Description

INVITATION FOR BIDS

Road Weather Information System Instrumentation and Equipment

SOLICITATION # DOT210201KT

This Invitation for Bids (“IFB”) is issued in accordance with the Utah Procurement Code and applicable administrative rules of the Utah Administrative Code. If any provision of this IFB conflicts with the Utah Procurement Code or the Utah Administrative Code, then Utah Procurement Code and then Utah Administrative Code will take precedence.

Purpose of this Solicitation

The purpose of this IFB is to enter into a contract, with qualified contractors to provide Road Weather Information System instrumentation, related components, subcomponents, and parts.

Award of Contract

It is anticipated that this IFB will result in multiple contract awards. The methodology that will be used to determine the number of contract awards will be the following:

The offeror with the lowest cost by the component will be awarded a contract and all vendors with a component cost within 10 percent shall also be awarded a contract.

As a multiple award contract, all vendors awarded will be considered best value and there will not be an award priority.

Background

The Utah Department of Transportation’s (UDOT) Road Weather Information System (RWIS) currently consists of more than 150 maintained Environmental Sensor Stations (ESS) and 1,600 tracked devices across the state of Utah and continues to expand. The stations operate either on cellular or fiber communications, sending data via TCP/IP, and are either powered over an AC service or a solar photovoltaic 12V DC system. UDOT’s ESS consists of atmospheric and road sensors polled in regular intervals via a Campbell Scientific datalogger. All of the data is then retrieved by existing Campbell Scientific LoggerNet software from a Windows-based server.

UDOT has been a leader and innovator in the RWIS field and as such, anticipates the scope of work will evolve as technological advances avail themselves to the program. The goal of the program is to offer near real-time information in a cost-effective manner to all of UDOT's customers. These include, but are not limited to, Traveler Information, Maintenance/Construction, the Traffic Management Division, and any public, private, and academic interest.

The purpose of this contract is to provide RWIS instrumentation, related components, subcomponents, and parts to UDOT’s Weather Operations Group and other groups within UDOT that may require the provided equipment for other Intelligent Transportation System purposes. The list of desired items and their required specifications are listed in Attachment B. In the attached Price List spreadsheet, please list the applicable item and any components that may need to be purchased to complement that part.

Length of the Contract

The contract resulting from this IFB will be for five (5) years.

Issuing Procurement Unit, Conducting Procurement Unit, and Solicitation Number

The UDOT Division of Procurement Services is the issuing procurement unit for this IFB on behalf of the UDOT Traffic Management Division, which is the conducting procurement unit (referred to as "UDOT"). The reference number for this IFB is Solicitation #DOT210201KT. This solicitation number must be referred to on all bids, correspondence, and documentation submitted to UDOT relating to this IFB.

Additional Information

Bidders are prohibited from communications regarding this IFB with the conducting procurement unit staff, evaluation committee members, or other associated individuals EXCEPT the procurement officer overseeing this IFB.

Wherever in this IFB an item is defined by using a trade name, brand name, or a manufacturer and/or model number, it is intended that the words, "or equivalent" apply; and invites the submission of equivalent products by the Bidders.

Bidders may be required to submit product samples to assist the chief procurement officer or head of a procurement unit with independent procurement authority in evaluating whether a procurement item meets the specifications and other requirements set forth in the invitation to bid. Product samples must be furnished free of charge unless otherwise stated in the invitation for bids, and if not destroyed by testing, will upon written request within any deadline stated in the invitation for bids, be returned at the bidder's expense. Samples must be labeled or otherwise identified as specified in the invitation for bids by the procurement unit.

Evaluation of Bids

Pricing will only be evaluated on each primary item as listed below (enter prices on the accompanying Price List spreadsheet). A contract will be awarded to a vendor if it can supply any primary item at the lowest price. Once a contract has been awarded, UDOT reserves the right to purchase any cheaper like-items or other components and parts from the vendor's full catalog. UDOT makes no guarantee to purchase any item from any vendor.

All pricing must be guaranteed for one (1) year. Following the guarantee period, any request for price adjustment must be for an equal guarantee period and must be made at least 30 days prior to the effective date. Requests for price adjustment must include sufficient documentation (market analysis). Any adjustment or amendment to the contract will not be effective unless approved by UDOT. UDOT will be given the immediate benefit of any decrease in the market or allowable discount. If a listed item is discontinued, UDOT must be notified and agree to a substitute item.

