This request for proposals (“RFP”) is issued pursuant to 29 *Del. C.* §§ [6981 and 6982](#).

The proposed schedule of events subject to the RFP is outlined below:

Each proposal must be accompanied by a transmittal letter which briefly summarizes the proposing firm's interest in providing the required professional services. The transmittal letter must also clearly state and justify any exceptions to the requirements of the RFP which the applicant may have taken in presenting the proposal. (Applicant exceptions must also be recorded on Attachment 3).

Furthermore, the transmittal letter must attest to the fact, at a minimum, that the Vendor shall not store or transfer non-public State of Delaware data outside of the United States.

For technology related solicitations, Vendors may refer to the Delaware Department of Technology and Information identified terms and conditions included in this solicitation.

The State of Delaware reserves the right to deny any and all exceptions taken to the RFP requirements.

A pre-bid meeting has NOT been established for this Request for Proposal.

Questions may be submitted no later than November 5, 2025. All inquiries must be submitted in the Q/A section of the project listing in the [Bonfire Procurement Portal \(https://dhss.bonfirehub.com\)](https://dhss.bonfirehub.com).

The Department's response to questions will be posted, according to the procurement schedule, under the project listing in Bonfire and to the State of Delaware Bid Solicitation Directory Website: <http://www.bids.delaware.gov> by November 19, 2025.

II. Scope of Services

In May 2024, DMMA was approved by the Centers for Medicare & Medicaid Services (CMS) to deliver Contingency Management (CM) services through the State’s Delaware Diamond State Health Plan Section 1115(a) Demonstration Waiver.

DMMA has developed programmatic specifications for the DMMA CM program, including beneficiary eligibility, target behaviors, distribution of motivational incentives, and other programmatic specifications for each of its two CM programs:

- one for individuals with stimulant use disorders (StUD), and
- one for pregnant and parenting people (PPP) with opioid use disorder (OUD) (see summary of CM programs in Table 1 below, and Appendix D for details).

DMMA plans to directly fund a CM incentive management platform that will – in partnership with DMMA and the CM providers – provide motivational incentives to participants who meet program goals and collect patient utilization data for evaluation purposes.

DMMA will also directly reimburse CM provider sites for their utilization of a CM billing code that covers administrative costs such as providing patient education and entering beneficiary data into the platform.

Statewide implementation of the CM program under the 1115 waiver will begin on or around April 1, 2026, and will be completed December 31, 2028. DMMA plans to contract with the CM incentive manager platform prior to statewide implementation, at or around March 1, 2026. During this timeframe, DMMA anticipates that no more than ten (10) providers will be selected for the CM program, and that no more than 800 beneficiaries will receive CM services.

Table 1: Brief Overview of DMMA CM Programs

CM Program	Beneficiary Requirements	Anticipated Number of Participants*	Diagnosis	Maximum Duration of Program	Target Behavior	Payout Schedule
Stimulant use disorder (StUD)	18+ and enrolled in one of Delaware’s Medicaid managed care organizations	SFY 2026: 40 SFY 2027: 165 SFY 2028: 165 SFY 2029: 30	Stimulant use disorder (e.g., methamphetamine, cocaine)	24 weeks	Non-use of stimulants as evidenced by negative point-of-care urine drug screenings	Planned annual incentive amount of \$599.
Pregnant and parenting people with opioid use disorder (PPP-OUD)	18+, pregnant or up to 12 months postpartum, and enrolled in one of Delaware’s Medicaid managed care organizations	SFY 2026: 30 SFY 2027: 175 SFY 2028: 175 SFY 2029: 20	Opioid use disorder (e.g., prescription opioids such as oxycodone or hydrocodone, as well as illegal drugs like heroin)	24 weeks	Medication adherence to include any Food and Drug Administration approved medications to treat OUD	Payout schedule varies, see sample schedule in Appendix C.

*Note: The number of anticipated participants is listed by state fiscal year (SFY), which runs from July 1st through June 30th.

DMMA is seeking proposals from qualified vendors to provide an incentive management platform for contingency management services aimed at treating selected substance use disorders (SUD).

The selected vendor will be required to provide a comprehensive incentive management platform for selected CM providers that includes the following features:

- **Automated Incentive Delivery:** Real-time calculation, delivery, and tracking of incentives.
- **Customization:** Ability to configure various incentive delivery schedules, reinforcement periods, and targeted behaviors.
- **Security:** Ensuring data privacy and security compliance.
- **Reporting:** Detailed reporting and analytics on program outcomes.
- **User-Friendly Interface:** Easy-to-use interface for both staff and participants.
- **Training:** Support and training for staff to effectively use the platform.
- **Compliance:** Compliance with relevant state and federal regulations and guidelines and mechanisms to prevent fraud, waste, and abuse.

At this time, DMMA is **not** interested in vendor solutions that involve:

- vendor staff providing direct support or services to CM participants;
- telehealth functionality for appointments, observed drug testing, and/or observed medication administration; or
- social networking or peer-to-peer support for CM participants.

However, direct-to-participant technical support is requested, as described below.

More specifically, vendors must meet the following requirements (see Appendix B for detailed Scope of Work).

- **Develop and implement an Incentive Management (IM) service**, including providing the ability to register providers and participants, calculate participants incentives, and distribute the incentives to participants.
- **Develop and produce training materials and facilitate training** for the IM service for end users, including administrators, providers, and participants. *The vendor must provide a detailed description of how and whether it supports training and education for participants.*
- **Collect, validate, calculate, analyze, and translate data**, including but not limited to, provider data, beneficiary data, performance measures, encounter data, and medical records.
- **Provide ongoing technical support for end users of the IM service**, including a help desk or customer service
- **Develop, implement, and maintain processes for compliance with all applicable federal and State privacy and security rules and regulations** regarding the receipt, storage, and transmission of clients' health information.

