Government may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this agreement.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the preceding paragraph (w)(1), the language, provisions, or clause of paragraph (w)(1) shall prevail to the extent of such inconsistency.

552.217-71 NOTICE REGARDING OPTION(S) (NOV 1992)

The General Services Administration (GSA) has included an option to Extend the term of this contract in order to demonstrate the value it places on quality performance by providing a mechanism for continuing a contractual relationship with a successful offeror that performs at a level which meets or exceeds GSA's quality performance expectations as communicated to the Contractor, in writing, by the Contracting Officer or designated representative. **552.238-74 INTRODUCTION OF NEW SUPPLIES/SERVICES (INSS)
(MAY 2019)**

(a) *Definition.*

“Introduction of New Supplies/Services Special Item Number (INSS SIN)” means a new or improved supply or service - within the scope of the Federal Supply Schedule (FSS), but not currently available under any Federal Supply Schedule contract- that provides a new service, function, task, or attribute that may provide a more economical or efficient means for ordering activities to accomplish their

missions. It may significantly improve an existing supply or service. It may be a supply or service existing in the commercial market, but not yet introduced to the Federal Government.

(b) Offerors are encouraged to introduce new or improved supplies or services via INSS SIN at any time by clearly identify the INSS SIN item in the offer.

(c) The Contracting Officer has the sole discretion to determine whether a supply or service will be accepted as an INSS SIN item. The Contracting Officer will evaluate and process the offer and may perform a technical review. The INSS SIN provides temporary placement until the Contracting Officer formally categorizes the new supply or service.

(d) If the Contractor has an existing schedule contract, the Government may, at the sole discretion of the Contracting Officer, modify the existing contract to include the INSS SIN item in accordance with 552.238-81, Modifications (Federal Supply Schedules).

552.238-78 IDENTIFICATION OF PRODUCTS THAT HAVE ENVIRONMENTAL ATTRIBUTES (MAY 2019)

(a) Several laws, Executive orders, and Agency directives require Federal buyers to purchase products that are less harmful to the environment, when they are life cycle cost-effective (see FAR Subpart 23.7). The U.S. General Services Administration (GSA) requires contractors to highlight environmental products under Federal Supply Service schedule contracts in various communications media (e.g., publications and electronic formats).

(b) *Definitions.* As used in this clause —

“Energy-efficient product” means a product that —

- (1) Meets Department of Energy and Environmental Protection Agency criteria for use of the ENERGY STAR® trademark label; or
- (2) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy's Federal Energy Management Program.

“GSA Advantage!” is an on-line shopping mall and ordering system that provides customers with access to products and services under GSA contracts.

“Other environmental attributes” refers to product characteristics that provide environmental benefits, excluding recovered materials and energy and water efficiency. Several examples of these characteristics are biodegradable, recyclable, reduced pollutants, ozone safe, and low volatile organic compounds (VOCs).

“Post-consumer material” means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Post-consumer material is part of the broader category of “recovered material.” The Environmental Protection Agency (EPA) has developed a list of EPA-designated products in their Comprehensive Procurement Guidelines (CPGs) to provide Federal agencies with purchasing recommendations on specific products in a Recovered Materials Advisory Notice (RMAN). The RMAN contains recommended recovered and post-consumer material content levels for the specific products designated by EPA (40 CFR part 247 and <http://www.epa.gov/cpg/>).

“Recovered materials” means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process (Executive Order 13101 and 42 U.S.C. 6903(19) and

<http://www.epa.gov/cpg/>). For paper and paper products, see the definition at FAR 11.301 (42 U.S.C. 6962(h)).

“Remanufactured” means factory rebuilt to original specifications.

“Renewable energy” means energy produced by solar, wind, geothermal, and biomass power.

“Renewable energy technology” means –

(1) Technologies that use renewable energy to provide light, heat, cooling, or mechanical or electrical energy for use in facilities or other activities; or

(2) The use of integrated whole-building designs that rely upon renewable energy resources, including passive solar design.

(c) Identification Requirements.

(1) The offeror must identify products that —

(i) Are compliant with the recovered and post-consumer material content levels recommended in the Recovered Materials Advisory Notices (RMANs) for EPA-designated products in the CPG program (<http://www.epa.gov/cpg/>);

(ii) Contain recovered materials that either do not meet the recommended levels in the RMANs or are not EPA-designated products in the CPG program (see FAR 23.401 and <http://www.epa.gov/cpg/>);

(iii) Are energy-efficient, as defined by either ENERGY STAR® and/or FEMP's designated top 25th percentile levels (see ENERGY STAR® at <http://www.energystar.gov/> and FEMP at <http://www.eere.energy.gov/femp/procurement/>);

(iv) Are water-efficient

(v) Use renewable energy technology;

(vi) Are remanufactured; and

(vii) Have other environmental attributes.

