**I. INTRODUCTION**

**A. PURPOSE**

The purpose of this Request for Proposal is to obtain sealed proposals for Kitchen Equipment Preventative Maintenance and Repair Services.

**1. COMPETITIVE SEALED PROPOSAL**

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

**2. CONTRACT REQUIREMENTS**

This contract will be issued to cover the requirements for all State Agencies and shall be accessible to any School District, Political Subdivision, Municipality, Volunteer Fire Company or higher education entity receiving state funds. Furthermore, this contract shall be accessible to all other entities as identified by Del. Code, Chapter 69, Title 29 § 6910.

**3. MANDATORY USE CONTRACT**

**REF: Title 29, Chapter 6911(d) Delaware Code.** All Covered Agencies as defined in 29 Del. C. § 6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. § 6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

**4. COOPERATIVE USE OF AWARD**

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

**6. POTENTIAL CONTRACT OVERLAP**

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

A vendor's allegation as to its confidential business information shall not be binding on the State. Per IRS regulations, all exemption certificates must be specific to the vendor and the type of excise tax. If an exemption certificate is requested by a vendor, the Division of Accounting will work with the agency and vendor to complete the appropriate certificate. Such taxes shall not be included in prices quoted.
- b. Any material which is to be incorporated in the work or any equipment required for the work contemplated in the proposal may be consigned to the Agency. The parties to any contract from this solicitation shall be independent contractors to one another, and nothing herein shall be deemed to cause the agreement to create an agency, partnership, joint venture, or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations, or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

**21. TEMPORARY PERSONNEL ARE NOT STATE EMPLOYEES UNLESS AND UNTIL THEY ARE DIRECTLY HIRED**

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third-party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

## **23. ACA SAFE HARBOR**

The State and its utilizing agencies are not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act (“ACA”). Therefore, the State seeks to utilize the “Common-law Employer Safe Harbor Exception” under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an “Additional Fee” with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice, etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged, nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

## **24. FUNDING OUT or NON-APPROPRIATION**

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

- b. Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. **59. COVENANT AGAINST CONTINGENT FEES**

The Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. (6) Any spoilage or any intermediate hard copy printout that may result during the processing of FTI will be given to the agency. When this is not possible, the contractor will be responsible for the destruction of the spoilage or any intermediate hard copy printouts and will provide the agency with a statement containing the date of destruction, description of material destroyed, and the destruction method.

**64. REMEDIES**

Except as otherwise provided in this contract, all claims, counterclaims, disputes, and other matters in question between the State and the Vendor arising out of, or relating to, this contract, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

Subcontracting is permitted under this RFP and contract. However, every subcontractor or reseller shall be identified in the Proposal (Subcontractor Form) and agreed to in writing by the State or as are specifically authorized in writing by the Agency during the performance of the contract. Any substitutions in or additions to such subcontractors, associates, or consultants will be subject to the prior written approval of the State.

**66. AGENCY'S RESPONSIBILITIES**

The Agency shall:

- a. Examine and review in detail all letters, reports, drawings and other documents presented by the Vendor to the Agency and render to the Vendor in writing, findings and decisions pertaining thereto within a reasonable time so as not to delay the services of Vendor.
- b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as

**70. VENDOR EMERGENCY RESPONSE POINT OF CONTACT**

The awarded vendor(s) shall provide the name(s), telephone, or cell phone number(s) of those individuals who can be contacted twenty four (24) hours a day, seven (7) days a week where there is a critical need for commodities or services when the Governor of the State of Delaware declares a state of emergency under the Delaware Emergency Operations Plan or in the event of a local emergency or disaster where a state governmental entity requires the services of the vendor. Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

**71. NO PRESS RELEASES OR PUBLIC DISCLOSURE**

Providing all necessary labor, materials, supplies, including supervision that will allow for the successful bidder to maintain all covered equipment in prime operating condition, consistent with manufacturer's service recommendations. This includes repairing any failure of any magnitude, using Original Equipment Manufacturer (OEM) procedures and guidelines, OEM parts, and OEM recommended oils, seals, gaskets, supplies, etc. to have a single, responsible bidder capable of providing the services described within this agreement. It is not intended that this Preventative Maintenance plus Repair Service be subcontracted out to another vendor. No mileage or vehicle charges will be permitted under this contract.