- **Establish and report on program integrity processes** to address the risk of waste, fraud and abuse by end users and employees or subcontractors through the improper dissemination and use of financial incentives.

Please refer to Appendix B for the full scope of work.

7. Proposal Opening

The State of Delaware will receive proposals via Bonfire until the date and time shown in this RFP. Proposals will be opened in the presence of State of Delaware personnel.

There will be no public opening of proposals, but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be disclosed in accordance with [Executive Order # 31](#) and Title 29, Delaware Code, [Chapter 100](#).

8. Non-Conforming Proposals

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The

determination of whether an RFP requirement is substantive, or a mere formality shall reside solely within the State of Delaware.

9. Concise Proposals

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

10. Realistic Proposals

It is the expectation of the State of Delaware that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

The State of Delaware shall bear no responsibility or increase obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

11. Confidentiality of Documents

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, 29 Del. C. § 10001, et seq. ("FOIA"). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. All proposals are subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure, or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in separate file(s) identified as “Confidential Business Information” and include the specific RFP number. The file must contain a letter from the vendor’s legal counsel describing the documents in the file, representing in good faith that the information in each document is not “public record” as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such separate file(s), the State of Delaware will open the file to determine whether the procedure described above has been followed. A vendor’s allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, vendor(s) assume the risk that confidential business information included in a proposal may enter the public domain.

12. Multi-Vendor Solutions (Joint-Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the “**prime contractor**”. The “**prime contractor**” must be the joint venture’s contact point for the State of Delaware and be responsible for the joint venture’s performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The State of Delaware expects to negotiate and contract with only one “prime vendor”. The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.18 regarding multiple source contracting.

b. Sub-contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name.

The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used. Any subcontractors must be approved by State of Delaware.

c. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

13. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

The use of subcontractors will not be permitted for this project.

If a subcontractor is going to be used, this needs to be specified in the proposal, with an identification of the proposed subcontractor, the service(s) to be provided, and its qualifications to provide such service(s).

Subcontractors will be held to the same requirements as the primary contractor.

The contract with the primary contractor will bind sub or co-contractors to the primary contractor by the terms, specifications, and standards of the RFP. All such terms, specifications, and standards shall preserve and protect the rights of the agency under the RFP and any subsequent proposals and contracts with

respect to the services performed by the sub or co-contractor, so that the sub or co-contractor will not prejudice such rights. Nothing in the RFP shall create any contractual relation between any sub or co-contractor and the agency.

14. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

15. RFP Question and Answer Process

The State of Delaware will allow written requests for clarification of the RFP.

Questions must be submitted before the due date identified in the Procurement Schedule for this RFP. All inquiries must be submitted in the "Public Q/A" section of the project listing in the [Bonfire Procurement Portal \(https://dhss.bonfirehub.com\)](https://dhss.bonfirehub.com).

The Department's response to questions will be posted, according to the procurement schedule, under the project listing in Bonfire and to the State of Delaware Bid Solicitation Directory Website: <http://www.bids.delaware.gov/>.

To contact Delaware Health and Social Services or ask questions in relation to this RFP, respondents must register with the Organization's public purchasing portal at <https://dhss.bonfirehub.com> (the "Portal") and initiate the communication electronically through the Opportunity Q&A. Delaware Health and Social Services will not accept any respondent's communications by any other means, except as specifically stated in this RFP.

16. State's Right to Reject Proposals

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified

project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

17. State’s Right to Cancel Solicitation

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor’s participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

18. State’s Right to Award Multiple Source Contracting

Pursuant to 29 *Del. C.* [§ 6986](#), the State of Delaware may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of the State of Delaware.

19. Potential Contract Overlap

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

20. Supplemental Solicitation

The State reserves the right to advertise a supplemental solicitation during the term of the Agreement if deemed in the best interest of the State.

21. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

22. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at www.bids.delaware.gov and (<https://dhss.bonfirehub.com>). The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

23. Exceptions to the RFP

Any exceptions to the RFP, or the State of Delaware's terms and conditions, must be recorded on Attachment 3. Acceptance of exceptions is within the sole discretion of the evaluation committee.

24. Business References

Provide at least three (3) business references consisting of current or previous customers of similar scope and value using Attachment 5. Include business name, mailing address, contact name and phone number, number of years doing business with, and type of work performed. Personal references cannot be considered.

25. Award of Contract

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status.

26. Cooperatives

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation. **State of Delaware terms will take precedence.**

C. RFP Evaluation Process

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in a timely manner any and all information that the State of Delaware may deem necessary to decide.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 *Del. C.* §§ [6981 and 6982](#). Professional services for this solicitation are considered under 29 *Del. C.* § 6982(b). The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to the Delaware Division of Medicaid and Medical Assistance's Director, who shall have final authority, subject to the provisions of this RFP and 29 *Del. C.* § [6982\(b\)](#), to award a contract to the successful vendor in the best interests of the State of Delaware.

2. Proposal Selection Criteria

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team’s consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to 29 *Del. C.* § [6986](#). Such selection will be based on the following criteria:
 - Whether procuring two or more vendors benefits DMMA, its providers, and/or CM participants in terms of effectiveness, efficiency, cost reasonableness, or other factors.