Each bid received shall be evaluated for responsiveness as outlined in the Utah Procurement Code. This IFB shall be evaluated by the objective criteria described in this IFB. Bids submitted must comply with the prerequisites and questions sections of this IFB. Any bid that does not comply with the prerequisite and questions sections will be deemed non-responsive and will be rejected.

Multiple or alternate bids will not be accepted, unless otherwise specifically required or allowed in the invitation for bids. If a bidder submits multiple or alternate bids that are not requested in this IFB, the procurement official will only accept the bidder's primary bid and will not accept any other bids constituting multiple or alternate bids.

Any exceptions to the content of this IFB, including the prerequisites, must be protested in writing to the UDOT Procurement Service Division prior to the closing date.

To be responsive and responsible Bidders must review and respond to the following sections of this IFB: Prerequisites, Buyer Attachments, Questions, and Items.

- The Prerequisites Section contains the objective criteria that will be used to evaluate the bids, including the mandatory minimum requirements and general requirements that Bidders must certify that they have read, understand, and agree to in order to submit a bid.
 - The Buyer Attachments Section contains the required State of Utah Terms and Conditions of the IFB, which are non-negotiable, and other documents required for this IFB.
 - The Questions Section contains the questions that Bidders are required to answer in order to submit a bid.
 - The Items Section contains the detailed description of the procurement items being sought and allows the Bidders to provide their bids.
- Bidders must review each section carefully.

Stage Description

No description available.

Prerequisites

★ Required to Enter Bid

1 ★ Instructions To Vendor :

Bidders are encouraged to review this IFB prior to the deadline to submit a bid, even if a bid has been submitted, in case an addendum has been issued by the issuing procurement unit.

Certification

I certify that I have read and agree to the terms above.

Vendor Must Also Upload a File:

No

Prerequisite Content:

Addenda shall be distributed within a reasonable time to allow prospective Bidders to consider the addenda in preparing bids. After the due date and time for submitting bids, at the discretion of the issuing procurement unit, addenda to this IFB may be limited to bidders that have submitted bids, provided the addenda does not make a substantial change to this IFB.

2 ★ **Instructions To Vendor :**

All questions must be submitted through SciQuest during the Question and Answer period.

Certification

I certify that I have read and agree to the terms above.

Vendor Must Also Upload a File:

No

Prerequisite Content:

The Question and Answer period closes on date and time specified on SciQuest. All questions must be submitted through SciQuest during the Question and Answer period. Answers from the UDOT Procurement Division will be posted on SciQuest. Questions may include notifying the UDOT Procurement Division of any ambiguity, inconsistency, scope exception, excessively restrictive requirement, or other errors in this IFB. Questions are encouraged.

Questions may be answered individually or may be compiled into one document.

Questions may also be answered via an addendum. An answered question or an addendum may modify the specification or requirements of this IFB. Answered questions and addendums will be posted on SciQuest. Bidders should periodically check SciQuest for answered questions and addendums before the closing date. It is the responsibility of the bidders to submit their bids as required by this IFB, including any requirements contained in an answered question and/or addendums.

NOTE: Exceptions taken by a bidder to the scope/content of this IFB that have not been addressed during the Question and Answer period will result in the bidder being rejected.

3 Instructions To Vendor :

A Bidder must guarantee its pricing for the period described in this IFB.

Certification

I certify that I have read and agree to the terms above.

Vendor Must Also Upload a File:

No

Prerequisite Content:

All pricing must be guaranteed for one (1) year. Following the guarantee period, any request for price adjustment must be for an equal guarantee period and must be made at least 30 days prior to the effective date. Requests for price adjustment must include sufficient documentation (market analysis). Any adjustment or amendment to the contract will not be effective unless approved by UDOT. UDOT will be given the immediate benefit of any decrease in the market or allowable discount. If a listed item is discontinued, UDOT must be notified and agree to a substitute item.

4 ★ **Instructions To Vendor :**

The Scope of Work has been attached to this IFB. See Buyer Attachments section.

Certification

I certify that I have read and agree to the terms above.

Vendor Must Also Upload a File:

No

Prerequisite Content:

The Scope of Work has been attached to this IFB. Bidders should review the Scope of Work before submitting their responses to the IFB.

By reviewing the Scope of Work the Bidders will have a better understanding of the procurement item(s) that is being request from this IFB.

5 ★ **Instructions To Vendor :**

Any Bidder requesting that part of its bid be protected shall include with the bid a Claim of Business Confidentiality. See Questions Section for uploading a Claim of Business Confidentiality form.

Certification

I certify that if my bid contains confidential or protected information that I will provide a Claim of Business Confidentiality form as part of my bid.

