I. INTRODUCTION

A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals for Laboratory Supplies and Equipment.

It is the goal of this Request for Proposal to identify a vendor(s) and execute a contract to provide statewide Laboratory Supplies and Equipment, including but not limited to chemicals, pipettes, and glassware. This contract will not include systems equipment or software.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract will be issued to cover the requirements for all State Agencies and shall be accessible to any School District, Political Subdivision, Municipality, Volunteer Fire Company or higher education entity receiving state funds. Furthermore, this contract shall be accessible to all other entities as identified by Del. Code, Chapter 69, Title 29 § 6910.

3. MANDATORY USE CONTRACT

REF: Title 29, Chapter 6911(d) Delaware Code. All Covered Agencies as defined in 29 *Del. C.* § 6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 *Del. C.* § 6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

4. COOPERATIVE USE OF AWARD

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

6. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations, or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

21. TEMPORARY PERSONNEL ARE NOT STATE EMPLOYEES UNLESS AND UNTIL THEY ARE DIRECTLY HIRED

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). 23. ACA SAFE HARBOR

The State and its utilizing agencies are not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act ("ACA"). Therefore, the State seeks to utilize the "Common-law Employer Safe Harbor Exception" under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an "Additional Fee" with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice, etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged, nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

Only those subcontractors identified on the Subcontractor Form are considered approved upon award. Changes to those subcontractor(s) listed in the original solicitation response must be approved in writing by the State.

44. FAIR BACKGROUND CHECK PRACTICES

Pursuant to 29 *Del. C.* [§ 6909B](#), the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 *Del. C.* [§ 711\(g\)](#) for applicable established provisions.

45. VENDOR BACKGROUND CHECK REQUIREMENTS

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth and long-term care residents, shall be required to complete background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at: <https://sexoffender.dsp.delaware.gov/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract but may provide support or off-site premises service for contract vendors. Should an individual be identified, and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual agency requesting services may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided, the location(s) being accessed, or as a matter of law. This includes, but may not be limited to, background checks that are compliant with 31 *Del. C.* §309 and/or 16 *Del. C.* § 1141 or other applicable laws. The agency requesting service is responsible for notifying the vendor of any special requirements at the time-of-service request, including the applicability of 31 *Del. C.* §309 and/or 16 *Del. C.* § 1141 or other statutory requirements. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract. The Vendor(s) shall be responsible for all costs associated with background check requirements. The access to and the provision of services by the Vendor or its agents may be withheld until background checks are completed and deemed accepted by the Agency requesting services.

46. DRUG TESTING REQUIREMENTS FOR LARGE PUBLIC WORKS

Pursuant to 29 *Del.C.* [§ 6908\(a\)\(6\)](#), effective as of January 1, 2016, OMB has established regulations that require Contractors and Subcontractors to implement a program of mandatory drug testing for Employees who work on Large Public Works Contracts funded all or in part with public funds. The regulations establish the mechanism, standards and requirements of a Mandatory Drug Testing Program that will be incorporated by reference into all Large Public Works Contracts awarded pursuant to 29 *Del.C.* [§ 6962](#).

Final publication of the identified regulations can be found at the following:
[4104 Regulations for the Drug Testing of Contractor and Subcontractor Employees Working on Large Public Works Projects](#)

47. MINIMUM WAGE RATES

Work performed under this solicitation may fall under the [State of Delaware Minimum Wage Rates](#) or the Delaware Prevailing Wage rates. Prior to issuing a purchase order, the ordering agencies must obtain from the Department of Labor a determination if prevailing wage applies to the project and, if appropriate, what the applicable prevailing wage rates would be for the work to be performed. No work shall proceed without a determination by the Department of Labor. Request for prevailing wage certification can be found at: <http://dia.delawareworks.com/labor-law/prevailing-wage.php>.

48. PREVAILING WAGE

The prevailing wage law, 29 *Del. C.* [§ 6960](#), is enforced by the Department of Labor and states that the specifications for every contract or aggregate of contracts relating to a public works project in excess of \$500,000 for new construction (including painting and decorating) or \$45,000 for alteration, repair, renovation, rehabilitation, demolition or reconstruction (including painting and decorating of building or works) to which this State or any subdivision thereof is a party and for which the State appropriated any part of the funds and which requires or involves the employment of mechanics and/or laborers shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics which shall be based upon the wages that will be determined by the Delaware Department of Labor, Division of Industrial Affairs, to be prevailing in the county in which the work is to be performed.