Criteria Weight

All proposals shall be evaluated using the same criteria and scoring process. The following criteria shall be used by the Evaluation Team to evaluate proposals:

Criteria	Weight
Platform features and functionality	40
The qualifications, experience, and reputation of the Vendor	20
Support and training offerings	20
Compliance with regulatory requirements	10
Pricing	10

Criteria	Weight
Total	100%

Vendors are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a vendor’s capabilities so the responding vendor should be detailed in their proposal responses.

3. Proposal Clarification

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor’s reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

5. Oral Presentations

After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

The selected vendors will have their presentations scored or ranked based on their ability to successfully meet the needs of the contract requirements, successfully demonstrate their product and/or service, and respond to questions about the solution capabilities.

The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for the State of Delaware are the vendor’s responsibility.

V. Contract Terms and Conditions

A. Contract Use by Other Agencies

REF: Title 29, Chapter [6904](#)(e) Delaware Code. If no state contract exists for a certain good or service, covered agencies may procure that certain good or service under another agency's contract so long as the arrangement is agreeable to all parties. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties.

B. Cooperative Use of Award

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

C. General Information

1. The term of the contract between the successful bidder and the State shall be for one (1) year and four (4) months, covering the period of March 1, 2026, through June 30, 2017.
The State reserves the right to enter into one (1) optional extension for a period of one (1) year and six (6) months, covering the period of July 1, 2027, through December 31, 2028.
2. As a Service subscription license costs shall be incurred at the individual license level only as the individual license is utilized within a fully functioning solution. Subscription costs will not be applicable during periods of implementation and solution development prior to the State's full acceptance of a working solution. Additional subscription license requests above actual utilization may not exceed 5% of the total and are subject to Delaware budget and technical review.
3. The selected vendor will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Vendors will be required to sign the contract for all services and may be required to sign additional agreements.
4. The selected vendor or vendors will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement.

This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.

5. The State of Delaware's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
6. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt of a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions once it is received by the successful vendor.
7. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.
8. The State reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.
9. Vendors are not restricted from offering lower pricing at any time during the contract term.

D. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals,

whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

E. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

F. Solicitation of State Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

G. General Contract Terms

1. Independent Contractors

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers

compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at the State of Delaware's discretion as to the location of work for the contractual support personnel during the project period. The State of Delaware may provide working space and sufficient supplies and material to augment the Contractor's services.

2. Temporary Personnel are Not State Employees Unless and Until They are Hired.

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third-party governmental entity determines that the State of Delaware is a dual employer, or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor's obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. Notice can be issued at second month if it is the State's intention to hire.

3. Work Performed in a State Building

Awarded Vendor(s) who have any employees carrying out any work related to the awarded contract at a State facility shall have those employees comply with any health mandate or policy issued by the State related to a pandemic or other State of Emergency issued by any State authority during the term of the awarded contract, including those that apply directly to State employees.

4. ACA Safe Harbor

The State and its utilizing agencies are not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act (“ACA”). Therefore, the State seeks to utilize the “Common-law Employer Safe Harbor Exception” under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an “Additional Fee” with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e., per employee, per invoice, etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged, nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

5. Licenses and Permits

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § [2502](#).

Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

6. Notice

Any notice to the State of Delaware required under the contract shall be sent by registered mail to:

Dr. Sherry Nykiel
Delaware Division of Medicaid and Medical Assistance
1901 N. DuPont Highway, New Castle, DE 19720
Sherry.Nykiel@delaware.gov

7. Indemnification

a. General Indemnification

By submitting a proposal, the proposing vendor agrees that in the event it is awarded a contract, it will indemnify and otherwise hold harmless the State of Delaware, its agents and employees from any and all liability, suits, actions, or claims, together with all costs, expenses for attorney's fees, arising out of the vendor's, its agents and employees' performance work or services in connection with the contract.

b. Proprietary Rights Indemnification

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware, the State of Delaware shall promptly notify the vendor in writing and vendor shall defend such claim, suit or action at vendor's expense, and vendor shall indemnify the State of Delaware against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively "Products") is or in vendor's reasonable judgment is likely to be, held to

constitute an infringing product, vendor shall at its expense and option either:

- (1) Procure the right for the State of Delaware to continue using the Product(s);
- (2) Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- (3) Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that the State of Delaware agrees to and accepts in writing.

8. Insurance

- a. Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney's fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor's negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.

Agreement. To the extent that the Vendor procures insurance coverage in amounts higher than the amounts required by this Agreement, all said additionally procured coverages will be applicable to any loss or claim and shall replace the insurance obligations contained herein.

- h. To the extent that Vendor has complied with the terms of this Agreement and has procured insurance coverage for all vehicles Leased and/or operated by Vendor as part of this Agreement, the State of Delaware's self-insured insurance program shall not provide any coverage whether coverage is sought as primary, co-primary, excess or umbrella insurer or coverage for any loss of any nature.

services of the vendor. Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

13. Warranty

The Vendor will provide a warranty that the deliverables provided pursuant to the contract will function as designed for a period of no less than one (1) year from the date of system acceptance. The warranty shall require the Vendor correct, at its own expense, the setup, configuration, customizations or modifications so that it functions according to the State's requirements.

14. Costs and Payment Schedules

All contract costs must be as detailed specifically in the Vendor's cost proposal. No charges other than as specified in the proposal shall be allowed without written consent of the State of Delaware. The proposal costs shall include full compensation for all taxes that the selected vendor is required to pay.

The State of Delaware will require a payment schedule based on defined and measurable milestones. Payments for services will not be made in advance of work performed. The State of Delaware may require holdback of contract monies until acceptable performance is demonstrated (as much as 25%).