Vendor Must Also Upload a File:

No

Prerequisite Content:

Pricing may not be classified as confidential or protected and will be considered public information.

Process for Requesting Non-Disclosure: Any Bidder requesting that a record be protected shall include with the bid a Claim of Business Confidentiality. To protect information under a Claim of Business Confidentiality, the Bidder must complete the Claim of Business Confidentiality form with the following information:

Provide a written Claim of Business Confidentiality at the time the information (bid) is provided to the state, and

- Include a concise statement of reasons supporting the claim of business confidentiality (Subsection 63G-2-309(1)).
- Submit an electronic “redacted” (excluding protected information) copy of the proposal. Copy must clearly be marked “Redacted Version.”

The Claim of Business Confidentiality form may be accessed at:

<http://www.purchasing.utah.gov/contract/documents/confidentialityclaimform.doc>

An entire bid cannot be identified as “**PROTECTED**”, “**CONFIDENTIAL**” or “**PROPRIETARY**” and shall be considered non-responsive unless the Bidder removes the designation.

Redacted Copy: If a Bidder submits a bid that contains information claimed to be business confidential or protected information, the Bidder **MUST** submit two separate proposals: one redacted version for public release, with all protected business confidential information either blacked-out or removed, clearly marked as "Redacted Version"; and one non-redacted version for evaluation purposes clearly marked as "Protected Business Confidential."

All materials submitted become the property of the UDOT. Materials may be evaluated by anyone designated by the UDOT as part of the bid evaluation committee. Materials submitted may be returned only at the option of the UDOT.

6 ★ **Instructions To Vendor :**

The mandatory minimum requirements are the objective criteria in which the conducting procurement unit will evaluate bids. Bidders must upload a document which provides a point by point response to the mandatory minimums listed in this prerequisite.

Certification

I certify that I have attached a file that provides a point by point response to the mandatory minimums listed in this prerequisite.

Vendor Must Also Upload a File:

No

Prerequisite Content:

Bidders must demonstrate the ability to meet or exceed the mandatory minimum requirements outlined below by providing a narrative point by point response, in the order listed, to each requirement.

The mandatory minimum requirements must be met in order for a bid to be considered responsive. The mandatory minimums are stated in the Attachment B: Scope of Work document.

All of the items described in this section are non-negotiable. However, if a manufacturer's specification is used or identified above, then a bid may include, in sufficient detail, that its bid contains an equivalent brand.

If it is determined that a bid does not meet these requirements, at any time during the solicitation process, it will be deemed non-responsive and disqualified from further consideration.

If a bid is considered responsive then it will be considered for contract award.

If a bidder needs to upload more than one file as required by this prerequisite, then the bidder will need to put the files in a single zip file.

7 ★ **Instructions To Vendor :**

The issuing procurement unit may not accept a bid after the time for submission of a bid has expired.

Certification

I certify that I have read and agree to the terms above.

Vendor Must Also Upload a File:

No

Prerequisite Content:

When submitting a bid or modification electronically, bidders must allow sufficient time to complete the online forms and upload documents. This IFB will end at the closing time posted on SciQuest. If a bidder is in the middle of uploading a bid when the closing time arrives, SciQuest will stop the process and the bid or modification to the bid will not be accepted.

It is the bidder's responsibility to ensure that they have completed all requirements, read and reviewed all documents, submitted all required information, uploaded all required forms, and submitted their bid prior to the closing time. Even if a bidder completes all sections, but does not submit their bid, the UDOT Procurement Division will not be able to receive their bid and they will be deemed non-responsive.

Be aware that entering information and uploading documents onto SciQuest may take time. Bidders should not wait until the last minute to submit a bid. Bidders are strongly encouraged to start the submission process early in order to allow sufficient time for completing their bids. If a bidder is still working on its bid when the solicitation closes then when the screen refreshes to the next page, it will receive a 500 Session Timed Out Application Error. After reopening the solicitation a bidder will see that the solicitation is closed and it will not be allowed to submit its bid. As such, it is strongly recommended that bids be uploaded and completed at least two days before any established deadline in the solicitation so that a bid will not be received late and be ineligible for award consideration.

8 ★ **Instructions To Vendor :**

The cost for this IFB will be evaluated as described in this prerequisite.

Certification

I certify that I have read and agree to the terms above.

Vendor Must Also Upload a File:

No

Prerequisite Content:

Cost will be evaluated using the following method:

The offeror with the lowest cost by the component will be awarded a contract and all vendors with a component cost within 10 percent shall also be awarded a contract.