NOTE: This contract does not cover the replacement and/or rebuild of any equipment. No refrigeration equipment is included in the scope of this contract.

### 2. PREVENTATIVE MAINTENANCE DEFINED

The Contractor shall provide all necessary labor, parts, materials, supplies, supervision, and travel required to perform regular, scheduled preventative and predictive maintenance. Maintenance shall be based on equipment history, operating conditions, usage levels, and Original Equipment Manufacturer (OEM) recommendations and procedures.

Minimum guidelines are provided in this document; however, they are not all-inclusive. The Contractor shall perform all standard preventative maintenance services consistent with industry best practices and OEM requirements, regardless of whether such tasks are explicitly listed.

#### a. Frequency of Preventative Maintenance

Where Preventative Maintenance (PM) coverage is requested, PM shall be performed at the following minimum frequencies:

The State reserves the right to adjust PM frequency based on equipment type, condition, usage, and operational needs. Equipment-specific PM requirements may be identified in **Appendix B** or directed by the Facility Contact.

#### b. Quality of Preventative Maintenance

Preventative Maintenance shall be performed in a manner intended to identify and correct potential failures before they occur. The Contractor shall ensure that:

- Equipment is left in proper working condition following each PM visit
- Any deficiencies, worn components, or potential failure points are identified and documented
- Necessary corrective actions are recommended at the time of service

If equipment experiences failure shortly after a PM visit, the Contractor may be required to:

**b. Relationship to Preventative Maintenance**

The Contractor shall perform repairs in coordination with effective preventative maintenance practices. Repeated equipment failures occurring shortly after a service visit may indicate inadequate or incomplete service and shall require the Contractor to review prior work performed and take appropriate corrective action at no additional cost to the Agency, where applicable.

**7. TECHNICIANS**

A technician form (**Attachment 2**) must be completed for any staff that would potentially service equipment under this contract. Copies of applicable certifications must be attached to the technician worksheet.

Technicians assigned to this contract shall be trained and qualified to service the specific types of kitchen equipment included under this contract. The Contractor shall ensure that technicians have the appropriate certifications and experience necessary to perform both preventative maintenance and repairs in accordance with OEM standards.

**8. GENERAL SPECIFICATIONS**

**a. HOURS OF SERVICE**

Provide all labor, materials, and equipment necessary to render service as follows: Initial response times are to be within 24 hours of notification by the facility in need of repair. Repairs are to be complete during the initial response or within 5 days after the initial visit. Hours of access and operation at the agencies can be found in the **Appendix B** document. Vendors shall be available to respond to calls within these hours and will not charge fees in excess of their proposal price to respond after the vendor's normal working hours. Vendors may be required to respond on State Holidays or weekends.

ADDITION: The Contractor is expected to complete repairs during the initial service visit whenever reasonably possible, including maintaining sufficient parts inventory to support first-visit repairs.

The cost of unscheduled service at other than normal working hours shall be the responsibility of the facility; however, the contractor shall utilize the rate structure as bid on this contract. Expected response time for emergencies will be within 24 hours.

The contractor is to maintain an adequate inventory of necessary and customary parts in their service vehicles to make repairs at the initial visit in order to keep return visits to a minimum. Service vehicles are expected to ensure the vehicle is inventoried and a list is available upon request at all times when entering the prison locations.

