I. INTRODUCTION

A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals for Law Enforcement Uniforms.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract will be issued to cover the requirements for all State Agencies and shall be accessible to any School District, Political Subdivision, Municipality, Volunteer Fire Company or higher education entity receiving state funds. Furthermore, this contract shall be accessible to all other entities as identified by Del. Code, Chapter 69, Title 29 § 6910.

3. MANDATORY USE CONTRACT

REF: Title 29, Chapter 6911(d) Delaware Code. All Covered Agencies as defined in 29 Del. C. § 6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. § 6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

4. COOPERATIVE USE OF AWARD

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

6. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

Proof of specifications compliance will be the responsibility of the vendor.

The Vendor shall examine carefully the proposal and the contract forms for the material contemplated. The Vendor shall investigate and satisfy itself as to the conditions to be encountered, quality and quantities of the material to be furnished, and the requirements of any Special Provisions in the RFP and the contract. The submission of a proposal shall be conclusive evidence that the Vendor has made examination of the aforementioned conditions.

4. PRICES QUOTED

The prices quoted are those for which the material will be furnished F.O.B. Ordering Agency and include all charges that may be imposed during the period of the contract. **All prices quoted must be in U.S. Dollars.**

All vendors that maintain a core list of products under this contract shall maintain the appropriate negotiated prices on their core list. Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. Responses must contain

sufficient information to be evaluated. Through the online bid submission portal, vendors will submit two copies of their solicitation response. One shall be marked original containing the full solicitation response. The second shall be marked redacted copy, redacting those items the vendor is looking to mark confidential.

The redacted copy must include the completed confidentiality form describing the items redacted, representing in good faith that the information is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each redaction meets the said definitions.

A vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a response to the solicitation herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a response to a solicitation may enter the public domain.

8. SEVERABILITY

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

In accordance with the Internal Revenue Service regulations, the State of Delaware is generally exempt from federal excise tax for communications, certain fuels, sales by manufacturers and the tax on heavy trucks, trailers, and tractors. More detail is included in IRS Publication 510 Excise Taxes located at <https://www.irs.gov/pub/irs-pdf/p510.pdf>. Per IRS regulations, all exemption certificates must be specific to the vendor and the type of excise tax. If an exemption certificate is requested by a vendor, the Division of Accounting will work with the agency and vendor to complete the appropriate certificate. Such taxes shall not be included in prices quoted.
- b. Any material which is to be incorporated in the work or any equipment required for the work contemplated in the proposal may be consigned to the Agency. If the shipping papers show clearly that any such material is so consigned, the shipment will be exempt from the tax on the transportation of property under provisions of Section 3475 (b) of the Internal Revenue Code, as amended by Public Law 180 (78th Congress). All transportation charges shall be paid by the Vendor. Each Vendor shall take its exemption into account in calculating its bid for its work.

13. INVOICING

If agreement is reached to extend this contract beyond the initial term, Government Support Services shall have the option of offering a determined price adjustment that shall not exceed the current Philadelphia All Urban Consumers Price Index (CPI-U), U.S. City Average. If the CPI-U is used, any increase/decrease shall reflect the change during the previous published twelve (12) month period at the time of renegotiation.

18. SHIPPING TERMS

- A unique item ID for all items in your system and/or our award.

20. INDEPENDENT CONTRACTORS

The parties to any contract from this solicitation shall be independent contractors to one another, and nothing herein shall be deemed to cause the agreement to create an agency, partnership, joint venture, or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations, or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

21. TEMPORARY PERSONNEL ARE NOT STATE EMPLOYEES UNLESS AND UNTIL THEY ARE DIRECTLY HIRED

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any

STATE OF DELAWARE
Office of Management and Budget

required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third-party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor's obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. 23. ACA SAFE HARBOR

The State and its utilizing agencies are not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act ("ACA"). Therefore, the State seeks to utilize the "Common-law Employer Safe Harbor Exception" under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an "Additional Fee" with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice, etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged, nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

Final settlement for total payment to the Vendor will be made within thirty (30) days from the date of final written State acceptance of the work and services as agreed to in the P.O.

Additionally, there shall be no minimum or maximum limits on any P-Card transaction under the contract. While it is the State's intention to utilize the P-card payment method the State reserves, at its discretion, the right to pay by ACH/ACI. In all cases, the state may require the submission of written specifications and/or product samples for evaluation prior to any approvals being granted.

If a substitution is granted by the state, the Vendor must update its core list and maintain said list in a timely manner.

39. SCHEDULE FOR PERFORMANCE OF WORK

All work described in these specifications shall be completed with reasonable promptness. As used in this Section, the State of Delaware shall be the sole judge of the term "reasonable". If the Vendor does not begin the work in a reasonable amount of time, they will be notified that if they fail to initiate the work promptly, the contract may be terminated, and the State will forthwith proceed to collect for nonperformance of work.

Should an individual be identified, and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. The initial certification and recertifications must be documented and placed in the agency's files for review. Subcontracting is permitted under this RFP and contract. However, every subcontractor or reseller shall be identified in the Proposal (Subcontractor Form) and agreed to in writing by the State or as are specifically authorized in writing by the Agency during the performance of the contract. Any substitutions in or additions to such subcontractors, associates, or consultants will be subject to the prior written approval of the State.