As a multiple award contract, all vendors awarded will be considered best value and there will not be an award priority.

9 ★ **Instructions To Vendor :**

Bids must be submitted electronically, through SciQuest.

Certification

I certify that I have read and agree to the terms above.

Vendor Must Also Upload a File:

No

Prerequisite Content:

When submitting a bid electronically through SciQuest, please allow sufficient time to complete the online forms and to upload bid documents. The IFB will end at the deadline. If a Bidder is in the middle of uploading a bid when the deadline arrives, the system will stop the upload process and the bid will not be accepted by SciQuest, and the attempted submission will be considered late and ineligible for consideration.

Questions

★ Vendor Response Is Required

Page 1

Group 1

- 1.1 Section 889(a)(1) of the 2019 National Defense Authorization Act prohibits the United States federal government, government contractors, and grant and loan recipients (which includes UDOT) from procuring or using telecommunications equipment produced by Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities), as a "substantial or essential component of any system, or as critical technology as part of any system." Offerors shall certify that their proposed equipment complies with this regulation (Annual recertification of compliance may also be required). If you do not comply your proposal will be rejected. Do you comply with the statement above?
Yes/No ★
- 1.2 Do you agree to the Standard Terms and Conditions that have been attached to this IFB?
Yes/No ★
- 1.3 Please provide your firm's legal company name.
Text (Multi-Line) ★
- 1.4 Vendor certifies that the procurement item it provides meets or exceeds the specifications/product requirements provided in this IFB.
Yes/No ★
- 1.5 Does your firm assert a claim of business confidentiality for any of the following information submitted in response to this solicitation? If yes please attach the following business confidentiality claim as part of your bid. In addition, please attach a redacted copy of any document that contains confidential information.
Yes/No ★
- 1.6 Please provide your federal tax identification number? (If the vendor is sole proprietor please do not provide your social security number.)
Text (Multi-Line) ★
- 1.7 Please provide your firm's contact information for this contract, including the name, phone number, and email address of your firm's authorized representative.
Text (Multi-Line) ★
- 1.8 Please provide your ordering address and the remit to address. Please clearly identify each address.
Text (Multi-Line) ★
- 1.9 Please provide your firm's State of Utah Sales Tax ID Number.
Text (Multi-Line) ★
- 1.10 Identify your firm's type of business.
Multiple Choice (Pick One)
Partnership
Government
Sole Proprietor
Non-Profit Corporation
For-Profit Corporation
- 1.11 Is Offeror (owners, principles, partners) a retiree currently receiving benefits through the Utah Retirement Systems (URS)?
Yes/No ★

Q&A Board

Subject = DOT210201KT (The KRS Sales Group)**Private Thread**

Q: Are all items to be for "fixed" locations? Will the State consider mobile systems?

Question added by: Jim Boyle

4/7/2021 8:37 AM MDT

No Answer

Subject = Road Surface Condition/Road Surface Temperature (Vaisala Inc)**Public Thread**

Q: For the road surface condition and temperature sensors, what is meant by "stand-alone"?

Question added by: Eric Paulk

4/5/2021 10:40 AM MDT

A: For these products, they only need to meet the specifications listed (i.e., the product only reports road condition and grip or the product only reports road temperature). If a product can report road condition, grip, and road temperature, but does not meet the requirements of a combination sensor(s) (item 19), it can still be listed as a stand-alone sensor.

Answered by: Kai Turner

4/6/2021 8:18 AM MDT

Subject = Price List (CAMPBELL SCIENTIFIC INC)**Public Thread**

Q: Can UDOT please clarify if it is required that pricing be provided for all 19 items or is it possible to bid on only a subset?

Question added by: Julie Gayler

4/1/2021 5:59 PM MDT

A: It is not expected that any one vendor can supply all 19 items. A vendor can bid on as many or as few of these items that they'd like

Answered by: Kai Turner

4/5/2021 8:40 AM MDT

Subject = Attachment B - Mounting Hardware (CAMPBELL SCIENTIFIC INC)**Public Thread**

Q: For the including of mounting hardware - can UDOT please clarify if this request includes hardware items such as cross arms, pipe, clamps etc that would be connected to the tower or tripod in order to mount the sensors?

Question added by: Julie Gayler

4/1/2021 3:46 PM MDT

A: Listing any or all supplemental items is optional, but is allowed for the vendor to illustrate the other items UDOT may need in addition to the primary item. If you are awarded a contract for that primary item, UDOT will be allowed to buy those supplemental items whether they are listed or not.

Answered by: Kai Turner

4/5/2021 8:40 AM MDT