(2) These identifications must be made in each of the offeror's following mediums:

(i) The offer itself.

(ii) Printed commercial catalogs, brochures, and pricelists.

(iii) Online product website.

(iv) Electronic data submission for GSA Advantage! submitted via GSA's Schedules Input Program (SIP) software or the Electronic Data Inter-change (EDI). Offerors can use the SIP or EDI methods to indicate environmental and other attributes for each product that are translated into respective icons in GSA Advantage!.

(d) An offeror, in identifying an item with an environmental attribute, must possess evidence or rely on a reasonable basis to substantiate the claim (see 16 CFR part 260, Guides for the Use of Environmental Marketing Claims). The Government will accept an offeror's claim of an item's environmental attribute on the basis of —

- (1) Participation in a Federal agency sponsored program (e.g., the EPA and DOE ENERGY STAR® product labeling program);
- (2) Verification by an independent organization that specializes in certifying such claims; or
- (3) Possession of competent and reliable evidence. For any test, analysis, research, study, or other evidence to be “competent and reliable,” it must have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results.

**552.238-80 INDUSTRIAL FUNDING FEE AND SALES REPORTING
(MAY 2019)**

(a) *Reporting of Federal Supply Schedule Sales.* The Contractor shall report all contract sales under this contract as follows:

(1) The Contractor shall accurately report the dollar value, in U.S. dollars and rounded to the nearest whole dollar, of all sales under this contract by calendar quarter (January 1-March 31, April 1-June 30, July 1-September 30, and October 1-December 31). The dollar value of a sale is the price paid by the Schedule user for products and services on a Schedule task or delivery order. The reported contract sales value shall include the Industrial Funding Fee (IFF). The Contractor shall maintain a consistent accounting method of sales reporting, based on the Contractor’s established commercial accounting practice. The acceptable points at which sales may be reported include —

- (i) Receipt of order;
- (ii) Shipment or delivery, as applicable;
- (iii) Issuance of an invoice; or
- (iv) Payment.

(2) Contract sales shall be reported to Federal Acquisition Services (FAS) within 30 calendar days following the completion of each reporting quarter. The Contractor shall continue to furnish quarterly reports, including “zero” sales, through physical completion of the last outstanding task order or delivery order of the contract.

(3) Reportable sales under the contract are those resulting from sales of contract items to authorized users unless the purchase was conducted pursuant to a separate contracting authority such as a Governmentwide Acquisition Contract (GWAC); a separately awarded FAR Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract. Sales made to state and local governments under Cooperative Purchasing authority shall be counted as reportable sales for IFF purposes.

(4) The Contractor shall electronically report the quarterly dollar value of sales, including “zero” sales, by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA)’s Federal Acquisition Service (FAS). Prior to using this automated system, the Contractor shall complete contract registration with the FAS Vendor Support Center (VSC). The website address, as well as registration instructions and reporting procedures, will be provided at the time of award. The Contractor shall report sales separately for each National Stock Number (NSN), Special Item Number (SIN), or sub-item.

(5) The Contractor shall convert the total value of sales made in foreign currency to U.S. dollars

using the “Treasury Reporting Rates of Exchange” issued by the U.S. Department of Treasury, Financial Management Service. The Contractor shall use the issue of the Treasury report in effect on the last day of the calendar quarter. The report is available from Financial Management Service, International Funds Branch, Telephone: (202) 874-7994, Internet: http://www.fiscal.treasury.gov/fsreports/rpt/treasRptRateExch/treasRptRateExch_home.htm

(b) The Contractor shall remit the IFF at the rate set by GSA’s FAS.

(1) The Contractor shall remit the IFF to FAS in U.S. dollars within 30 calendar days after the end of the reporting quarter; final payment shall be remitted within 30 days after physical completion of the last outstanding task order or delivery order of the contract.

(2) The IFF represents a percentage of the total quarterly sales reported. This percentage is set at the discretion of GSA’s FAS. GSA’s FAS has the unilateral right to change the percentage at any time, but not more than once per year. FAS will provide reasonable notice prior to the effective date of the change. The IFF reimburses FAS for the costs of operating the Federal Supply Schedules Program. FAS recoups its operating costs from ordering activities as set forth in 40 U.S.C. 321: Acquisition Services Fund. Net operating revenues generated by the IFF are also applied to fund initiatives benefitting other authorized FAS programs, in accordance with 40 U.S.C. 321. Offerors must include the IFF in their prices. The fee is included in the award price(s) and reflected in the total amount charged to ordering activities. FAS will post notice of the current IFF at <https://72a.gsa.gov/> or successor website as appropriate.