**b. CONTRACT MANAGER**

The vendor shall provide the name and telephone number of a "contract manager" who will serve as their representative and will be the primary contact with the State. This person will be available during normal hours and provide support in all areas of the contract. Contract Manager will be available to assist State representatives who are following up on quote requests, equipment updates and/or service call follow-ups. Contract Manager will be responsible for notifying the State's Contract Manager of any updates needed to the vendor's contact list (account manager, equipment list updates, repair requests, etc.). All roles (contract manager, account manager, equipment list updates, and repair requests) can be filled by one or more individuals.

**c. AGREEMENT EXTRAS**

Should inspection(s) indicate that repairs are necessary that are outside the scope of this agreement, the service contractor shall provide the agency in writing a composite price including labor, parts, material, and related expenses for these repairs. However, the agency may elect to solicit quotes from other

STATE OF DELAWARE  
Office of Management and Budget  
Government Support Services

vendors if deemed necessary. Should alterations, additions, adjustments or repairs be made by others to any part of the system(s) covered by this service agreement, the service contractor has the right to inspect such work as to having been performed in an acceptable manner to the service contractor prior to continuing the service agreement coverage. The service contractor will notify the agency in writing of such conditions which must be corrected prior to the service contractor's acceptance.

Before making any repairs, outside the Preventative Maintenance Scope, the successful bidder(s) must receive prior approval from the ordering agency. All repair service and parts charged against this contract must be verified and approved by the ordering agency. Invoices for repairs must include a breakdown of time (how many hours worked) and parts.

The Contractor shall not delay repairs covered under this agreement while awaiting approval for out-of-scope work. Covered repairs shall proceed without delay.

Out-of-scope repair recommendations shall not impact the Contractor's obligation to complete covered work within contract timeframes.

**d. PARTS AVAILABILITY**

The Contractor shall maintain access to an adequate inventory of parts necessary to support both preventative maintenance and repair services for all covered equipment. Inventory levels shall be based on manufacturer recommendations and industry best practices for:

- Routine expendable parts
- Normal annual replacement parts
- Multi-year replacement components

**1) Parts Inventory & Accessibility**

The Contractor shall:

- Maintain commonly used parts in service vehicles sufficient to complete typical repairs during the initial visit
- Stock parts locally and/or maintain reliable access to supplier networks to ensure timely delivery
- Minimize equipment downtime by reducing delays associated with parts availability

Based on user group feedback indicating inconsistent parts availability, the Contractor is expected to proactively manage inventory to improve first-visit repair completion whenever reasonably possible.

**2) Emergency Parts Availability**

For urgent or critical repairs, the Contractor shall ensure:

- Access to necessary parts within **24 hours**, unless otherwise approved by the Facility Contact
- Clear communication with the Agency regarding any delays in parts procurement

**3) OEM Parts Requirements**

- The Contractor shall utilize **Original Equipment Manufacturer (OEM) parts** for all repairs whenever available.

STATE OF DELAWARE  
Office of Management and Budget  
Government Support Services

- Equivalent parts may only be used if OEM parts are unavailable and must be approved by the Facility Contact prior to installation.

**4) Coordination with Preventative Maintenance**

The Contractor shall identify and plan for parts needed during scheduled Preventative Maintenance visits. Where deficiencies are identified during PM:

- The Contractor shall make reasonable efforts to complete repairs during the same visit when parts are available
- If parts are not available, the Contractor shall prioritize timely follow-up service

Identification of needed repairs during PM shall not, by itself, constitute additional charges beyond the approved scope of repair services; however, all billable repairs must be authorized in accordance with contract requirements.

**e. EQUIPMENT**

A list of kitchen equipment to be covered under this contract can be found in **Appendix B**. The successful bidder(s) will be responsible for maintaining the entire piece of equipment. The State reserves the right to add or delete locations and/or equipment and adjust equipment coverage, as needed. Not all covered equipment will require PM coverage. Refer to the equipment list for specifics. Vendor is to designate a single point of contact for handling equipment coverage updates. This is to include, but not limited to: quote requests for PM coverage, adding new locations or Agencies to the contract for PM, Repair, or PM and Repair coverage, removing obsolete equipment from the contract, and changing coverage of equipment (i.e. from PM & repair to repair only).