15. Liquidated Damages

The State of Delaware may include in the final contract liquidated damages provisions for non-performance.

16. Dispute Resolution

At the option of the parties, they shall attempt in good faith to resolve any dispute arising out of or relating to this Agreement promptly by negotiation between executives who have authority to settle the controversy and who are at a higher level of management than the persons with direct responsibility for administration of this Agreement. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, experts and attorneys are confidential, privileged and inadmissible for any purpose, including impeachment, in arbitration or other proceeding involving the parties, provided evidence that is otherwise admissible or discoverable shall not be rendered inadmissible.

to mediation as set forth below. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to a mediator selected by the parties. If the matter is not resolved through mediation, it may be submitted for arbitration or litigation. The Agency reserves the right to proceed directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by State of Delaware law, and jurisdiction and venue shall be in the State of Delaware. Each party shall bear its own costs of mediation, arbitration, or litigation, including attorneys' fees.

17. Remedies

Except as otherwise provided in this solicitation, including but not limited to Section V.G.15 above, all claims, counterclaims, disputes, and other matters in question between the State of Delaware and the Contractor arising out of, or relating to, this solicitation, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

18. Termination of Contract

The contract resulting from this RFP may be terminated as follows by Department of Health and Social Services (DHSS) Division of Medicaid and Medical Assistance.

a. Termination for Cause

If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have no less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not affect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill

its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

b. Termination for Convenience

The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.

c. Termination for Non-Appropriations

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

19. Non-discrimination

In performing the services subject to this RFP the vendor, as set forth in Title 19 Delaware Code Chapter 7 section [711](#), will agree that it will not discriminate against any employee or applicant with respect to compensation, terms, conditions or privileges of employment because of such individual's race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. The successful vendor shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.

20. Covenant against Contingent Fees

The successful vendor will warrant that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees, bona-fide established commercial or selling agencies maintained by the Vendor for the purpose of securing business. For breach or violation of this warranty the State of Delaware shall have the right to annul the contract without liability or at its discretion to deduct from the

contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

21. Vendor Activity

No activity is to be executed in an offshore facility, either by a subcontracted firm or a foreign office or division of the vendor. The vendor must attest to the fact that no activity will take place outside of the United States in its transmittal letter. Failure to adhere to this requirement is cause for elimination from future consideration.

22. Vendor Responsibility

The State will enter into a contract with the successful Vendor(s). The successful Vendor(s) shall be responsible for all products and services as required by this RFP whether or not the Vendor or its subcontractor provided final fulfillment of the order. Subcontractors, if any, shall be clearly identified in the Vendor's proposal by completing Attachment 6, and are subject the approval and acceptance of Department of Health and Social Services (DHSS) Division of Medicaid and Medical Assistance.

23. Personnel, Equipment and Services

- a. The Vendor represents that it has, or will secure at its own expense, all personnel required to perform the services required under this contract.
- b. All of the equipment and services required hereunder shall be provided by or performed by the Vendor or under its direct supervision, and all personnel, including subcontractors, engaged in the work shall be fully qualified and shall be authorized under State and local law to perform such services.
- c. None of the equipment and/or services covered by this contract shall be subcontracted without the prior written approval of the State. Only those subcontractors identified in Attachment 6 are considered approved upon award. Changes to those subcontractor(s) listed in Attachment 6 must be approved in writing by the State.

24. Fair Background Check Practices

Pursuant to 29 Del. C. [§ 6909B](#), the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 Del. C. [§ 711\(g\)](#) for applicable established provisions.

25. Vendor Background Check Requirements

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State's on premises

contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

Delaware Sex Offender Central Registry at:
<https://sexoffender.dsp.delaware.gov/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract but may provide support or off-site premises service for contract vendors. Should an individual be identified, and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

26. Drug Testing Requirements for Large Public Works

Pursuant to 29 Del.C. [§6908\(a\)\(6\)](#), effective as of January 1, 2016, OMB has established regulations that require Contractors and Subcontractors to implement a program of mandatory drug testing for Employees who work on Large Public Works Contracts funded all or in part with public funds. The regulations establish the mechanism, standards and requirements of a Mandatory Drug Testing Program that will be incorporated by reference into all Large Public Works Contracts awarded pursuant to 29 Del.C. [§6962](#).

Final publication of the identified regulations can be found at the following:
[4104 Regulations for the Drug Testing of Contractor and Subcontractor Employees Working on Large Public Works Projects](#)

27. Work Product

All materials and products developed under the executed contract by the vendor are the sole and exclusive property of the State. The vendor will seek written permission to use any product created under the contract.

28. Contract Documents

The RFP, the purchase order, the executed contract and any supplemental documents between the State of Delaware and the successful vendor shall constitute the contract between the State of Delaware and the vendor. In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, State of Delaware's RFP, Vendor's response to the RFP and purchase order. No other documents shall be considered. These documents will constitute the entire agreement between the State of Delaware and the vendor.

29. Applicable Law

The laws of the State of Delaware shall apply, except where Federal Law has precedence. The successful vendor consents to jurisdiction and venue in the State of Delaware.

In submitting a proposal, Vendors certify that they comply with all federal, state and local laws applicable to its activities and obligations including:

- a. the laws of the State of Delaware;
- b. the applicable portion of the Federal Civil Rights Act of 1964;
- c. the Equal Employment Opportunity Act and the regulations issued there under by the federal government;
- d. a condition that the proposal submitted was independently arrived at, without collusion, under penalty of perjury; and
- e. that programs, services, and activities provided to the general public under resulting contract conform with the Americans with Disabilities Act of 1990, and the regulations issued there under by the federal government.

