

Dear [Faculty]:

The Staff of the Delaware Department of Health and Social Services (DHSS) Division of Substance Abuse and Mental Health (DSAMH) Training Office extend our gratitude to you for being an integral part of the 2025 DSAMH Training Calendar. We look forward to working with you to provide stellar education with meaningful learning outcomes.

There are several steps and details that go into coordinating our workshops. In the following three pages, you will find forms and requests for information required to facilitate coordination of your workshop. To simplify the process, save and refer to the Workshop Faculty Checklist as a resource to guide us through this process.

If we can be of further assistance, please give us a call at (302) 255-9480. Thank you again for offering your time and expertise to DSAMH's continuum of education for the 2025 training year.

Sincerely,

The Workforce Development and Education Staff

**Description: (100-125 word description of workshop)**

Obsessive compulsive disorder (OCD) is a neurobiobehavioral anxiety disorder that affects 2-3% of adults and 1 out of 200 children and adolescents. Despite its prevalence, OCD remains a “hidden epidemic” as it is both under-diagnosed and under-treated. This workshop will introduce the various clinical presentations of OCD, a conceptual model for understanding the disorder, and the proper application of cognitive-behavioral treatment interventions.

**Learning Objectives: (please provide 3-4 active learning objectives)**

- Describe the clinical presentation of five obsessions and five compulsions
- List at least two common diagnostic tools for OCD
- Practice the application of exposure-response prevention in the treatment of OCD using a case study example