(c) Within 60 days of award, an FAS representative will provide the Contractor with specific written procedural instructions on remitting the IFF. FAS reserves the unilateral right to change such instructions from time to time, following notification to the Contractor.

(d) Failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or setting off payments and interest on the debt (see FAR clause 52.232-17, Interest). Should the Contractor fail to submit the required sales reports, falsify them, or fail to timely pay the IFF, this is sufficient cause for the Government to terminate the contract for cause.

(b) **Reporting of Transactional Data.** The Contractor must report all transactional data under this contract as follows:

(1) The Contractor must electronically report transactional data by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA) or by uploading the data according to GSA instructions. GSA will post registration instructions

and reporting procedures on the Vendor Support Center website, <https://vsc.gsa.gov>. The reporting system website address, as well as registration instructions and reporting procedures, will be provided at the time of award or inclusion of this clause in the contract.

(2) The Contractor must provide, at no additional cost to the Government, the following transactional data elements, as applicable:

- (i) Contract or Blanket Purchase Agreement (BPA) Number.
- (ii) Delivery/Task Order Number/Procurement Instrument Identifier (PIID).
- (iii) Non-Federal Entity.
- (iv) Description of Deliverable.
- (v) Manufacturer Name.
- (vi) Manufacturer Part Number.
- (vii) Unit Measure (each, hour, case, lot).
- (viii) Quantity of Item Sold.
- (ix) Universal Product Code.
- (x) Price Paid per Unit.
- (xi) Total Price.

Note to paragraph (b)(2): The Contracting Officer may add data elements to the standard elements listed in paragraph (b)(2) of this section with the approvals listed in GSAM 507.105(c)(3).

(3) The contractor must report transactional data within 30 calendar days from the last calendar day of the month. If there was no contract activity during the month, the Contractor must submit a confirmation of no reportable transactional data within 30 calendar days of the last calendar day of the month.

(4) The Contractor must report the price paid per unit, total price, or any other data elements with an associated monetary value listed in (b)(2) of this section, in U.S. dollars.

(5) The reported price paid per unit and total price must include the Industrial Funding Fee (IFF).

(6) The Contractor must maintain a consistent accounting method of transactional data reporting, based on the Contractor's established commercial accounting practice.

(7) Reporting Points.

(i) The acceptable points at which transactional data may be reported include —

(A) Issuance of an invoice; or

(B) Receipt of payment.

(ii) The Contractor must determine whether to report transactional data on the basis of invoices issued or payments received.

(8) The Contractor must continue to furnish reports, including confirmation of no transactional data, through physical completion of the last outstanding task or delivery order of the contract.

(9) Unless otherwise expressly stated by the ordering activity, orders that contain classified information or other information that would compromise national security are exempt from this reporting requirement.

(10) This clause does not exempt the Contractor from fulfilling existing reporting requirements contained elsewhere in the contract.

(11) GSA reserves the unilateral right to change reporting instructions following 60 calendar days' advance notification to the Contractor.

(c) Industrial Funding Fee (IFF).

(1) This contract includes an IFF charged on orders placed against this contract. The IFF is paid by the authorized ordering activity but remitted to GSA by the Contractor. The IFF reimburses GSA for the costs of operating the Federal Supply Schedule program, as set forth in 40 U.S.C. 321: Acquisition Services Fund. Net operating revenues generated by the IFF are also applied to fund initiatives benefitting other authorized GSA programs, in accordance with 40 U.S.C. 321.

(2) GSA has the unilateral right to change the fee amount at any time, but not more than once per year; GSA will provide reasonable notice prior to the effective date of any change. GSA will post notice of the current IFF on the Vendor Support Center website at <https://vsc.gsa.gov>.

(3) Offerors must include the IFF in their prices. The fee is included in the awarded price(s) and reflected in the total amount charged to ordering activities. The fee will not be included in the price of non-contract items purchased pursuant to a separate contracting authority, such as a Governmentwide Acquisition Contract (GWAC); a separately awarded Federal Acquisition Regulation (FAR) Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract.

(4) The Contractor must remit the IFF to GSA in U.S. dollars within 30 calendar days after the last calendar day of the reporting quarter; final payment must be remitted within 30 calendar days after physical completion of the last outstanding task order or delivery order issued against the contract.

(5) GSA reserves the unilateral right to change remittance instructions following 60 calendar days' advance notification to the Contractor.

(d) The Contractor's failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or offsetting payments and interest on the debt (see FAR clause 52.232-17, Interest). If the Contractor fails to submit the required transactional data reports, falsifies them, or fails to timely pay the IFF, these reasons constitute sufficient cause for the Government to terminate the contract for cause.