If any vendor fails to comply with (1) through (5) of this paragraph, the State of Delaware reserves the right to disregard the proposal, terminate the contract, or consider the vendor in default.

The selected vendor shall keep itself fully informed of and shall observe and comply with all applicable existing Federal and State laws, and County and local ordinances, regulations and codes, and those laws, ordinances, regulations, and codes adopted during its performance of the work.

30. Severability

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly,

preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

31. Assignment of Antitrust Claims

- (2) Each officer or employee of a contractor to whom FTI is or may be accessible shall be notified in writing that FTI accessible to such officer or employee may be accessed only for a purpose and to the extent authorized herein, and that access/inspection of FTI without an official need-to-know for a purpose not authorized herein constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as \$1,000 or imprisonment for as long as 1 year, or both, together with the costs of prosecution.

- (3) Each officer or employee of a contractor to whom FTI is or may be disclosed shall be notified in writing that any such unauthorized access, inspection or disclosure of FTI may also result in an award of civil damages against the officer or employee in an amount equal to the sum of the greater of \$1,000 for each unauthorized access, inspection, or disclosure, or the sum of actual damages sustained as a result of such unauthorized access, inspection, or disclosure, plus in the case of a willful unauthorized access, inspection, or disclosure or an unauthorized access/inspection or disclosure which is the result of gross negligence, punitive damages, plus the cost of the action. - (4) Granting a contractor access to FTI must be preceded by certifying that each officer or employee understands the agency's security policy and procedures for safeguarding FTI. A contractor and each officer or employee must maintain their authorization to access FTI through annual recertification of their understanding of the agency's security policy and procedures for safeguarding FTI. The initial certification and recertifications must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, a contractor and each officer or employee must be advised of the provisions of IRC sections 7213, 7213A, and 7431 (see Exhibit 4, Sanctions for Unauthorized Disclosure, and Exhibit 5, Civil Damages for Unauthorized Disclosure). The training on the agency's security policy and procedures provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. (See Section 10) For the initial certification and the annual recertifications, the contractor and each officer or employee must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. APPENDIX C

Programmatic Specifications for Contingency Management

Beginning no earlier than May 17, 2024, Delaware's Division of Medicaid and Medical Assistance (DMMA) will implement a new contingency management benefit for qualifying beneficiaries with a stimulant use disorder (StUD) and/or opioid use disorder (OUD) in eligible provider settings. In accordance with the State's *Delaware Diamond State Health Plan (DSHP)* Section 1115(a) Demonstration Waiver and Special Terms and Conditions (STCs), this protocol includes the programmatic specifications for the DMMA contingency management program. This protocol includes details on beneficiary eligibility, target behaviors, distribution of motivational incentives, and other programmatic specifications for each of its two contingency management programs:

- (1) one for individuals with StUD and
- (2) one for pregnant and parenting people (PPP) with OUD.

The Section 1115(a) Demonstration Waiver ends on December 31, 2028.

Contingency management is an evidence-based practice that allows individuals to earn small motivational incentives for meeting treatment goals, such as point-of-care urine screenings that are absent of illicit substances or treatment adherence. The objectives of the contingency management programs are to enhance engagement and outcomes associated with treatment for eligible Medicaid beneficiaries with StUD and/or OUD. DMMA is implementing this program to help address the rise in non-fatal and fatal drug overdoses and other negative outcomes associated with StUD and OUD, and to facilitate pathways to recovery and health for Delaware Medicaid beneficiaries.

(A) Beneficiary Eligibility.

Eligible beneficiaries are enrolled in one of Delaware's Medicaid managed care organizations (MCOs), meet the criteria identified below, and consent to participate. Participation in a contingency management program will have no impact on beneficiary eligibility for, or obligation or right to use, other DSHP services.

Coverage of contingency management applies to Medicaid beneficiaries who are:

- (1) age 18 years and over with a StUD diagnosis (for the StUD program) or age 18 years and over who are pregnant or up to 12 months postpartum with an OUD diagnosis (for the Pregnant and Parenting People with OUD Program); and
- (2) assessed and determined to have a substance use disorder (SUD) for which the contingency management benefit is medically necessary and appropriate based on the fidelity of treatment of the evidence-based intervention. Contingency management programs must evaluate and diagnose the qualifying SUD using a validated instrument and/or verify an existing qualifying SUD diagnosis by collecting relevant documentation for the participant's clinical record. The presence of additional SUDs and/or diagnoses does not disqualify an individual from receiving contingency management under either program. For the PPP OUD program, individuals are still eligible if a live birth was not the outcome of the pregnancy.

Eligible Medicaid beneficiaries can only participate in one of DMMA’s contingency management programs at a time. They must participate in a contingency management program with an eligible provider that offers the contingency management benefit in accordance with DMMA policies and procedures. Contingency management shall neither prevent nor serve as an alternative for offering medication treatment or other therapeutic interventions as medically appropriate. For example, patients with co-occurring mental health and/or polysubstance use will be offered medications as medically appropriate. Further, medications to address StUD or associated issues (e.g., bupropion, topiramate) will not be discouraged nor disqualify a patient from participation in the contingency management program. Coverage of contingency management is not conditioned upon an eligible beneficiary’s engagement in other psychosocial services.

(B) Target Behaviors.

DMMA has selected target behaviors for each of the contingency management programs, as specified below, consistent with evidence-based practice.

