Central Contracts Related to Public Works

CONTRACT PROCUREMENT

This Request for Proposals is issued as a Central Contracting procurement pursuant [29 Del. C. § 6911](#) with resulting central contract award. The structure of this Request for Proposals does not remove or relinquish Public Works procurement procedures required by [29 Del. C. ch. 69, Subchapter IV](#) as applied specifically to individually defined projects. Distinction from a Public Works contract is made in this Request for Proposals in that the resulting award is intended for services of recurring need with undetermined quantities contrast to Public Works contract awarded for individual projects.

ENGINEERED PLANS

If the project does not require architectural and engineering services per [29 Del. C. § 6962\(d\)\(b\)](#), the agency head may waive in writing the use of such services. Should there be a need for a specific agency project for an engineered plan, the agency is responsible for acquiring the services needed.

MANDATORY PRE-BID MEETING NOT REQUIRED

The Public Works pre-bid meeting requirement per [29 Del. C. § 6962\(d\)\(10\)](#) does not apply to this solicitation. Mandatory pre-bid meetings intended to discuss specific projects and determine subcontractors needed are not required as this solicitation does not seek a solution for a single project.

REGISTERED OR PREQUALIFIED BIDDERS

Bidders are not required to be registered or prequalified for this Request for Proposals. All bidding documents are made publicly available on <http://bids.delaware.gov/>. While subcontractors are not required to be prequalified for this solicitation, subcontractors, if used, should be identified individually on the subcontractor form included with this solicitation without a prequalification requirement.

BID BOND NOT REQUIRED

The bid bond requirement in Public Works Procurement [29 Del. C. § 6962\(d\)\(8\)](#) is not applicable for this solicitation. This solicitation seeking undetermined quantities does not meet the surety requirement of 10% of a known project. No Bid Bond is required for this Request for Proposals.

PREVAILING WAGE

The prevailing wage law, [29 Del. C. § 6960\(a\)](#), is enforced by the Department of Labor and states that the specifications for every contract or aggregate of contracts relating to a Public Works project in excess of \$500,000 for new construction (including painting and decorating) or \$45,000 for alteration, repair, renovation, rehabilitation, demolition or reconstruction (including painting and decorating of building or works) to which this State or any subdivision thereof is a party and for which the State appropriated any part of the funds and which requires or involves the employment of mechanics and/or laborers shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics which shall be based upon the wages that will be determined by the Delaware Department of Labor, Division of Industrial Affairs, to be prevailing in the county in which the work is to be performed.

The Department of Labor has determined that this contract and any work that stems from this contract regardless of location is subject to prevailing wage. The Department of Labor Prevailing Wage sheet for work performed under this central contract is attached. The Vendor is required to conform with this determination and rate sheet.

According to [29 Del C. 6960\(c\)](#), every contract based upon these specifications shall contain a stipulation that sworn payroll information, as required by the Department of Labor, be furnished weekly. The Department of Labor shall keep and maintain the sworn payroll information for a period of 6 months from the last day of the work week covered by the payroll.

CONTRACTOR REGISTRATION ACT

On July 1, 2021, the Contractor Registration Act, as codified in 19 Del. C. §§ 3601 et seq, took effect. This law requires all contractors to register with the Delaware Department of Labor before performing construction services or maintenance. The Contractor Registration Act applies to all contractors that engage in construction and maintenance within the State of Delaware. Additionally, it requires contractors to have Delaware workers' compensation insurance where required, compliance with labor laws, and proof of a state business license. The Delaware Department of Labor's Office of Contractor Registration is responsible for enforcement of the requirements of the Contractor Registration Act. If you have any questions about the contractor registration process, please call 302-430-7739 or email Contract.Registry@delaware.gov. Registration at onestop.delaware.gov.