66. AGENCY'S RESPONSIBILITIES

The Agency shall:

- a. Examine and review in detail all letters, reports, drawings and other documents presented by the Vendor to the Agency and render to the Vendor in writing, findings and decisions pertaining thereto within a reasonable time so as not to delay the services of Vendor.
- b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible. [Corrective Action Report](#)

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Appendix A – SCOPE OF WORK AND TECHNICAL SPECIFICATIONS

A. OVERVIEW

The State of Delaware is soliciting proposals from qualified vendors to provide law enforcement uniforms for various law enforcement agencies, including but not limited to patrol, tactical, and ceremonial attire. The selected vendor(s) will supply garments that meet durability, comfort, and professional standards suitable for law enforcement personnel. The uniforms are essential to ensure that officers can perform their duties effectively and safely, without obstruction from ill-fitting apparel.

Bidders must be able to provide off-the-rack tailoring to fit law enforcement uniforms.

B. GENERAL REQUIREMENTS

All garments proposed must be off-the-rack with tailoring to fit. Any substitutions for uniform quality, second-grade, or discontinued materials will not be accepted under any circumstances.

Uniforms should reflect quality that is durable, functional synthetic or blended fabrics—such as polyester, poly-cotton blends, or other performance textiles—that demonstrate moisture-wicking capabilities, wrinkle resistance, colorfastness, fade resistance, and reinforced stitching in high-stress areas.

Traditional wool fabrics are not acceptable unless specifically requested by the agency. Selected materials must support the operational demands of law enforcement personnel, including extended wear, frequent laundering, and exposure to varying environmental conditions.

Garments must reflect first-class production standards. Precision in stitching, alignment, and finishing is required to ensure a polished, professional appearance suitable for law enforcement use. While uniforms must be off-the-rack with tailoring to fit, vendors may offer additional alteration services to achieve a custom fit for individual personnel, provided the base garments meet all specified requirements. Vendors should adhere to the following standards:

1. **Fabric & Material**

- **Durability:** Garments must withstand frequent laundering without fading, fraying, or shrinking.
- **Composition:** Common blends include 65/35 poly-cotton or 100% polyester for moisture-wicking and breathability.
- **Colorfastness:** Uniforms must retain color over time; Pantone matching may be required for agency branding.

2. **Construction & Stitching**

- **Reinforced Seams:** Double or Triple Stitching in high-stress areas (e.g./ shoulders, knees, elbow).
- **Bar-tacking:** Required at pocket corners and belt loops for added strength.
- **Hem & Finish:** Clean, professional finish with no loose threads or uneven edges.

3. **Sizing & Fit**

- **Full Range of Sizes:** Including men's and women's cuts, tall, short, and extended sizes.
- **Vendors should provide garment options in multiple cuts, including but not limited to Slim Fit, Regular Fit, Tapered/Tailored Fit, to accommodate varying body types and ensure professional appearance.**
- **Custom Tailoring:** Optional tailoring services or sample fittings may be requested.
- **Consistent Grading:** Uniform sizing must be consistent across production batches.

6. Production Timeline & Capacity

- Lead Time: Vendors must specify standard and expedited production timelines.
- Batch Consistency: Uniforms produced in batches must maintain consistent quality and appearance.

Orders for DSP recruit classes shall have priority over other uniform orders. DSP recruit class orders may include municipal recruits and will have the same priority. Delaware State Police will coordinate fittings/measurement date with vendor and recruit organizations. A detailed description of the full uniform complement is outlined in Appendix C.

1. Recruit Class Delivery Timeline

- Within 60 days of notification of an order the vendors must supply the State Police with an off-the-rack sample uniform, for review.
- **Uniform garments shall be delivered within 90 calendar days (12 weeks) from the date measurements are taken.** Measurements are typically conducted during **week 5 or 6** of the Recruit Class. - Vendors must coordinate delivery timelines accordingly and confirm measurement dates upon order initiation.

2. Recruit Class – Adjustments / Tailoring

- All necessary adjustments needed on off-the-rack with tailoring to fit uniforms will be corrected within **2 weeks**.
- Vendors will be allowed two (2) opportunities to correct uniform issues. If unsuccessful after two (2) attempts, the vendors will be required to provide new uniform components at no cost to DSP.

c) Annual Replacement, Other

Municipalities or other State Agencies may attend a DSP annual fitting/measurement appointment or will coordinate a separate appointment with vendor. Non-DSP replacements require written authorization from the agency/municipality identifying what replacements have been pre-approved. **(No per officer, per item minimums will be considered.)**

Order Cancellation - Recruits

Agencies are required to notify Vendor within 48 hours of discovery of recruit resignation or termination to cancel uniform order. 4. Substitutions/Alternatives

Ensuring the end-product is cohesive with that of existing uniforms; style, fabric, look, and color, is extremely important. While a substitution/alternative may be an option in the event of order delays, any substitution **MUST MEET** all specifications as outlined in the scope of work or addendum to the contract, at or below the awarded contract price. Substitutions/alternatives must be communicated with the ordering agency prior to order processing.

5. Back Order

Communication and prompt delivery of quality uniforms is crucial to this contract. It is the responsibility of the vendor to notify the ordering agency, in writing, immediately upon determination of potential delays. The vendor shall explain the reason for the delay and provide an updated delivery date. A penalty* of \$1.00 per day per item may be charged for orders where the vendor has not communicated delivery days. Habitual failures to meet delivery turnaround times (as specified in Appendix F) or failure to communicate delays with

STATE OF DELAWARE
Office of Management and Budget

the agency may result in Corrective Action, impacting extension considerations and future award considerations.

*The penalty fee is applied for non-communication of delivery delays.

6. Packaging

All deliveries shall be packaged individually, and the package shall be clearly marked on the outside with the purchase order number. The packing list shall include detailed information, i.e., customer name and sizes enclosed as needed in accordance with the purchase order to facilitate inspection and distribution of the product at destination.