- **StUD Program:** Non-use of stimulants as evidenced by negative point-of-care urine drug screenings (UDS). Rapid, point-of-care tests must be Clinical Laboratory Improvement Amendments (CLIA) waived and collected in a point-of-care test cup with specimen validity measures. Providers are required to randomly test for stimulants on a weekly basis. The presence or absence of a stimulant is the only determinant of whether an incentive is provided.
- **PPP with OUD Program:** Medication adherence to include any Food and Drug Administration approved medications used to treat OUD.

Medication adherence for the PPP with OUD program will be measured differently, depending on the medications for opioid use disorder (MOUD) type and formulation, as reflected in the table below. DMMA reserves the right to adjust this measurement plan as needed in accordance with providers’ existing workflows.

MOUD Type/Formulation	How MOUD Medication Adherence Will Be Measured
Short-acting buprenorphine	Weekly point-of-care UDS for first four weeks, followed by monthly testing
Long-acting buprenorphine	Direct administration and observation of injections
Methadone	Observed dosing and/or UDS, based on the program’s protocols

The PPP-OUD Program is also subject to additional requirements, including:

- Incentives for the PPP-ODU program shall be rewarded when participants demonstrate MOUD adherence as expected, even if illicit opioids or other substances are detected in the UDS.
- Switching MOUD medication formulations or tapering under the guidance of clinicians will not be discouraged nor disqualify a patient from participation in the PPP-ODU program. If a patient in the PPP-ODU program chooses to discontinue or switch MOUD formulations, they are eligible for incentives throughout the discontinuation or switching process, so long as the patient is adhering to treatment as recommended by the clinician. If they discontinue medications entirely and still have time left in the CM program, patients will be incentivized for OUD abstinence for the remainder of the program.
- While providers are not permitted to use other indicators to determine the approval and delivery of incentives, they are encouraged to continue to use a harm reduction approach to treatment overall, in part by not focusing solely on abstinence as a sign of progress towards recovery.

Urine Drug Testing. During each contingency management program visit, staff will collect a urine sample from the participating beneficiary.

For the StUD program, the sample will be tested for stimulants, including cocaine, amphetamine, and methamphetamine, consistent with STC 24. Samples will be collected in a rapid, CLIA- waived, point-of-care test cup with specimen validity measures.

For the PPP with OUD program, the sample will be tested for the appropriate medication, but must be able to distinguish between methadone, buprenorphine, fentanyl, oxycodone, and other opiates. Providers should use a combination of presumptive and confirmatory testing as necessary and appropriate, based on recommendations provided by the American Society of Addiction Medicine in *Appropriate Use of Drug Testing in Clinical Addiction Medicine*. For example, definitive testing should be used when a patient disputes the findings of a presumptive test; when the provider wants to detect a specific substance not adequately identified via presumptive methods; or when the results will inform a decision with major clinical or non-clinical implications (e.g., treatment transition, changes in medication therapies, or changes in legal status).

Discharge and Re-Enrollment. When a client enrolls in either program, they become eligible for motivational incentives throughout the duration of the program — 24 weeks for the StUD program and for the PPP with OUD program, effective immediately after program entry. If participants do not complete their target behaviors and/or miss appointments at some point during that period (e.g., did not submit evidence of taking buprenorphine during a two-week period), they will not be provided with the associated motivational incentives. However, resuming completion of target behaviors enables the client to receive motivational incentives for the remainder of the 24-week program.

Thus, clients are not discharged from the program for not meeting target behaviors or for extended absences, they just lose their opportunity for motivational incentives in that circumstance until completion of target behaviors resume. If a participant misses an incentive or contingency management-related appointment during their 24-week program window, this does not result in an extension of the length of the program — the program still concludes at the predetermined end date. If a provider deems it appropriate to discharge a client for other reasons, consistent with the provider's rules and policies, a client may also be discontinued from the contingency management program.

(C) Eligible Providers.

The contingency management benefit will be delivered by eligible providers that meet specified programmatic standards and agree to deliver the contingency management benefit in strict accordance with standardized procedures and protocols detailed in DMMA guidance and summarized in this attachment.

Providers must also comply with other applicable laws, regulations, and requirements.

Provider eligibility requirements include:

- Must be enrolled in Delaware Medicaid and certified to provide Medicaid services, including, without limitation, primary care, behavioral health and substance use service providers.
- Must designate a contingency management coordinator (role described in Section D) and require other staff who are overseeing or delivering the contingency management benefit to participate in contingency management-specific training and other training and technical assistance offered by DMMA.
- Must undergo and be approved via a readiness review application and designation process designed by DMMA and its Medicaid MCOs to ensure that they are capable of offering the contingency management benefit in accordance with DMMA standards. The designation process will be designed by DMMA and its Medicaid MCOs, and will assess:
 - providers' staff qualifications (i.e., education, credentials, and participation in required trainings);
 - provider-level understanding and adherence to program specifications (i.e., client eligibility, target behaviors, incentive limits);
 - processes for documenting and monitoring fidelity to programmatic standards;
 - readiness to effectively and securely utilize the contingency management technology platform;
 - plans for how training requirements will be met;
 - safeguards to mitigate the risk of diversion or misuse of contingency management incentives; and
 - other key domains to assess readiness for effective implementation.

- Must comply with any billing, data, audit, and evaluation requirements established by DMMA to support research, evaluation, oversight, and performance monitoring efforts, including but not limited to satisfactory claims submission, data and quality reporting, and survey participation. At a minimum, DMMA reporting will include:
 - enrollment in each contingency management program;
 - overall incentives provided; average incentives provided per beneficiary; and
 - types and counts of treatment services rendered during the aftercare phase, which is defined as the six-month period following the conclusion of the contingency management program.
- Must employ or contract with a staff that satisfy the requirements in Section D and ensure that they maintain their licensure in accordance with applicable laws and regulations governing their licensure and provide services to beneficiaries receiving the contingency management benefit within the scope of their licensure.