49. DISPUTE RESOLUTION

At the option of the parties, they shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement promptly by negotiation between executives who have authority to settle the controversy and who are at a higher level of management than the persons with direct responsibility for administration of this Agreement. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, experts and attorneys are confidential, privileged and inadmissible for any purpose, including impeachment, in arbitration or other proceeding involving the parties, provided evidence that is otherwise admissible or discoverable shall not be rendered inadmissible.

If the matter is not resolved by negotiation, as outlined above, or, alternatively, the parties elect to proceed directly to mediation, then the matter will proceed to mediation as set forth below. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to a mediator selected by the parties. If the matter is not resolved through mediation, it may be submitted for arbitration or litigation. The Agency reserves the right to proceed directly to arbitration or litigation

50. REMEDIES

Except as otherwise provided in this solicitation, including but not limited to Section 48 above, all claims, counterclaims, disputes, and other matters in question between the State of Delaware and the Contractor arising out of, or relating to, this solicitation, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

51. TERMINATION OF INDIVIDUAL ORDERS OR PURCHASE ORDERS

As a central contract, the contract resulting from this RFP shall include individual orders from state agencies and other entities authorized by law to procure from this contract. The individual orders may be terminated as follows:

- a. Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner his obligations, or if the Vendor violates any of the covenants, agreements, or stipulations of this contract, the Agency shall have the right to terminate the P.O. by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor in the performance of the P.O. shall, at the option of the Agency, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the Agency.
- b. Termination for Convenience:** The Agency may terminate the P.O. at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the department, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials which are usable to the Agency.
- c. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

52. TERMINATION OF CONTRACT

As a central contract, the contract resulting from this RFP may be terminated as follows by Government Support Services.

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

- a. Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

- b. Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

53. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. Such changes, including any increase or decrease in the amount of the Vendor's compensation, which are mutually agreed upon by and between the Agency and the Vendor shall be incorporated in written amendments to the Purchase Order or contract.

54. INTEREST OF VENDOR

The Vendor covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree in providing products or performing services required under this contract. The Vendor further covenants, that in the performance of this contract, no person having any such interest shall be employed.

55. PUBLICATION, REPRODUCTION AND USE OF MATERIAL

No material produced in whole or part under this contract shall be subject to copyright in the United States or in any other country. The State shall have unrestricted authority to publish, disclose, distribute, and otherwise use, in whole or in part, any reports, data, or other materials prepared under this contract; provided, however, that the State agrees not to use any design or engineering plans prepared by the Vendor for anything other than their intended purpose under this Contract. The Vendor shall have the right to publish any and all scientific findings. Appropriate acknowledgment and credit for the State's support shall be given in the publication.

56. RIGHTS AND OBLIGATIONS

The rights and obligations of each party to this agreement shall not be effective, and no party shall be bound by the terms of this agreement, unless and until a valid executed purchase order has been approved by the Secretary of Finance, and all procedures of the Department of Finance have been complied with. A separate purchase order shall be issued for every project or order.

57. ASSIGNMENT OF ANTITRUST CLAIMS

As consideration for the award and execution of this contract by the State, the Vendor hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, regarding the specific goods or services purchased or acquired for the State pursuant to this contract. Upon either the State's or the Vendor notice of the filing of or reasonable likelihood of filing of an action under the antitrust laws of the United States or the State of Delaware, the State and Vendor shall meet and confer about coordination of representation in such action.

58. TESTING AND INSPECTION

The State of Delaware reserves the right to conduct any test or inspection it may deem necessary to insure equipment, materials and services conform to contract requirements.

59. COVENANT AGAINST CONTINGENT FEES

The Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. For breach or violation of this warranty, the State shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fees.

60. GRATUITIES

- a. If it is found, after notice and hearing, by the State that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Vendor or any agent of the State with a view toward securing a contract, or securing favorable treatment with respect to the awarding, amending, or the making of any determinations with respect to the performance of this contract, the State may, by written notice to the Vendor, terminate the right of the Vendor to proceed under this contract and/or may pursue such other rights and remedies provided by law or under this agreement; provided that

The amount of such exemplary damages shall be in the sole discretion of the State.

61. AFFIRMATION

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder, partner, principal, or other person substantially involved in the contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

62. AUDIT ACCESS TO RECORDS

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. Reimbursement to the State for disallowances shall be drawn from the Vendor's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.