**I-FSS-969 ECONOMIC PRICE ADJUSTMENT – FSS MULTIPLE
AWARD SCHEDULE (OCT 2014) (ALTERNATE II – JUL 2016)**

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reductions clause.

(b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:

(1) **Adjustments based on escalation rates negotiated prior to contract award.** Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No

separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.

(2) Adjustments based on an agreed-upon market indicator prior to award. The market indicator, as used in this clause, means the originally released public index, public survey or other public-based market indicator. The market indicator shall be the originally released index, survey or market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed SEE CLAUSE NOTE percent (SEE CLAUSE NOTE%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: The increased contract prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

The EPA Ceiling Limit for this clause is hereby established as 4% for the Human Capital Category, 5% for the Professional Services Category, 5% for the Travel Category and 10% for all other Large Categories.

The adjusted prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above.:

The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Commercial Sales Practice format, per contract clause 52.215-21 Alternate IV, demonstrating the relationship of the Contractor's commercial pricing practice to the adjusted pricing proposed or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: No price increase shall be effective until the Government receives the electronic file updates pursuant to GSAR 552.238-81, Modifications (Federal Supply Schedule).

(h) All MAS contracts remain subject to contract clauses GSAR 552.238-75, "Price Reductions"; and 552.215-72, "Price Adjustment -- Failure to Provide Accurate Information." In the event the application of an economic price adjustment results in a price less favorable to the Government than the price relationship established during negotiation between the MAS price and the price to the designated customer, the Government will maintain the price relationship to the designated customer.

**552.238-114 USE OF FEDERAL SUPPLY SCHEDULE CONTRACTS
BY NON-FEDERAL ENTITIES (MAY 2019)**

(a) If an entity identified in paragraph (d) of the clause at 552.238-113, *Scope of Contract (Eligible Ordering Activities)*, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies "Compliance with laws unique to Government contracts" (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., FAR 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B.)

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at [552.238-113](#), *Scope of Contract (Eligible Ordering Activities)*, the Contractor agrees to the following conditions:

(1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause [552.238-80](#), Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number:

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at [552.238-113](#), *Scope of Contract (Eligible Ordering Activities)*, and

(2) The dollar value for sales to entities identified in paragraph (d) of clause [552.238-113](#) *Scope of Contract (Eligible Ordering Activities)*.

552.238-84 DISCOUNTS FOR PROMPT PAYMENT (MAY 2019)

(a) Discounts for early payment (hereinafter referred to as “discounts” or “the discount”) will be considered in evaluating the relationship of the Offeror's concessions to the Government vis-a-vis the Offeror's concessions to its commercial and Federal non-schedule customers, but only to the extent indicated in this clause.

(b) Discounts will not be considered to determine the low Offeror in the situation described in the “Offers on Identical Products” provision of this solicitation.

(c) Uneconomical discounts will not be considered as meeting the criteria for award established by the Government. In this connection, a discount will be considered uneconomical if the annualized rate of return for earning the discount is lower than the “value of funds” rate established by the Department of the Treasury and published quarterly in the Federal Register. The “value of funds” rate applied will be the rate in effect on the date specified for the receipt of offers.

(d) Discounts for early payment may be offered either in the original offer or on individual invoices submitted under the resulting contract. Discounts offered will be taken by the ordering activity if payment is made within the discount period specified.

(e) Discounts that are included in offers become a part of the resulting contracts and are binding on the Contractor for all orders placed under the contract. Discounts offered only on individual invoices will be binding on the Contractor only for the particular invoice on which the discount is offered.

**552.238-85 CONTRACTOR'S BILLING RESPONSIBILITIES
(MAY 2019)**

(a) The Contractor is required to perform all billings made pursuant to this contract. However, if the Contractor has dealers that participate on the contract and the billing/payment process by the Contractor for sales made by the dealer is a significant administrative burden, the following alternative procedures may be used. Where dealers are allowed by the Contractor to bill ordering activities and accept payment in the Contractor's name, the Contractor agrees to obtain from all dealers participating in the performance of the contract a written agreement, which will require dealers to

- (1) Comply with the same terms and conditions as the Contractor for sales made under the contract;
 - (2) Maintain a system of reporting sales under the contract to the manufacturer, which includes
 - (i) The date of sale;
 - (ii) The ordering activity to which the sale was made;
 - (iii) The service or supply/model sold;
 - (iv) The quantity of each service or supply/model sold;
 - (v) The price at which it was sold, including discounts; and
 - (vi) All other significant sales data.
 - (3) Be subject to audit by the Government, with respect to sales made under the contract; and
 - (4) Place orders and accept payments in the name of the Contractor in care of the dealer.
- (b) An agreement between a Contractor and its dealers pursuant to this procedure will not establish privity of contract between dealers and the Government.