In the first program year, DMMA will invite selected providers to participate in the contingency management application and designation process. DMMA will monitor program utilization, costs and outcomes to determine whether to include additional providers during the waiver period.

(D) Staffing Requirements. Contingency management programs are required to have at least one contingency management coordinator.

The table below identifies the responsibilities of contingency management coordinator. The contingency management coordinator functions may be embedded in another staff position. Each program must also identify a staff person who can perform quality assurance checks for the contingency management coordinator(s). These include, but are not limited to:

- reviewing the technology platform reports for inconsistencies;
- assessing program acceptance and engagement rates, including by race/ethnicity; and
- ensuring UDS results have been entered accurately into the technology platform.

In addition, the contingency management programs must identify an individual to serve as the main point of contact for engagement with DMMA, Medicaid MCOs, the technology platform, and other partner organizations. Contingency management programs must submit staffing plans to DMMA.

Contingency Management Coordinator: Roles and Responsibilities

- Be a licensed mental health professional with an SUD-specific scope and training (e.g., licensed clinical social worker, licensed professional counselor, and licensed addiction counselor) *or* be a trained staff with appropriate supervision by licensed health professional.
- Serve as the main point of contact for all participating members.
- Confirm that clients meet eligibility requirements as specified in Section A.
- Make referrals, assist with client onboarding and education, and support engagement in contingency management programming, in partnership with DMMA, MCOs, and the contingency management platform.
- Generate ad hoc and standard reports for DMMA and MCOs.
- Participate in ongoing training and technical assistance sessions as required by DMMA.
- Coordinate the activities of and serve as the point of contact for other staff working in the contingency management program, including ensuring their participation in required technical assistance and training, answering procedural questions specific to the program, and provide guidance for client-specific issues.
- Assist in the development of policies and procedures and implement them to fidelity.
- Administer or receive/analyze point-of-care UDS' as needed, enter results into the technology platform, support delivery of motivational incentives, and produce all required reports.

(E) Program Integrity and Fraud, Waste, and Abuse Prevention.

As a safeguard against fraud, waste, and abuse, the technology platform will be used to help:

- ensure accurate payment and distribution of incentives;
- confirm beneficiary eligibility for respective contingency management programs and appropriate incentive amounts;
- ensure maximum incentive amounts are not exceeded; and
- confirm that beneficiaries are not participating in multiple contingency management programs simultaneously.

On a recurring basis, the technology platform vendor must conduct and document that a regular audit of the incentive delivery functions has been completed, including the software calculations recommended and incentive distributed. Similarly, contingency management providers must conduct routine fidelity checks to ensure that the program is being implemented in strict accordance with DMMA policies. Contingency management provider staff shall not play any role in calculating or determining the appropriate size of the incentive payment, but shall follow the algorithm in the technology platform exactly. Contingency management staff will be required to participate in training, including training module focused on safeguards against fraud, waste, and abuse. DMMA will review reports generated by the technology platform to assess irregularities that may signal fraud, waste, and abuse. In addition, DMMA will assess alignment between claims and encounter data and the data contained in the

technology platform reports (e.g., ensuring that all participants listed in the technology platform have associated claims and encounter data associated with the contingency management program). DMMA will also require periodic audits of a sample of clinical records to ensure:

- (1) that the official UDS test results in the clinical record match the information entered into the technology platform;
- (2) that diagnosis matches program eligibility requirements for the StUD and PPP with OUD programs; and
- (3) provider verification of participant diagnosis as needed.

(F) Training and Technical Assistance.

DMMA will facilitate required training and technical assistance for contingency management programs, in accordance with DMMA's contingency management training protocol. The training program will include, at a minimum:

- core principles of contingency management,
- principles of harm reduction and low-barrier care, and
- safeguards against fraud, waste, and abuse.

Select training modules will be required to be completed prior to the delivery of the contingency management benefit.

(G) Motivational Incentive Management and Distribution.

Beneficiaries will receive motivational incentives for meeting the target behaviors specified in Section B.

DMMA reserves the right to revise the definition of target behavior in accordance with the evidence-based practice. DMMA has established a maximum dollar amount of total incentives that participating beneficiaries will be able to receive for successful completion of the treatment protocol, aligned with evidence-based practice.

Providers have no discretion to determine or alter the size or distribution of motivational incentives.

Delaware is implementing contingency management as a covered benefit for Medicaid enrollees under the 1115 Medicaid waiver and will not alter the existing criteria for Medicaid eligibility. As a result, the value of contingency management incentives provided under the section 1115 waiver are neither subject to taxation nor includible in the gross income of the recipients. Motivational incentives earned through the program shall be excluded from participants' modified adjusted gross income (MAGI)-based eligibility determinations, non-MAGI-based eligibility determinations, and share of cost determinations when determining a beneficiaries' eligibility for Medicaid.

Maximum dollar amounts for the incentives are as follows:

- **StUD Program:** Maximum of \$599 per beneficiary for the duration of the 24-week program.
- **PPP with OUD Program:** Maximum of \$599 per beneficiary for the duration of the 24-week program.

DMMA will designate a single contingency management program technology platform to capture target behavior results, calculate incentives, and deliver incentives to program participants. The incentives shall be delivered immediately to participating members, and could include a reloadable debit card, a gift card, or other mechanism as approved by DMMA. The immediate delivery of motivational incentives to the participant following the participant’s attainment of the target behavior is a critical component of the contingency management benefit and consistent with the evidence-based practice.