63. IRS 1075 Publication (If Applicable)

The agency will have the right to void the contract if the contractor fails to provide the safeguards described above.

The contractor shall comply with agency incident response policies and procedures for reporting unauthorized disclosures of agency data.

b. Criminal/Civil Sanctions

Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that returns or return information disclosed to such officer or employee can be used only for a purpose and to the extent authorized herein, and that further disclosure of any such returns or return information for a purpose or to an extent unauthorized herein constitutes a felony punishable upon conviction by a fine of as much as \$5,000 or imprisonment for as long as five years, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized future disclosure of returns or return information may also result in an award of civil damages against the officer or employee in an amount not less than \$1,000 with respect to each instance of unauthorized disclosure. Additionally, it is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

Granting a contractor access to FTI must be preceded by certifying that each individual understands the agency's security policy and procedures for safeguarding IRS information. Contractors must maintain their authorization to access FTI through annual recertification. The initial certification and recertification must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, contractors must be advised of the provisions of IRCs 7431, 7213, and 7213A (see Exhibit 4, Sanctions for Unauthorized Disclosure, and Exhibit 5, Civil Damages for Unauthorized Disclosure). The training provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. (See Section 10) For both the initial certification and the annual certification, the contractor must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

c. Inspection

The IRS and the Agency, with 24 hour notice, shall have the right to send its inspectors into the offices and plants of the contractor to inspect facilities and operations performing any work with FTI under this contract for compliance with requirements defined in IRS Publication 1075. The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. On the basis of such inspection, corrective actions may be required in cases where the contractor is found to be noncompliant with contract safeguards.

64. REMEDIES

Except as otherwise provided in this contract, all claims, counterclaims, disputes, and other matters in question between the State and the Vendor arising out of, or relating to, this contract, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

66. AGENCY'S RESPONSIBILITIES

The Agency shall:

- b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible. [Corrective Action Report](#)

Appendix A – SCOPE OF WORK AND TECHNICAL SPECIFICATIONS

A. OVERVIEW

The Vendor(s) shall provide all equipment, products, and materials to supplement the State of Delaware's need for Laboratory Equipment and Supplies as described herein. The contract will require the Vendor(s) to cooperate with the ordering "Agency" (including all state agencies, legislative branch, school districts, colleges, municipalities, volunteer fire companies, non-profit organizations, and political subdivisions) to ensure the State receives the most current state-of-the-art material and/or services. This contract will not include systems equipment, software, or controlled substances.

B. BACKGROUND

The State of Delaware has issued this RFP for its Laboratory Supplies and Equipment requirements. A current contract for this requirement is available at the following link:

GSS22026-LAB_SUPPL: <https://mmp.delaware.gov/Contracts/Details/5666>

Current contract spend is in excess of \$5 million over the past 12 months. Some of the categories of laboratory supplies and commodities include but are not limited to chemicals, pipettes, equipment, and glassware.

C. SUCCESSFUL VENDOR POOL

The RFP is designed to result in a Successful Vendor(s) pool from which to order products. Identification, selection and execution of a contract(s) award does not guarantee a minimum quantity or value purchased but the right of any authorized State Agency user to procure good and/or materiel from the awarded Vendor(s). The Agency may reserve the right to negotiate for prices lower than stated on the awarded price disclosure(s).

D. RIGHT TO BID SEPARATE EQUIPMENT NEEDS

Government Support Services and/or any other State Agency shall retain authority to separately compete other public bids for any given Lab Supplies and Equipment, if it is served by the best interests of the State.

E. COMPLIANCE WITH DTI TECHNOLOGY STANDARDS

Ordering Agencies are required to obtain IRM review and approval prior to purchasing laboratory software, supplies, or equipment if such purchases fall within the Department of Technology and Information's policy authority. As identified in 29 Del C 9006C, Requirements for agency technology projects, DTI retains technology authority. No contract award to a Vendor shall be considered a waiver of the agency's requirement to obtain DIT pre-approval prior to buying technology related software and/or equipment. This includes but is not limited to software, network connected devices, and/or XaaS services, if obtained through an awarded Vendor catalog. Approval is granted through the DTI Business Case process unless otherwise waived by DTI.

