These penalties are prescribed by IRCs 7213 and 7431 and set forth at 26 CFR 301.6103(n)-1.

Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that any return or return information made available in any format shall be used only for the purpose of carrying out the provisions of this contract. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this contract. Inspection by or disclosure to anyone without an official need-to-know constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as \$1,000.00 or imprisonment for as long as 1 year, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized inspection or disclosure of returns or return information may also result in an award of civil damages against the officer or employee [United States for Federal employees] in an amount equal to the sum of the greater of \$1,000.00 for each act of unauthorized inspection or disclosure with respect to which such defendant is found liable or the sum of the actual damages sustained by the plaintiff as a result of such unauthorized inspection or disclosure plus in the case of a willful inspection or disclosure which is the result of gross negligence, punitive damages, plus the costs of the action. The penalties are prescribed by IRCs 7213A and 7431 and set forth at 26 CFR 301.6103(n)-1.

Additionally, it is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

Granting a contractor access to FTI must be preceded by certifying that each individual understands the agency's security policy and procedures for safeguarding IRS information. Contractors must

maintain their authorization to access FTI through annual recertification. The initial certification and recertification must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, contractors must be advised of the provisions of IRCs 7431, 7213, and 7213A (see Exhibit 4, Sanctions for Unauthorized Disclosure, and Exhibit 5, Civil Damages for Unauthorized Disclosure). The training provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. (See Section 10) For both the initial certification and the annual certification, the contractor must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

c. Inspection

The IRS and the Agency, with 24-hour notice, shall have the right to send its inspectors into the offices and plants of the contractor to inspect facilities and operations performing any work with FTI under this contract for compliance with requirements defined in IRS Publication 1075. The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. On the basis of such inspection, corrective actions may be required in cases where the contractor is found to be noncompliant with contract safeguards.

52. ASSIGNMENT

This contract shall not be assigned except by express prior written consent from the Agency.

53. NOTICE

Any notice to the State of Delaware required under the contract shall be sent by registered mail to:

**State of Delaware
Government Support Services
600A S. Bay Road
Dover, DE 19901-4604**

54. VENDOR EMERGENCY RESPONSE POINT OF CONTACT

The awarded vendor(s) shall provide the name(s), telephone, or cell phone number(s) of those individuals who can be contacted twenty four (24) hours a day, seven (7) days a week where there is a critical need for commodities or services when the Governor of the State of Delaware declares a state of emergency under the Delaware Emergency Operations Plan or in the event of a local emergency or disaster where a state governmental entity requires the services of the vendor. Failure to provide this information could render the Bid as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

STATE OF DELAWARE
Office of Management and Budget

55. SUBCONTRACTS

Subcontracting is permitted under this ITB and contract. However, every subcontractor shall be identified in the Bid (Subcontractor Form) and agreed to in writing by the State or as are specifically authorized in writing by the Agency during the performance of the contract. Any substitutions in or additions to such subcontractors, associates, or consultants will be subject to the prior written approval of the State.

The Vendor(s) shall be responsible for compliance by the subcontractor with all terms, conditions and requirements of the ITB and with all local, State and Federal Laws. The Vendor shall be liable for any noncompliance by any subcontractor. Further, nothing contained herein or in any subcontractor agreement shall be construed as creating any contractual relationship between the subcontractor and the State.

If a company elects to be a subcontractor for another vendor, the subcontractor may not independently Bid on this solicitation.

56. AGENCY'S RESPONSIBILITIES

The Agency shall:

- a. Examine and review in detail all letters, reports, drawings, and other documents presented by the Vendor to the Agency and render to the Vendor in writing, findings and decisions pertaining thereto within a reasonable time so as not to delay the services of Vendor.
- b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible.
[Corrective Action Report](#)

57. CONFIDENTIALITY

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor's solicitation response (response) will be treated as confidential during the evaluation process. As such, vendor responses will not be available for review by anyone other than the

STATE OF DELAWARE
Office of Management and Budget

State of Delaware Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information until a fully executed contract is received unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq.](#) ("FOIA"). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once fully executed contracts are received, the contents of all vendor responses are subject to FOIA's public disclosure obligations and exemptions.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Responses must contain sufficient information to be evaluated. Through the [online bid submission portal](#), vendors will submit two copies of their solicitation response. One shall be marked original containing the full solicitation response. The second shall be marked redacted copy, redacting those items the vendor is looking to mark confidential.

The redacted copy must include the completed confidentiality form describing the items redacted, representing in good faith that the information is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each redaction meets the said definitions.

A vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a response to the solicitation herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a response to a solicitation may enter the public domain.