Note that DMMA has CMS approval to increase the incentive amounts if the program budget allows.

The incentive delivery schedule and corresponding dollar amounts in the table below are an illustrative example of the types of tailored payment schedules DMMA will follow to implement the StUD and PPP-OUD contingency management programs. The specific incentive delivery schedule and corresponding dollar amounts are subject to change by DMMA and may vary by program and/or medication type.

DMMA will collaborate with the technology platform vendor to ensure that appropriate restrictions are placed regarding the use of incentives.

Delaware agrees to pay those invoices within thirty (30) days of receipt. In the event Delaware disputes a portion of an invoice, Delaware agrees to pay the undisputed portion of the invoice within thirty (30) days of receipt and to provide Vendor a detailed statement of Delaware's

position on the disputed portion of the invoice within thirty (30) days of receipt. Delaware's failure to pay any amount of an invoice that is not the subject of a good-faith dispute within thirty (30) days of receipt shall entitle Vendor to charge interest on the overdue portion at the lower of 1.0% per month. All payments should be sent to the Vendor's identified address on record with the State of Delaware's Division of Accounting as identified in the completion of the electronic W-9.

- 2.8. Unless provided otherwise in an Appendix, all expenses incurred in the performance of the services are to be paid by Vendor. More detail is included in [IRS Publication 510 Excise Taxes](#). Per IRS regulations, all exemption certificates must be specific to the vendor and the type of excise tax. If an exemption certificate is requested by a vendor, the Division of Accounting will work with the agency and vendor to complete the appropriate certificate. Such taxes shall not be included in prices quoted.

Vendor shall not be liable for damages, claims, and losses arising out of any reuse of any work products on any other project conducted by Delaware. Delaware shall have the right to reproduce all documentation supplied pursuant to this Agreement.
- 6.2. Vendor retains all title and interest to the data it furnished and/or generated pursuant to this Agreement. Retention of such title and interest does not conflict with Delaware's rights to the materials, information and documents developed in performing the project. Upon final payment, Delaware shall have a perpetual, nontransferable, non-exclusive paid-up right, and license to use, copy, modify and prepare derivative works of all materials in which Vendor retains title, whether individually by Vendor or jointly with Delaware. Any and all source code developed in connection with the services provided will be provided to Delaware, and the aforementioned right and license shall apply to source code. The parties will cooperate with each other and execute such other documents as may be reasonably deemed necessary to achieve the objectives of this Section.
- 6.3. In no event shall Vendor be precluded from developing for itself, or for others, materials that are competitive with the Deliverables, irrespective of their similarity to the Deliverables. In addition, Vendor shall be free to use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques within the scope of its consulting practice that are used in the course of providing the services.
- 6.4. Notwithstanding anything to the contrary contained herein or in any attachment hereto, any and all intellectual property or other proprietary data owned by Vendor prior to the effective date of this Agreement ("Preexisting Information") shall remain the exclusive property of Vendor even if such Preexisting Information is embedded or otherwise incorporated into materials or products first produced as a result of this Agreement or used to develop such materials or products. Delaware's rights under this section shall not apply to any Preexisting Information or any component thereof regardless of form or media.

7. CONFIDENTIAL INFORMATION.

To the extent permissible under [29 Del. C. § 10001, et seq.](#), the parties to this Agreement shall preserve in strict confidence any information, reports or documents obtained, assembled, or prepared in connection with the performance of this Agreement.

8. WARRANTY.

8.1. Vendor warrants that its services will be performed in a good and workmanlike manner. Vendor agrees to re-perform any work not in compliance with this warranty brought to its attention within a reasonable time after that work is performed.

8.2. Third-party products within the scope of this Agreement are warranted solely under the terms and conditions of the licenses or other agreements by which such products are governed. With respect to all third-party products and services purchased by Vendor for Delaware in connection with the provision of the Services, Vendor shall pass through or assign to Delaware the rights Vendor obtains from the manufacturers and/or vendors of such products and services (including warranty and indemnification rights), all to the extent that such rights are assignable.

- b. Delaware's failure to use corrections or enhancements made available by Vendor;
- c. Delaware's use of the Deliverable in combination with any product or information not owned or developed by Vendor;

- 11.2. Vendor acknowledges that Vendor and any subcontractors, agents or employees employed by Vendor shall not, under any circumstances, be considered employees of Delaware, and that they shall not be entitled to any of the benefits or rights afforded employees of Delaware, including, but not limited to, sick leave, vacation leave, holiday pay, Public Employees Retirement System benefits, or health, life, dental, long-term disability, or workers' compensation insurance benefits. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to a mediator selected by the parties. If the matter is not resolved through mediation, it may be submitted for arbitration or litigation. The Agency reserves the right to proceed directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by State of Delaware law, and jurisdiction and venue shall be in the State of Delaware. Each party shall bear its own costs of mediation, arbitration, or litigation, including attorneys' fees.

13. REMEDIES

Except as otherwise provided in this Agreement, including but not limited to Section 12 above, all claims, counterclaims, disputes, and other matters in question between the State of Delaware and the Contractor arising out of, or relating to, this Agreement, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

 - b. In the event this Agreement is terminated as provided in 15.6.a hereof, Delaware shall be entitled to pursue the same remedies against Vendor it could pursue in the event of a breach of this Agreement by Vendor.

- c. The rights and remedies of Delaware provided in Section 15.6 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

16. SEVERABILITY.
