

APPENDIX F PROJECT COST PROPOSAL

1. Firm Fixed Cost Forms

The contractor shall complete sections G1.1 (Project Lifecycle Cost) and G1.2 (Annual Operations and Support Cost), the sum of which represents the firm fixed cost for the contract presented in section G1.3 (Total Project Cost).

2. Project Lifecycle Cost

The following represents the deliverables and activities per the project lifecycle and phases presented in Appendix B, Section 1.2 (Project Lifecycle). In effect, the contractor's Project Plan defines a payment schedule; and upon the successful completion and approval of the deliverables and activities for each phase, the contractor will be paid the set amount. This section covers the cost through deployment, and section G1.2 covers the cost post-deployment.

3. Annual Operations and Support Cost

The contractor shall set the annual operations and support cost, which can be specified as a single all-inclusive cost category or itemized into separate cost categories (e.g., product hosting cost, mailing cost, supply cost, contractor staff position, etc.). The contract effective date begins Base Year 1 of the contract, and the firm fixed cost for the contract includes Base Year 1 through Base Year 2. The Division of Public Health has the option to extend the contract with two (2) extensions for a period of two (2) years for each extension.

The annual operations and support cost begins with phase 4 of the project lifecycle, Operations and Support Phase, per Appendix B, Section 1.2 (Project Lifecycle). As such, the contractor shall prorate at a minimum Base Year 1 to exclude the Project Lifecycle Cost stated in section G.1.1, based on the projected start date of the Operations and Support Phase stated in the contractor's Project Plan