58. NO PRESS RELEASES OR PUBLIC DISCLOSURE

The State of Delaware reserves the right to pre-approve any news or broadcast advertising releases concerning this solicitation, the resulting contract, the work performed, or any reference to the State of Delaware with regard to any project or contract performance. Any such news or advertising releases pertaining to this solicitation or resulting contract shall require the prior express written permission of the State of Delaware.

The State will not prohibit or otherwise prevent the awarded vendor(s) from direct marketing to the State of Delaware agencies, departments, municipalities, and/or any other political subdivisions, however, the Vendor shall not use the State's seal or imply preference for the solution or goods provided.

III. TECHNICAL SPECIFICATIONS

1. COVERED PRODUCTS

Vendors are expected to propose the broadest possible catalog selection of products that they offer. The intent of this solicitation is to provide eligible agencies/entities with multiple vendor product catalogs to meet their various needs. 2. SCOPE SPECIFIC DEFINITIONS

ORIGINAL EQUIPMENT MANUFACTURER: Also referred to as OEM, shall refer to the part specifications as established by the original vehicle manufacturer.

BATTERY COUNCIL INTERNATIONAL: Also referred to as BCI, is a not-for-profit trade association for the lead acid battery industry.

At least one customer service representative must be available during operating hours. All service representatives must have on-line access to information to provide immediate response to inquiries concerning the status of orders (shipped or pending), delivery information, back-order information, State contract pricing, contracted product offerings/exclusions, contract compliance requirements, and general product information. Representatives should be available by phone and email.

2. SERVICE CENTERS

- **A list of service facilities and addresses must be included with the proposal.** All bidders, if representing multiple franchise or dealer locations, shall ensure that all locations listed in the ITB response have agreed to participate. Following the award, refusal by Contractor's location(s) to participate may be considered cause for removing bidder from the contract.

3. AUTHORIZED DEALER

Responding Dealers are required to submit paperwork from each Manufacturer that is signed and dated stating they are an Authorized Dealer for their product line(s).

Responding Manufacturers are required to identify if orders will be placed directly with the Manufacturer or through an Authorized Dealer. A completed Dealer form for each approved dealer must be included in the proposal response.

STATE OF DELAWARE

Under no circumstances is the contractor(s) permitted to make a substitution or cancellation, without the authorization of the ordering agency.

2. NEW AND USED PARTS

Parts and products being supplied being identified as new and unused, must be of the latest model or design and of recent manufacture. Statement of warranty is to be provided by the supplier with items delivered under this contract.

New and used parts shall meet all OEM specifications unless specifically requested by the purchasing agency.

3. REMANUFACTURED PARTS

All remanufactured or rebuilt products must be explicitly identified in all ITB submissions, product literature or catalogs. These parts must be warranted to be free of defective parts and workmanship.

Remanufactured parts supplied shall be repaired back to OEM standards.

4. OEM PARTS

As indicated, the State intends to utilize competitively bid contracts to purchase replacement and OEM parts for State and agency vehicles on an “as needed” basis.

There may be occasions that specific OEM only parts will be required for use in vehicles. Accordingly, the State intends to purchase these parts from licensed manufacturer parts departments.

The State reserves the right to identify other individual parts or categories where OEM parts perform better and with fewer malfunctions over time. All parts designated in this manner shall be identified to the contracting department and must be approved by the contracting department before agencies have permission to purchase outside the central contract.

This requirement is being put in place to protect the best interests of the State and its agencies and identify to potential bidders that limited exceptions to the mandated contract usage may exist.

5. RECALLS

The Contractor(s) shall provide timely product recall notification to each ordering agency. Notices shall include, at a minimum, a complete product description and/or product identification, contract number, delivery number and disposition instructions.

Contractor(s) shall pick up, test, destroy or return recalled products to the manufacturer at no cost to the State or ordering agencies. The Contractor(s) will issue a replacement of product or credit for any product removed or recalled. Each ordering agency shall have the option of accepting either replacement product or credit in exchange for recalled items.

6. DELIVERY

All items shall be delivered within twenty-four (24) hours after receipt of order. In the event of an emergency, item(s) shall be delivered within two (2) hours or be available for immediate pick up. Contractor(s) agree to accept returns for all products purchased at no cost to the State within 30 calendar days of delivery and shall credit the customer in full. NOTE: All products returned for credit should be in the original packaging as delivered and include all documentation.

All returns shall be picked up within seven (7) working days of notification. For return authorization, notice shall be in writing, email or by facsimile.

The Contractor(s) shall not impose a restocking fee on the ordering agencies for the following situations:

- Item(s) returned that were damaged upon receipt
- Incorrect items shipped
- Items that are returned within 30 calendar days of delivery (except special orders)