F. STATEMENT OF NEEDS

The State of Delaware has constructed a market basket representative of laboratory supplies and equipment products purchased over this period and that are indicative of the purchases expected during the term of the contract. The Appendix B1 - Pricing contains over 1,400 market basket items that are representative of these purchases. We are providing basic manufacturer product descriptions within Appendix B1 - Pricing for reference only based on past state needs to help in proposal preparation. Prices bid by Vendor(s) will remain

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

firm for the term of the original contract, negotiable only at the onset of an annual extension and will be based on the current Philadelphia All Urban Consumers Price Index (CPI-U), U.S. City Average.

G. EVALUATION CRITERIA

Vendors will be evaluated on four criteria:

- 1. Business Capability** – Proposal identifies demonstrated experience, established reputation, and financial resources to meet the technical specifications. The business has the necessary service support capability to meet statewide needs including attentive customer service and sales response times, phone/online ordering capabilities, billing/shipping conflict resolution, and compliance management.
- 2. Resources Capability** – Business can provide a variety of the listed Appendix B1 – Pricing Market Basket items: the State’s requested supplies and equipment list. The business has the resources, available products, personnel, distribution resources, and facilities, to meet requirements for supplies and equipment including back-order issues, packaging and delivery, inspection and rejection, returns, and test samples.
- 3. References** – Points will be given for references received and information provided in reference check.
- 4. Pricing** – Points will be given for best pricing on Market Basket items (found and uploaded as Appendix B1 – Pricing): overall price competitiveness compared to other Vendors.

Vendors are asked to provide their best price for the items in the market basket. If unable to provide pricing for the reference product listed, provide the same information for any substitute item with equivalent specifications or no bid. If unable to provide the requested Unit of Measure of the reference product listed, when able, default bid submission to Unit of Measure to “EA/Each”. All other available product sizes/variations, if not listed, shall be added to Appendix B2 – Product Offering.

Due to uploading Appendix B1 – Pricing and Appendix B2 – Product Offering responses, if awarded, into the State’s eProcurement Solution, all laboratory supplies and equipment bid on this solicitation shall be FOB Destination, freight prepaid with no exceptions. Vendors shall calculate all additional factors, including third party products and additional charges into their bid price.

Appendix B1 – Pricing is a separate file found on mymarketplace.delaware.gov and <https://gss.bonfirehub.com/>. Appendix B1 - Pricing must be uploaded through the [online bid submission portal](#) using the provided format. The pricing requirements are stated in Appendix B1 – Pricing and Appendix D – Online Bid Submission Instructions (including F. BidTable Fields explanation). Failure to upload pricing into the online bid submission portal could render the proposal as non-responsive.

Vendors are highly encouraged to offer any like substitute product(s), either generic or brand name, for approval during the subsequent contract term, especially if an opportunity for cost savings to the State exists. In all cases, the State may require the submission of written specifications and/or product samples for evaluation prior to any approvals being granted.

H. MANUFACTURING REQUIREMENTS

All products must conform in every respect to the standards and regulations established by Federal and Delaware State laws. Products shall be manufactured and packaged under modern sanitary conditions in accordance with good commercial practice. Products are to be packed in sizes as specified in this RFP and shall be packaged in such a manner to ensure delivery in first class condition and properly marked for

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

identification. All shipments must be comprised of original cartons associated with the commercial industry represented by the actual product contained within each carton. Deliveries containing re-used, re-labeled, re-worked or alternate cartons are subject to rejection by the State Agency at the Vendor's expense.

I. PACKAGING AND DELIVERY

Delivery shall be FOB Destination, freight prepaid, inside delivery, directly to ordering State Agency's specified address. Vendor will ship routine consumable items within forty-eight (48) hours of receipt of order, or as otherwise agreed to by the Agency. All other supplies and equipment must be delivered within seven (7) business days after receipt of order unless otherwise agreed to by the Agency. Vendor shall notify the Agency within forty-eight (48) hours of order placement if delivery cannot be completed as required by the contract. Upon receipt of such notice, or upon failure to deliver within the specified time, the Agency may cancel the order without penalty and purchase elsewhere.

The Vendor shall properly package and handle all items under the resulting contract, in accordance with industry standards and applicable regulations.

Due to uploading Appendix B1 – Pricing and Appendix B2 – Product Offering responses, if awarded, into the State's eProcurement Solution, all laboratory supplies and equipment bid on this solicitation, by product request, and at potential subsequent extensions shall be FOB Destination, freight prepaid with no exceptions. Vendors shall calculate all additional factors, including third party products and additional charges into their bid price.