**f. PARTS REPLACEMENT/ REPAIRS**

The vendor shall replace worn, failed or doubtful components and parts. Replacements shall be made with original manufacturer controls, or approved equivalent only when OEM parts are unavailable and subject to prior approval by the Facility Contact to ensure compatibility and maintain equipment integrity in order to maintain system integrity. Replacement parts in excess of \$400.00 will not be included as part of the agreement. No billable parts will be replaced without authorization from the Facility Contact

Vendor shall not make replacements or repairs necessitated by reason of neglect or misuse of equipment by other than the contractor or by reason of any other cause beyond their control except ordinary wear and tear. In the event of suspected negligence, necessary repairs will be made on a time and material basis at prevailing labor rates. The Vendor and the Facility Contact will jointly determine negligence.

Should inspection(s) indicate that repairs are necessary that are outside the scope of this agreement, the service vendor shall provide the facility in writing with a composite price including labor, parts, material, and related expenses for these repairs. However, the facility may elect to procure prices from others if deemed necessary. Should alterations, additions, adjustments or repairs be made by others to any equipment covered by this service agreement, the vendor has the right to inspect such work as to having been performed in an acceptable manner to the vendor prior to continuing the service agreement coverage for that particular equipment. The vendor will notify facility in writing of such conditions, which must be corrected prior to the vendor's acceptance.

Any service of equipment not included on contract will be billed at the Standard Hourly Labor Rate as bid by the vendor for this contract.

STATE OF DELAWARE  
Office of Management and Budget  
Government Support Services

The Contractor shall take all reasonable measures to ensure commonly required parts are available during service visits to minimize delays and reduce return trips.

Failure to maintain adequate parts inventory for routine repairs may be considered a deficiency in contract performance.

## **9. SPECIAL REPORTS**

The vendor shall maintain a record of all maintenance service and repairs relating to the equipment included in this agreement. Written reports are to be turned in to the Facility Contact upon completion of each inspection. If a problem is found that has the potential to be a major problem, or if it may be the cause for shutdown repairs, then this problem must be directly brought to the attention of the Facility Contact person so that a plan of action can be formulated for the timeliest repair to the equipment.

Submit written service reports with invoices to document hours of work and labor and parts.

Reports shall include a summary of any recurring issues, repeat repairs, or equipment failures occurring within a short period after service.

If a failure occurs shortly after a service visit, the Contractor shall review prior service actions and identify any contributing factors.

## **10. WARRANTY**

The vendor guarantees that all service and repairs provided under this agreement shall be performed in a professional manner. Any claim for defective workmanship must be provided to the vendor by written notice prior to the termination date of this agreement upon which vendor agrees to remedy and redo any such service(s) in a timely manner without cost to the facility.

The vendor also warrants against defects in materials, workmanship of all the vendor part(s) or component(s) supplied hereunder for the manufacturer's warranty period. If any parts(s) or component(s) should provide defective during the aforementioned warranty period, the vendor will at its option, repair or replace any such items provided they were not damaged, abused, or affected by chemical properties. This warranty is in lieu of all other warranties, express, implied or statutory, including the implied warranties of merchantability and fitness for a particular purpose. The vendor's obligation to repair, replace, or perform a service, on any defective part(s), component(s) or service shall be facility's exclusive remedy under this agreement.

Part(s), component(s) or services furnished by the vendor carry the same guarantee to the facility as the vendor receives. If the facility requests parts of services not included in this agreement, it is agreed that all requested part(s), component(s) or services supplied by the vendor will be accepted subject to the vendor's conditions of sale issued with each order.

The Contractor shall warrant all labor and workmanship for a minimum period of 30 days following service completion, unless otherwise specified.

Any equipment failure directly related to completed service within the warranty period shall be corrected at no additional cost to the Facility.