J. CONTRACT DELIVERABLES

Unless otherwise specified on the Appendix E – Vendor Forms, Exceptions Form at bid submission, all products offered by Vendor must be new. A "new" product is one for which the ordering State Agency will be the first user after the product is manufactured or produced. A Vendor may propose only new products in its bid. This clause shall not be construed to prohibit Vendors from offering products with recycled content, provided the product itself is new.

K. INSPECTION AND REJECTION

No item(s) received by any ordering State Agency issuing a PO shall be deemed accepted until the Agency has had a reasonable opportunity to inspect the item(s). The Agency may reject any item(s) discovered to be defective or failing to conform to the contract's Scope of Work & Technical Specifications upon initial inspection or at any later time if the defects contained in the item(s) or the noncompliance with the specifications were not reasonably ascertainable upon the initial inspection. The Vendor shall have the duty to remove rejected item(s) from the ordering State Agency's premises without expense to the Agency within fifteen (15) calendar days after notification. Rejected item(s) left longer than fifteen (15) calendar days will be regarded as abandoned, the Agency shall have the right to dispose of the item(s) as its own property and shall retain that portion of the proceeds of any sale that represents the agency's costs and expenses for the storage and sale of the item(s). Upon notice of rejection, the Vendor shall replace all such rejected item(s) through shipping new other non-defective items conforming to the specifications within five (5) business days. If the Vendor fails, neglects, or refuses to do so, the Agency shall then have the right to procure a corresponding quantity of such item(s), and deduct from any monies then or later due to the Vendor, the difference between the price stated in the contract and the actual cost of the item(s) to the Agency.

L. RETURNS

Any item(s) delivered in poor condition or in excess of the amount authorized by the PO or not included on the PO may, at the discretion of the Agency, be returned to the Vendor's warehouse at the Vendor's expense within fifteen (15) calendar days. Credit for returned good shall be made within two (2) business days once Vendor receives returned goods. Over-shipments may be accepted at the Agency's discretion. Return authorizations will be provided by the Vendor within fourteen (14) calendar days of verbal notification. If the Agency orders wrong item, the return will be at the Agency's expense. The Vendor shall work with the Agencies to ensure ordering of proper item(s).

M. TEST SAMPLES

When requested, Vendors will be required to supply sample products in sufficient quantities for testing purposes at no charge to the ordering Agency. Samples shall be shipped within two (2) business days of request by Agency.

N. PRODUCT AVAILABILITY

The Vendor must agree that there will be no cancellation of products on the contract without an equal and acceptable replacement approved by the State Contract Procurement Officer during the term of the contract. Vendors must communicate manufacturer's discontinuation of any products to the contract officer in writing within five (5) business days of notification from the manufacturer and forward a copy of the manufacturer's notice. In such instances, the Vendor shall work with the State Procurement Contract Officer to identify and implement alternative options that shall maintain or reduce costs associated with the replacements. The Vendor will be prepared to offer written detailed quarterly reports, if requested by the State of Delaware, displaying removed product name, part number(s), and UOM off of the contract list and suggested replacements by email to the contract officer. The Vendor shall offer suggested replacement of discontinued products at least thirty (30) calendar days of substitution, including replacement product name, part number(s), description, contracted price, applicable discount, and, if requested, a sample.

O. PRICING DISCOUNT SCHEDULE

Vendors shall identify general information related to discount(s) and minimum purchase for the discount to be applied at time of bid on Appendix C – Questionnaire. The Vendor shall also provide any offered discount(s) on Appendix B2 – Product Offerings for items to be available for purchase. Volume discounts offered for multiple units or multi-unit packaging shall be listed as a separate line item(s).

P. PRICE LISTS & UPDATES

If agreement is reached to extend this contract beyond the initial one (1) year period, Vendor(s) may request to increase pricing on contracted items at extension. Price adjustments shall not exceed the current Philadelphia All Urban Consumers Price Index (CPI-U), U.S. City Average. Any increase/decrease shall reflect the change during the previous published twelve (12) month period at the time of renegotiation.

For any discontinued items, please use established procedure under N. PRODUCT AVAILABILITY.

Q. PRICE LIST ACCESS

At any time during the contract and for a four (4) year period following the end of the contract, the State of Delaware reserves the right to request from the Vendor an electronic copy of the applicable contract price list

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

used for pricing verification. Failure to provide the requested price list within seven (7) business days following the State's request may result in a Corrective Action Request to become permanent record of the vendor file. Unaddressed Agency concerns may escalate to contract termination.

R. ADDING PRODUCTS

Awarded Vendors may request to add new products and equipment at time of extension of the resulting contract following State Contract Procurement Officer's approval. Items will be included with a written contract amendment to be formally added to contract pricing. Added products and equipment must be within the scope of this RFP and include, but will not be limited to, new products added to the Manufacturer's catalog offerings, which reflect new technology and improved functionality.

Upon approval, all required data related to new products and equipment must be provided timely and promptly within thirty (30) calendar days or sooner if needed for the request. This data shall be loaded by the Vendor into the State's eProcurement Solution to become available to ordering Agencies. The additional products must be submitted in the current State's eProcurement Solution format identified by the State of Delaware. Submissions made outside of this format or without requested data within this period will be rejected and not available for purchase. Requested adjustments and reupload requests by the State of Delaware shall be made by the Vendor promptly within five (5) business days. No eMarketplace product offering or other updates are to occur without prior State Contract Procurement Officer's notice and authorization.

Agencies may request additional products to be added to the contract throughout the contract term. Requests shall be submitted quarterly to the current State Contract Procurement Officer by email. Requests must be submitted by the Agency with all necessary data including product description, part number, manufacturer, packaging UOM, and a website link to additional specifications in the format shown below.

<i>Product Description</i>	<i>Part Number</i>	<i>Manufacturer (Reference Only)</i>	<i>Packaging UOM</i>	<i>Website Link</i>
1.25 mL J pipette tips	17001873	Mettler Toledo	Pack	example.com
12.5 mL J pipette tips	17001875	Mettler Toledo	Pack	example.com

Additional product requests by Agencies are due by the end of October, January, April, and July during the calendar year. All requests in between this schedule will be held for the next available update. All Vendors with available product offerings will be asked by email from the State Contract Procurement Officer to bid or advise no bid on requested items by the deadline to be considered. All requests and bid responses are subject to review and approval. Any updates will require up to a sixty (60) calendar day processing timeframe to obtain vendor bids and have vendors successfully upload the product listings into the State of Delaware's eProcurement Solution.

S. INTENT TO LOAD CATALOGS IN STATE EPROCUREMENT SOLUTION

Bidders will be required to provide catalog(s) and the corresponding price list(s) for all awarded goods that are being offered to the State for purchase and shall include all applicable and awarded price tiers available for each product in the pricing format required of this solicitation. These documents may be required and supplied by the vendor in an electronic format as determined by the State over the life of the contract. The prices listed therein will be the prices paid by the State for purchases during the contract term.

At the discretion of the State, all awarded items will need to be provided in an electronic format for use in a hosted catalog offering which will be presented in the State's eProcurement solution. All single items listed must reflect one (1) price, at the discounted rate as offered by the vendor in their proposal and as accepted by

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

the State. Volume discounts offered for multiple units or multi-unit packaging shall be listed as a separate line item(s) in any catalog submitted for posting to the State's eProcurement solution.

The awarded vendor(s) will be directed to supply the catalog file to an identified state representative and/or the State's designated eProcurement vendor at any time after execution of the contract, but no later than 45 days after the contract execution.

A zero-dollar catalog shall be submitted to the eProcurement solution vendor no later than 30 days prior to the end of the contract term and shall be the final catalog update provided under the agreement. The State will approve this catalog, after the contract end date, to remove all items and pricing from the eProcurement Solution. The zero-dollar catalog serves as a correcting entry to maintain system integrity of valid and currently awarded items. The failure by the Vendor to comply and submit this correcting entry will be viewed as a major performance deficiency and may prevent the State from awarding the Vendor on a future contract opportunity.

At any time during the contract term, (1) the vendor shall remove individual or categories of items from the catalog offering if requested by the State; (2) consider expanding the catalog offering with additional items or categories if requested and accepted by the State; and/or (3) the State may take unilateral action on the items listed in the eProcurement solution to hide or otherwise make unauthorized any items the State believes is outside the scope of the awarded categories.

The failure and/or inability to comply with this hosted catalog requirement may subject the awarded vendor to corrective action, up to and possibly including termination of the contract.

A hosted catalog is defined as a vendor supplied electronic catalog of all awarded items, including item descriptions, attributes and the award prices, which will be stored and publicly visible in the State's eProcurement solution. At the sole discretion of the State, the contract team will consider implementation and use of a punchout catalog solution in lieu of the hosted catalog option. A punchout catalog uses the eProcurement system to access to the Vendor's electronic catalog. Users can then shop, select and retrieve items back into the eProcurement system, allowing the original to execute an order.
